tf.

**SEVENTY per cent.** of the voters of Kansas are farmers.

**ROANOKE, Va.**, has organized a commercial club to aid in its business development.

To fortify Heilgoland, it is estimated that Germany will have to spend \$7,500,000.

The Wilmington military company will go to Atlanta to compete for the \$7,500 prize.

The population of the whole State of New Hampshire is 50,000 less than that of the city of Boston.

Mr. J. VAN LINDLEY, of Pomona Nursery, Guilford county, has just shipped 40,000 young trees to Dayton, Ohio.

A NEW law in Kentucky makes it a punishable offence to point an "unloaded" shooting iron at a friend or any one else.

The Fort Worth Chamber of Commerce has forwarded by express to President Harrison a watermelon grown in Tarrant county, Tex., weighing 101 pounds.

A FIFTEEN and a half ounce to mato rests very calmly upon our desk. It is a big, double-jointed, healthy, beautiful specimen of the Mikado variety. It was brought in by Mr. J. J. Lansdell.—Durham Sun.

The appropriation to settle the French spoliation claims has been made by the Senate. Several claimants reside in this State, there being one family which has papers in the hands of the court of claims calling for \$300,000.

"THE widest plank on earth" is on exhibition at the railroad depot in this city. It was cut at the Elk River mill, and is sixteen feet wide. It will be among the Humboldt exhibits at the World's fair in Chicago.—Humboldt Standard.

Mr. EDMUND STRUDWICK and wife, formerly Miss Nannie Hughes, of New Berne, who have been traveling in Europe since their marriage in June, landed in New York last Sunday. They arrived here Tuesday on a visit to Mr. Strudwick's parents.—Durham Sun.

OUR good friend Mr. Robert Ivey, of the Seven Springs section, was in the city yesterday with a load of new crop cotton—several bales, which, he says, is the first cotton he has ever sold in August, and he has been farming for 20 years. This will give an idea of how forward the cotton crop is this year in opening and being put on the market.—Goldsboro Argus.

ENGLAND is the American farmer's best customer. She has used more of our agricultural products than all the rest of the world combined, aside from our own country, and yet the Republican party insists upon making such a tariff for protection, or more accurately, for

monopoly—as to cause England to exclude American agricultural products from her markets.

ACCORDING to a calculation made by the Economiste Belge, the cost of firing a 110-ton gun is, in round numbers, \$832, divided as follows: 990 pounds of powder, \$380; 1,980 pounds projectile, \$435; silk for cartridge, \$27; total \$832. But this is not all. The 110-ton gun, it appears, can be fired but ninety-five times, and after that becomes incapable of being used, and requires repairs. Now, the cost of the piece being \$82,400, it is necessary to estimate the cost of wear at about \$868 for each shot, thus raising the cost of each charge to \$1,700.

## LOCAL NEWS.

Cotton went at 10 cents at the Exchange Tuesday.

There will be a lecture tonight by the pastor, at the Hancock Street Methodist Church.

A large, elegant, marble top table has been placed in the Y. M. C. A. hall for playing parlor croquet.

A pretty fawn about two months old captured near New Berne was shipped to Knoxville, Tenn., yesterday.

The meeting of the Ladies' Missionary Society of the Baptist church will be held this afternoon at five o'clock at the residence of Mrs. Dudley. A large attendance is specially desired.

The regular meeting of the Brotherhood of St. Andrew will be held this evening at eight o'clock. Business of importance will come before the body.

The body of Mr. Frank L. Bond, of Tarboro, who wandered from his home on the 27th ult., was found on the 29th in Tar river, eight miles from Washington. He had been suffering from mental aberration.

Two farmers yesterday were discussing the general outlook of affairs in this section. Only one of them was an Alliance man, and while they failed to agree on some questions, when that of having Simmons again represent this district in Congress came up, they were as one man—for him every time.

The Schooner, J. C. McNaughton, arrived yesterday from Philadelphia bringing another cargo of 60 tons of steel rails for the New Berne and Pamlico Lumber Co's railroad. This is a private road intended exclusively for the transportation of the company's lumber. The road begins on Swift Creek about 1 mile from its mouth and will be extended to Pamlico Co. Work on it was begun in April, 5 1/2 miles of track have already been completed and this cargo is sufficient for 1 1/2 miles more.

The prospects of a growing city is seen every day in New Berne. We have facts and figures that will bear out the assertion which will be given from time to time as further developments arise. It is in the line of manufacturing principally, but not that alone. Now let every citizen in New Berne do all he can within his means consistently to help home enterprises, not in words simply, but deeds also. Give encouragement or nothing, and go to work.

