MANY New Bernians have just become attached to the Kitchen.

THE man who walks into our Kitchen is gone "world without end."

KENNEDY'S speech keeps marching on. The newspaper edition beats the Record.

REMEMBER Vance says the battle ground in North Carolina is east of the centre.

A **VOTE** for the Republican party, or any of its candidates, is a vote for Revolution.

A **CERTAIN** candidate said, the other day, "I am again the ice law." There is no fence to get on in this campaign.

THE tariff is a big question—a very big question—but it dwindles into comparative insignificance by the side of the force bill.

THE passage of the McKinley tariff bill is having a damaging influence on the prospects of the World's Fair at Chicago.

THE position of Captain Kitchen that Democrats should not go upon the bonds of Republicans is accepted as the pure political gospel of the times.

It is believed that the senatorial contest will be narrowed to Vance and York. Speak out candidates, and let it be known who you are for Zeb Vance or Tyre York.

WE have heard nothing of Messrs. Perry and Hardison being in attendance upon the appointments made for them, but we have heard very much of their failure to attend these meetings. Show your colors gentlemen.

SECRETARY BLAINE, Congressman McKinley and Inventor Edison are said to be the Americans most talked about in London just now. One Harrison of the g. o. p. has been dropped from the list of notables.

THOSE who are supposed to know say the President has made up his mind to convene Congress, in extra session, about the eleventh of November. The main purpose is to pass the Election bill and the Apportionment bill.

The "fat frying" process is in full progress in Republican campaigns. Quay has a fund of \$400,000 to help out his party in Pennsylvania, and contributions approximating half a million of dollars have been raised to assist McKinley in Ohio.

Up to this writing no one has been announced as the successor of Mr. Rogers as the Democratic candidate for Congress in this district. Perhaps there will be no candidate. It is certainly too late for any one to make a canvass of the district, and, if any nomination

is made it should be of one widely known for his ability and pure Democracy.

HOW to defeat the force bill is the question. Elect a Democratic Congress. True the bill has passed the House, and cannot again be before that body, but the election of a majority of Democrats to the next House will show the Republicans that the measure is unpopular, and the Senate will not pass the bill.

A good crowd went up to the Fair yesterday.

After sundown on Oct. 24th you will not be allowed to register. Have you attended to it?

The Democratic Congressional Executive Committee have decided not to nominate another candidate in place of Mr. W. J. Rogers.

Our local reporter will leave today to join the surveying party of the Wilmington and Onslow Railroad who are pushing on toward New Berne.

The Goldboro Fair will begin next Tuesday and continue three days. There will be a full line of exhibits usually shown at such fairs, and races every day on a half-mile track. \$3,000 have been offered in premiums.

Mr. Jas. W. Biddle, the Democratic candidate for Register of Deeds, and Mr. Chas. Sutton spoke at Jasper yesterday. There was a good crowd present, the speaking was excellent, covered all the ground necessary and was well received. That township seems ready to do its full duty on election day.

One of our merchants, who is a member of the Co operative Manufacturing Company, advanced the idea Monday night that the increased trade at his store after the starting of the factory would remunerate him for the capital he had invested in it. Business men who have not yet taken stock, have you thought of that?

We are in receipt of a complimentary ticket to the East Carolina Fair and Stock Association to be held at Goldsboro on the 21st, 23d, and 23d inst. It will give us much pleasure to attend and note the progress and enterprise of our neighbor city and we hope to see a good many New Bernians make the visit. There is always something to be gained at such exhibits.

Mr. Jas. B. Lane showed us last night a very small, pretty, black and tan puppy which died and he had stuffed by Miss Alice Duffy, the taxidermist. The little fellow is only about three inches long, and is mounted on a nicely bordered red silk cushion and looks so natural that you would think he is alive and ready for a play. It is an excellent piece of work. The mother of the puppy weighs only four pounds.

