**CHIEF GALL**, who succeeds Sitting Bull as head of the Sioux Nation, led the Indians in the battle that brought defeat and death to Custer. He is not only fond of fighting, but is capable of handling a body of Indians successfully when in the field, and has frequently exhibited the qualities of generalship. He is, moreover, an Indian of some honesty.

The **manned fruits and meats** exported by the United States have improved thirty per cent in the last two years, and are again being largely purchased in coun-

tries which had almost outlawed them, announce the Detroit Free Press. Packers found that adulterating their goods, in haste to get rich, simply killed a market in one season, and only first class goods are now shipped.

It is said that the Illinois airship has materialized. A thirty foot model has been completed, which they say works tip top. It will carry two passengers. The inventors have a contract to exhibit it for twelve weeks, for which they are to receive \$100,000. It will do its flying around in the Exposition grounds. When they get this ship O. K. some Chicago man ought to strike out and put in a pre-emption claim on the North Pole before those European balloon excursionists get there.—Wilmington Star.

**Outside Help Called On.**

Judging from appearances North Carolina is unable to cope with the oyster disturbances, or what purports to be. First, South Carolina was asked for cannon to drive the pirates from the oyster grounds, and now a detachment of artillery from Virginia, the very State from which a large portion of the pirates hail, has been called upon to join the Elizabeth City military company, and are now cruising in Pamlico sound.

This is no intimation that the sons of the Old Dominion would not be true to their trust, (we understand they were eager to come) but it reflects on the inefficiency of our State to protect her own interests. It is indeed gratifying to us to know that it was a mistake about importing a military to our rescue when such efficient companies as the Pasquotank Rifles and the Washington Light Infantry are stationed at almost the very seat of the disturbances.

We regret that New Berne is without a military company to do duty in protecting the interests of the State.

## Extension of the A. & N. C. R.

The railroad meeting at Goldsboro yesterday was called to order by Mayor C. A. Battle, of New Berne, on whose motion Mayor J. E. Peterson, of Goldsboro, was made chairman of the meeting.

On motion of Col. J. D. Whitford, of New Berne, Messrs. T. H. Bain, of Goldsboro, and H. B. Duffy, of New Berne, were elected Secretaries of the meeting.

The chairman made some explanatory remarks as to the objects of the meeting, after which Mr. I. F. Dortch, of Goldsboro, moved that one delegate from each town represented be appointed a committee to retire and report resolutions as to the wishes of the meeting, whereupon the following were appointed: Messrs. W. L. Arendell, of Morehead City; L. A. Potter, of Beaufort; Capt. S. H. Gray, of New Berne; Dr. J. M. Hadley, of LaGrange; I. F. Dortch, of Goldsboro, and S. H. Abbott, of Kinston.

They reported resolution to memorialize the Legislature to allow the extension of the A. & N. C. R. R. from Goldsboro to Charlotte or some point on the South Carolina or Tennessee line, which motions were adopted on motion of Col. J. D. Whitford.

Mr. I. F. Dortch moved that each delegation hand in to the Secretary the names of three for the purpose of going to Raleigh and memorializing the Legislature.

Col. J. D. Whitford and Capt. S. H. Gray and Alex. Miller were the members of the committee appointed from New Berne.

On motion, the mayors of each town represented were added to the committee.

On motion, the secretaries were directed to send His Excellency Gov. D. G. Fowle and Mr. W. S. Chadwick, President of the A. & N. C. railroad, a copy of the resolutions, after which the meeting adjourned.

## WAR ORDERS.

A DETACHMENT OF THE BLUES TO PROCEED TO NORTH CAROLINA.

There were war preparations going on at the armory of the Norfolk Light Artillery Blues last night, orders having been received from military headquarters at Richmond directing that a detachment of the Blues proceed to Elizabeth City, and report to Colonel Wood, of the North Carolina State troops, for duty in suppressing the oyster pirates from the sounds of that State. Captain M. C. Keeling received the orders by telegraph yesterday morning, and went to work at once to obey them. A meeting of the company was held last night, and a detachment selected and drilled for the service. There was a willingness on the part of the entire company to go, and some were anxious. As only a detachment could be sent, ten men were selected from those who could be best spared from their business. Sixty rounds of ammunition and one cannon will be carried. The powder was on hand and sixty shells were received from Richmond last night by express. Captain Keeling will go in command, and the party will leave this morning at 9:45 o'clock, on the Norfolk Southern train. It will be composed of the following: Captain M. C. Keeling, commanding; Sergeant Edward Brockenbrough, Gunner; C. L. Foster, Corporal; W. R. Day, Quartermaster; C. G. Scott, Privates; W. E. Halstead, D. W. Lindsay, W. L. Moore, W. H. Hall, Ned G. Russell and W. D. Buckner. The boys who are going seemed to enjoy the fun of drilling last night and were in high spirits. The sending of this detachment was in response to a request of the Governor of North Carolina upon the Governor of Virginia.

