INSANITY seems to be on the increase in France. It is said the government is considering a tariff law which is worse and more edictic than the McKinley monstrosity. —Wilmington Star.

SENATOR STEWART, Republican, has made a strong speech in the Senate in opposition to the Force bill. He maintains that any attempt to execute it in the South would be disastrous to both races.

AN Omaha dispatch of the 19th says: "The hostiles are in the Bad Lands, about sixty miles to the northwest. There are not more than 500 fighting men. Gen. Carr is close in their rear and their case is hopeless."

DE. GALLINGER expects that the New Hampshire Legislature, when it meets in January, will promptly proceed to elect him United States Senator. The election of Gallinger to succeed Boanerges Blair would be a severe blow to Senator, Chandler.—New York Star.

THE Baltimore Herald says: "Mr. Hoar, the venerable but most jaundiced atabulous Senator from Massachusetts, views the Southern horizon through red spectacles. Everywhere there is blood, Mr. Hoar should remove his spectacles. The South is at peace with itself and all the world."

DUBLIN, 19.—Michael Davitt, in a telegram denying that lime was thrown at Parnell at Castle Comer on Monday last, says that the truth is he was pelted with flour and mud by the women and girls of the place. The lime throwing story, is Parnell's latest disgusting dodge to evoke sympathy and divert peoples minds from the real issue.

THE trains are bringing in the darkies from the turpentine farms of Georgia, every day now, to spend the Holidays at their old homes. It is a real circus every evening to witness them being welcomed back, by their friends and relatives, with rousing smacks and regular old fashion bear hugs. The nigger is a curious creature, sure.—LaGrange Spectator.

THE Chinese lilies, which are becoming quite a popular flower in our American homes, are regarded by the Chinese in rather a superstitious light. If the plant blooms before the Chinese Xmas, which is in February, it means good luck to all in the household; if it fails to bloom before their Xmas tide it portends bad luck. Let us hope the Chinese lily will bloom on time for everybody's Christmas, this year.—Charlotte Chronicle.

LOCAL NEWS.

BARGAIN STORE—Puck. C. B. HILL—Cleopatra at auction. S. R. STREET—To pay assessments. J. L. TAYLOR—Reduced price, etc. HACKBURN THE GROCER—Is enough. BELL THE JEWELER—Announcement No. 3.

OTTON.—New Berne market—Sales of 45 bales at 7 1/4 to 8 1/2.

Quite a large party of young ladies and gentlemen were out horseback riding yesterday afternoon and they all appeared to have had a delightful time.

A negro boy struck one of the tame squirrels at the cemetery with a stick Sunday while he was playing on the fence, injuring him so that he is not likely to live.

Mr. F. E. Morton requests that all Collegiate Institute music scholars will please report at their usual hour at the music rooms on Monday and Tuesday, Dec. 29th and 30th.

Mr. Brice Rowe, of Swift creek, had a horse to die last week that was 26 years old and was serviceable at regular farm work until he died. Mr. Rowe raised him from a colt and owned him the whole time.

A few days ago the dwelling of S. Ohio Wilson, of Wake, who is the traveling representative of the State Alliance business agency, caught fire. Mr. Wilson, while trying to put out the fire, fell from the roof, and is seriously hurt.

There will be a festival and basket party at the Croatan Presbyterian church new year's night to raise money for painting the church. Everybody is invited to come with good appetites and plenty of cash. One of the features of the festival will be the selling of pretty girls to the highest bidder.

The repeated entertainment at the theater Monday night by the pupils of Vance Academy for the benefit of the Orphan Asylum was greeted with a good and appreciative audience. There were a number of new features brought out which added much to the occasion. The improvement over the previous evening was very noticeable.

Sneak thieves are making trouble again. We have heard several accounts of their depredations. Mr. Eugene Tucker had five chickens stolen from his coop Sunday night, and the kitchen of one of our citizens was raided one night last week and all the food and crockery stolen. There have been other similar cases. We have a Mayor that will things warm for them if he once gets a chance to do so.

A Handsome Monument. Another fine monument has been placed in Cedar Grove cemetery by Mr. J. K. Willis. It is to the memory of Mr. John L. Jordan, the lamented only son of Col. J. V. Jordan, who was accidentally killed while hunting two years ago.

In one point this monument differs from any other now in the cemetery. All others are plainly finished at the point of contact between the die, or upper portion of the monument and the sub-base or lower portion. In this one, both the die and sub-base taper inward for a short distance and are nicely molded from the points at which they begin to close in towards each other to where they meet, which has a very pleasing effect.

