THE TAYLOR ADJUSTABLE SHOE for ladies. New and marvellous invention. See sample N. ARPAK, 118 ft. Opposite JOURNAL OFFICE.

OLD PAPERS for sale in any quantity at JOURNAL OFFICE.

It is reported from Washington that the Force bill will pass. A Democratic caucus will be held soon to determine party policy on the subject of this bill.

ON Tuesday Mr. Wheeler, of Alabama, argued in the House that the whole Tariff law was a nullity because of the omission of section 30 from the enrolled copy of the bill.

A PRESS dispatch from Ocala Florida, warrants the conclusion that Dr. Macune will have charges preferred against him, and will probably receive the grand bounce. Col. Polk will probably be re-elected President of the Alliance.

GENERAL CADMUS M. WILCOX died in Washington City last Tuesday from the effects of a fall. All soldiers of Lee's army remember Wilcox and will cherish his memory. Gentle in camp, genial on the march, he was a lion in battle.

We have learned that H. A. Latham, editor of the Washington Gazette, will be a candidate for reading clerk of the House on the meeting of the Legislature. He has filled the office well in the past, and we are assured that the House will honor itself in his re-election. Brother Latham is a genial gentleman, a prompt business man and a true Democrat.

THE Daily Standard-Union edited by Murat Halstead has taken upon itself the guardianship of the Democratic party. It is now engaged in championing of Gov. Hill and showing that Tammany stands at the head of the national Democracy. Halstead is a very sharp man, but he is not the man to advise Democrats. Every word that he says against Cleveland will be regarded by Democrats as complimentary.

THE Apportionment bill introduced in the House by Mr. Frank, of Missouri, provides for redistricting the States and that Representatives to the Fifty-third and subsequent Congresses shall be elected by districts composed of territory contiguous, adjoining and compact, so that the district from the central point to the several boundaries shall be as nearly equal as practicable, and the population not greater nor less by more than 8,000 than the average population of the other districts in the State.

If the Democratic National Convention had to meet at this time or at any time in the near future to select a candidate for President it would nominate Grover Cleveland by a practically unanimous vote outside of New York, and it would nominate him quite as enthusiastically and as overwhelmingly if New York were against him as if New York favored him. Most of the New York Democratic leaders know the truth. A few,

possibly, deliberately refuse to see the truth, and some who know the truth and some who don't seem to know it persist in constant and often cowardly assaults upon Mr. Cleveland.—Philadelphia Times.

NEW ADVERTISEMENTS
B. SWERT—Stall fed beef.
DR. KING—Royal Germetuer.
J. F. IVES—Armour's agent, etc.
C. E. SLOVER—Fine corned beef.

COTTON.—New Berne market—Sales of 22 bales at 7 to 8 50.

The board of city council will be in session tonight; meeting at 7:30 o'clock.

There will be a meeting of the Woman's Missionary Society of Centenary M. E. Church at Miss Carrie Mayhew's residence this afternoon, at 3 1/2 o'clock.

A correspondent in this issue condemns the action of the city authorities in allowing the "Merry-go-Round" to be run on the lot next to the Salvation Army. If the noise and disturbance created there is as great as has been reported we know that the Mayor will not allow it to be continued.

The New Berne Collegiate Institute has its pupils to make practical application of their studies. Prof. Thomas has an arithmetic class that has just reached the subject of mensuration, and he had all its members to take measurements of both the buildings and the campus, draw diagrams of them and calculate their dimensions separately and collectively. We have seen two of the diagrams, those drawn by Masters Geo. B. Waters and Claud Gaskins. They are neatly executed and reflect credit on these students and on the training given at the Institute.

Personal.

Mr. E. F. Small, representing "Kings Royal Germetuer" at Atlanta, Ga., is in the city. Mr. Small is a native of Beaufort county and lived in New Berne in 1868. He is a clever gentleman and is traveling in the interest of "Germetuer," a remedy that has been accorded very high praise.

Messrs W. S. Fields and J. W. Sutton, of Kinston, are registered at the Albert.

Mr. Hugh Holland, book-keeper for E. B. Watts & Co., of Winston, and Mr. Allie Powell, of Trinity College, came home last night for a visit to their relatives.