The Tennyson & Dawson Troupe were met with another good audience last night. The slight of hand performer and the ventriloquist were very clever in their roll, but the "inimitable Jap" was the one to keep the laughter going. The dancing was very good, especially that of little Nellie. Though a mere child she is now an artist. The presents drawn were a chamber set by W. B. Boyd and a parlor lamp by Israel Harris, colored. Tonight closes their engagement.

Mr. J. M. Gerrill, of Havelock, while out hunting Tuesday killed a 400 pound bear. One of the bear's feet was shown to us yesterday, and if the foot is a fair indication of the whole "varmint," it would not have been pleasant to have met him in his native haunts. The foot measured six inches in width and was nine inches long. Mr. Gerrill also killed a bear Monday, but we did not learn his weight. We also saw half of a fine fat deer on the train yesterday morning which Mr. Jas. T. Green was sending up to Mr. Dempsey Wood. Mr. Green killed that at Havelock also.

A Child Gets Lost and Perishes in a Bog.

HAZLETON, Pa., Oct. 14.—Flora Malley, the two year old daughter of John Malley, who has been missing since Wednesday last, was found in a swamp, two miles from here yesterday morning. She was snared almost out of sight in the bog and life was about gone. She was taken to the nearest house and restorative administered, but the child died last night. It is feared that the strain on the mother will prove too much and that she will lose her reason.

Waterworks.

How many of our citizens on the line of Major A. R. Dennison's waterworks realize what an important aid they have in extinguishing fires in their very incipency? With the exception of the brief interval of four hours, between 13 o'clock midnight and 4 a. m. pressure is kept constantly on, and even during those four hours steam is kept up and the engineer always ready and the pressure is renewed the instant a fire alarm is given. So if you are taking water from the Major's works bear this fact in mind, and if you unfortunately discover that your residence or place of business is on fire do not get excited and waste time running frantically around after half filled vessels of water, totally inadequate for your needs, but keep your wits about you, immediately attach your hose to the outlet, get an inexhaustible supply and extinguish the fire before it gets beyond control.

In this connection we will state that as far as Major Dennison's pipes have been laid the only thing lacking to make them a complete system of waterworks is for fire hydrants to be placed on them at proper distances apart, and the Major says that the instant the city authorities signify their readiness for them he is prepared to put in as many as wanted and in any part of the city, and is ready to offer more advantageous terms to the city than any waterworks company has yet done.

It already has the deepest well in the city, which affords pure, wholesome drinking water, proven so by analysis, and also has pipes laid through the business portion of the city, and he says he is able to furnish two streams of water as effective for extinguishing fires as either one of our engines can supply, and that if the contract is awarded him he will put in a system of works equal to the very best.

We feel our need of a thoroughly efficient system of waterworks and the advantages that would accrue from having them. Other North Carolina towns, smaller than New Berne and less conveniently fixed than we are for establishing them, have put them in and we hope that our city fathers will soon see their way clear to give us a system second to none in the State.

Major Dennison is one of our most enterprising citizens and is also a public spirited man and has been for many years identified with our interests and if the works he offers and the terms on which he offers them, are done equal to the others we would rather he should have the preference than any outside corporation.

Young vs. Telegraph Company.
In the case of J. T. Young vs. the W. U. T. Company the Supreme Court now in session in Raleigh has just rendered a decision favorable to the plaintiff.

The action was to recover damages for failure of the telegraph company to deliver a telegram announcing the illness of plaintiff's wife, whereby he was prevented from being at her bedside at the time of her death. The plaintiff claimed damages for mental suffering; the defendant then demurred on the ground that the action could not be sustained on the ground of mental suffering done. The Superior Court overruled the demurrer and held that the action was properly laid and that the plaintiff was entitled to damages. The defendant, without waiting for the case to come on for trial, then appealed to the Supreme Court which sustains the opinion of the Superior Court that there is ground for action. The case now goes back to the Superior Court for trial and will come up at the next term here which will be next month, and the amount of damages to which the plaintiff is entitled will be decided by the jury.

Messrs. Manly & Guion, F. M. Simmons and L. J. Moore represented the plaintiff, and Messrs. Clark & Clark, the defendants.

