The first tourist hotel to be erected in Alaska will be built at Glacier Bay by a syndicate of Tacoma capitalists, who believe that Alaska is the future great summer resort for Americans, and that Glacier Bay is the most attractive place up that way that has yet been discovered.

JOHN M. LANGSTON, who was defeated at the late election in the Petersburg district, charges that Gen. Mahone conspired to defeat him. He says when it comes to the race question in the South the

Republicans are all Democrats. He said the force bill isn't worth the paper upon which it is written.

The tongs appear to have possession of the Oklahoma Legislature. A bill has been passed by that extraordinary body making it a criminal offense for a newspaper to even insinuate anything against a man's character whether it is true or not. Oklahoma is a good place for Col. Dudley to move to. At this time Parnell might find it a safe place.

WHEN it is remembered that the Globe-Democrat is a leading Republican journal, the following paragraph from that paper will be appreciated: Most of the Republican explanations of the recent defeat are like the widow's observation with regard to her late husband's departure: "If Ebenezer hadn't blown into his gun he would have got plenty of squirrels—it was such a nice day for squirrels."

We regret that Mayor Batlle has been confined to his room for a day or two by an attack of chills. During his absence Councilman John Dunn has been acceptably filling the Mayor's position.

One of our patrons who made an account with us five years ago which he found himself unable to liquidate at the time, came in yesterday to renew his subscription and voluntarily called our attention to the old indebtedness, and with the statement that it stood so long only because he was unable to meet it, and the remark that "an honest man's debts never go out of date," paid the whole amount. This is a commendable act of an upright man, an example worthy of imitation by any who are in a similar situation and are able to do likewise, and is also a straw that indicates that the abundant crops of the present year are making themselves felt throughout this section and producing a cheering financial condition.

Y. M. C. A. Social.
The sociable last night which was gotten up by the ladies auxiliary for the members of the Y. M. C. A. and their invited friends passed off pleasantly. The large rooms were brilliantly lighted, and beautifully decorated with bamboo and other evergreens, moss, etc. Many handsome flowers had been sent in—one lot furnished by Mrs. Octavia Meets attracted a great deal of attention. All present seemed to be perfectly at their ease and gave themselves up to the merriment of the hour.

Numbers of the young men exercised in the gymnasium, on the flying rings, parallel bar, horizontal bar, etc. Many of the ladies and gentlemen so inclined kept the parlor croquet table and other games in constant use. There was pleasant music, vocal solos, quartettes with organ accompaniment, recitations, etc.

An elegant supper was served and everybody went away well pleased and wishing for another time as enjoyable. The ladies deserve a great deal of credit for so kindly interesting themselves in behalf of the Association.

The Stella Route.

The people in the neighborhood of Swansboro usually come to New Berne by sail vessels through the New Berne and Beaufort Canal, which is a round-about course, and the distance is over double what a straight land route would be, and when for any cause they fail to come through the canal they have to go all the way down to the mouth of New river and then up it, which distance is about four times as great as a direct line between the two places.

Mr. I. N. Henderson, of Swansboro, was in the city Thursday with a good cargo of cotton which he brought in a sail vessel by the long way. He says people of his section prefer the New Berne market and are eager for better transportation facilities and moving earnestly to induce the railroad to take what is known as the Stella route which will give them direct and rapid communication with this city. The people along the line of that route express their willingness to offer reasonable inducements to the railroad to come that route and to give it the right of way with alacrity, and they are going to hold a meeting Thursday, Dec. 4th, for the purpose of bringing to the notice of the railroad people the advantages that they claim will accrue to the railroad if it takes that route—having a deep water outlet at Stella through the White Oak river—the certainty of procuring large freights—vast quantities of lumber, sea products—fish, oysters, etc.

Well, everybody is getting interested in the railroad question, the time for action has arrived, and we will very soon know what is going to be done.

These Bonds Again.
EDITOR JOURNAL:—It will not be out of place at this time to mention one thing that ought not to be forgotten, that we have one of the finest and best court houses in the State, an ornament to this old classic county and city. Do you reckon these bond-signing Democrats, and the business people in general, know how much the bold 900 insolvents (free voters) paid towards building this magnificent house, and what it was built for, whether it was built for the transaction of the legal business of the county, or a place for political heeleders to meet to concoct plans to retard the progress of good government? I say again, keep off the bonds, and we will all sing together this good old tune,

Hark from the office a doleful sound,
My ears attend the cry,
Ye living men come view the ground
Where the big four must shortly lie.