The corners of the monument are so cut away as to make the four faces or places for inscriptions narrow gradually towards the top, each of which has a gable finish, and they are relieved at each corner by a pretty drop ornament supporting the shoulders on which the gable rests. At the bottom, the faces

are finished with a semi-circle in the center. At the top of the monument is a graceful urn and the family name, JORDAN, rests on the first sub base. The entire monument is unique and symmetrical in design, superior in finish, beautiful in effect, and adds much to the nice appearance of that part of the cemetery.

Personal. Mr. F. W. Hancock, who has been visiting his relatives in the city, went up to Tarboro yesterday morning. He will return to New Berne the latter part of the week.

Mr. W. H. Oliver went down to Beaufort on an insurance business trip.

Mr. Wiley Jones, a former typo of the JOURNAL, now of the Progressive Farmer, came down last night to spend a few days visiting his relatives and friends in the city.

Immigration Convention at Asheville.

EDITOR JOURNAL.—The Inter State Immigration Convention, assembled at Asheville, N. C., was composed of delegates from fourteen Southern and Western States, and was, beyond doubt, the ablest body of men ever assembled in the South. What good may result, time alone can reveal, but I am clearly of the opinion that no event has ever taken place in the South that will be so far reaching in its effects, and so beneficial to our Southland as this convention will prove to be, if the plans decided upon be fully carried out. Our State is now girding her loins in the great race to prosperity and power, and the people of the West "are up and doing."

I found upon my arrival at Asheville that nearly every part of the State was advertised; printed matter and illustrated descriptive pamphlets and newspapers were freely distributed; but I saw none from New Berne. We live, Mr. Editor, in the very best portion of the State; nature has been more lavish in her gifts to the Neuse and Pamlico sections than to any other portion of the State. Our supply of fish and oysters is unlimited, we can raise three crops a year, fertilizers are to be found in every swamp, our marl beds can supply the world, and such is the topography of the country that no farm can be located in our section that would involve the necessity of more than six miles cartage to reach water or railroad transportation.

We can raise successfully and profitably all the cereals of the world, and our land will grow clover luxuriantly; all kinds of vegetables, when cultivated properly, attain enormous size; no country in the world can grow better potatoes of all kinds than are raised in our section, and we have better tobacco lands than can be found anywhere in the State.

With these facts staring us in the face, I ask, "why stand we here all the day idle? why not let the world know what our portion of the State is. The Gods help those that help themselves." I suggest that a meeting of the Cotton and Grain Exchange be called, and an invitation to all citizens who are interested to meet with the members of the Exchange and fix upon some plan to let the world know the advantages of our section. Capt. S. H. Gray and Mr. Wm. Dunn have been thoroughly informed by Mr. Patrick, chief of the Immigration Bureau, as to the modus operandi of advertising each section of the country. The plan was well considered before adopted and is effective and cheap. Either of these gentlemen will explain the plan at the next called meeting of the Cotton and Grain Exchange. Two of our delegation were appointed upon important committees, Mr. J. J. Wolfenden and Dr. John S. Long. Yours, J. H.

THE UNWRITTEN LAW.

A MAN WHO KILLED HIS WIFE'S SEDUCER IN MISSOURI JUSTIFIED IN HIS ACTION BY A GRAND JURY.

NASHVILLE, Dec. 20.—It will be remembered that sometime ago H. E. C. Foster, attorney of Hernando, Miss., shot and killed another attorney, C. E. Bryce, owing to domestic troubles, in which the name of Foster's wife was implicated. After thoroughly investigating the case, the jury declined to return an indictment against Foster, on the ground that he acted the part of a "s-m-alts and sane man, who vindicated the law and acted in accordance with the sentiment of every honorable, brave, noble and virtuous man."

THE INDIANS.

The News Rather More Interesting and Apparently More Reliable. MINNEAPOLIS, Dec. 20.—The Journal's Rapid City, S. D., special says: Gen. Miles has received advice from Gen. Brooks, that five hundred friendly Indians left Pine Ridge yesterday to attempt to bring in the hostiles.

A dispatch from Lieutenant Colonel Drum, at Foord Gates, announced that the Indians there were quiet. Thirty more of Sitting Bull's Indians, who left the Agency Monday, have sent in word that they will return.

Gen. Carr has thrown out a cavalry force to intercept the band now reported moving across the reservation to Bad Lands. If the force fail to intercept them they will be pursued and arrested.

