DEMOCRATS consider the outlook in Indiana very bright.

BLAINE, Sherman and Edmunds are trying to sneak into the fair trade camp through the reciprocity alley.—St. Louis Post-Dispatch.

HARRISON congratulates Reed on his reelection. The victorious gentleman will not have an opportunity for returning the compliment.

THE talk now is of a cotton crop of 8,000,000 bales in the South this year, worth at the least calculation \$50,000,000, if the cotton seed is taken into consideration.

THE Wilmington Star says: The Kentucky Judge who fined a man \$175 for selling his vote for 50 cents wants it distinctly understood that Maine prices are not to prevail in Kentucky.

JOSEPH PULITZER of the New York World, who has become totally blind, has for private secretary a young Englishman named Ponsonby, who is a nephew of Lord Ponsonby, the latter being the private secretary by appointment to Queen Victoria.

THE Indiana Republican State Convention was in session at Indianapolis last Wednesday. The platform indorses the Harrison Administration and Speaker Reed's methods.

THE tariff is by no means settled by the passage of the Senate bill. It differs very widely, from the House bill and the whole question will be fought over in the Conference Committee and when the committee makes its report.

FRED DOUGLAS is reported to have said in a speech at Washington on last Monday, that the solution of the race problem, if there be any such problem, "lay in the ballot box, the cartridge box and the knowledge box."

THE Statesville Landmark appeared last week enlarged and in a new dress. Since our first acquaintance with the Landmark we have considered it one of the best papers in the state, and we would not be much surprised to find ourselves supporting its Editor for Governor before long.

In a recent speech in Maine Congressman McKinley said: "I despise the word 'cheap.' It is all well enough to despise it, Major, if you have plenty of money; but if you had to count the pennies carefully in obtaining the necessities of life, you would be compelled to respect the meaning of the word."

THE cotton crop of the South this year will be the largest ever raised. This is conclusive evidence, that the white and black people of the South are not getting along at all, and that the white

man spends most of his time hunting up the negroes with shot guns, and that the negroes spend most of their time keeping out of the range of the shot gun. The cotton raises itself.—Wilmington Messenger.

It has been said that Mr. Guthrie of Durham has left the Republican and joined the Democratic party. The Durham Globe says: The fact is Mr. Guthrie has not joined the Democratic party and has not said that he is a Democrat. He has come out of the rotten Republican party, but has not cast in his lot with the Democrats. He refers to himself and others similarly situated, as "political orphans," not knowing where to find their future political home.

P. M. WILSON.—Business opportunity.

Remember the Raleigh State Fair, October 13-18.

The devotional meeting of the Y. M. C. A. will be held at the new hall this evening at 6 o'clock.

Still another rise in cotton—76 bales sold at the exchange yesterday at prices ranging from 9.62 1/2 to 9.77 1/2.

Rev. N. M. Jurney preaches at Newport today. He will begin a series of protracted meetings at Harlowe next Thursday.

Game birds, squirrels and deer are reported plentiful up Trent road, in the neighborhood of Mr. J. L. Rhem's seven mile farm.

The steam flat Laura and steamer Carolina are being repaired on Howard's ways. The Carolina will be launched Monday afternoon.

The fall truck crops are coming on nicely—peas from three to six inches high, beans beginning to blossom and Irish potatoes growing rapidly.

Messrs C. T. Watson and Thomas G. Dixon are building a new steam flat at Union Point, 46 feet in length, 16 feet in width, depth of hold 4 feet. She is to be used for freight traffic between New Berne and Kinston.

The fourth district convention of the Y. M. C. A. of North Carolina will be held in Tarboro Sept. 19-21. The New Berne Association should endeavor to be represented. Delegates will be entertained free and reduced railroad fare has been secured.

The demand for "Allen's Forty Lessons in Double Entry Book-keeping" continues unabated. Enough orders have been sent in to entirely exhaust the fourth edition and leave some to be supplied from the fifth edition which is now being printed.

