OLD PAPERS for sale in any quantity at JOURNAL office.

GEOGRAPHY—Stanley, Discovery, Rolan Baking Powder.

CONGRESS will meet again in December.

ONE more month to work for country, home and liberty.

THE nomination of James H. Young, Collector of Customs at Wilmington, failed of confirmation by the Senate.

SIX thousand people attended a meeting at Indianapolis, Wednesday night in behalf of home rule in Ireland.

ALL of the business portion of the city Aspinwall has been destroyed by fire, causing a loss of over a million dollars.

THE New York Central railroad notifies its employees that they must abandon the Knights of Labor organization.

AGAIN we say register, and then see that your neighbor is registered. There must be no "slip up" in this campaign.

THE Republicans of South Carolina have nominated a full state ticket composed entirely of straightout Democrats. Col. A. C. Haskell is their candidate for Governor.

CRAWFORD is getting the better of Ewart in the canvass of the 9th district. Ewart nor any other man can successfully defend the Republican party before a North Carolina audience.

TWO hundred and two Mormon converts landed in New York Thursday. In the party were thirty-two young girls. This does not look as if Mormonism has played out.

REPUBLICANS of Wilmington are greatly exercised because of the appointment of a Raleigh negro to the collectorship of that port. The present Administration is driving white Republicans from their party in the South by oft repeated indignities.

It is with pleasure we see that Hon. F. M. Simmons is to address the people of this district on the political issues of the day. No man is more competent for the task—no one whom the people will more gladly hear.

THE Goldsboro Argus says of the meeting conducted by Rev. H. W. Battle: "The revival services in the Baptist church in this city are abating nothing in interest and are not only yielding most gratifying results but give promise of culminating in a gracious harvest of repentant sinners."

THE September crop statement issued by the New Orleans cotton exchange shows that the movement for the first month of the season was the largest since the war, if not in the history of the cotton trade; the amount is given as \$57,624 bales.

SECRETARY Noble has issued an order prohibiting the employment of Indians for exhibition. This will not affect companies that visit this section. If one of these performing Indians should happen to meet a real Indian he would be scalped in two minutes.

THE remarks of Mr. Kennedy having been expunged from the Congressional Record by the vote of Republicans, a precedent has been set which they may take advantage of to expunge the whole Record. It ought to expunge for it is a blot on the civilization of the age.

LOCAL NEWS.

NEW ADVERTISEMENTS.
WANTED—To buy a house.
JOURNAL—Sam Jones' sermons.
E. MOORE—Executor's notice.
E. W. CARPENTER—Divorce notice.
C. L. GASKILL & Co.—Cheap music.

The farmers expect to have a picnic at Riverdale soon.

At the meeting of the Yacht Club held in the Y. M. C. A. Hall on Friday night, W. W. Clark was elected President, Benj. S. Guion, vice-President, and H. C. Stevenson, Sec'y and Treasurer. The meeting was largely attended, and much enthusiasm displayed, and the success of the organization, we now understand, is an insured fact.

The time for the burial of Miss Lizzie Barrington has been changed from 10 o'clock this morning to 3 o'clock this afternoon. The ferry boats not being considered sufficient, the ferry-keeper, Mr. Jos. Lewis, has chartered the steamer Trent so that he can take all who wish to attend, over the river. The steamer will leave her wharf at the foot of Craven street at 1:30 p. m.

Branson's N. C. Almanac 1891.

As a Hand Book, for the people, it is full of what is daily needed by each and every citizen. Mr. Branson has compiled this book for twenty-four years, and has studied to put in it the time of holding the courts, all the officers of the State and State institutions; also many valuable receipts for daily use; also many wise sayings in brief form. This year 1891 also has the county officers of every county in the State, and the official vote of every county given by Congressional districts.

A Handsome Gift.

There came in on the steamer, New Berne, along with another supply of the Wheeler & Wilson No. 9 sewing machines, which the agent, Mr. T. J. Turner had ordered, a handsome top wagon which the sewing machine company presented to Mr. Turner for the transaction of their business.