The family of Mr. J. B. Watson, came in, moving back from Kinston to New Berne.

Mr. Geo. Henderson, agent of the E. C. D. line, returned home yesterday on the steamer Neuse. A party of gentlemen came in on her as invited guests, and were taken out driving in the afternoon by Mr. Henderson and shown some of our fine truck farms. The following is a list of them: F. D. Howell, Claim Agent P. R. R.; E. G. Dixon, Division Freight Agent P. R. R.; E. W. Coffin, Division Freight Agent C. A. and West Jersey R. R.; Geo. Stephens, Division Freight Agent P. W. B. R. R.; R. B. Cooke, General Freight Agent N. Y. P. and N.; Wilmer Palmer, P. R. R.; H. G. Morse, President Edge M. Bridge Works; Preston Lea, President Union National Bank; Col. W. A. LaMotte, Treasurer Farmers Insurance Company; Col. C. C. Febiger, President Delaware R. R.; W. J. Porter, President J. M. Poole Company; M. K. King, General Manager N. S. R. R.; Col. H. C. Hudgins, General Freight Agent N. S. R. R.; C. E. Davis, N. S. R. R.; T. J. Lapsley, of Baltimore; F. C. Swanson, Electrician; E. T. Warner, Vice-President Wilmington Steamship Company; E. Andrews, Auditor Wilmington Steamship Company.

A Big Tobacco Fire—Two Men Killed. DETROIT, Mich., Dec. 3.—At 2 o'clock this morning fire started in the fine-out department of the immense tobacco manufacturing establishment of Daniel Sooton & Co., at Fort and Campan streets, this city. A heavy fall of snow prevented prompt attendance of the fire department, and when a sufficient force was on the ground the fire had gained great headway. While the firemen were fighting the fire, the wall fell before all could get away. Pipeman Robinson and Patrick Coughlin were buried in the debris. Robinson was dug out dead. Coughlin was taken out alive with his head crushed, and he died at the hospital in an hour. The fire was still smouldering at 10 o'clock this morning. The big building had been destroyed with a loss of \$100,000, while \$200,000 more in stock and machinery were lost. The fire throws 400 hands out of employment, but the place will be immediately rebuilt.

CHILDREN ENJOY The pleasant flavor, gentle action and soothing effects of Syrup of Fig, when in need of a laxative, and if the father or mother be constipated or bilious the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle.

ARRIVAL OF THE "NEUSE."

Welcome to this New and Elegant Steamer.

The handsome steamship just built for the E. C. D. line arrived here yesterday about noon, which was a little earlier than was expected. Many were looking for her, and it was not long before the news of her arrival spread all over the city and crowds of eager visitors from every direction could be seen wending their way in that direction to get a view of her, and she elicited expressions of admiration from all who saw her. The question, "Have you seen the new boat?" could be heard over and over in every part of the city, and we expect if she was to remain here today the rush would be greater than it was yesterday, but she will not be here as she leaves this morning at 5 o'clock for Elizabeth City; but she will be back here by Sunday and will begin running regularly next week. She will start from New Berne on her first regular trip next Wednesday at 6:30 p. m. It is expected that thirteen hours will be her average time between New Berne and Elizabeth City. She made the trip this time in fourteen hours, though she delayed some on the way.

Her officers are, Captain, Peter Davis, formerly captain of the steamer Eaglet, first mate, John D. Hall, formerly captain of the steamer Vesper; second mate, Louis Angell, former mate on the steamer Eaglet; Purser, N. C. Hughes, of New Berne; chief engineer, John Davin, former engineer on the steamer Vesper.

She is beautifully finished, well arranged, richly furnished, and has every convenience desired by passengers; is lighted by electricity and heated by steam throughout, and has a powerful revolving electric light towards her front, by the aid of which objects can be discovered at a great distance ahead. She is licensed to carry 200 passengers, and her freight facilities are ample. Her hold will contain 300 bales cotton, and her main deck 500 bales.

She is a splendid boat in every way and one of which New Berne may justly be proud.

