**THIS** is the last week of the legislative session, for though nominally it does not end until next Monday at noon, yet really it will end Saturday night. Some very important matters come up this week. Among these are the Wilmington and Weldon and the Petersburg railway charters, the Chicago exposition appropriation, the appropriations for the State hospitals, the geological survey, the bureau of immigration and the institution for the deaf mutes, the election of railway commissioners, the Congressional redistricting and the election of justices of the peace. It will be far the busiest work of the entire session.—Wilmington Messenger. feb18 1/2

The object of the convention is to promote Sabbath School interests by having workers to exchange experiences and adopt the most effective methods. feb18 1/2

**Reckless Driving.**  
There are some drivers in the city who put pedestrians in jeopardy. Speed should always be moderated at crossings, in turning corners and in emerging from alleys. A small child or a baby carriage could scarcely be gotten out of the way in time to prevent an accident if surprised by a vehicle at such a place at the rate at which they are sometimes driven. We have several times heard of narrow escapes. Some serious accidents have occurred in the past, as our readers know, and a colored woman was knocked down on Broad street Monday by a vehicle driven by a colored man. Happily, however, she sustained but little injury. Drivers remember and respect the rights of those on foot. feb18 1/2

**The Mayor requests us to say:** The man, woman, or child who is on a public crossing has the right of way in preference to the driver of a vehicle. Drivers must observe this and act accordingly. All drivers must "slow up" at crossings. feb18 1/2

**Nearly a Serious Accident.**

The distance and manner in which some of the steps in the city project over the sidewalks render any passer on a dark night, who is not acquainted with the surroundings, liable to an accident. An elderly Connecticut gentleman who is spending some time in the city on a pleasure trip fell over some stone steps on Craven street and narrowly escaped serious injury. It might cause to much inconvenience and expense to remove the steps in existence that take up portions of the sidewalk, but we hope that no more will be built thus. If the sidewalks were of uniform width, with no obstructions, it would be a great improvement to the city. We wish that some way could be devised to remove such steps, cellar doors, etc. that are an annoyance and a nuisance to those using our sidewalks. Perhaps while the street improvements are going on something might be done to lessen the evil. feb18 1/2

**Card of Thanks.**  
I desire to extend thanks to the firemen and citizens generally for their aid in saving my property from the flames Saturday. L. J. TAYLOR. feb18 1/2

**Account of the Fair Not Full.**

Our Fair has assumed immense proportions, and it is difficult for one who attempted a write-up of it to avoid passing by many interesting portions unintentionally. In addition to that, the size of the JOURNAL permits only so much matter to go in daily. During the entire Fair we left out personals, shipping and some other news that we would have given in an ordinary time, that we might have more space to devote to the Fair. We gave it as much room as possible. Still there was much in regard to it that we failed to get in. Notices of features that were worthy of a half column had to be condensed to about half a dozen lines in order to get around to all the departments at all. There was not a single department, and scarcely a single exhibit or feature of the Fair, that we gave as full an account of as we would have liked to have done. We wished to mention the fine appearance of the Goldsboro Rifles and our appreciation of having them with us, but unfortunately we got in only a mere announcement of their arrival. The case was similar in regard to the visiting schools from elsewhere. We were anxious to give direct personal mention of parties from distant points in this State and from other States who made commendable exhibits at the Fair. We wished to do the same by our home people who made the best exhibits, especially when the articles were produced or manufactured by the exhibitor. They all deserved it, but space forbade. Some merchants who made excellent exhibits think we did not give them the prominence their displays deserved; a lady thinks we did not do justice to the department over which she presided, and a minister alludes to our failure to give the religious exercises connected with the opening of the Fair. Well, gentlemen and ladies, we plead guilty to all the above charges, but for the reasons given we do not feel that it would be safe to promise to do better next time. feb18 1/2

## The "Latest Agony."

A drummer quietly rode in town yesterday in what was, a few hours previous, a handsome trim fitting dress suit, but now, instead of a Sunday dyke, it more resembled a "poker-dot," and spectators, who failed to view it closely, thought it only the "latest agony." He had been pitched over the head of his horse into a big mud puddle and was quite successful in coming out so uniformly speckled, considering the very brief process. The drummer had been out riding in company with another one of the profession, and when galloping over a bridge his horse stepped in a hole and went down, landing the commercial tourist in the biggest mud hole on the whole route. Fortunately for the gentleman an old colored man lived near by where he retired to re-make his toilet, but North Carolina mud is too adhesive to get clear of at once and so he was compelled to ride back in the city speckled as out in a new spring style. We have repeatedly noted about bad bridges on the roads near New Berne and they ought to be remedied and kept in good condition. feb18 1/2

**Personal.**  
Mr. E. D. Bangert left yesterday morning to take a position in the jewelry store of Mr. Edward Fasnach at Raleigh. Misses Mal and Love Crawford, of Raleigh who have been visiting Misses Minnie and Sadie Eaton have returned home. feb18 1/2

**The family of Mr. John Savin**, chief engineer of the steamer Neuse, of the E. C. D. line, came in on the steamer Neuse yesterday morning, moving from Wilmington, Del., to this city. Hon. A. S. Seymour left on the steamer Neuse for New York on a pleasure trip, and Miss Maud Moore for New York to visit Miss May Doerr. feb18 1/2

**The following parties** left on the Neuse for their homes: Mr. E. A. Willett and family and Mr. Chas. Woolley, of Middletown, N. J., from a visit to Mr. W. C. Willett; Mr. H. C. Tinker, of New York, from a visit to Mrs. M. S. Smallwood; Mrs. J. Wilson, of Elizabeth City, from a visit to Mrs. J. M. Hargett, and Mr. Melzor Orr, of Norfolk, from a visit to relatives. feb18 1/2

**DUFFY'S CROUP SYRUP.**

Recipe of the late Dr. Walter Duffy. DIRECTIONS: Dose for a child two or three years old, one teaspoonful; for a child three months old, ten drops; for a child six months old, twenty drops; for one twelve months old, nearly half a teaspoonful—repeating these doses frequently if necessary until relief is procured. This is to certify that I have used DUFFY'S CROUP SYRUP in my family for over six months and I believe it to be a most excellent remedy for croup with children, especially as a preventive. Our youngest child had a severe attack of croup about a year ago, inasmuch that we felt anxious about its recovery, but was successfully treated by our physician, but thinking it probable that other attacks might follow we frequently used DUFFY'S Croup Syrup and the child has had no marked symptoms of croup since, and I believe it is due to the use of the Croup Syrup, and we now keep a bottle of it at our house at all times, and I cheerfully recommend it to all. E. H. HANNUM, a very effective in relieving coughs and colds. PREPARED AND SOLD BY R. N. DUFFY, New Bern, N. C. Jan18 6m
