Since your correspondent gave the facts regarding Dr. Machne and the Georgia senatorship there has been a great deal of comment on what was thus revealed. There are very plain intimations that Dr. Macune will have to defend himself from these very grave charges. Col. Polk came ont of this particular matter with clean skirts, his friends claim, but the statements current have, in many cases, deepened the animosity against him. Two Thousand Miners Strike.

FAIRMONT, W. Va., Dec. 11.— Evictions of stricking miners were begun at the Monongahely mines today. The strike has become alarming in its proportions. The men at the Monta and Despard works have joined the strikers, and over two thousand men are now out. The strike is against a reduction of five cents per ton. The mines are controlled by a syndicate, in which ex Senator Camden, Governor Fleming and Senator Gorman, of Maryland, are largely interested.

If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. Hood's Sarsaparilla is a peculiar medicine, possessing, by virtue of its peculiar combination, proportion, and preparation, curative power superior to any other article. A Boston lady who knew what she wanted, and whose example is worthy imitation, tells her experience below:

"In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me buy their own instead of Hood's: he told me their's would last longer; that I might take it on ten days' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I knew what Hood's Sarsaparilla was. I had taken it, was satisfied with it, and did not want any other.

When I begen taking Hood's Sarsaparilla I was feeling real miserable, suffering a great deal with dyspepsia, and so weak that at times I could hardly stand. I looked, and had for some time, like a person in consumption. Hood's Sarsaparilla did me so much good that I wonder at myself sometimes, and my friends frequently speak of it." Mrs. ELLA A.