INDIANS BEGINNING TO DISPERSE BEFORE THE TROOPS.

IT IS FEARED THAT THEY HAVE GONE TO INCITE THE NORTHERN CHEYENNES TO REINFORCE THEM.

CHICAGO, Ill., Nov. 20.—A special from Standing Rock agency, N. D., says: The news that troops have been ordered to the reservation has spread rapidly among the savages and the general effect has been bad. Several hundred braves have disappeared, with what object and in what direction cannot at this hour be learned. There is evident fright in some quarters, and the general impression is that the bucks are running away from what they regard as an impending calamity. It may be, however, that they are bent upon pillage and murder and have galloped across the country to incite the Northern Cheyennes, the most excitable band of Indians in the West, to take arms against the whites. The aged warriors and women are frightened over the outlook and profess the warmest friendship for the pale faces here. Gen. Ruger's presence here last week had the effect of reducing Sitting Bull's followers by nearly one-half.

Three Million Dollar Bank Failure.

PHILADELPHIA, Nov. 20.—Barker Bros., bankers and brokers of this city, have made an assignment for the benefit of their creditors. This firm controls the Wharton Switch Company, and gained a world-wide reputation some time ago by its Chinese intertelegraphic banking scheme. They are also the Philadelphia correspondents of the Barings, the great London bankers. They are largely interested in Reading securities, Oregon Pacific bonds and B. & O. car trusts. The firm had a small time of deposits. Their liabilities are said to be about three millions.

A Sharper's Trick.

ROCHESTER, N. Y., Nov. 20.—Moses S. Marks, who up to one year ago was employed at the Flour City National Bank, this city telegraphed by the Western Union Telegraph line to the National Bank of Commerce, New York, correspondents of the Flour City Bank, to send twenty-five thousand dollars in currency. He signed the name of the cashier of the bank, Wm. A. Walters, to the dispatch. This morning the bank received a letter from the National Bank of Commerce in New York saying the money had been sent in \$10 and \$50 bills. The bank officials at once telephoned to the American Exchange Company to learn if the money which they had not ordered had been received and learned that Marks had called there at 9 o'clock and received the cash. The Express Company officials knew him and supposed he was still connected with the bank. The police are now looking for Marks. The thief was a young man of the town who has hitherto borne an excellent reputation.

All His Possessions Lost in a Twinkle.
GALLATIN, Tenn., Nov. 19.—R. T. Meadows, of Bledson, having sold his farm and stock, was seated by the fire last night talking to his wife of their contemplated trip today to Texas, whether they were going to make their future home. Mr. Meadows pulled out his money, which was in large bills, and proceeded to count it. When he had laid down his last bill on the hearth some one opened the door, and a gust of wind carried his all in the fire. Before Mr. Meadows could rescue any of his currency it was in ashes. He had converted all his possessions into cash, and in a twinkling all was lost.

What Does It Mean?

The question is asked daily by people living in town and country what does all this mean that I see in all the newspapers and on hand bills of so many merchants closing out their stock at 40c., 50c. and 60c. on the dollar in New York City. Now as I have had considerable experience in this line of business, I think I can explain it to those who do not understand in a way that they will be benefited. Now in a few words, and as short as possible:—There is a man in town whose name is Big Ike, who is always on the lookout for some merchant who can't pay his bills, and gives him from 40c. to 60c. and 67 1/2c. on the dollar, that is, on a hundred dollars' worth of goods the highest Big Ike pays is 67 1/2c. on the dollar, and on a thousand \$675.00, and the stock he has just received from Kingston cost four thousand dollars in New York THIS AUGUST, 1890, and only cost Big Ike two thousand and seven hundred dollars. Now I think every well-regulated man, woman and child will understand this explanation and at once see the advantage that Big Ike has over every merchant in Eastern North Carolina.

Now, my friends, this is not the only advantage that Big Ike has over the other merchants in buying; he has a great advantage in saying he is the only man in North Carolina that can say NO, hence the credit system is killed, and not one dollar's worth goes out of his store until paid for. The above plainly shows why Big Ike can afford to give for the next 30 days a 25c. present with every one dollar's worth of goods sold.