Y. M. C. A. Lectures.

Mr. L. A. Coulter, State Secretary of the Young Men's Christian Association of North and South Carolina, will arrive in the city tomorrow and deliver an address before the New Berne Association at 8:30 o'clock at night in the new hall. His subject will be "The Chains that bind Young Men," or "Plain Talk to Men." Every member should endeavor to be present. Mr. Coulter is a good and earnest speaker, an exemplary Christian young man and well informed in his chosen work. Young men go out and see what he has to say. You will not regret it.

How is This?
A "White Cap" outrage has been perpetrated upon Rev. J. Z. Smith at Reno, Kan. It is a most diabolical outrage. A dispatch from Kansas City of the 4th inst. says:

"A gunny sack was thrown over his head, and he was dragged out and the sack made fast by a rope to the pommel of the saddle of one of the party and was dragged through the woods, a distance of a mile, the horse going at a fast gallop. After amusing themselves in this manner until they were tired, the White Caps stripped Smith naked and fastened him to the ground by means of forked sticks, his arms and legs extended, and beat him mercilessly with willows. He was left unconscious and bleeding, and when found yesterday was unable to speak or move."

Has anything as absolutely devilish as that been reported in the South? See what a racket was made over Joyner, whose treatment was positively merciful and kind compared with this Kansas horror. We are sorry that such outrages occur and it is not pleasant to note them.

Chapter 1: Weak, tired, no appetite.
Chapter 2: Took Hood's Sarsaparilla.
Chapter 3: Strong, cheerful, hungry.

A New Paper.

The "Reform Republican" is the name of a newspaper which has just made its appearance in this city, with Isaac H. Smith proprietor and business manager and E. R. Dudley editor. Its object is to represent the best element of the Republican party and advance the social, educational and material interests of the colored people in this section. In this most laudable work the Reform Republican has the best wishes of the JOURNAL. The paper will be issued every Saturday and will be sent to the subscribers at the very low rate of fifty cents for the campaign.

Personal.

Misses Jennie and Bennie Bishop returned last night from Black Mountain and Charlotte, at which places they have been since early summer.

Mr. R. H. Berry, who has just made a successful business trip in several Southern States, is spending a day or two in the city. He leaves again this week.

Hon. C. R. Thomas, jr., is at Beaufort on professional business.

Miss Studie Davis, who has been spending her vacation visiting relatives at Vanceboro, has returned home.

Mrs. C. L. Koonce, who has been visiting Mrs. H. S. Nunn, left yesterday to visit relatives in Kinston, after which she will return to her home in Sumterville, Florida.

Miss Eula Nunn left yesterday to make a visit to relatives at La Grange, and then to enter Hollins Institute, Virginia.

The Jewish New Year.

Tishree Roeh Hashannah or the Jewish New Year, begins this afternoon at 6 o'clock. It will be observed by our Jewish citizens generally. Those of the orthodox faith will keep their places of business closed two days, opening Tuesday afternoon at 6 o'clock. Those known as the reformed will close only one day, opening Monday at 6 p. m. Religious services will be held this afternoon at 5:30 o'clock and tomorrow from 3:30 to 7 p. m. in the Masonic Hall, conducted by Rabbi David Wechsely.

The Jews have two systems of reckoning time. What is known as the sacred year they count from the date of their leaving Egypt. According to that way of reckoning the New Year comes in March. Their ordinary way of calculating dates from the creation. This is known as the civil or secular year, and it is that year which they are now to celebrate. It is the beginning of the year 5651.

For some cause their enumeration does not agree with ours. We count that from the creation to the birth of Christ was 4004 years, they consider it 3761—a difference of 243 years.

Again, according to our count, it is 5894 years from the creation to the present time. According to them it is 5651 years—the same difference—243 years. Who is right?

The Sub-Treasury Bill.

The Farmers' Alliance is not united in regard to the sub-treasury bill. Numbers of intelligent farmers are not in favor of it, some sub-Alliances have passed resolutions against it, and now the State Alliance of Texas takes a determined stand in opposition to it. The statements they make are precisely what Senator Vance told the Alliance of North Carolina, what Senator Hampton wrote the Alliance in South Carolina and tallies with the opinion of Gen. Gordon, of Georgia.

