RETURNS from Maine show that the Republicans have carried the State by reduced majorities.

NOTHING would please Republicans more than the defeat of Vance of North Carolina and Gordon of Georgia.

The Tobacco Leaf Board of Trade met in New York Monday and passed a resolution protesting against the McKinley bill.

PROGRESS is built upon the ruins of old institutions, says Mr. Speaker Reed. By the same rule, the Republican party is built upon the ruins of the Constitution.

The movement among the colored people in favor of the appointment of one of their race to the vacant Collectorship of Wilmington is said to be gaining strength.

HON. S. B. ALEXANDER, leading Alliance man and Democratic candidate for Congress in the 6th district, is out in a strong letter in favor of the reelection of Senate Vance.

Old North Carolina is stepping up live on the fair question. There are no less now than twenty seven annual fairs held regularly, and all under the auspices of permanent organizations.

THREE of the New York Central railroad strikers are under arrest on the charge of being concerned in the wrecking of the Montreal express last week. They are all Knights of Labor.

The Republican Congressional convention of the Seventh Alabama District met at Anniston August 27 and decided not to make any nomination. A resolution endorsing the Administration of President Harrison was voted down.

MINISTER PHELPS has named the German Emperor "the poor man's Emperor" and says: "There isn't an utterance, nor an act of the young Sovereign that does not respond quickly to this test—the love and care of that class of his subjects who most need help."

SENATOR HAMPTON, of South Carolina, announces that he shall not ask for a reelection to the Senate. He has never asked for an office, he says, and he doesn't think he shall begin asking at this late day. He will accept a reelection, however, if it is offered him.

The Norfolk Landmark says: The difference between the Democratic and Republican parties on economic questions is simply the difference between the man who is willing to conduct business on fair and equitable lines and the man who wants the world and thinks it is his oyster.

A LONDON press dispatch says: Cardinal Manning has written a letter urging the necessity for eight hours as a working day for miners; that no women be employed in mines; that the observance of Sunday be enforced, and also advocating a scale of wages.

The Democratic State Convention of California adopted this paragraph in its platform: "The Democracy of California pledges its nominees to the Legislature to use all lawful means to secure the enactment of a law embodying the Australian ballot system, substantially as that now existing in the State of Massachusetts."

## LOCAL NEWS.

**NEW ADVERTISEMENTS**  
L. J. TAYLOR—Don't forget.  
E. W. CARPENTER—Court notice.

Twenty-four bales of cotton were sold yesterday at 9 1/2 to 9 5/8.

The annual meeting of the Y. M. C. A. has been postponed till next week. There will be a number of applicants for membership, which will probably be increased to one hundred and twenty-five.

It was a mistake on our part in yesterday's JOURNAL in quoting cotton from 9 to 9 5/8. It should have been from 9 1/2 to 9 5/8. The quotations here have held up well and our buyers will pay the highest margin in order to induce all the cotton they can to be marketed here. The prices here have always equaled any place in the State, we believe, and they will remain so.

Mr. L. F. Taylor, of Cove, merchant and farmer, was in the city Wednesday. In conversation with him as to the damage to cotton caused from the August rains, he does not think it has been serious. Last year on twelve acres he made only two bales, while this year on seven acres of the same land he feels assured of five bales. Also Mr. O. H. Wetherington of Tuscarora gave us a call and paid up in advance for the Weekly JOURNAL.

The Torchlight, a colored paper published at Providence, R. I., and the editor of which attended the recent Fair held in New Berne, has an extended account of it in his paper, and in his statements about who were the principal ones in getting it up, he does not give due credit to whom we consider the prime movers in the undertaking—the president, Rev. W. H. Thurber; secretary, W. W. Lawrence; and the assistant secretary, H. J. Green. The premium list has been completed and handed us, which appears in another column.

**Land Sale.**  
The small truck farm adjoining Mr. Nathan Tisdale's on the side toward the city has just been purchased from Misses Fannie and Jennie Miller by Messrs. Green, Foy & Co. and Alex. Miller on speculation for \$3,750. These gentlemen believe that our new railroad will cause the town to grow in that direction and they expect eventually to cut the tract up into suitable lots. It was said to contain nineteen acres but measurement proves that twenty-one is the correct number.

**Cow Killed.**  
Tuesday afternoon, the freight train ran over and killed a cow just as it was approaching Bachlor's creek. One of the foremost cars was thrown from the track. The train was a long one, heavily loaded and as they were running down grade the momentum was sufficient to prevent its being stopped until it had gone over its whole length after the accident and entirely crossed the creek. After some difficulty the car was got back. It is remarkable that it was not overturned and that it did not drag others off the rails. The cow was not on the track as the train approached but jumped on immediately in front of the engine. No blame attaches to the railroad employees.

**No Cotton Sold at Nine Cents.**  
BITON JOURNAL.—Your quotation of cotton sold on Tuesday in the New Berne market is untrue and damaging to this port. The quotations handed in the office were 9 1/2 to 9 5/8, and of this there was but one bale sold at 9 1/2. Our market is always at the highest point possible to be paid, and it is a sore grievance to be quoted otherwise.

**Applicants for the A. and M. A. College.**

There will be, at Trenton, Jones county, on Monday September 15, 1890, a competitive examination of applicants for admission, as county student, to the College of Agriculture and Mechanic Arts. I hope any young young man in the county who desires to take a course in this College will be present on that day.  
P. M. PRIBALL, Co. Sup.

**Personal.**  
Miss Mary E. Pope left yesterday to visit relatives in Hookerton and Snow Hill.

Mrs. J. Hiram Bell, of Pollockville, is visiting her sister in Baltimore.

