It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which developes ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can CURED It Be

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have falled, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. "My daughter Mary was afflicted with scrof-

nlous sore neck from the time she was 22 months old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a rigeon's egg, became a running sore for over three years. We gave her Hood's Barsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLILE, Nauright, N. J. N. S.
