**THE Confederate and Union Veterans** hold their annual reunion at Knoxville October 7th.

**WE** are indebted to Senator Gibson, of Louisiana, for a pamphlet on "The Mississippi River, what it needs and why it needs it."

**"JUDGE ALBION W. TOURGEE'S wife is in jail."** This is proof positive that the wife is in a place where the husband ought to be.

**THE Convict labor system** which has been a blot on some of the States must go. Georgia has abolished it and Mississippi will follow suit.

**PRESIDENT ROBERTS**, of the Pennsylvania Railroad, started life as a track hand thirty-years ago. The Combined salaries he receives now amount to \$100,000 a year.

**FATHER:** Son, what is a city? A collection of houses was the reply. How many inhabitants are necessary to make a city, was asked. The answer came—In North Carolina about three hundred, when it has a newspaper. —Wilmington Messenger.

**THE Montreal express** on the New York Central road was wrecked a few days ago by rails firmly fixed in a cattle guard. The engine and all the cars were thrown from the track, but no one was killed, some of the passengers escaping miraculously. This is one of the results of the great strike.

**THERE** is hardly any doubt that the Democrats will carry the elections this year, and it would be ungrateful in us to refuse to acknowledge that so far as the pending contest is concerned the big, fat dude speaker from Maine has helped more than he has hurt us. —Richmond Dispatch.

**"THE** boast of the Republican Organs that population has increased most in the Republican States indicates that the census managers have had an adequate conception all along of what they were there for."

**"A** city reader of the Star says that there is more destitution in the city than one would suppose." Destitution is not confined to Wilmington. It is in all our towns and cities. Nothing is more blessed than charity. It blesses he who gives and him who receives.

**HON. C. R. BRECKINRIDGE** of Arkansas has been deprived of his seat by a vote of the House, but he will be returned to Congress, by the vote of the people by a large majority. He is a son of the great John C. Breckinridge and is the soul of chivalry and honor.

## LOCAL NEWS.

**NEW ADVERTISEMENTS**  
CHAS. GEROCK—Notice.  
JOURNAL—Rooms to rent:

**Mr. H. B. Duffy** has added Mr. W. P. Smith to his force of clerks.

**Mr. X. Brock** is now chief clerk at the large and well equipped livery of J. W. Stewart.

**The first** flat load of lumber for building the new cannery was placed on the grounds yesterday.

**The price** of cotton ranged from 9.50 to 9.60 at the Exchange yesterday. Only nine bales were marketed.

**There** were two baptisms in Neuse river Sunday morning, at the foot of Broad street, performed by Rev. I. L. Chestnut.

**The Goldsboro Argus** has a very complimentary notice of Mr. Roscoe Nunn, formerly local reporter for the JOURNAL, but now a student at Chapel Hill. The Wilmington Star makes a flattering reference.

**Several** of our citizens desire us to call the attention of the city authorities to the fact that the condition of some of our sidewalks permits the standing of water in large puddles after a big rain and request that they be attended to.

**About** one hundred people from New Berne attended the camp meeting at Lane's Chapel Sunday. The total attendance is estimated at one thousand. It is said that by actual count there were two hundred and fifty buggies on the grounds. There were three sermons preached by different ministers.

**An application** has been made to Judge Spier Whitaker for an injunction prohibiting the City and Fair authorities from closing Berne street, and praying that said street be opened and put in good order. Judge Whitaker has ordered a hearing at Warrenton on the 16th inst.

**We** call attention to the change of schedule of the Old Dominion Steamship Company as shown by their advertisement. The steamer Newtome now leaves Norfolk Mondays and Thursdays and arrives at New Berne Tuesdays and Fridays, leaving the same day at noon.

**There** was a large increase in the attendance at Vance Academy yesterday over the previous week. Miss Maude Moore, who taught in the primary department last term with so much satisfaction to both Principal and pupils, now has charge of the music department. Her thorough knowledge and practical experience in instrumental music is a sufficient guarantee that this popular branch of study will be successfully conducted.

