CLEAR the track for the South. Now for improvements, all over the South.

THE South enters the race for intellectual and material supremacy.

WE touch our hats to the Tariff and Force bill. Thanks, very many thanks.

SENATOR HEARST is said to be dickering for the New York Star for his son, now proprietor of the San Francisco Examiner.

SUPPOSE Ingalls had to give a bond before he could sit in the Senate, do you suppose Vance and Ransom would go on his bond?

A LAW went into effect in Louisiana last Friday requiring the railroad companies to furnish separate cars for white and colored persons.

"MCKINLEY of Ohio seems to be elected by a small majority." All right. He will be fed from the same spoon that Reed passed among Democrats.

Now is the time for Eastern North Carolina to rise in her strength and beauty. The billows have receded and we can now gather pearls on the sea shore.

IF Reed had to give a bond as Speaker of the House, would Henderson and Alexander sign it? Would Breckinridge, Crisp and Mills go on it "from personal considerations?"

VERY happy over the general result, we offer special congratulations to our friends in Wake and New Hanover. Ashe, Daniels, Bonitz and Kingsbury, Bernard and Duffy, we salute you!

CHAUNCEY DEPEW learned while in Europe that Bismarck did his best to bring on a war between Germany and the United States at the time of the Samoan troubles, but Emperor William overruled him.

THE Louisville Courier-Journal remarks that "the false census deserves to be booted from one end of the country to the other," and the bosses who are responsible for it deserve to be booted, ditto.—Morning Star.

A BEAR got into the corn field, and it was proposed to prevent him from eating the corn. The neighbors assembled and were for driving him out; but a good natured Johnnie said, "as the bear has gotten in with much labor and great danger, he is entitled to the corn." The bear is the Republican, and Johnnie is the good natured Democrat who goes on his bond.

In yesterday's notes we said: "The whipped roosters of Craven are crowing lustily over the general result. Hurrah." We understand that some persons think that shot was fired at our candidates. Not at all. It includes us all. If there is a Democrat in Craven who did not wear his spurs last Tuesday we are not aware of it.

ACCORDING to Latham, Alexander & Co., New York, the cotton crop of last year was 7,307,281 bales, valued at \$373,162,831. The value of the exports \$250,567,334, and home consumption \$122,574,497. They say the crop was over-estimated. The present crop they put at 7,500,000. Other estimates make it more. They say that those in the South engaged in the cotton trade last year were successful.—Wilmington Messenger.

The Stimson Lumber Company
The smaller mill of the Stimson Lumber Company is now constantly running and exporting quantities of ceiling and flooring. The new and larger mill has not yet commenced work but nevertheless it presents to the spectator a scene of activity. A force of hands are busily engaged getting the mill in readiness for running. The five large boilers have been bricked up, the shafting is being placed in position and additional buildings erected, conspicuous among which is another immense shed 58x180 feet for the kiln-dried dressed lumber while in process of loading on the cars. The saw used will be a band saw, guaranteed to cut not less than 35,000 feet per day which is considerable below its capacity. This kind of saw causes less waste than any other in use, making a saving of about one plank in eight as compared with ordinary saws.

There will be a number of planing machines, a moulding machine, lath machines, etc., put in. Part of the machinery has already arrived and the remainder will soon be here and will be put in its working position as early as practicable and the mill is expected to start about Christmas.

The declining powers of old age may be wonderfully recuperated and sustained by the daily use of Hood's Sarsaparilla.

ELECTION NEWS.

NO CHANGE SAVE FOR THE BETTER.

It Has Been Nothing Less Than a Monster Tidal Wave in the North and West.

Not only have the wealthy and great manufacturing States of Pennsylvania and Massachusetts elected Democratic Governors, but New Hampshire, Wisconsin and Michigan also. Such a mighty change and reversing the order of things has not been equaled for years, and it only goes to show that tyranny and oppression cannot live in this free and fair land of ours.

THE GLORIOUS VICTORY!

THE GRAND RESULTS OF TUESDAY'S BATTLE.

NEW YORK.
New York, Nov. 5.—The Evening World estimates that the Democrats will have a majority in the next Congress of between 63 and 97. The Mail and Express concedes a Democratic majority of "at least 60." The Evening Sun places the Democratic majority at "about 53."

Returns up to noon show that the Democrats have elected 67 Assemblymen in this State and the Republicans 59. Two districts are still somewhat in doubt, with probability in favor of the Republicans. To secure a majority on joint ballot the Democrats require 68, the Republicans 62, as the Republicans have 10 Senators and the Democrats 13. It looks therefore like a tie on joint ballot.

New York's delegation in the 52d Congress, should Counts be defeated, will consist of 20 Democrats and 14 Republicans. This just reverses the position of the two parties as represented in the 51st Congress, where the Republicans had 20 and the Democrats 14.

F. M. Scott, defeated candidate for Mayor, on the Fusion ticket, speaking of the election today, attributed his defeat to the anti-McKinley feeling, which he said was stronger in this city than in any part of the country.

Among telegrams sent Governor Hill, the one which gave him special satisfaction, is the following:
"LIMA, Ohio—Congratulations. Ohio elects 14 Democratic Congressmen, a gain of 9. McKinley and Foster are both defeated."

"CALVIN S. BRICE."
Clinton B. Davis, Chairman of the Connecticut Democratic State Committee, wired: "Three Democratic Congressmen elected. The State ticket is elected by one hundred majority. The Senate is Democratic; the House is Republican. Majority on joint ballot, 18 Republican."

T. B. Riley, Chairman of the West Virginia State Committee, telegraphed: "Democrats elect four Congressmen, a majority of the Legislature, and carry the State by from 3,000 to 5,000."

OHIO.
COLUMBUS, Nov. 5.—According to returns so far as received at 6 o'clock this evening the Ohio Congressmen elected are seven Republicans and fourteen Democrats.

CLEVELAND, O., Nov. 5.—A late dispatch from McKinley's district says: Late returns increase McKinley's gains and show an approximate majority of 146 in the district.

WISCONSIN.
MILWAUKEE, November 5.—Chairman Payne, of the Republican State Central committee at this hour, 11 a. m., gives the State and legislature to the Democrats, and says that Wisconsin will stand six democrats to three Republicans.

MINNESOTA.
ST. PAUL, Nov. 5.—By yesterday's election Gov. Merriam's 24,000 of two years ago has been reduced so greatly that there was apparent reason for the Democratic claim that he had been defeated. Such, however, does not prove to be the case, for he is re-elected, but by a greatly reduced plurality. One and possibly two officials chosen from the State tickets are Democrats.

MICHIGAN.
DETROIT, Nov. 5.—Michigan's Democratic gain is five, and probably more. On Governor, Winans, Democrat, has snatched under Turner, Republican, and his plurality is now estimated at 11,000.

VIRGINIA.
RICHMOND, Nov. 5.—Further returns from the election in this State yesterday leave no doubt that ten Democratic Congressmen are elected. The Democratic gains were 11,612; the Republicans gain 1,306.

DELAWARE.
WILMINGTON, Nov. 5.—Complete returns from the whole State give Reynolds, dem., for Governor, 445 majority, and Causey, dem., for congress 514 majority.

NEBRASKA.
OMAHA, Nov. 5.—Returns are still meagre, but indicate the probable election of Boyd, dem., for governor by a small plurality.

KANSAS.
KANSAS CITY, Mo., Nov. 5.—The Republican candidate for Governor is beaten and six or seven of the Republican Congressional candidates are defeated. The legislature stands 95 Farmers, Alliancemen and Democrats against 30 Republicans, which may defeat Senator Ingalls.