We publish below what the Norfolk Virginian had to say of her when she arrived here:

Yesterday morning at 10 o'clock the propeller Neuse, a handsome iron hull freight and passenger steamer built by the Harlan & Hollingsworth Company, of Wilmington, Del., for the Wilmington, N. C., Steamship Company, forming a part of the Eastern Carolina Dispatch Line, attracted considerable attention as she came into the harbor with flags and bunting streaming. She will ply between New Berne and Elizabeth City, N. C., in connection with the Norfolk Southern and Atlantic and Atlantic and North Carolina Railroads, Goldsboro and the South via New Berne from all points North. She is 200 feet long, 30 feet beam, 11 feet depth of hold, and is propelled by two triple expansion condensing engines 12 by 20 by 30 with two steel boilers, each 20 1/2 feet long and 96 inches in diameter, capable of sustaining a pressure of 160 pounds to the square inch. Her tonnage is 720.18 gross and 487.04 net. The interior arrangements are comfortable and complete. The main saloon on the hurricane deck is 125 feet long and bordered on either side by fourteen staterooms, two of which contain handsome fitted bridal chambers. The smoking room, dining saloon and main saloon are furnished with plush-covered furniture, and trimmed in buttonwood. In addition to the 28 staterooms there are 92 berths. The courteous master, Peter Davis, is assisted by J. D. Hall, first officer, two engineers, and a crew of fourteen. Life boats, rafts, preservers everywhere abound, and in a case of accident to one engine and boiler, she can still travel 13 knots per hour under the other. The vessel made the trip from Wilmington, Del., to this city, stopping at no intermediate points, in 20 hours, coming in through the Cape. She carries a number of guests who expressed surprise at the busy appearance along our water front. The Neuse will go regularly on the route Sunday next.

Rev. Sam. P. Jones Talks Out.

We are in receipt of a letter from the above world renowned evangelist, from which we take the following extract:

"I returned from Tyler, Texas, on March 19th. I find my wife has been taking Royal Germetuer two weeks, to the great upbuilding of her physical system. She is, now almost free from the distressing headaches with which she has suffered for twenty years. Surely it has done wonders for her. I wish every poor suffering wife had access to that medicine."

Later he writes: "My wife who was an invalid from nervous sick headaches has been entirely cured by six weeks' use of Dr. King's Royal Germetuer. Her health is perfect. In three weeks two of my children were cured completely of nasal catarrh. IT IS TRULY A GREAT REMEDY." Dr. King's Royal Germetuer is a boon to women. It builds up their strength, increases their appetite, aids digestion, relieves them of the cause of disease, and insures health.

An Act Regarding the Oyster Interest.

The following bill, looking to the oyster interests of North Carolina, has been prepared by one of our citizens and will be presented to the next Legislature:

An Act to Protect Oysters and to Encourage the Cultivation of the Same.

The General Assembly of the State of North Carolina do enact, and it is hereby enacted by authority of the same.

SEC. 1. That from and after the ratification of this act it shall not be lawful for any person or persons to remove in the shell, beyond the limits of this State, any oysters unless the same shall have been planted in some private oyster beds in this State for the space of at least two years prior to their being removed, and in no case shall it be lawful to remove any oysters in the shell out of the State under two and one half inches in length.

2. That from and after the 1st day of May, A. D. 1891, it shall not be lawful for any person or persons to take from the waters of North Carolina any oysters between the 1st day of May and the 1st day of October in each and every year, from the natural beds or rocks of the State, except for the purpose of returning, or planting them, or for selling them to be planted in some of the private oyster beds in the State of North Carolina.

3. That it shall not be lawful for any person or persons to buy or sell any oysters taken from the waters of this State, unless the same shall not be less than two and one half inches in length; provided, that this shall not apply to oysters taken to be returned to the waters of the State, or to be planted in some private oyster beds in the State, or to be sold for the purpose of being planted in this State.

4. That any person or persons offending against the provisions of the above act, engaged in taking, buying or selling any oysters contrary to the provisions of the above law, shall be deemed guilty of a misdemeanor, and on conviction thereof each and every person so engaged shall be fined five dollars for each and every bushel of oysters so taken, so bought or so sold.

An Outrage.

