THREE hundred persons killed by the blowing up of government powder mills in China.

MR. MILLS, of Texas, says he will be a candidate for the Speakership of the next House of Representatives.

MR. BRECKINRIDGE, of Kentucky, thinks it too soon to announce as a candidate for Speaker. He is probably right.

"DON'T believe in co-operative concerns." Then attend to your own business and put more money in circulation for the general good.

THERE is not a town or city in North Carolina whose population and business cannot be doubled by the will directed energies of its own people.

"WE can't build a factory that will employ a hundred operatives." Then build a work shop that will employ three mechanics and sustain twelve men, women and children.

WE note with pleasure that our colleges and academies are doing well. Crops are abundant and our boys and girls are reaping the fruit of broader culture and higher education.

DON'T talk of Harrison and Reed and McKinley. They are anti-dillayians. Let us hear something about Cleveland and Campbell, Mills and Crisp—men of the present and the future.

"JOHNNIE get your gun" has played out. Now it is, "Johnnie get your hoe; Johnnie get your books; Johnnie dust the counter, put up the goods and put away the boxes. This is a day of work. Take off your coat, Johnnie, and wade in.

No, there is not much just now to attract public attention, but every man can find adequate employment by attending strictly to his own business.

WE understand that the best corn and cotton, the largest pumpkins and potatoes, the fatest hogs and cattle, the freshest horses, the finest tobacco, the choicest home-made preserves and jellies, the best bread and butter and the prettiest women ever seen in North Carolina, will be at the New Berne Fair that opens on the 23rd of Feb. 1891.

LOCAL NEWS.

NEW ADVERTISEMENTS.
FOR RENT—Five fine rooms.

COTTON.—New Berne market—Sales of 42 bales at 8 1/4 to 8.70c.

The force of hands are at work grading for the new railroad on this side of Jacksonville, coming on towards New Berne.

Yesterday Mr. T. J. Turner sold out the business at his old stand opposite Barrington & Baxter's, to his brother, Mr. J. W. Turner, who will continue business at the place.

The work of building the side track of the railroad to the mills of the Stinson Lumber Company began yesterday. The new part will unite with the old just below where the railroad crosses Griffith street.

A number of delegates who have been in attendance on the Eastern Conference of the Free Will Baptist church which began at Grantsboro Thursday and closed Sunday passed through the city yesterday returning to their homes.

Messrs. L. H. Cutler, P. H. Pelletier and others have purchased the building on Pollock street in which Mrs. S. H. Lane millinery store is now located from Hon. C. R. Thomas with the intention of making the requisite change, and establishing another bank there.

Last night was the beginning of the week of prayer of the Y. M. C. A. There was a good number of gentlemen present, and Rev. Mr. Ricard made a beautiful and impressive talk on "Sympathetic but Unsatisfied." Tonight Rev. Mr. Willis will conduct the services. Subject, "A Man Who Knows His Own Heart." Ps. li: 1-10. Gentlemen are cordially invited to be present.

Saturday President Harrison issued his Thanksgiving proclamation appointing Thursday, the 27th day of the present month, to be observed as a day of prayer and thanksgiving, and invites the people "upon that day to cease from their labors, to meet in their accustomed houses of worship, and to join in rendering gratitude and praise to our Beneficent Creator for the rich blessings He has granted to us as a nation, and invoking the continuance of His protection and grace for the future," and commends "the privilege of remembering the poor, the homeless and the sorrowful."

Messrs. Greenbaum Bros. the proprietors of the new canning factory, steamed up yesterday to make sure that everything was in running order. Work is expected to commence next Thursday. They have a capping machine with which two men can do as much work as eight men can without it. The solder used in it come put up in the shape of wire wound on large spools, six of which are in use at a time and are unwound and drawn to the cans as rapidly as needed. The machine caps six cans at a time, drawing them in and showing them out of itself. It will cap 20,000 per day.

Sale of Mill Property.
Messrs. Covington and Siz r, who have been identified with the Beaufort county Lumber Company since its organization have purchased from the company their Pungo creek property, consisting of mill site, saw mill, dry kilns, store house, wharf property and standing timber in the vicinity of Pungo creek.