**No Appropriation for Chicago.**  
MEMPHIS, TENN., January 21.—In the Tennessee Legislature at Nashville today Mr. McGorkle introduced the following joint resolution, which was adopted unanimously under suspension of the rules:

Whereas we view the introduction and prosecution of the election law or force bill by the Federal Congress as a declaration of war on the social and financial interests of the South; therefore be it

Resolved, That we postpone action on the bill to appropriate \$250,000 to make an exhibit of Tennessee's resources at the Columbian Exposition to be held at Chicago in 1893 until the final disposition of said force or Lodge bill.

## PROPOSED OYSTER LAW.

Recommended by the Oyster Conference held in this City Tuesday, Jan. 20. 2

We give below a synopsis of the bill adopted for recommendation to the Legislature by the oyster conference of delegates from the oyster-growing counties held in this city Tuesday. The bill was forwarded to the General Assembly last night. It provides as follows:

**SECTION 1.** Provides for the election of board of shell-fish commissioners, one member to come from each oyster-growing county.

**SEC. 2.** Provides for organization and meetings of the board, which shall be held once a quarter in New Berne.

**SEC. 3.** Provides for the compensation of the board which is practically the same as that of the board of agriculture.

**SEC. 4.** Relates to the dates of the board which consists, generally speaking, in supervising and controlling the natural beds of the State. In addition they are to appoint patrolmen and inspectors as may be necessary, and also a sub-commissioner for each county.

**SEC. 5.** Relates to the duties of the chairman of the board of commissioners. He is to be the executive officer of the board and the chief of the patrol, and to have general charge of the office. His duties are analogous to those of the commissioner of agriculture.

**SEC. 6.** Relates to the organization and duties of the sub-commissioner for each oyster-growing county. The sub-commissioners are to have immediate charge of the beds in their counties.

**SEC. 7.** Specifies the duties of inspectors. They are to inspect all oysters offered for sale in large quantities at factories, and see that the section relating to oulting is observed.

**SEC. 8.** Specifies the duties of patrolmen, which are about the same as provided by the present law.

**SEC. 9.** Provides that the commissioners and sub-commissioners shall have exclusive jurisdiction to hear cases arising under the oyster laws, and when necessary bind over arrested persons to appear before the Superior Court.

**SEC. 10.** Provides that all persons arrested under the oyster laws shall be brought before a commissioner or sub-commissioner.

**SEC. 11.** Provides that the costs of prosecutions shall be defrayed from the oyster fund.

**SEC. 12.** Prohibits taking oysters except for planting during the summer. Penalty: fine \$100 to \$500, or imprisonment from 30 to 90 days or both; one-fourth the fine to go to informant.

**SEC. 13.** Prohibits taking oysters shall be culled on the beds, and makes it unlawful to move oysters less than two inches in diameter except for planting. Penalty: fine of from \$200 to \$500, or imprisonment 3 to 6 months or both; one-fourth the fine to go to informant.

**SEC. 14.** Prohibits sale of oysters in greater quantities than ten bushels in a day, unless inspected by an inspector. The inspector is to dump one bushel in every fifty, and the quantity of oysters less than two inches in diameter is to be deducted from the load before payment; when that quantity exceeds ten per cent the sale of the load is prohibited except for planting. Penalty: for having over 10 per cent of small oysters, fine of from \$100 to \$500, imprisonment 30 to 90 days, or both. This section does not apply to oysters for planting.

**SEC. 15.** Prohibits transporting oysters from natural beds out of the State unless they have been planted two years on private grounds. Penalty: fine from \$200 to \$500, imprisonment 6 to 12 months, or both; one-fourth the fine to informant, and forfeiture of the load of oysters to the State.

**SEC. 16.** Prohibits, under all circumstances, any but bona fide citizens of the State from working on the natural beds. Penalty: fine \$100 to \$500, imprisonment 30 to 90 days or both; one-fourth the fine to informant.

**SEC. 17.** Prohibits vessels or boats from taking or carrying oysters from the natural beds without license. Penalty, forfeiture of boat to the State.

**SEC. 18.** Specifies the method of obtaining license, and requires owner to make oath that he is a citizen of the State and the vessel owned in the State.

**SEC. 19.** Prohibits tonging without a license, and lays a tax of \$3 per annum on each pair of tong.

**SEC. 20.** Lays a tax on boats and vessels as follows: \$3.50 for boats under five tons, for five tons and over, \$5; and 50 cents for every ton over five.

**SEC. 21.** Requires all moneys derived from the operation of the oyster law to be paid into the State treasury and kept apart to defray the expenses entailed by the law.

**SEC. 22.** Appropriates such sum as the Legislature may allow to defray expenses until revenues are derived.
