WE very much regret to chronicle the suspension of the Greensboro Patriot. It was very newsy and well edited, and was valuable to Greensboro.

So Benjamin Harrison wanted an extra session and the members of the Cabinet didn't, and the latter had their way. Wonder what Benjamin Harrison wanted of an extra session?

A BRAZILIAN squadron is coming to this country for the special purpose of delivering to the President a medal and letter of thanks from the Brazilian Government for the prompt recognition by him of the new Republic.

THE flurry in money is attributed to the fact that the great European banks have lately lost about \$65,000,000 of gold, and they now want to stop any more from leaving Europe, and indeed wish to get what little there is in this country. —News and Observer.

In the November number of the North American Congressman McKinley, Lodge and Dalzell gave us their opinions on the subject, "What Congress Has Done." It would be interesting if they would now publish their views upon "What the People Have Done." —N. Y. Star.

A TERRIBLE tragedy occurred Tuesday on the Fair grounds of the Chattahoochee Valley Exposition, Calhoun, Ga., where fifteen thousand persons were assembled. T. C. Dawson, of Greenville, Ala., was attacked, shot down and killed by three members of his wife's family.

THE results of Tuesday's elections unquestionably make Plumb, of Kansas, the most powerful man on the Republican side of the Senate. He told his associates what the result of the McKinley bill and the Force bill would be in the West, and they will not deny that he told them the truth. There will be some fun in the Senate if Hoar and Company undertake to pass their Force bill. —National Democrat.

THE Republican orators are predicting that they will elect their President in 1892, after this tidal wave, just as they did Hayes, in '76, after the tidal wave of '74. But they didn't elect Mr. Hayes in '76. They stole him in, a feat which they will hardly perform in '92. —Wilmington Star.

ALTHOUGH the McKinley bill imposed a duty of five cents a dozen on eggs and five cents apiece on cabbages, a New York Herald dispatch says that at Holmesville, on October 22d, both eggs and cabbages were thrown by the farmers at the McKinley procession.

It is an extraordinary election which puts Senators Ingalls, Everts, Farwell, Blair, Spooner and Platt of Connecticut upon the ragged edge of defeat, and may push them over. It is well for the Republicans that their hold over majority in the Senate is so large. Their control of the upper house cannot stand another such shaking up two years from now. —Wash. Star.

Next Thursday evening will see the first production in the city of Mrs. Burnett's charming story, "Little Lord Fauntleroy," by the original company from the Broadway Theatre, N.Y. The play caters alike to the old and young.

The patronage of the music department of the New Berne Collegiate Institute has so increased that Mr. F. P. Morton who is in charge of it has been obliged to procure an assistant, Miss Nellie Walker who has accepted and will commence next Monday.

The croquet table at the Y. M. C. A. gymnasium has been completed and the ladies are invited around this afternoon to join in the initiative game. It has been prepared especially for them, and it is at their disposal every Friday afternoon between the hours of three and five o'clock.

The health of Rev. W. C. Gannon, a beloved former pastor of the New Berne Methodist church, who is now in the Pineville circuit of the Charlotte district, has been very poor this year, and the Christian Advocate says that he is still quite feeble and will hardly be able to attend conference.

Tuesday night the store of Mr. Frank Hooker, at Idalia, was broken open and robbed. It was discovered next morning by the tracks that the parties who did it backed up an ox cart to the door and loaded it with the goods. They secured an entrance by battering in the door with an ax stolen the same night from the yard of Mr. John Clayton who lived close by. The blows were heard by some of the neighbors but they did not suspect what was going on. There is no clue to the thieves.

Tuesday was a notable day for Durham. The event was the laying of the corner stone of North Carolina's great Methodist institution of learning, Trinity College. The Grand Lodge of Masons laid it with the usual ceremony. In the stone were placed the Masonic code of North Carolina; proceedings of the Grand Lodge of 1890, and many other papers and documents. The Masonic address was delivered by Gen. R. B. Vance. Ex-Governor Thos. J. Jarvis and President J. F. Crowell, of Trinity College, also made able addresses.