The Beaufort County Lumber company still retain all their holdings of 22,000 acres of standing timber south of Tar and Pamlico rivers in the counties of Beaufort, Pitt and Craven and intend to operate there as soon as their arrangements can be completed which will be in the near future.

"Don't Care to Eat."
It is with the greatest confidence that Hood's Sarsaparilla is recommended for loss of appetite, indigestion, sick headache, and similar troubles. This medicine gently tones the stomach, assists digestion, and makes one "real hungry." Persons in delicate health, after taking Hood's Sarsaparilla a few days, find themselves longing for and eating the plainest food with unexpected relish.

Led His Ticket.

More votes were cast in Craven county for Hon. Henry R. Bryan, the Democratic nominee for Superior Court Judge in the second district, than any other Democratic candidate on the judicial ticket. This was the case also at some other points. The Fayetteville Observer in alluding to this fact says:
"He received from the voters of Cumberland a very gratifying evidence of their appreciation of his ability and professional equipment for the bench—having led the judicial ticket by nearly 100 votes. We know that it will be pleasant to him to feel that his strength has also received increment from the respect and affectionate esteem in which his family (both at New Berne and here) are held by our people."

Personal.

Mr. W. S. Herbert editor of the Kinston Free Press returned home yesterday from Morehead. He says he goes fishing. He must like fishing first-rate to go so often and we wonder what kind of fish he's after that causes him to spend Sunday down there.

Miss Lina Davis of Beaufort came up yesterday morning for a visit to her sister Mrs. C. R. Thomas Jr.

Rev. N. M. Watson, the pastor of the Methodist Church at Morehead, spent yesterday visiting Rev. R. A. Willis and returned home last night.

Mr. Walter Homans, the secretary of the Harbor Island Gun Club, who has been visiting Mr. B. B. Davenport, returned to his home in Morehead last night accompanied by Mrs. Davenport, who goes to visit Mrs. Homans, her sister.

Convention of Sunday School Workers.

A convention of the Sunday School workers of Carteret county will be held at Morehead City N. C. at 1 p. m. on Saturday 22d day of Nov. 1890 for the purpose of organizing a County Sunday School Association.

All white Sunday Schools in the County are earnestly requested to send delegates to this Convention. All Ministers, Sunday School Officers, Teachers and adult members will be received as delegates.

The object of this Association will be to ascertain the number and efficiency of the Sunday Schools in a given territory.

To consult together, and decide upon methods for reaching and bringing under religious influence and teaching, all who are without such teaching.

To discuss plans of work and methods of teaching in the Sunday Schools already organized.

To arouse enthusiasm and interest in Sunday School work.

To exemplify the essential unity of all Christians in the work of saving souls.

This Association will not in any manner interfere with the work of general improvement in methods of work.

Peculiar Family Names And Something More Peculiar.

There is a family in Charlestown in which are four boys; the first was named Leon C. Carter, the second was given the name of Eino C., no thought being given to the name previously given; later the confidence was noted that the name of the first son contained exactly the letters of the second, and that, also by accident, the termination of the middle name was "ton." Two additional sons were born, and here are the names of the four:
Leon C. Carter,
Eino C. Carter,
Noel C. Carter,
Enol C. Carter.

The middle name in each instance terminating in "ton." We doubt if any other family can match this combination.—Lawrence American.

As the American says it is very peculiar that Mr. Carter should have given his children names in which such oddities exist but we know of something that beats any singularity in names "all hollow." One of our Hyde county farmers is the father of six children and they are all twins—three pairs, and in addition to that the birthday of every one falls on the 5th day of October. How is that for a remarkable coincidence?

EDGEcombe DEMOCRATIC.

The Better Class of Negroes Voted the Democratic Ticket.

TARBORO, N. C., Nov. 7.—Edgecombe county has gained a glorious victory by electing all the Democratic tickets save coroner and surveyor. The Democrats did their full duty, and as a result consummate victory crowned their efforts. The election passed most quietly here, and never before have the colored people worked so zealously for the Democratic candidates. They not only cast their votes for them, but numbers of them worked with commendable diligence to wrest the old county from the grasp of the greedy political tricksters and bosses.