The circular which the Texas State Alliance has sent to all subordinate Alliances reads as follows:

To the Alliance Brotherhood of Texas: We the undersigned members of the Farmers' State Alliance of Texas in annual convention assembled at Dallas Aug. 21, believing as we do that the sub-treasury bill has been mainly supported by an influence brought to bear outside of and foreign to Texas; and believing as we do that the measure is paternalistic as well as monopolistic in its nature, complicated and impracticable and contrary to the spirit and genius of our government and of our order, we issue to you this address and appeal. * * * Our objections to this measure are emphasized by the following:

First—Want of constitutional power in Congress.
Second—It is impracticable to furnish the relief sought.
Third—It would prove most disastrous to the very class it seeks to benefit.

Some Benefits of Accident Insurance.
Scarcely a day passes that some one is not killed or hurt through accidental causes, and when the means of compensation are so easily obtained, and at so little expense, we can only wonder that every man does not carry an accident policy.

A few days past the Fidelity and Casualty Insurance Company of New York, which is represented at Mr. William H. Oliver's agency in New-Berne, sent a check for \$3,000 to pay death claim of Mr. E. C. Morrow at Greensboro, N. C., who was recently fatally injured by a fall from his horse.

Golden Wedding.

Mr. and Mrs. Henry E. French, of Craven county, living about eleven miles from New Berne, celebrated their golden wedding last week at their residence. There were present a large number of relations and friends to lend enjoyment to the social event. The happy couple have six children living, all of whom were present with the exception of one now living in Oklahoma. They have been so fortunate as to have never lost a single child. Also they have living twenty-one grand-children. Mr. French is in his seventy-third year and his good wife four years younger.

Rev. Sam Jones' Sermons.

The Rev. Sam Jones will commence his meetings in Wilmington on Thursday, September 25th, and continue the same for ten days. The Messenger will employ expert stenographers and reporters, and proposes to publish daily the sermons complete.

The Daily Messenger will be printed in enlarged form and mailed to subscribers for eleven days, commencing September 25th, and ending Sunday, October 5th, for fifty cents each subscription. We propose to let Mr. Jones to our readers, and shall endeavor to give his leading sermons without curtailment or garbling.

The Messenger will be sent on trial to new subscribers four months for \$2.00. It is an eight page paper—a complete newspaper.

Mind Reader Johnstone's Feat.

CHICAGO, Sept. 12.—Mind Reader Johnstone, who startled Chicago yesterday by his psychological feats, and came so near dying in a cataleptic fit, was able to get out of bed today. He is very weak and is accompanied by a physician wherever he goes. Doctors who worked upon him yesterday say that the only sign of life the psychologist manifested for hours after he fell upon the floor was the rosy color of the lips. The rest of the body was waxen, and there was no perceptible beating of the heart or pulse.

Mr. Johnstone will be in New York next week. He will then go to London, where he will be examined by the Society of Psychological Research. From England Johnstone will go to India and study the fakirs who suspend animation and are buried for days at a time. He thinks he can beat the fakirs at their own game.

Snow in Montana and Canada.

ST. PAUL, Minn., Sept. 11.—Signal Service Observer Lyons says snow was reported this morning from Fort Assiniboine, Mont. This is the first snow of the season in the United States. Snow to a depth of from four to six inches fell at places in the Northwest Territory above Montana, and about one-half inch fell over North Montana.

Wyoming Doubtful.

DENVER, COL., Sept. 12.—Telegrams received by the Mountain News from points in Wyoming this morning, indicate that the Democrats have carried the State by a safe majority. The Republican State Committee refuse, however, to admit the defeat of their ticket, and claim a small majority.

THE LADIES DELIGHTED.

The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

You Take No Risk

In buying Hood's Sarsaparilla, for it is every where recognized as the standard building-up medicine and blood purifier. It has won its way to the front by its own intrinsic merit, and has the largest sale of any preparation of its kind. Any honest druggist will confirm this statement. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. Be sure to get Hood's.