A wave of prosperity is said to have struck Aurora. Business is reported brisk and over half a dozen new buildings are being erected with prospects of others, and this gratifying condition of affairs is said to have existed for over a year. The steamer Haven Belle now makes two trips a week between that place and Belle Haven, the terminus of the Albemarle and Pamlico Railroad, which furnishes regular communication with Norfolk. That crops are as good in that section as elsewhere is shown by the reported yields of cotton. Mr. L. M. Browne, of Aurora, on his first picking of cotton gathered over a 400 pound bale to the acre.

Personal.
Dr. Charles Duffy and family left yesterday for a pleasure trip to New York.

Dr. Frank Duffy came back from a business trip to Winston.

Mr. W. M. Hooker, of Aurora, was in yesterday evening renewing his subscription to the JOURNAL. He speaks very favorably of the crops and prospects for the farmers of his neighborhood. His mother, Mrs. S. A. Hooker, arrived here last night returning to her home at Aurora from a visit to relatives at Scotland Neck.

Death of Mr. B. F. Banks.
Mr. B. F. Banks, a prominent farmer of Jones county, about fifty years old, died at his home at Raywood, near Pollocksville, Wednesday, and was buried yesterday afternoon at the family burying ground on Mr. J. B. Banks' plantation.

Mr. Banks was a brave Confederate soldier and he received a wound during the war that shattered the bone in one of his arms and the wound apparently healed up all right, but about a year ago an outgrowth appeared at the seat of the wound, which developed into a cancer that fastened itself firmly upon his system and finally terminated his life. He leaves a wife and several children.

From Chapel Hill.
The following communication from a young New Bernian was received a few days ago, but the lack of space prevented its earlier appearance:

CHAPEL HILL, Nov. 8, 1890.
Grand jubilee celebration here last night by students over great Democratic victory. There was a torchlight procession composed of students and villagers—enormous bonfires—beautiful fireworks. As the procession moved along the air was rent by shouts of "Down with McKinley and Plutocracy!" "Hurrah for Cleveland and Reform!" "Hurrah for Democracy!" "Three cheers for the six University men, M. C.'s from North Carolina!" "Hurrah for Zeb. Vance!" "Rah for Ransom!" The enthusiastic students yelled themselves hoarse. After the line of march had been finished there was speaking from the following students: W. H. Willis, Greensboro; F. H. Batchelor, Raleigh; Plato Collins, Kinston; W. W. Davies, Mecklenburg Co., Va.; Shepard Bryan, New Berne; Victor S. Bryant, Pineville, N. C.

Messrs. Jno. M. Morehead, Perrin Busbee, jr., Geo. Ransom and W. J. Andrews are entitled to the praise for perfecting the arrangements of the celebration. The music for the occasion was furnished by a band of the students, Mr. Roscoe Nunn performing no inconsiderable part.

The young Democracy is up and strong. Hurrah for Grover Cleveland, the next President of the United States!

The State Board of Canvassers. The State board of canvassers, to count and make official returns of the State vote, will meet in this city on the 27th of November.

The counting and canvassing of the vote will be done publicly in the hall of the House of Commons—State Chronicle

A Disaster at Sea.
LONDON, Nov. 12.—H. M. S. Serpent was wrecked Monday night twenty miles north of Cape Finistere. Two hundred and forty-seven men were drowned. Only three escaped.

The Serpent went on the rocks during a severe storm on the Spanish coast. A heavy mist prevailed at the time. It was impossible to obtain assistance from the shore, and the vessel remained in her helpless position until broken to pieces by the tremendous seas which swept over her. The crew were washed overboard in groups by the remorseless waves and drowned or dashed to death amid the rocks.

The Cumberland Fair.
FAYETTEVILLE, N. C., Nov. 12, 1890.
The Cumberland Fair opened today with fine weather and the best all round exhibit in twenty-five years. Everything points to a tremendous crowd. Visitors are already pouring into the city by every incoming train. Thursday and Friday are the big days, and several thousand are expected tomorrow.

