SOUTH CAROLINA—VANCE, HAMPTON AND GORDON.

It must be gratifying to Democrats and patriots everywhere that the people of South Carolina are coming together, despite the late excitement and animosities, and it is probable that General Hampton will be returned to the United States Senate.

We know of nothing that would please Republicans more than the defeat of Vance, Gordon and Hampton. What has Wade Hampton done to forfeit the respect, admiration and love of South Carolinians? Nothing, absolutely nothing! On the contrary, his whole life is devoted to their service.

There is not a page of their history, for nearly half a century, that is not illumined by his patriotic services. He was born amid rural scenes; his youth and manhood was nourished and matured on the farm, and he left the endearments of country life only when the liberties of his people were in danger and his country called him to her defence.

Who can forget Hampton and his men in the days that tried men's souls; when every flower blushed with patriot blood, and every stream was crimsoned with the life blood of freemen? To refuse to Hampton the homage due to his greatness and his fame would be base ingratitude. Not to love him would be a sin unpardonable in the canon of patriotism.

What is said of Hampton is equally true of Vance and Gordon. Remember the dark days of reconstruction and match Hampton, Vance and Gordon if you can. It can't be done. They stand before the people of the South unapproached and unapproachable—supreme in the hearts of their countrymen.

It is the senseless boast of intoxicated leaders that the farmers of the South are opposed to these Southern heroes. No sane man believes it. Nine-tenths of the farmers of the country would walk ten miles to shake the hand of either of them. Look at them. Vance lost an eye in the service of his people; Hampton lost a leg on freedom's battlefield and Gordon is scarred all over with honorable wounds. He is an idiot who does not know these things; he is a madman who does not respect them. Marplots and self-inflated demagogues cannot mislead the people in respect to these illustrious men. Their deeds, their worthy deeds alone, have rendered them immortal, and the farmers of North Carolina, South Carolina and Georgia will teach their children to revere their memory and perpetuate their fame.

Vance, Hampton and Gordon will be returned to the Senate, and a great shout will go up from all the people.

THE LADIES DELIGHTED.

The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

Senatorship.

EDITOR JOURNAL:—I see in one of your late issues a card endorsing F. D. Koonce, of Onslow county, for an independent candidate for the senatorship of the ninth senatorial district upon the Alliance platform. We, the Alliance of Carteret county, do concur, and endorse with great pride Mr. Koonce, whom we regard as the brainiest of the brainy. His indictment against the banking system which he says is worse than the tariff, in an article prepared by him for his Lodge, No. 47, at Rieblands, is an honor to any man, and it is sufficient proof to show the material of which he is made. Not only great mentally, but a practical man; sober and strictly conscientious and as industrious as a bee, with a sufficient amount of magnetism and certain amount of combativeness, together with proper reasoning faculties, which faculties should predominate in this day of need to give motive power to aid him to throttle whatever opposition may come between him and his duty, though his avowed aim is not so great as other men. The reason we emphasize his faculties is because they are necessary to be a part of the man, to enable him to face that class of men who have shaped legislation for their benefit only, thereby collecting together the most gigantic fortunes the world has ever witnessed.

In this man, F. D. Koonce, we not only find these faculties, but he has the brains also, without such qualifications he would stand before the financial monarchs and land sharks like the Roman slave did when he was commissioned to go into the Roman prison to put Uarius to death. Whether these be gifts, or by what marvels drawn from heaven or earth, we shall not stop to inquire. We are proud of such a man as F. D. Koonce.

THEY GOT VERY COLD FOR HIM.

The North Carolina Negro Committee Treated Shamefully by Hampton.

RALIGH, N. C., September 10.—The negro State convention held here last month appointed a committee of influential negroes to go to Washington and lay before the President the grievances of the North Carolina negroes, and to state that they were overruled by white Republican bosses who gave them no positions. The removal of these bosses from office was to be asked for, and the demands of the negro for recognition in the distribution of patronage were to be plainly laid before the President. The committee went to Washington and has returned.

One of its members says the President treated the committee very kindly, but that his manner and words showed that he had been informed of a resolution which was before the convention, but which was modified before it was adopted. The original resolution stated that the President had erred in his appointments in North Carolina, and also in ignoring the negroes. It was evident that some white Republicans had sent the President a copy of the original resolution.

The President told the committee he was sorry since a state of affairs as it reported existed in North Carolina, but that he did not see how he could change it. The committee, therefore, got very cold comfort.

The Shiloh correspondent of the Landmark says: "A young man, heavily loaded with measles, attended New Bethany church, and as to consequence one hundred new cases have been heard from. It was reported on last Sunday that cases of measles contracted at Bethany were at Sharon and Bethlehem church near the Island Ford.—Durham Sun.

STRONG MEN.
Women love strong men. A weak man may excite their sympathy and a woman's careful tenderness soothe and soften the anguish of a weak man's soul, but the laughing, joyous, warm, exuberant love of women dear, belongs to the men that are strong and noble and kind. Then why will a man continue weak and mean and peevish?

An old gentleman writes: "B. B. B. gives me new life and strength. If there is anything that will make an old man young, it is B. B. B."
Some men say, and women too, they never feel weak and mean except in the spring. Why then feel weak and mean and nervous and prostrated in the spring time when life and spirit awaken with thrilling buoyancy over the vegetable world? Must you allow sluggish blood, inactive organic functions, rusty joints and general weakness to make your life miserable simply because the long winter has restrained your natural activity? It need not be. If only you will use that pleasant and incomparable tonic blood purifier known as B. B. B. or Botanic Blood Balm your health in spring time will be all that you can wish. Try it this spring. Try it now.

P. A. Shepherd, Norfolk, Va., August 10, writes: "I depend on B. B. B. for the preservation of my health. I have had it in my family now nearly two years, and in all that time have not had to have a doctor."

High Trees.

Professor Frederick G. Plummer, the civil engineer of Tacoma, says: "I have been all over this county, and have the best collection of the flora to be found anywhere. What do you think of these trees 650 feet high? They are to be found that high in the unsurveyed townships near the foot of Mount Tacoma, and, what is more, I have seen them and made an instrumental measurement of a number with that result. There are lots of trees near the base of Mount Tacoma whose foliage is so far above the ground that it is impossible to tell to what family they belong except by the bark. Very few people know or dream of the immensity of our forest growth. I wish that some of our large trees could be sent to the World's Fair at Chicago. We could send a flagpole, for instance, 300 or 400 feet long."

Be Sure

If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. Hood's Sarsaparilla is a peculiar medicine, possessing, by virtue of its peculiar combination, proportion, and preparation, curative power superior to any other article. A Boston lady who knew what she wanted, and whose example is worthy imitation, tells her experience below:

To Get

"In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me to buy their own instead of Hood's; he told me their's would last longer; that I might take it on ten days' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I knew what Hood's Sarsaparilla was. I had taken it, and satisfied with it, and did not want any other."

Hood's Sarsaparilla

When I began taking Hood's Sarsaparilla I was feeling real miserable, suffering a great deal with dyspepsia, and so weak that at times I could hardly stand. I looked, and had for some time, like a person in consumption. Hood's Sarsaparilla did me so much good that I wonder at myself sometimes, and my friends frequently speak of it." Mrs. ELLA A. GOFF, 61 Terrace Street, Boston.
