BECAUSE of the fact that all change the Bill is now asked to show that it is a good note.

ONE hundred dollars will be spent in the next month in dredging the New River this year.

WHATEVER the party may say, Mr. Cleveland is unquestionably the cause of the paper for the next President.

THE old army friends of General O'Connell Wilson were glad to learn that he has received a pardon from a fall in Washington City. At last accounts his condition was critical.

THE Norfolk Independent says: "There are no well known Republicans in the United States but expect to see a Democratic President elected in 1892, and they are getting in coal and wood for a long winter."

THE Alliance may vindicate itself by bringing Maggie and Livingston to an account for their conduct in the Georgia Senatorial contest. The forging of Col. Polk's name should consign the man who did it to perpetual infamy.

DAVID BENNETT HILL seems to be debating whether he will be a U. S. Senator or the President of the United States. Our advice will not reach him, and would not be considered if it did, but if we were his nearest friend we would say to him, Take the Senatorship.

THE State Canvassing Board met in Raleigh last Friday and counted the vote polled at the late election. Merrimon, head of the Democratic ticket, received 142,316 votes; Price, head of Republican ticket, received 99,987 votes. Merrimon's majority 42,329.

IN an interview with the Asheville Citizen, Senator Vance was asked about his own reelection to the Senate. "I have no doubt about that he said, 'as the men who are pledged to vote for me are honorable. I think there will be no trouble about my reelection."

"CAPT. W. W. CARRAWAY, known to many newspaper readers as "D. R. Walker," has resumed his old position on the News and Observer." Whether as W. W. Carraway or D. R. Walker, he is apt to carry away the palm for general cleverness and newspaper talent.

It seems that the late elections did not knock the devil out of Raed, but it stirred him up to such an extent as to make it evident to all that devils fondness for swine has not diminished since Christ permitted them to enter into them.

MONTGOMERY, Ala., Nov. 28.—The Senatorial deadlock was broken at 12:30 o'clock today, by the nomination and election of James L. Pugh, in joint legislative session. The contest was the longest and most determined in the history of State politics. Pugh's nomination was secured by the withdrawal of Watts and Kolb, the friends of these candidates uniting almost to a man on Pugh. Thirty one ballots were taken in all, the last standing: Pugh, 91; Seay, 31.

G. Mosely, colored, who was elected county treasurer, failed to present one, and the present worthy incumbent, Mr. Thos. Daniel, was appointed to fill the vacancy.

Mr. William Dunn, President of the East Carolina Fish, Oyster, Game and Industrial Association, has been appointed by the Mayor to represent New Berne in the Southern Inter-State Immigration Convention which meets in Asheville, Dec. 17th. The appointment is an excellent one, and we are glad to be able to state that Mr. Dunn accepts the appointment.

The Burlington News says: Major W. A. Guthrie, of Durham, was here Tuesday morning and rented a house for Mrs. J. T. Harris, widow of our lamented presiding elder, who will move here next week, in order to get to the Burlington Academy. He also selected a lot belonging to Ireland, which Mrs. Harris will buy and build a good dwelling on.

Owing to there being no successful contestant in the hare-and-hound chase Thanksgiving Day, the run will be resumed Christmas over the same route. This will be good news to all who delight in exciting sport. The recent thrilling ride gotten up by Capt. Manly will be long remembered for the pleasure it afforded. Also Messrs. Hackburn & Willett added greatly to the enjoyment for the luncheon served at the Oaks.

The pretty and nicely furnished steam yacht Sybilla, Capt. Thomas H. Milliner, owned by Mr. John F. Betz, jr., of Philadelphia, which for four winters past has been bringing pleasure parties down the southern coast, left Philadelphia on the 20th ult., and the party of sportsmen aboard have been hunting brant, geese and ducks on the sound since, but came up to New Berne and got a fresh supply of coal from the E. B. Ellis coal yard. They report having a good time and finding game plentiful. They left again for the sound last night.

Sweet Potatoes Can Be Successfully Raised After Irish Potatoes.

Experiments sometimes explode preconceived notions that have become quite firmly imbedded in the popular mind. Some farmers hold to the opinion that a sweet potato crop will not successfully follow Irish potatoes. Read how a trial of this matter has resulted and judge for yourself of the truth or falsity of that idea.

Mr. W. H. Scott, who lives in Jones county near DeBruhl's, gives us the following statement of what he made from a small piece of new land planted in potatoes this year.

The plot contained 3 1/2 acres, but about one-sixth of the space was taken up by stumps which reduced the ground actually planted to less than three acres. Irish potatoes were the first crop. On one acre there was a bad stand and that one yielded only thirteen barrels—still the total yield was 105 barrels, which netted him \$292 after paying freight and commission.

In June he planted the ground in sweet potatoes and gathered 750 bushels of them, worth 40 cents per bushel, a total of \$300, which added to the \$292 obtained for the Irish potatoes makes the snug little sum of \$592. One acre of the sweet potatoes yielded 270 bushels, or \$108 worth.

Mr. Scott used 4,000 pounds stable manure and 800 pounds to the acre of Wilber's ammoniated guano, purchased from Messrs. J. C. Whitty & Co.

Two hundred dollars per acre in round numbers this season for potatoes! Two hundred and fifty bushels sweet potatoes to the acre after a crop of Irish potatoes! Has any one been more successful than Mr. Scott?