**The pouring** rain of Sunday night came in such torrents that the gutter to Mr. H. B. Duffy's store could not carry off the water with sufficient rapidity, so it accumulated on the roof until it rose above the tin flashing on the parapet walls and forced its way through, flooding the store and causing imminent danger of ruining nearly the entire stock. There having been a slight trouble of the kind once before, Mr. Duffy's fears were aroused sufficiently to cause him to go to the store to investigate and we are glad to say that he discovered the accident in its beginning and procured assistance to cut holes through the floor, move some of the goods and spread oil cloth over others in time to prevent any serious damage. Mr. J. A. Simpson is going to see to that roof pretty quick.

**THE LADIES DELIGHTED.**  
The pleasant effect and the perfect safety with which ladies may use the Liquid Fruit Laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

## Co-Partnership.

**We** call attention to the notice of the co partnership formed between Messrs. L. H. Cutler and B. B. Neal. The senior partner has a firmly established reputation as an upright, far-seeing, successful merchant, and prosperity has come to him through his activity, through knowledge of his business and courteous attention to the wishes of his customers.

**Mr. B. B. Neal**, the junior member, is a young man of splendid business qualifications, who by years of steady application under the training of Mr. Cutler, has mastered every detail of the business. He is careful, diligent and well informed, has excellent judgment, is a rapid thinker, quick both to perceive, decide and execute, and we look for him to succeed in whatever he undertakes.

**The business** will be continued at Mr. Cutler's old stand, with the full line of general hardware and select house furnishing goods that Mr. Cutler previously handled and the past reputation of the house is a sufficient guarantee that first class goods at a reasonable price, will be furnished and all due effort made to please customers.

## Work of the Lightning.

**During** the storm which occurred early Sunday night lightning struck the Federal mill on the schooner Carrie E. Farnon, lying in the dock back of Mr. J. A. Meadows' grist mill, knocking over a wood pile that was on a pole above the mast, and splintering the top of the mast. Not far from the top the lightning appears to have met a metal stay reaching from the mast to the keel, and escaped without doing further injury.

**Fortunately** no one was on board the vessel when struck, though Captain Murphy and several others were a little previous to that time, but to escape the heat from being shut up in the cabin during the rain they went up to Messrs. E. H. & J. A. Meadows' office. They saw the lightning as it struck; there were two flashes, each seeming to come from overhead, the first one appearing to strike the ground very close to the mill, sprangling in several directions, having the appearance of fire when a lighted brand is thrown violently on the ground. Mr. James Hill, the watchman, who was one of the group at the office, started to run to the mill, thinking the lightning had set it on fire but before he proceeded far the second flash came, striking the vessel and presenting the same general characteristics as the first.

**Dr. John S. Long** leaves today on a visit to his daughter, Mrs. Yost, in Baltimore.

## RAILROAD DISASTER.

**THIRTY-SIX CARS** GO THROUGH A BRIDGE INTO THE YADKIN RIVER.

**CHARLOTTE, N. C., Sept. 6.**—Thirty-six cars and the engine of a southbound freight train on the Richmond and Danville railroad crashed through a bridge into the Yadkin river, a few miles from Salisbury, this afternoon. Conductor Scott uncoupled his caboose when within twenty-five yards of the river and saved it. The fireman and engineer jumped. They were bruised but not seriously injured. Brakeman Will Arington stayed with his car in its leap of sixty feet, to the bottom of the Yadkin, but rose unharmed and was pulled out. Nobody was badly hurt. The loss is not under \$100,000, and it is said to be the biggest freight wreck the Richmond and Danville road ever sustained.

