**THE TAYLOR ADJUSTABLE SHOE** for ladies. Now in its most improved invention. See sample. N. A. HAN. [18 1f] Opposite JOURNAL OFFICE.

**OLD PAPER** for sale in any quantities at JOURNAL office.

**POOR Harrison!** Even his own state repudiates him.

**THERE** will be no record of quorum counting in the next Congress.

**MR. & MRS. HENRY M. STANLEY** have arrived at New York.

**THE** majority against McKinley is 227. It is about 2 000 000 against the McKinley bill.

**ESTIMATES** of the Democratic majority in the next Congress run all along from 60 to 160.

**THE** New York World comes out for Governor Hill for the successor of Mr. Evarts in the United States Senate.

**REED** had the House photographed to show empty Democratic seats. The next House should be taken as a companion picture, and the two be sent to Reed as a birthday present.

**THE** late revolution will remove from Congress several notable characters. Evarts, of New York, Blair of New Hampshire and Ingalls, of Kansas will leave the Senate, and McKinley, Cannon and Rowell disappear from the House.

**THE** voting throughout the country shows that the impulse which carried Pennsylvania back into the Democratic column is not singular nor accidental. She still stands side by side with Massachusetts. The skies look very clear ahead.—Philadelphia Record.

**IT** might be a good idea for the President to call that extra session at once. The occasion will not be a merry one to the radical majority, but they may as well have the funeral ceremonies right away and done with it. The Sergeant at Arms of the House should see to it that there is a liberal supply of orapes on hand for the occasion.—N. Y. Star.

**WHEN** the French infidel said to the Vendean peasant, "We will pull down your churches, destroy your pictures, demolish everything that reminds you of God," the peasant replied, "But you will leave us the stars. And so long as the stars revolve and shine, so long the heavens shall declare the glory of God, and the firmament shall show his handiwork."

**"COME** South young man! This is the invitation which the people of the South, remarks the Charleston News and Courier, extend to the energetic, honest and ambitious youth of all the world, but more especially to the hardy sons of New England and the Middle States, who finding no room for the profitable exercise of their intelligence and energy in their own overcrowded section, have heretofore seen no other resource than in obedience to the blandest, "Go West, young man, go West."

**SYMPATHY** is one of our finest developments of human character. Who has not known and felt its sweet influences? In dark hours when the poor heart bleeds, how tenderly soothing are the kind tones or tears or acts which indicate sympathy with our sorrow! Human nature rarely approximates so nearly the divine as when it thus gives proof that the tide of others' woes reaches and moves it.

**THE** returns from Tuesday's elections continue of a cheering character, but the general result is not much changed from what has already been given. The best feature to note this morning is the probable gain of four United States Senators—one in Kansas, in place of Ingalls, one in New York, in place of Evarts, one in Illinois, in place of Farwell, and one in New Hampshire, in place of Blair. McKinley comes to the front as a funny man; he says "while conceding his probable defeat by a small majority, he is greatly satisfied with the result, regarding it as a signal victory for his tariff bill."—Wilmington Star.

**Monday** as Mr. Thomas Griffin of Beaver Creek, just above Trenton, was starting to drive away from home, his mule became contrary and unmanageable and threw him from the cart. Mrs. Griffin saw the accident and was so frightened that she was thrown into spasms, which however did not last long. The next day one of her sick children commenced having fits, which so unnerved Mrs. Griffin that she was thrown again into violent convulsions and soon expired. Her death was apparently caused solely from fright.

**Mills a Candidate for Speaker.**  
**CHICAGO, Ill., Nov. 7.**—The Associated Press is in receipt of the following dispatch from Roger Q. Mills, in reply to an inquiry as to whether he would be a candidate for the Speakership of the next House of Representatives: "Corsicana, Texas. To William Henry Smith, Chicago: To your telegram of yesterday, I answer I shall be a candidate for the Speakership of the House of Representatives of the Fifty-second Congress.  
**ROGER Q. MILLS.**"

## Assault With Deadly Weapon.

**Rough** joking which took place yesterday about noon near the foot of Eden street between Wm. Ward of New Berne and Wm. Foscoe of James City, led to a loss of temper and Foscoe knocked Ward insensible by a blow on the head with the tiller of the boat. Supposing Ward was dead Foscoe fled rapidly to the railroad bridge, over it and through James City, but partially retraced his steps and went to his home, where deputy sheriff Barham captured him and he was lodged in jail. Ward recovered consciousness soon after the blow and does not seem to have sustained any great injury.