The new firm of Churchill & Parker, recently opened on Broad street, have made a good beginning for business success. They are both young men of character and experience at the counter, and they have started out not to be satisfied with that amount of trade that happens to stumble in, but are going to reach out in every direction for increased business. Their immediate call at the office of their local paper and closing a six months' advertising contract is one of the strongest evidences of the fact.

The New Berne Steam Laundry. Messrs. Jas. M. Howard, and Jno. C. Green, the proprietors of the steam laundry about to be established here, during their recent trip North selected and purchased a complete outfit for their laundry. It is expected to arrive by steamer next week.

These gentlemen have also seen knitting machinery at work and are now in correspondence in relation to an outfit for a factory. We hope to see this industry also started very soon. Success to these go ahead men. May many others follow their enterprising example.

A New Oil-Field. PANKEBURG, W. Va., Feb. 1.—A dispatch from Cairo says the Hay's test oil-well in Ritchie county has just reached the sand, and is doing 300 barrels. The dispatch has caused great excitement. The well is miles from previous development, and opens an entirely new field.

## The New Canning Factory.

Messrs. A. Greenbaum & Bro., the proprietors of the new cannery, have decided to erect a building adapted to their requirements on the vacant portion of Messrs. E. H. & J. A. Meadows' fertilizer factory lot. It will be a two-story building, 40x115 feet. The contract for its erection has been awarded to our experienced architect, Mr. E. M. Pavia, who has now a large force of carpenters and machinists busily engaged adding to and improving Messrs. Moore & Brady's cannery. As soon as this work is completed he will commence building the other cannery and push it to completion as speedily as practicable.

We believe the few manufacturing enterprises we already have and the establishment of those now contemplated mark the beginning of a new era for New Berne, and that other similar enterprises will spring up and she will soon become deservedly known as a live, wide-awake, go-ahead town.

## The Convention Today.

The Democratic Congressional nominating convention meets in Kinston today. The low rate of 50 cents for the round trip from New Berne to Kinston and return has been secured on the railroad. The sentiment here is strong for Simmons, and from the favorable comments in our exchanges, expressing confidence in him and the hearty approval of his course in Congress, we hold the belief that the vast majority of the Democrats of this district desire him to be their standard bearer in the coming campaign, and we cherish the hope that notwithstanding his withdrawal he will be nominated with practical unanimity and prevailed upon to accede to the wishes of his many friends and admirers.

Several former delegates—earnest alliance men—passed through New Berne yesterday morning on their way to the convention. They remember well how strenuously he fought monopolies opposed to their welfare, how mindful he was of their every interest and how zealous he always was in working for the good of all the people of his district and they are enthusiastic for him and do not intend to leave any stone unturned to secure his nomination.

## Personal.

Messrs. E. W. Murrill, jr., and C. D. Francis, of Onslow county, went up to Raleigh Tuesday to enter the Agricultural and Mechanical College.

Mrs. Julia Hines is visiting friends in Kinston.

Mrs. Margaret Savage is visiting her son, Mr. Elijah Taylor, who is in the carriage business at La Grange.

Messrs. W. H. Smith, G. L. Hardison, John C. Thomas and Hardy Perry, delegates to the Congressional convention which meets in Kinston today, went up yesterday.

Mr. Sam. Parsons' family have returned from Portsmouth.

Mr. John C. Green has returned from the North where he and his partner have been for some time in the interest of their steam laundry and knitting mill.

Mr. W. H. Cohen, who has been North buying goods, returned last night.

Our former townsman, Mr. Chas. S. Bryan, is in town.

Rev. F. S. Becton and family, of Straits circuit, is visiting Mrs. J. H. Becton's family.

Mrs. G. W. Wallace is visiting at Morehead.

Mr. F. C. Roberts and family are back from Chapel Hill.

Mr. W. J. B. Dail, of Snow Hill, has arrived to take a position in Vance Academy. Mr. Dail is a graduate of Chapel Hill and comes highly recommended. He will have charge of higher mathematics and languages.

Mr. Macon Bryan, of Vanceboro, was on a business trip to New Berne Tuesday.

Albert Walsworth, Esq., was in town yesterday getting ready for ginning cotton.

A Steamer and Two Schooners Burned—A Prominent Citizen Dead.

NORFOLK, Va., September 1.—On the Southern branch of the Elizabeth river yesterday morning a fire occurred at the railway wharf of Messrs. Seeds & Son by which a small steamer called the W. C. Pierrepont and two small schooners were burned which were moored at the wharf, and the ship-yard was badly damaged. None of the property was insured.