We invite statements of farming experiences from any one and will be glad to publish them.

Are not such crops as these far ahead of cotton crops for profit? Here there was only a small piece of ground which could be cultivated with no great outlay of labor or capital and the net profit was as large as is usually made on a whole farm in cotton, which requires a great deal of attention and expense from the planting to the marketing of the same.

Election of Officers.

At the annual meeting of the Atlantic Fire Company, held at their rooms last night, the following officers were elected for the ensuing year: T. A. Green, engineer; Wm. Ellis, foreman; W. D. Barrington, assistant foreman; C. J. McSorley, captain of hose; E. M. Green, treasurer; L. C. Richardson, secretary.

The New Bern Steam Fire Engine re-elected all their present officers except the secretary and Mr. A. B. Carroll was elected to that position. After the elections were over the company repaired to Hotel Albert where an elegant supper was served. After supper voluntary toasts were given and responded to, and the occasion passed off most pleasantly.

News was received in this city last night of the death of Mr. Richard T. Bryan at his home in Williamsburg county S. C. Mr. Bryan was brother of the late Johnson H. Bryan and an uncle of Miss Mary Bryan, who has charge of the telegraph office. He moved from his Craven county home to South Carolina in 1868.

Following is the honor roll of the New Berne Collegiate Institute for the month of November: Misses Faith Brock, Katie Mathews, Emma Katie Jones, Jennie Steinhilper, Mamie Gaskin, Julia Wetherington, Rosa Dail, Mamie Daniels, Mary Barrington, Laura Suter, Susie Gibbs, Laura Switzer, Ida Gaskins, Mabel Hughes, Pearl Powell, Maggie Lane, Bertha Willis, Louise Lane, Lena Hines, Mamie Finch, Anna Hanff, Lizzie Hancock, Masters Claude Gaskins, John Suter, Frank Willis, Thomas Roberts, Guy Chadwick.

Mr. B. F. Borden, of Hancock creek, wants everybody to know that those nice wild(?) geese killed by the New Berne sportsmen just before daylight on Thanksgiving morning were not very wild after all, but were his own tame geese raised from stock that he has had in his family for twenty years and in which he takes great pride. He says they wounded three others besides those they killed and brought home, and he wants them to pay him a dollar apiece for them. Pay up, gentlemen. A grocery merchant and boiler maker ought to be willing to pay for such delightful sport. You know the geese were fine ones. Didn't they taste splendid? Instead of taking a long trip down the river before day on a cool morning the next time you hunt geese perhaps you'd better buy them and shoot them at home. You will not be put to so much trouble about it.

Lowe's Wife Withdraw All Charges.

Mr. Jim Lowe came home last night in the custody of officers. Hundreds of people met him at the train. He was placed in the jail for the night, and this morning had a trial. His wife withdrew all charges against him and accordingly a fine of a few dollars was all the penalty that he paid for his fun. It is said that the two brothers of Miss Campbell, with whom he eloped, threatened to kill him, but Mrs. Lowe said if they did she would kill the girl. Accordingly Mr. Lowe was not killed. It is said that Lowe and Miss Gracie registered as man and wife at Richmond. Miss Campbell left town today, going towards Raleigh. Mr. Lowe is in the city, and we understand will remain here with his wife and children.—Durham Globe.

Another Big Trust.

CHICAGO, Nov. 29.—A local paper says: The threshing machine men of the United States have caught the infection from their brothers, the binders, and are busily engaged in forming a gigantic trust, which, it is thought, will rival in magnitude the recently formed Harvesting company. Negotiations are now going on in this city between representative men of the principal threshing machine works in the country. It is known that a temporary organization has been effected and that very soon articles of incorporation will be filed with a capital stock of at least \$20,000,000.

VIENNA, Nov. 29.—A series of shocks of earthquake was felt at Gainersdorf, lower Austria, today. Republicans are urging that the party should hasten to get itself in condition to mount guard again. There can be no serious objections to that, if the party really feels the necessity of making a show of doing something, but we do not see there is anything except its own ruins for it to mount guard over.—New York Star, Dem.

What Does It Mean?

The question asked daily by people living in this country what does it mean that I see in all the newspapers and on hand bills of so many merchants closing up their stock at 40c, 50c, and 60c for the dollar of New York cost. Now as I have had considerable experience in this line of business, I think I can explain it to those who do not understand in a way that they will be benefited. Now in a few words, and as short as possible:—There is a man in town whose name is Big Ike, who is always on the lookout for some merchant who can't pay his bills, and gives him from 40c to 50c, and 60c on the dollar, that is, on a hundred dollars' worth of goods the highest Big Ike pays is 67 1/2c on the dollar, and on a thousand \$675.00, and the stock he has just received from Kinston cost four thousand dollars in New York THIS AUGUST, 1890, and only cost Big Ike two thousand and seven hundred dollars. Now I think every well-regulated man, woman and child will understand this explanation and at once see the advantage that Big Ike has over every merchant in Eastern North Carolina.

Now, my friends, this is not the only advantage that Big Ike has over the other merchants in buying; he has a great advantage in selling he is the only man in North Carolina that can say NO, hence the credit system is killed, and not one dollar's worth goes out of his store until paid for. The above plainly shows why Big Ike can afford to give for the next 30 days a 25c present with every one dollar's worth of goods sold. Newbern, N. C., Nov. 14, 1890.
