GO TO WORK for your party and help redeem the country.

O'BRIEN and Dillon have sailed from Havre for New York.

BE SURE to leave nothing undone to elect a Democratic Legislature.

FARMERS in Central New York are declining to register, and the Republicans are unhappy.

THE Registration is over. It is not exactly as we wished, but we can win with it and that is enough.

STAND UP to your ticket. The man who would scratch a Democratic ticket has an incurable case of itch. Don't touch him.

THE South Carolina Synod has sustained the action of the Charleston Presbytery in refusing to admit Rev. Dr. Woodrow to membership in the Presbytery.

GO TO THE polls and vote the Democratic ticket. Take with you a deluded Republican and put him in the right way. When he opens his eyes he will thank you for it.

"A WASHINGTON dispatch says there are hopeful signs of a satisfactory settlement of the Behring sea fishing dispute, at a comparatively early day." Signs of this character have been frequent for twenty years or more.

TO TAKE toll from all the laboring men, women and children of the United States on all their wants and necessities, not for Government revenue, but for the protection of the millionaire manufacturers, powerful corporations, trusts and syndicates, is the base function of the tariff-laws now on our statute books.

THE Wilmington Star says: One of the largest of the Rhode Island woolen mills has shut down. The proprietors say they will not resume until they see how the new tariff is going to pan out. They look for trouble and are afraid to take chances. We thought the increased tariff was for the especial purpose of booming our industries.

THE Lenoir Topic says that "Mr. Richard B. Gwyn, of Elkin, has sold his plantation near that town for \$20,000. Dr. James Hickerson, who owns a farm near Elkin that he valued at \$5,000 before the railroad was built, has refused

\$25,000 for it and holds it at \$40,000." Lands on the line of the Wilmington and New Berne road will advance in the same way.

UNDER a cheap suit of clothes you will find a cheap man, is the opinion expressed by President Harrison when he was campaigning for himself and the high tariff. The policy of the Republicans is to make expensive men by compelling them to wear—themselves and children—expensive clothes. Is the farmer a cheap man because he follows the plough and wears homespun? According to President Harrison he is. If prices continue to rise under the magic influence of the McKinley bill there will be no more cheap men or cheap clothes.—Norfolk Landmark.

Come out Friday night to the court house to hear Senator Ransom's address.

There will be a lecture tonight by the pastor at the Hancock Street Methodist Church.

Hon. C. C. Clark will speak at Core Creek today, at Riverdale Friday, and at Jasper Saturday.

Sent for the "Fair Rebel" at the theatre tonight will be on sale this morning at 9 o'clock at Gooding's drug store.

The concert at the theatre last night was creditable in the highest degree, too much so not to be further mentioned.

The members of the Y. M. C. A. Executive and Devotional Committees are requested to meet at the Association rooms tonight at 8 o'clock.

Mr. R. B. McGotter died at his home near Grifton last week. He leaves a large family and was a man that was well thought of in the community.

William Taylor, a colored boy about sixteen years old, while out hunting Monday afternoon discovered four wild geese swimming in Lawson's creek near the foot of End street and succeeded in killing one of them which weighed about twelve pounds, dressed.

Mr. Lewis Lewark, who lives at Currituck Inlet, has a son seven years old that weighs 126 pounds and another only four months old that weighs 24 pounds. How is that for youthful weight? The remainder of Mr. Lewark's children are of ordinary size, and he and his wife are rather below the average.

Messrs. Thomas B. Schall and N. G. Lumsden, of Baltimore, have been in the city a few days prospecting for the erection of another cannery in New Berne to put up fruits, vegetables, oysters, etc. These gentlemen are experienced in the business and are men of capital. Our citizens will give them a warm welcome should they decide to come among us and we believe, as has so often been stated, that the territory adjacent New Berne is a natural field for the majority of those products.