Last night Captain Joseph R. Spratley, one of the oldest and most highly esteemed business men of Norfolk, president of the Merchants and Mechanics Bank of this city, died at his residence in Brambleton Ward after a long illness. Captain Spratley was a native of Norfolk, in his seventy-seventh year, and for many years had been most prominently connected with business interests, in which he displayed great administrative ability.

## Ninth Senatorial Convention.

Pursuant to a call of the District Executive Committee, the ninth senatorial convention met at Pollockville Tuesday, August 26th, at 12 o'clock. The convention was called to order by Frank Thompson, Esq., and K. F. Foscoe was called to act as temporary secretary. Committees of three, one from each county, were appointed on the following:

Permanent Organization—A. F. Farnell, jr., Onslow; C. R. Hassell, Carteret; B. F. Henderson, Jones.

Credentials—S. L. Gerrock, Onslow; C. R. Hassell, Carteret; Dr. C. J. Mattocks, Jones.

Rules—Dr. W. J. Montfort, Onslow; C. R. Hassell, Carteret; J. B. Banks, Jones.

Resolutions—R. D. Thompson, Onslow; C. R. Hassell, Carteret; Samuel Hudson, Jones.

The committee on permanent organization reported the following:

That John C. Parker, of Jones county, be made permanent chairman, and that K. F. Foscoe, of Jones, and D. W. Ward, of Onslow, be made permanent secretaries.

The committee on rules submitted the following report:

"That all questions and elections coming before this convention shall be decided by a majority vote, and the person who receives a majority of the votes cast in this convention shall be declared the nominee of the Democratic party of the ninth senatorial district."

The committee on resolutions made the following report:

Resolved 1. That we recognize and appreciate the wise, conservative and patriotic course of the Hon. Z. B. Vance, U. S. Senator from North Carolina, and we heartily and cordially endorse the same.

2. That we hereby instruct the nominee of this convention to vote for him at all times and under all circumstances in the next General Assembly of North Carolina, and to use all means, honorable, to secure his reelection to the U. S. Senate from the State of North Carolina.

3. That we, the Democrats of the ninth senatorial district, will use all honorable means to swell the majority of the nominee of this convention.

4. That we deem independents much more dangerous to the party than Republicans, and we ask all Democrats to sustain us in this resolution.

While the committees were out Dr. Cyrus Thompson was called and entertained the convention in a short but timely speech, urging harmony, and assuring the Democrats that we Alliance men were but Allied Democrats, and eulogizing our beloved Z. B. Vance, at the mention of whose name the convention filled the house with applause.

The reports of the different committees were received.

Mr. L. E. Duffy was instructed to read a protest which was not entertained.

On motion of Dr. W. J. Montfort, the District Executive Committee is composed of the chairman of each county Executive Committee.

Nominations being in order, the name of T. E. Gilman, Esq., was presented to the convention by Frank Thompson, Esq., in a neat and appropriate speech, and the nomination was seconded by Sheriff S. E. Koonce, of Jones.

On motion, the rules were suspended and Mr. T. E. Gilman was unanimously elected the nominee of the ninth senatorial district by acclamation. Mr. Gilman came forward and in a well-selected speech accepted the nomination.

The convention did its work in a quiet, straightforward manner, with the best of feeling prevailing for so large a gathering.

A motion requesting the JOURNAL to publish these proceedings was adopted, and the convention adjourned.

J. C. PARKER, Chm'n.

D. G. WARD, } Secretaries.  
K. F. FOSCOE, }

The Charleston Off for Hawaii.

PORT TOWNSEND, Wash., September 1.—The United States cruiser Charleston sailed today for the Hawaiian Islands in obedience to telegraphic orders directing that vessel to proceed immediately to Honolulu. The occasion of the return of the Charleston to the Hawaiian Islands is the anticipation of another revolution on the islands. The Charleston is provisioned for one year's cruise.

An Alliance Candidate Defeated.

COLUMBIA, S. C., August 30.—George Johnstone, a prominent lawyer of Newberry, was nominated for Congress by the Democratic primaries of the Third South Carolina district, defeating the Farmers' Alliance candidate, D. K. Norris, by a majority of 24 out of a total vote of 11,683. This is the first defeat sustained by the South Carolina Farmers' Alliance in politics.

Applicants for the A. and M. A. College.

There will be, at Trenton, Jones county, on Monday September 15, 1890, a competitive examination of applicants for admission, as county students, to the College of Agriculture and Mechanic Arts. I hope any young man in the county who desires to take a course in this College will be present on that day.

P. M. PEARSON, Co. Supt.