Mr. J. C. Caddell, of the Raleigh News and Observer, who has been in the city on business connected with the paper, left yesterday for Kinston. He reports a successful trip.

Capt. George W. Wallace and wife have returned from Morehead.

Mr. K. Denmark has gone after a drove of Kentucky horses for M. Hahn & Co.

Mr. U. V. Mills, of Richlands, Onslow county, passed through New Berne yesterday en route to Trinity College—a splendid school—but we hope the time is not far distant when the excellence of our New Berne educational institutions will induce such young men from neighboring counties to come here instead of seeking farther for an education.

Mr. D. V. Dixon, editor of the Hookerton Clipper, was in town yesterday.

The Florida District Superintendent of the Southern Express Company, Mr. F. R. (aborn) and his wife who have been visiting Mr. E. B. Roberts, left for their home in Jacksonville, yesterday.

Miss Carrie Mayhew came home last night from spending the summer in Winston, and Mrs. S. H. Willett from a month's visit to her sister Mrs. Nellie Yost, in Baltimore.

Mrs. Mary Chambers, of Orange Lake, Florida, is visiting her father, Judge George Green.

Mr. O. H. Guion left for Beaufort last night on professional business.

**Repeal the Tax.**  
We recently published an article showing that good sewing machines are now manufactured at a low price, but that our State tax of \$250 on each company doing business in the State excluded so many companies that it gave the larger and stronger companies a monopoly, and caused the people of the State to pay more for their machines than necessary.

We are now in receipt of a letter from a well known sewing machine company in New York heartily endorsing the position we took and adding their testimony to the correctness of our statements. They say "No machine costs over \$15 to make and it is a notorious fact that some of the machines now sold in North Carolina for \$40 and \$50 cost only \$3 to make."

The company writing us supply their customers at \$19.50—less than half the price at which similar machines are sold for in North Carolina, and their machines are guaranteed to be equal to any of the others made by the best companies, and they give the same guarantees that the other companies do, but owing to their low prices cannot afford to pay such State tax.

North Carolina, South Carolina and Georgia are the only States that have had such laws. A similar fertilizer tax law has just been declared unconstitutional in North Carolina, and the sewing-machine tax law itself in Georgia has just been decided unconstitutional by the Supreme court of that State.

This law is as bad as the obnoxious National high protective tariff law and what makes it positively exasperating is that it was imposed by our own State Legislature and works its hardships upon the citizens of our own State, causing them to pay increased profits to Northern manufacturers, many thousands of dollars annually which otherwise they might retain in their own possession.

We hope that some of the companies will make a test case and that the law will be declared unconstitutional or that our next Legislature will repeal it.

**The Public Building Site.**  
EDITOR JOURNAL.—While nothing may be accomplished by the agitation of the subject, yet it having been broached at length by a correspondent in yesterday's issue, it may be as well perhaps to call attention to the really eligible sites that exist for a public building.

In this connection I think that the northwest corner of Pollock and Middle streets, embracing that area from N. E. Richardson's residence on Pollock street to Hahn's stable on Middle street, is beyond question and comparison the very best location that can be selected. It is even superior to that to which Mr. Bull alludes on the northeast corner of the same streets, while the important difference exists, that the latter cannot be obtained for the purpose while the former can. In point of location this site cannot be excelled, and I believe every disinterested person will agree with  
ONE OF THEM.

**The Great Benefit**  
Which derive in run down state of health people from Hood's Sarsaparilla conclusively proves that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength, but Hood's Sarsaparilla builds up in a perfectly natural way all the weakened parts, purifies the blood, and assists to healthy action those important organs, the kidneys and liver.

## PREMIUM LIST OF THE COLORED FAIR.

The last day was rainy, but quite a crowd were out to witness the closing. The Star Band of New Berne furnished music for the occasion. A game of baseball was played, together with barrel races and other amusements. At night there was a grand time. Mr. Joseph W. Henderson, editor of the New England Torchlight, presented a beautiful bouquet of flowers on behalf of Mrs. A. G. Oden and others, to the New Berne Golden Link Band, which was responded to by Rt. Rev. Bishop Petsey, after which a beautifully framed monogram, sent from Boston, Mass., by Miss Susie Lawrence, sister of the secretary of the Fair, to be placed on exhibition, and at the close of the Fair to be presented to New Berne Golden Lodge No. 1531, G. U. of O. E. was also presented by the honored Bishop to the Lodge through the band, which was accepted by a short speech by Mr. W. H. Livingston of Livingston College.

In short, we are glad to know that the Fair was a grand success in every way, and that it will be run annually in future. Its managers deserve much credit, and the colored people should feel proud of their first effort.

### Hancock St. M. E. Church.

Since the beginning of the week quite a spiritual time has been experienced in the meetings held at the Hancock Street Methodist Church. The pastor, by his earnest efforts, has awakened sinners to understand their true condition, and the Holy Ghost is evidently at work upon their hearts. Several of the unconverted, on Monday and Tuesday nights, requested the prayers of God's people, and expressed themselves as determined to persevere until the Holy Spirit should bear witness with their spirit that they are the children of God. May the Lord grant it. Christians have felt the gracious influences of the Spirit upon themselves, and have returned to their homes wonderfully revived; so much so, that at one home they had a small sized camp meeting. May God continue the blessed work until all New Berne shall be awakened, and a work of grace such as never before was known be witnessed in our midst.

Meetings tonight and through the week. "Come thou with us, and we will do thee good; for the Lord has spoken good concerning Israel." L.

### DIED.