Gen. Miles says no advance will be made until the result of the Pine Ridge embassy is known. Big Foot and Hump surrendered and returned to the Agency. No Indians except the band mentioned are now going to the hostiles, and the cordon is constantly tightening.

Gen. Miles discredits the report of a large band of Indians in the vicinity of Crook, on Little Missouri river.

No further engagement reported from lower ranches. The Government herd has been located at Alkali Creek, and a force of twenty men leave here today to round it up.

Five companies of the 17th Infantry, from Fort Russell is expected here this afternoon and will alone follow the forty-five Cheyenne Scouts from Pine Ridge who started for Cheyenne this morning.

The available force along Cheyenne under General Carr is about one thousand five hundred.

Colored School Committee.

EDITOR JOURNAL.—Ninety-five per cent of the colored population of the 8th school district is desirous that the county board of education appoint for the colored race a colored school committee. Ninety-five per cent of the white race if not all, certainly have no objection, and I suppose are heartily in favor of the move.

We learn that the colored people have out a petition favoring the appointment of a colored committee.

We learn that our worthy board of education will not for one moment hesitate to give each race a school committee if properly petitioned.

Is there any reason why the whites should refuse to give the colored people a school committee, when competent men can be selected? Why, no! We learn that our county superintendent and our whites generally favor the move giving each race a school committee. "There are a few colored 'croakers'" out of every hundred who will raise this point, "The whites pay the taxes! The whites pay the taxes!" and they ought to control it.

But the thousands of dollars the colored race pays for State taxes in a general way and has no voice in controlling the same and in fact does not get any direct benefit from it. These croakers blindfold themselves on this big mountainous point.

Well, to satisfy you I will put the appointment on the ground of paying taxes.

"Annual Apportionment"—School district No. eight January, 1890, colored, \$1,032.

We have 1,317 colored polls in the 8th district paying \$1.50 each, and \$238,118 worth of property paying 12 1/2 cents on the one hundred dollars valuation.

The "croaker" says I did not know this! Granting that every poll pays, the colored people of the 8th district pay annually \$2094.08 school taxes. And on property \$290.14. Grand total \$2381.22.

County superintendent and worthy members of the board of education, with this showing do you not think we are entitled to a school committee? **MANY COLORED VOTERS.**

Cleveland our Next President.

The signs of the times show plainly that Grover Cleveland will be our next President, and the greatest evidence of the fact is that Big Ike, the Clothing man, has equipped his force of seven clerks with Cleveland white beaver hats, which they will wear in all parts of the city during business hours, and any one striking or knocking off and damaging one of these hats in any way will be prosecuted to the fullest extent of the law. Two of Big Ike's clerks are small boys, and it would be well for all the parents of New Berne to notify their boys that there is trouble ahead for them if they trouble one of these boys in any way. Parents, take warning and keep your boys out of trouble and raise them right.

There's the Dinner Bell.

What a clattering and a chattering as the children answer the dinner bell and rush into the dining room. Oh! the gratification a good appetite affords as our noon day's meal is set before us. But this vacant chair, what does it mean? "Oh, that is Uncle Charley's seat. Guess he don't feel like eating, he's got dyspepsia, you know." Dyspepsia! horrible! Deliver us from dyspepsia. What's the use of being plagued with such an ailment anyway? What's the use having a stomach so irritated and sore that even one bite of food gives it distress? Why not heal the soreness and allay the irritation and strengthen its muscular processes, by using Botanic Blood Balm? Will it cure? It certainly will. Many a former dyspeptic owes his enjoyment of life to B. B. B. Give it a trial.

B. J. Chandler, Richmond, Va., writes: "No one can afford to be without B. B. B., who wishes an appetite. I could scarcely eat a single biscuit for breakfast, but after taking B. B. B. I also ate the whole table, so to speak."

For bracing up the nerves, purifying the blood and curing sick headache and dyspepsia, there is nothing equal to Hood's Sarsaparilla.

DIED. At his residence on King street in this city, at 3:30 o'clock, Sunday morning, Mr. J. Gooding, aged 62 years.

Mr. Gooding was a native of New Berne and entered the drug business here about forty years ago and continued in it until he became as good a druggist as there was in it and one of the prominent ones, being continuously in the business for about forty years, with the exception of a short period during the war. He was a modest, unassuming man, correct and upright in his dealings, and a pleasant, kind hearted companion and neighbor. These qualities won for him many friends and we have yet to hear of a single person who had any dislike towards him. Rest in peace.