EDITOR JOURNAL.—Passing along Pollock street, Tuesday night, I had my attention attracted to a most hideous babel of voices which sounded out upon the night air much in the same manner as an Indian war-dance, with its whoops and outlandish shrieks. It did not require much effort to discover the cause of these noises. A "merry-go-round" man had established himself on the vacant lot on Broad street, between J. W. Stewart's livery stables and the Salvation Army barracks. Here for six nights in the week he professes to serenade the public.

This, perhaps, is one of those things to which the public, in its good nature, may be willing to submit. But alongside of this howling crowd is a place of religious worship, in which assemble nightly the humble portion of our community to offer unto God their tributes of prayer and praise. Since the coming of the "merry-go-round" man, all attempts to hold religious services have been well-nigh impossible, so deafening have been the yells, etc., of the "uninterrified" who patronize the "merry-go-round."

Whoever of the city officials have the licensing of such establishments is guilty of a gross injustice to the citizens who worship at this place. They are entitled to the same consideration that would be shown citizens occupying higher positions in society. As it is self-evident to all that no "merry-go-round" man would be granted privilege to erect a tent alongside the Presbyterian, Baptist, Methodist or Episcopal church, the unjust discrimination is a glaring fact. Simple justice demands that this outrage be immediately prohibited.

The Soldiers' Home.

The executive committee of the North Carolina Veterans' Association have established a "Soldiers' Home" at Raleigh. Already the "Home" has been opened and several disabled worthy Confederate soldiers are being provided for. More are seeking to be admitted. The committee, with an abiding faith in the love that the good people of North Carolina cherish for the old and disabled "confeds," have risked the establishment of a "Home," relying upon the generosity of a sympathizing public to sustain it. I do not believe that the committee have placed a false estimate upon the affections of the people of North Carolina respecting the Confederate soldiers. In the hour of our country's need, they left all to follow her flag. Now in their distress I believe the good people of the State will help to maintain those stricken and disabled in a cause we all loved but was lost. I feel that the interest of the "Home" commends itself to every one, but especially do I appeal to the women of North Carolina to make the "Home" the special object of their care. The "Home" has no certain fund to rely upon for support. We have laid the foundation stone of the "Home" upon the loyalty of North Carolinians to the cause of the noble and good, and with faith in God that He will maintain the right.

I appeal especially to the ladies. Help the "Home." Give some sort of an entertainment, and send the proceeds to Mr. W. C. Stronach, Treasurer, Raleigh, N. C. You will be most agreeably surprised, I am sure, at the readiness which you will find on the part of the public to encourage and patronize you. The ladies of Raleigh and Durham, and may God bless them, have already been of most substantial benefit in this direction and placed the management under lasting obligations. May I ask that the ladies of New Berne do likewise? Believing that this appeal will not pass unheeded, and asking the blessing of a true God upon any

and all who manifest an interest in a cause that is dear to every true Southern heart, I beg leave to subscribe myself
J. S. CARR.

A Local Item of Interest to New Bernians.

Mrs. Cullen A. Battle, of this city, states that after suffering for many months with neuralgia she was advised by friends to try Dr. King's Royal Germetuer, when she purchased one bottle, which entirely relieved her, and confidently believes a few bottles will cure any case of the same.

SHIPPING NEWS.

ARRIVED.

Steamer Neuse, of the E. C. D. line, with passengers.

Steamer Stout, of the Clyde line, will arrive tonight.

Steamer Vanceboro will sail for Vanceboro at 8 o'clock this morning.

"Just as Good."

Say some dealers who try to sell a substitute preparation when a customer calls for Hood's Sarsaparilla. Do not allow any such false statements as this induce you to buy what you do not want. Remember that the only reason for making it is that a few cents more profit will be made on the substitute. Insist upon having the best medicine—Hood's Sarsaparilla. It is Peculiar to Itself.

Children Cry for Pitcher's Castoria.

A gentleman called at my store today to buy two pair of shoes, and wanted to take them up for his wife to look at them. Says the proprietor, "if you want them you must pay for them, and if they don't suit you can get your money back." The gentleman went off very much indignant. Now, gentlemen, if you want Big Ike's goods you must pay for them before you carry them off.