Edgecombe will send a Democratic delegation to the next General Assembly for the first time in quite a number of years. Our people are jubilant over the victory and there is general rejoicing over the result everywhere.

WHOLESALE EVICTION.

TWO HUNDRED FAMILIES WILL BE THRUST FROM THEIR HUMBLE ABODES.

DUBLIN, Nov. 8.—Another wholesale eviction of non-rent-paying tenants from the Olphort estates at Falcarragh, county Donegal, will take place next Tuesday. Two hundred and fifty families, comprising 1,500 persons, will be thrust from their humble abodes into the highways.

An immense force of police and military have been ordered to the spot in order to prevent any successful resistance on the part of the tenants or their friends. This announcement, following so close upon Chief Secretary Balfour's tour of Donegal, has caused a painful impression, and if the Secretary's visit had in any degree inclined the people to hope and have patience, the good effects are likely to be lost in the renewed bitterness of feeling always aroused by the unhousing of hundreds of helpless victims of the rack rent system.

Tries to Steel the New Hampshire Legislature—Republicans Only Two Majority in the Senate.

WASHINGTON, D. C., Nov. 8.—The attempt by the Republicans to overthrow the majority of the Democrats in the legislature of New Hampshire have been found out and measures will be adopted to frustrate the movement. Thus the Democrats will gain six senators, one each from New York, Kansas, South Dakota, New Hampshire, Wisconsin and Illinois. This will hardly leave the Republicans with a working majority, as they will have only two.

The Minstrels Tonight.

Hi Henry's Minstrels will give a performance at the New Berne theatre tonight. From an exchange the following notice is taken:

"The largest Saturday night audience ever in the opera house, and by far the largest and most appreciative of this season, greeted Hi Henry's minstrels last night. The curtain went up on the most gorgeous scene a Greenville audience has had the pleasure of seeing in many days. The stage was bedecked with damask drapery and the minstrels were dressed in elegant costumes of silk and other fine textures. The music and the singing was far superior to the average minstrel troupe and the encores were frequent."

McKinley Burned in Effigy.

LONDON, November 8.—If the Liberal party had carried a general election in Great Britain there could hardly be more rejoicing than there has been this week over the result of the election in America.

The industrial classes everywhere are elated, and commerce shares in the general exchange of greetings. An extraordinary importance is attached to the popular method to the defeat of McKinley, the author of the tariff measure, and it is said that in some of the manufacturing towns up North the effigy of Guy Fawkes, which the English boys have burned for generations on the evening of each recurring 5th of November, gave place to a supposed effigy of noted American politicians, and was labelled McKinley.

A California Town in Ashes.

TRUCKEE, Cal., Nov. 7.—A fire broke out here not long after midnight, and as the wind was blowing a hurricane the flames were soon beyond control. The fire was started in the rear of Steel's brewery by a man who was seen running away from the place soon after the flames broke out. The brewery and a half dozen other buildings were soon burning. Nearly forty buildings, including the entire business portion of the town, had been destroyed by 2 o'clock this morning. A light snow was falling, but had no effect on the flames. The loss may reach \$750,000, partly covered by insurance.

First Man Hanged Under the New Law

DENVER, Nov. 7.—Nyvero Griego, the Mexican who murdered W. L. Underwood in Trinidad last June, was hanged today in the penitentiary at Canon City. He was the first man executed under the new law which provides for secret executions and prohibits the press from publishing accounts of them.

France Congratulates our Democracy.

PARIS, Nov. 7.—The Paris journals hail the Democratic victory in America with satisfaction, and express a hope that America will now adopt a wiser economic policy. The press generally urge the Government to abstain from a policy of prohibition against American goods.

Mecklenburg Wants the Banner.

CHARLOTTE, Nov. 7.—Mecklenburg county, Senator Vance's home, is the banner Democratic county in North Carolina, having a majority this election of 2,980. Catawba county has held the banner till this election.

Fire Destroys a Little Town.
PETERSBURG, Ind., Nov. 8.—A disastrous fire occurred at Winslow a town of Pike county, this State, this morning. The whole town has been wiped out of existence. The houses were all frame structures, and the fire spread with such rapidity that the efforts of the people to extinguish it proved unavailing. Not a house is left standing, and 400 people are homeless.