Mr. Turner is now ready to furnish a horse and that wagon and employ some one on good pay to travel through the country selling the machines.

In addition to the line of goods which Mr. Turner has been handling we notice a stock of carpets, rugs, floor oil cloths, blankets, bedspreads etc., which he has just received.

Let Us Have a Furniture Factory.

How about another factory? Why not take the \$12,400 which the New Berne Co-operative Manufacturing Company have subscribed and put up a first class furniture factory?

There are a number in operation in the central and western part of the State. The one at High Point is reported in the newspapers as receiving so many orders that they cannot keep up with them, but are always five or six car loads behind and are compelled to enlarge in order to meet the increasing demand for their goods, and a gentleman, who has sought information on the subject, tells us that as far as he can learn, all the furniture factories in the State are paying well, and we have an advantage over them in shipping to Northern markets, for we have cheap water transportation which they have not.

We are shipping great quantities of lumber. If put up into furniture it would bring vastly more than it now does and afford steady, remunerative employment to our mechanics.

President Pelletier and other officers and members of the Co-operative Manufacturing Company, what do you think of it?

Rev. Sam Jones.

It is stated that there are as many as 200 penitents at a time in the Sam Jones meetings in Wilmington, that the average attendance is about 6,000, and that those who attend are very serious and deeply interested. How would it do to get Mr. Jones here? We would be very glad to have him if a suitable building can be arranged for. He is doing a great work wherever he goes, and we believe him to be one of the greatest men of the times. He has had larger audiences and probably attracted more attention in the pulpit than any other minister.

New Pavements.
Mr. Wm. Hollister is having a new pavement put down in front of his brick store on Middle street, one of which is now occupied by Mr. A. M. Baker, who spent a furniture store there about a week ago.

A little further down we notice new pavements being made in front of Messrs. W. H. Cohen's and Jas. W. Moore's place of business.

The material used in each case is the species of marl which is now coming into such general use in New Berne for walks, and it is believed that it will be more satisfactory than the brick pavements, which were removed for the new material.

Good sidewalks are very important, and we are glad to see our property owners taking pride in having nice ones.

Personal.

Mr. W. W. Clark left yesterday to attend the Supreme Court in Raleigh, and Mr. O. H. Guion went out to Goldsboro on professional business.

Mr. Denard W. Roberts went to Wilmington to visit relatives and attend the Sam Jones meetings.

Mr. Samuel Biddle, of Fort Barnwell, left for Charlotte to take a railroad position.

Mr. F. Ulrich has returned from a Northern business trip.

Dr. D. H. Abbott and wife, who have been spending the summer in Maine, returned home yesterday.

Messrs. A. C. Cooper, R. D. Bond, H. Huger, Geo. V. Brady and John Howell came in yesterday, from Baltimore, on the schr. Robt J. McAllister to take positions as cappers in Messrs. Moore & Brady's canning factory.

Mr. F. E. Dickinson and his sister, Mrs. Della Taylor, of Harlowe, were in town yesterday visiting at Mr. James E. Smith's.

Mr. F. C. Bryan, the assistant general freight and passenger agent of the Seaboard Air Line arrived last night, on a visit to his father Mr. Henry R. Bryan. His sister Miss Minnie Bryan came home with him.

Mrs. W. F. Duntree and daughter returned from Durham.

Messrs. Hugh and Dula Salter, of Carteret county, came up on the steamer Trent yesterday to enter New Berne College Institute.

Our Next Fair.

Every one of the New Berne Fairs has been a splendid success, and each one has been better than the one before it, and the Fair officers intend to keep up that reputation and make the coming Fair surpass any of its predecessors.

We stated a little while back that the race track was being made. It is now almost completed. It is expected that it will be finished next week. It is fifty feet wide and a third of a mile in circumference. There have been sixteen hands at work on it for five weeks, the high places have been dug down, the low places filled in with what was taken from the high ones, and now it will all be well rolled. To give an idea of the magnitude of the work done we will state that it is estimated that the average number of loads of earth moved was 1,000 per day. Three days were lost out of the five weeks, leaving twenty-seven working days, which shows about 27,000 loads have been moved in making the track.