## Hon. John A. Stanly.

**The following** we copy from the San Francisco Weekly Commercial Record, handed us by Mr. Jonathan Havens of this city, who knows Mr. Stanly well, and says that he is worthy of all the honors that the people of California have conferred upon him:

**"We** are sure the nomination of ex-Judge Stanly by the Democratic convention at San Jose will be received with gratification by all conservative and upright citizens. There is no name that commands greater respect than his for thorough-going integrity and for firmness of purpose. His ability as a lawyer is conceded and with these qualifications he is certainly eminently fitted for the honorable and elevated position of Chief Justice.

**Hon. John A. Stanly** was born in New Berne, North Carolina. He comes of excellent family in that State that had long been settled there. They were prominent in public affairs and aimed to serve their country faithfully. His uncle, Edward Stanly, was a pioneer of this State and in 1850 founded the law firm of Stanly & Hyles, in association with the uncle of the present G. R. B. Hyles. That gentleman was a man of great ability in his profession. He had the purest impulses politically. In fact we have ample evidence of this in that it was he President Lincoln selected as Governor of North Carolina during the war and that difficult position he filled with a true and patriotic regard for the interests of his native State and the country at large.

**In North Carolina** the present Judge Stanly was raised and educated. He came to California in the 60's and joined his uncle's firm which was afterwards known as Stanly, Hyles & Scully. That he soon became popular and respected here is evidenced in the fact of his election as county judge. He filled this office most acceptably and was noted for the firmness and impartiality that governed all actions in it.

**The county judgeship** was the only political office Judge Stanly held, for he has been very devoted to his practice and never been a seeker after office. In the present instance the office sought him. His name indeed was a surprise, but his position both as a lawyer and an eminently just man led to the nomination. It is not doubted that he is the strongest and most popular candidate that his party could be presented by his record is a pure one. Judge Stanly is a man of mature judgment and great experience. As a lawyer he has been engaged in many important cases. He was of the counsel for Mrs. Colton in that case, of counsel for petitioner in the noted French Bank case, and many others. If we go on the ground of especial fitness for this honorable office, certainly Judge Stanly is a candidate in every way well qualified.

## A Mistake.

**The last issue** of the Fayetteville Observer has an article headed "The New Berne Evangelist for Fayetteville Presbytery," and in it states that Dr. L. C. Vass has accepted the call to that evangelistic field, and after speaking in high terms of Dr. Vass concludes by saying that he will enter upon his work in the near future.

**The Observer** is in error. The Fayetteville Presbytery in tendering the call, urged Dr. Vass to accept, but, though he appreciated the honor, he preferred to retain his connection with the New Berne Presbyterian Church, of which he has been pastor for twenty-four years, and he wrote declining the call in a day or two after he received it.

**Dr. Vass** is highly esteemed here not only by his congregation, but by our citizens generally, for his Christian spirit, kindly disposition and scholarly attainments, and we are glad that he decided to remain with us.

## At the Y. M. C. A. Sunday.

**Last Sunday** evening the Association held its devotional meeting for the first time in its new quarters. It was a little premature, as the rooms were not quite completed, but the lease of the hall formerly occupied had expired, and every thing had been removed to the new location. So turning away from the unfinished meeting-room on the south, and fling past the promiscuous pile of goods, furniture, books, etc., in the gymnasium, awaiting adjustment, those attending, to the number of about forty, gathered in the neat and cosy north room designated for games and amusements.

**It was** a time for grateful and joyful emotions, pleasant memories, tender associations, and deep and firm resolves for future activity and usefulness. The opening hymn was of course "All hail the power of Jesus' name." Then "Beulah Land" gave a lively tone to the meeting preparatory to what should follow.

**The position** and work of the Association, its trials and triumphs during the five years of its existence, were advocated to and dwelt upon at more or less length by two or three of its former presidents and others who had been officers and pioneers in its work. The whole work through all its departments was commended to God in earnest prayer, and the Divine blessing asked upon all its future endeavors. A serious devotional spirit seemed to pervade and animate every one present, and as we sang, "Praise God from whom all blessings flow," and turned away to our homes we were ready to "thank God and take courage."

**Reader—if** you are a man—come with us next Sunday; come with us and we will do you good. B'