The Knights of Labor.
DENVER, Col., Nov. 11.—The General Assembly of the Knights of Labor convened in annual session today, Grand Master Workman Powderly presiding. Over 200 delegates were present. Mr. Powderly read his annual address.

To the Alumni of the University.
The following appeal has been issued to the University Alumni:

UNIVERSITY OF NORTH CAROLINA,
Chapel Hill, November, 1890.
At the meeting of the University Alumni Association, held in Garrard Hall, June 4, ult., the sum of twenty-four thousand six hundred dollars (\$24,600) was subscribed for the endowment of a "Chair of History" in the University. The subscriptions are:

Julian S. Carr	\$10,000
James Grant	8,000
D. G. Worth	1,080
W. H. S. Burgwyn	1,000
E. A. Alderman	500
J. S. Currie	500
C. D. McIver	150
Ed. Chambers Smith	250
Jno. S. Hill (for class of '90)	200
F. P. Venable	500
John Manning	250
Haywood Parker	25
W. H. McDonald	25
Geo. T. Winston	250
Walter L. Steele	500
W. A. Guthrie	100
John A. Gilmer	500
A. R. Ledoux	250
Rufus Barringer	250
Eugene G. Harrell	100
Fred. Phillips	500
R. B. Redwine	100

Total.....\$24,600
On motion of Mr. R. H. Battle it was Resolved, That a committee of three alumni, resident at Chapel Hill, be appointed with power to appoint an agent or sub-committee in the different congressional districts, to solicit subscriptions to increase the endowment to thirty thousand dollars.

2. That in full confidence that the Chair of History will be endowed, the President of this Association notify the Board of trustees that they are requested to elect a Professor of History at their regular meeting in January.

The President has appointed the undersigned as the Committee of the Alumni provided for in the former of the above resolutions. It was confidently expected that the alumni not present at this meeting could be relied on for an amount sufficient to raise the endowment to thirty thousand dollars, the sum designated in the resolutions of Mr. Battle. The undersigned committee, however, are clearly of the opinion that this sum is insufficient, and that the endowment should be at least thirty-five thousand dollars, as the interest rate will probably fall to six per cent. in the near future. An income of twenty-one hundred dollars will not more than suffice to administer the fund and pay the professor's salary.

We earnestly invoke the assistance of every University alumnus in completing the endowment of this Chair. The further sum of ten thousand four hundred dollars (\$10,400) is required. When we consider the large number of the alumni, and the importance of this movement to the University and to the State, we cannot doubt that the sum will be quickly subscribed.

What Does It Mean?

The question is asked daily by people living in town and country what does all this mean that I see in all the newspapers and on hand-bills of so many merchants closing out their stock at 40c, 50c, and 67c on the dollar of New York cost. Now as I have had considerable experience in this line of business, I think I can explain it to those who do not understand in a way that they will be benefited. Now in a few words, and as short as possible:—There is a man in town whose name is Big Ike, who is always on the lookout for some merchant who can't pay his bills, and gives him from 40c to 50c, and 67c on the dollar, that is, on a hundred dollars' worth of goods the highest Big Ike pays is 67c on the dollar, and on a thousand \$675 00, and the stock he has just received from Kinston cost four thousand dollars in New York THIS AUGUST, 1890, and only cost Big Ike two thousand and seven hundred dollars. Now I think every well-regulated man, woman and child will understand this explanation and at once see the advantage that Big Ike has over every merchant in Eastern North Carolina.

Now, my friends, this is not the only advantage that Big Ike has over the other merchants in buying; he has a great advantage in saying he is the only man in North Carolina that can say NO, hence the credit system is killed, and not one dollar's worth goes out of his store until paid for. The above plainly shows why Big Ike can afford to give for the next 30 days a 25c. present with every one dollar's worth of goods sold. Newbern, N. C., Nov. 14, 1890.