This is an important case—the first of the kind in North Carolina and there are only five States in the Union in which similar cases have occurred.

There has been a prevalent opinion that there was no ground for suit in cases of failure to perform obligations unless there was material damage—damage to person or property—but this opinion is being proven erroneous and that mental suffering alone is sufficient ground on which to recover damages.

Franciscan Monks Arrive on this Continent.

NEW YORK, Oct. 14.—Eight Franciscan Monks from the Monastery at Toulouse, France, arrived on Sunday in the steamer La Gascoigne. They were led by Fr. Dadas, a dignified gray bearded ascetic, who purchased tickets for Canada and acted as spokesman of the party. They are going to Ottawa to establish a house of their order under the direction of the archbishop Duhamel.

The freight train will reverse the days on which she goes up and down the road. Hereafter she will go west on Mondays, Wednesdays and Fridays and return on Tuesdays, Thursdays and Saturdays.

The new schedule goes into effect Friday, October 17th, at 1:30 p. m. See new schedule in another column.

FIFE IN RANDLEMAN.

Five Hundred Conversations and 215 Applicants for Church Membership. A Great Meeting.

RANDLEMAN, N. C., Oct. 13th, 1890.—Evangelist Fife's meeting closed here last night, and it has been a grand success. The results are, fully five hundred professions and recommitments. The hundred and fifteen applications for church membership—one hundred and twenty-five to the M. E. church, sixty-five to the Baptist, and ten to the Presbyterian. Over five hundred men came up under a pledge to abstain from intoxicating liquors of any kind. Cider sellers knocked the bungs out and poured the cider into the street. Old gray haired men were converted at their homes and on the road from the meeting. From twelve to fifteen visiting ministers were present holding up brother Fife's hands. From twelve hundred to three thousand people present at each service. His farewell remarks to the congregation, the ministers, the committee, the ushers and then to the choir, were so full of love and feeling that there was not a dry eye in the audience, and sobs could be heard in every direction. Such a grand time has never before been had in old Randolph.

FREE AT LAST.

SINGULAR FATE OF TWO MEN CHARGED WITH MURDER.

EL PASO, Texas, Oct. 13.—McWalter McLaughlin and Walters, the men arrested in Jaurez, about a year ago, for the murder of an American woman, were released from jail Saturday morning. They were tried in the Mexican court, and found guilty in spite of their assertions of innocence. Walters was sentenced to be shot. McLaughlin to ten years in jail. The case was appealed to the supreme court in Chihuahua, and nothing was heard of it until Saturday, when the doors of the prison were thrown open, and they were told to depart.

Walters was so weak after his discharge that he could scarcely walk or speak. Both are overjoyed to reach American soil again. They say they are innocent, and propose to make claims against the Mexican government.

Youthful Stage Robber.

UKIA, Col., Oct. 14.—The overland stage was robbed Sunday night, 15 miles north of this place. Wells Fargo & Company's treasure box and United States mail sacks were taken. While the robber was cutting the mail sacks open, the driver, McDaniel, snapped a pistol at him but it would not go off.

The robber retreated, and fired two shots at the driver, neither of which took effect. The robber was caught at Cloverdale yesterday afternoon. He proved to be a boy about 18 years old, and a stranger in this community. He travelled over sixty miles on foot before he was captured. He succeeded in getting about \$100 from the stage. He admits the crime.

Brutal Assault on a Feeble-Minded Girl.

SHELBYVILLE, Ind., Oct. 14.—Nora Farlow, a feeble minded daughter of Nathan Farlow, a well to do farmer of Somers, near here, was criminally assaulted Sunday night by Walter Slifer, Leslie Avery and John Carroll, each about seventeen years of age. The brutes entered the house while the family was at church and the girl was at home alone. A boy named Meeks saw the villains enter the house, and hearing screams shortly afterward, surmised the truth and informed some neighbors. Slifer was captured by the other two escaped. Officers are scouring the country for them. Slifer is in jail under a heavy guard as there are threats of lynching him.