Mr. J. K. Willis has just put up another attractive fence in Cedar Grove cemetery. It is around Mrs. D. Stinson's lot; the posts are marble and the fence is made of lengths of galvanized pipe connected midway between the posts and where it joins the posts by ornamental couplings. This kind of fence ranks among the neatest and most substantial fences that are in use in the cemetery, and a number of persons have had them placed around their lots.

We learn with regret of the drowning of the little four-year-old daughter of Mr. Walter Homan, the Secretary of the Harbor Island gun club, at Harbor Island about forty miles below Beaufort, Sunday afternoon. She followed her father down on the wharf, and there being a strong wind at the time she was blown off the wharf. Owing to Mr. Homan's being very deaf he did not hear her and consequently the accident was discovered too late to save her life. Mrs. Homan, the little girl's mother, is a sister of Mrs. B. D. Daynport, of this city.

A War Drama.

The story of the great war play, "A Fair Rebel" will be presented tonight and is beautifully told. Clairette Monteith, a noble Southern girl, is loved by a young Union officer, Capt. Mason. Her patriotism, however, makes his uniform unbearable in her eyes. It is at about the close of the war in 1864, and Mason, on leave, finds himself at the manor-house, near Richmond. Clairette has a cousin, a French nobleman, who is bitterly jealous of the love which his keen instinct tells him exists between the young couple. To rid the house of Mason's presence, he sends word to Clairette's brother, an officer in the Confederate army, that a Union officer is at the house and paying attention to his sister. The troops soon come on the scene and a thrilling climax is reached when Mason is discovered. Clairette, never yielding in her enthusiasm for her cause, now for the first time exhibits her love for Mason, and the curtain falls on one of the most powerful situations. In Libby Prison, the great revolting scenes, are shown prisoners of war, and Col. Mason preparing to effect his escape through the tunnel to the street. This realistically achieved, and the whole scene revolves in less than six seconds. Fanny Gillette is the heroine of the play, Clairette Monteith, "A Fair Rebel," and her performance is very powerful. Edward R. Mawson, who last year supported William J. Soanlan, appears as the hero, Col. Mason.

That tired feeling now so often heard of, is entirely overcome by Hood's Sarsaparilla, which gives mental and bodily strength.

United States Court.

Court convened Tuesday morning at 10 o'clock, Judge Seymour of New Berne on the bench. District Attorney C. A. Cook of Warrington, assisted by T. P. Davereux of Raleigh, and Marshal J. B. Hill of Raleigh, were at their post of duty. The grand jury was drawn with C. H. Fowler of Pamlico as foreman. The charge of the Judge was quite brief, but clear and concise.

The first case tried was that of Joe Worley for illicit distilling in Lenoir county. When asked whether he was guilty or not he answered in the affirmative and threw himself upon the mercy of the court. When the sentence was pronounced of six months' imprisonment and a hundred dollars fine the prisoner wept and gave audible expression to his grief.

In the afternoon the case of the United States vs. R. C. Cleve for detaining and obstructing the mails was taken up. Mr. Devereux spoke for the prosecution and Mr. L. J. Moore for the defence. Verdict guilty; sentence not yet pronounced.

The Fair Officials Getting Busy.

Though the New Berne Fair is at least four months off the officers have already commenced work in real earnest to hold such an exposition as was never before held in this city and equal to any ever held in the State. A mammoth 2,000 gallon tank arrived over the Clyde line from Philadelphia Monday and was transferred to the grounds yesterday. It is for the purpose of supplying clear rain water for the aquarium.

Also the race track is completed and pronounced to be a splendid one. A heavy iron roller has been ordered to keep it in good condition. The Secretary, Mr. Charles Reizenstein, is now selling privileges to the track and a number have already been taken. The track is a third of a mile around and of good width, affording a nice drive for those who have teams and wish an evening's exercise.

Sorghum and Sugar Manufacture.