It will be announced from day to day which pastor is to conduct the meeting that night. They will be only about three quarters of an hour in duration and all gentlemen are invited to attend. ## FATAL FIRE.

**TERRIBLY DESTRUCTIVE CONFLAGRATION** IN OWENSBORO, KY.

**LOUISVILLE, November 7.**—A special to the Courier Journal from Owensboro says: Owensboro was visited last night by the most destructive fire in her history.

**At 1 o'clock** the fire had destroyed property to the amount of \$250,000, and was still burning.  
**The** fire originated in the pantry in the basement of the Rudd House, a handsome modern hotel, which was filled with sleeping guests. The fire had gained considerable headway before it was discovered, and then it rapidly gutted the house. The guests were awakened and ran out in their night clothing, while many crazed by fear jumped from the windows of the hotel. Among those were two ladies and a child, both of whom were badly injured. William H. Hahn jumped from a third story window of the Rudd House and fell on his back and was fatally injured.

**There** were several narrow escapes from burning noted. Charles Bareford of New Albany and Charles Liebeck of Philadelphia were badly and probably fatally burned. The loss will probably reach \$150,000.

## Train Robbers—A Wreck on the Missouri Pacific Road.

**KANSAS CITY, Mo., Nov. 7.**—A special from Sedalia, Mo., says: Train No. 3, westbound on the Missouri Pacific, was wrecked by train robbers three miles east of Otterville, near the notorious Robbers' Cut, at 2:40 this morning. The train consisted of seven coaches, including the mail, express and baggage cars. The robbers had removed the spikes, bolts and fish-plates for a distance of three rail lengths and placed crowbars under the rails so that they would spread. When the engine touched the loosened rails it jumped the track, broke loose from the tender and ran fifty feet on the ties and turned over. Fireman Lyons jumped and escaped injury. Engineer John Boyd stuck to his post and received a severe wound on the back of his head and had his hand badly cut. The tender turned across the track, throwing part of the mail car thirty feet to the side of the track. There were four postal clerks in the car, and all were slightly injured. J. D. McCarty, one of them, received severe injury to his right leg. The baggage and express cars were completely wrecked. The smoker, which was filled with passengers, was turned upside down, and the car was badly smashed.

**Strange** to say, not one of the occupants was severely injured. Two chair cars jumped the track but did not turn over. The Pullman was the only coach to remain on the track. The engineer had stopped the train a short distance from the wreck to make repairs on his engine and the train was moving only about 18 miles an hour when the engine struck the loosened rails, to which fact is no doubt due the miraculous escape of the passengers and train.

**Men and Money Gone.**  
**NEW YORK, November 7.**—Thomas Harper, president and treasurer of Harper Bros. Co., manufacturers of decorated lamps and shades, at Barclay and Church streets, and William Harper, manager of the factory at Vauderort, West Chester county, have disappeared, leaving debts reported at \$50,000. Executions against the Company for \$1,300 and against the Harpers for \$3,800 are in the hands of the sheriff but there is nothing to attach. It is said they collected all the cash they could and raised money on notes before they disappeared.

**Merit** wins, as the marvelous success of Hood's Sarsaparilla shows. It possesses true medicinal merit. Sold by all druggists.

**Hi Henry's Minstrels.**  
**The** largest Saturday night audience ever in the opera house and by far the largest and most appreciative of this season, greeted Hi Henry's Minstrels last night. The curtain went up on the most gorgeous scene a Greenville audience has had the pleasure of seeing in many days. The stage was bedecked with damask drapery and the minstrels were dressed in elegant costumes of silk and other fine texture. The music and singing was far superior to the average minstrel troupe and the encores were frequent. The performance, which was considered equal to any of George Wilson's, concluded with the transformation olog, something entirely new and altogether sensational—Greenville Daily News, Georgia.

**Powder Mill Explosion in China.**  
**SHANGHAI, Nov. 7.**—A terrible accident has occurred at Taipin-Fu, at which place is situated the government mills for the manufacture of powder.
