Mary Anderson's Crazy Lover.

NEW YORK, October 10.—James D. Dougherty, Mary Anderson's crazy admirer, who shot and killed Dr. George W. Lloyd, assistant superintendent of the Flatbush Insane Asylum, yesterday afternoon, and was arrested at the New York end of Brooklyn bridge, upon his stepping from the bridge train, two hours after the murder, was arraigned at the Tombs police court before Judge Kilbreth this morning, and turned over to the Brooklyn police. He was taken to Brooklyn at once, where he will be committed until after the coroner's inquest over Dr. Lloyd. In the station house the prisoner appeared unconcerned, and carelessly read the account of the shooting in a morning newspaper.

Admiral Osman, while swimming ashore was struck by a spar, and drowned.

ANOTHER BIG REPUBLICAN LOSS.

Hon. F. D. Winston, Republican Nominee for Judge, Leaves the Party.

The following open letter from Hon. Francis D. Winston to J. B. Eaves, Chairman Republican State Executive Committee, will be read with deep interest and great pleasure by many readers of the JOURNAL. It explains itself.

WINDSOR, N. C., Oct. 2, 1890.

J. B. EAVES, Esq., Chairman Republican State Committee, Raleigh, N. C.

DEAR SIR:—At the convention of the Republicans of the 2d Judicial District in Rocky Mount, I was nominated for Judge of this district. The Republican State convention ratified that nomination. Although grateful for this expression of confidence on the part of so large a number of my fellow citizens, I cannot accept the nomination. I notify you in order that your committee may take the necessary steps to fill this vacancy on your State ticket.

The tendencies of the Republican party are such as to alarm every man who places the permanent welfare of his country above temporary party advantage. The National House of Representatives, abandoning all pretense to calm, wise and impartial deliberation, has repressed free speech, free inquiry and free discussion, has appointed the speaker and the clerk a permanent returning board for the counting of voters who do not vote, and has enacted legislation involving hundreds of millions of dollars without condescending to justify, or even excuse its oppression and without allowing inquiry to be made or discussion to be had concerning its justice or propriety. The methods that have prevailed in that body during the past ten months belong rather to a packed convention of political partisans held in a corner grocery than to the highest deliberative assembly of a free and intelligent nation. It is doubtful whether the legislature of any civilized people on earth has transacted public business in the year 1890 with so little regard for the right of speech and discussion, or of the real interests of the people as the present Congress. It has abolished parliamentary rights that were observed during the passion and turmoil of civil war and the reconstruction period, and it has imposed taxes which not even the necessity of war required.

New States have been admitted into the Union with a smaller population than one of our Congressional districts; but the votes of their Senators in the United States Congress were thought necessary to establish the vicious legislation and perpetuate the power of a selfish and insatiable oligarchy of millionaire manufacturers.

Sectionalism has been revived in its most odious shape. Every Southern industry had been taxed that could be separated from the industries of the North. On the tax has been trebled; the twine that binds Western wheat has been almost freed from taxation. Southern Democratic Senators vote to relieve the Western laborers of unjust burdens, while Western Republican Senators vote to increase the unjust burdens upon Southern labor. Such is their ideal of statesmanship! When asked to explain the inconsistency of their votes, they laugh in their sleeves, or justify their extortion by crying "Rebel." Government is becoming a game of plunder, and the methods of the men who now control the Republican majority are partly the methods of highwaymen and partly the methods of sneak thieves. A half-clad negro in the Southern cotton field is good plunder for the millionaire philanthropist who needs protection. Robin Hood was more humane. In their desire to oppress and plunder the Southern people they are willing to keep in poverty and even to destroy the poor, helpless, ignorant negro. What a parody and a satire for such men to advocate a force bill—FOR THE BENEFIT OF THE NEGRO!

There is in this force bill some devilish design to involve the country in disorder, possibly to force a war of races, and by this wicked expedient to divert public attention from the game of plunder which they are playing with such boldness and recklessness. No sane man believes that the bill will add to the political power of the negro, or will increase his opportunities for wealth, education, moral culture or happiness.

The leaders of the Republican party seem to have abandoned the wise, liberal and progressive policy inaugurated by Garfield and happily carried forward by Arthur and Cleveland. It required but little statesmanship to continue this policy and to give the entire country a period of national development and of progress in education, refinement and culture, such as the world has never seen before. The present administration has deliberately chosen to go back thirty years in our political life, and it is endeavoring to reverse the painfully won results of the struggle of those twenty years—results in the main wholesome and beneficial. To begin these struggles anew will retard the now rapid development of wealth, education and refinement in the South; will inflame race passion and prejudice; will reopen the healing wounds of war, and will bring only disaster upon the negro race. No good results of any sort can possibly come from this mad political scheme; but, if carried through, it will contribute largely to the final overthrow of popular elections and popular government.

I shall not follow such leaders or such counsel. As an citizen of the Union, loving its Constitution and history; as a Southern man believing in fairness and justice to all sections and races; as a friend of the negro desiring his moral, intellectual and financial improvement as the proper basis of social and political power; and finally, as a self-respecting man, I shall not be a Republican candidate for any office, but shall vote the entire Democratic ticket, Congress-

sional, State and county. The election of that ticket will be the best for the people of North Carolina both white and black. It will also be a wholesome rebuke to the men who are using the national government for purposes of plunder, whose professions of love for free speech and a fair count are belied by their daily practices in the halls of Congress and by their systematic purchase of votes in all close elections; whose disregard of the true interests of the negro is shown by the passage of laws that will raise the price of everything the negro buys and lowers the price of everything he sells, and who imagine that blatant philanthropy and braying patriotism will serve as a disguise for their wicked schemes.

Very respectfully,
FRANCIS D. WINSTON.