EDITOR JOURNAL:—I sent to Washington, D. C., for several Bulletins, but none having arrived I will give you what little information I possess.

The Convey Springs Sugar Company's plant as first erected, machinery and water works included, cost \$18,949.60. The Kansas Sugar Company bought the plant and added \$30,000 worth of machinery. This gave the company two small batteries instead of one large one, which caused an increase of expense. The results of the trial run made from Oct. 27 to Nov. 1, 1889, by the company on sorghum were 639.6 tons of cane worked, giving 47,944 pounds of sugar and 9,440 gallons of molasses, or 74.9 pounds of sugar and 15 gallons of molasses per ton cane. From the molasses by reboiling an additional 30 pounds of sugar per ton and 8 gallons molasses were obtained, making per ton of cane 104.9 pounds of sugar and 8 gallons molasses for four days' work from about 50 acres of sorghum cane. The Kilby Manufacturing Company of Cleveland, Ohio, very likely could give more information in regard to the beet and sorghum manufacture than any one else in this country. Very respectfully, G.

Death of a Blockade Runner.

Capt. Robt. W. Lockwood died at his residence in Charleston, S. C., Sunday last. He was born in Illinois, but had resided in Charleston more than forty years. Before the war he was a pilot, but soon after the war broke out he became a blockade runner. He had command of the Ella Warley, which, after several safe voyages, was captured and Capt. Lockwood was taken to New York, sent to Ludlow-street jail and eventually to Fort Lafayette, where he served out a term of imprisonment, and making his way back to Charleston, he again secured a blockade vessel, the Margaret and Jessie, in which he achieved his fame. The Margaret and Jessie was originally the Douglas, an English steamer plying between the Isle of Man and Liverpool. It cost \$100,000 in gold, had a capacity of 800 bales of cotton, and could make the run between Charleston and Nassau in forty-four hours.

Captain Lockwood made eighteen successful breaks through the enemy's lines. In one of these the Margaret and Jessie ran straight into the Federal fleet. As soon as her character was known five of the blockading squadron opened fire. She was fired at one hundred and fifty times, some of the vessels being not more distant than two hundred feet, and yet she came to anchor safely under the walls of Fort Sumter. This was one of the most daring feats of the war on sea.

The Margaret and Jessie was eventually captured, on November 10, 1863, off the coast opposite Wilmington. She was going up the Cape Fear to Wilmington when she was sighted by the Keystone, which opened fire. This aroused the whole fleet, and the Margaret and Jessie steamed back to sea, closely pursued by the Keystone, the Nipton and the Fulton. The latter gained on her, and at daylight, under fire from the three United States cruisers, she surrendered, at the request of the ladies on board. Captain Lockwood's vessel was at that time shot through both wheels. The captain was sent to Fort Lafayette, and was not released until about the time of the surrender of General Lee.—Exchange.

North Carolina Christian Missionary Convention.

This Convention convened at Hookerton, Greene county, N. C., October 23rd and held two sessions a day until Sunday.

It was one of the most pleasant, harmonious and profitable State meetings ever held by the Disciples in North Carolina and the outlook in every way is more encouraging than before. The work planned for the ensuing year is one that will be of not little importance to the brotherhood in this State.

The Convention sustains a mission at Williamston, Martin county, N. C., one at Washington, N. C., one at Winston, N. C., one at Dunn, N. C., besides giving some aid to Miss Meta Chestnut in Minco, Indian Territory.

There was good work done in inaugurating a plan by which young men who want to prepare themselves for the ministry, and are without means, may obtain the necessary help needed to complete a course at Kentucky Bible College, and at Bethany, West Virginia.

The Convention was very largely attended, and we all left Sunday evening for our homes, glad that we had had the opportunity of meeting many of our friends that possibly we never would have the pleasure of meeting any more this side the grave.

There were only two visiting preachers to the Convention. I. J. Spencer, Richmond, Va., Bro. Foster, from Georgia.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.