Now is the time for farmers and others to remember the Fair and prepare exhibits for it. Save your choice stalks of cotton, your finest ears of corn, your largest pumpkins, your hand-somest cattle, sheep, hogs and poultry and everything else that will show to the visitors what a fine country we have. Do your best towards making this the grandest Fair you ever attended, and when the time rolls around again, attend it, and receive and impart all the enjoyment and information you possibly can.

You Take No Risk

In buying Hood's Sarsaparilla, for it is everywhere recognized as the standard building-up medicine and blood purifier. It has won its way to the front by its own intrinsic merit, and has the largest sale of any preparation of its kind. Any honest druggist will confirm this statement. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. Be sure to get Hood's.

Church Services Today.

Presbyterian Church—Rev. L. C. Vass, D. D., pastor. Services by the pastor at 11 a. m. and 5 p. m. Prayer meeting and lecture on Thursday evening at 7:30 p. m. Sabbath school at 9:30 a. m., Wm. Hollister superintendent. A cordial invitation is extended to the public to attend these services. Ushers at the doors.

Y. M. C. A.—Devotional services this afternoon at 5:30 o'clock. Good singing. Young men come out.

REED'S WILD RANTING

HE ABUSES THE DEMOCRATS AND LAUDS THE REPUBLICANS.

NEW HAVEN, Conn., Oct. 3.—Speaker Reed in a public speech tonight said the first session of the Fifty-fifth Congress two years ago was as barren of results as the Democratic party of the South is of wisdom and the Democratic party is of independence. No man in the vast audience could tell him the name of a single act achieved by that session of Congress. No man could remember a single act which was passed or a single memorable deed. It was a flat, open, and apparent failure.

ALLEGED FRUITFUL RESULTS.

The first session of the Fifty-first Congress had just expired, and it had been as fruitful of results as the Land of Canaan was found to be by spies sent in by Joshua, and this great work has been achieved under a Republican Administration. There never met in the halls of Congress a set of men so determined to be of no benefit to the people, as that that had for its head Mr. Mills of Texas, when this Congress met. They had determined that we should have no rules of action that did not satisfy them. They had resolved that no bills should pass that did not meet with their acceptance, and they stood firm for the continuation of customs which for the last ten years at least had grown worse every minute of time.

Run Over and Killed by Freight Train

ASHEVILLE, N. C., October 3.—James Owenby, a prominent citizen of Haywood county and at one time its sheriff, was run over by a freight train last night near midnight about ten miles from Asheville and instantly killed. He was on his way home from this city. His wagon had broken down on the public road near the railroad and he was making his way on horseback. Coming to the railroad in the dark it is supposed that he mistook it for the highway and was travelling upon it when struck by the train. His body was badly mangled. His horse was found near by also dead. Mr. Owenby was about fifty-five years of age. He leaves a widow and several adult children.

Poisoned at a Fair.

PORTLAND, Oct. 3.—Great excitement was caused among the 10,000 people who attended the county fair here yesterday by the report that many persons were dying from the effects of drinking lemonade at one of the booth shops. In one family several persons were taken home in an unconscious condition and fully thirty more required medical assistance. No details have as yet been reported, but several persons are in a critical condition. The trouble was caused by the extracts used.

Dying of Starvation.

SUAKIM, October 3.—Great discontent continues here owing to the stringent precautionary measures taken by the Government against the cholera. All trade is completely paralyzed. Hundreds of the natives are dying of starvation.

The Slavin-McAllister Prize Fight.

LONDON, October 3.—The hearing in the case of the pugilists Slavin and McAllister occurred today. The magistrate reserved his decision. The Crown intends to prosecute all concerned if it wins.

Fatal Cases of Cholera.

LONDON, October 3.—Forty cases of cholera were reported in Aleppo Wednesday, twenty-eight of which proved fatal. The inhabitants of the place are leaving to escape the disease.

THE LADIES DELIGHTED.

The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

SHIPPING NEWS.

ARRIVED.
