THE Indiana headlock continues.

THE North Carolina Legislature has adjourned.

PARNELL is to issue a manifesto to the Irish in America.

Two thousand Indians will be allowed to enlist in the Federal army.

The bill before the Legislature to abolish the homestead law was defeated.

GOVERNOR HILL will deliver the address at the unveiling of the monument of Henry W. Grady.

Nothing does more to promote the prosperity of a city than good streets and smooth and attractive walks.

The State has been redistricted, and it is believed that the new deal will give North Carolina a solid Democratic delegation in Congress.

GRAVEN takes her place in the Third Congressional District along with Bladen, Cumberland, Duplin, Harnett, Jones, Moore, Onslow and Sampson.

CENSUS returns show that the Salvation Army has \$6,662 members in the United States, with 329 organizations, 40 church edifices; 287 halls, with a total seating capacity of 102,261.

ALTHOUGH Craven had no Democratic Representative in the late Legislature, very much was done for the good old county. She was placed in Congressional and Senatorial districts that are safely Democratic.

SUGAR is going down. On April 1st, when the duty on raw sugars is taken off, the price of the refined article to consumers will be dropped about two cents per pound, and the people will enjoy the cheapest sugar ever known in this country.

An exchange says: "Senator Gorman is as methodical as a Dutch housewife, lives placidly and calmly, has none of the small vices, and, when speaking, reminds one of a college professor lecturing his class and reminding them of the nice fitting clothes he wears as an illustration of the free wool theory."

The question is asked "Will not the running of an Alliance candidate for President in 1892 result in the defeat of the Democracy, and the election of the Republican ticket?" We think not. It would certainly take many votes from the Democratic candidate, but it would add nothing to the Republican vote. It might defeat a popular election, and transfer the contest to the House of Representatives. In that event the Democratic candidates would be elected.

It is a mistake that the country is more interested in free coinage

than in tariff reform. A few of the States produce silver, and in those States free coinage is a *sine qua non*. But in every State in the Union the tariff rests upon the people as a hideous night mare, and men everywhere are struggling to throw it off. A contracted currency is limiting business transactions; the tariff juggernaut is grinding men and women to powder.

The Conservatives carried the Canadian election and the Government press is extremely bitter in its denunciation of the annexationists and their supporters on this side of the border. The annexation fever has never been high in the United States, but if Canada comes knocking at the door we may let her in for sweet Charity's sake. Poor thing!

The whole State of North Carolina is complaining of bad roads. Until some plan is devised and executed for having macadamized, or other substantial highways, bad roads will be unavoidable in bad weather. It would be economy in the end to construct the very best country roads all over the State.

The Wilmington Messenger is to be sold at no distant day. It has done a good work in North Carolina and ought to be first rate property. We trust that the purchasers will keep the paper fully up to its present high standard. One of the surest means of accomplishing this end is the retention of Dr. Kingsbury in the position he now so ably fills.

LOCAL NEWS.

NEW ADVERTISEMENTS.
LOST—silk umbrella.
BARGAIN STORE—scarfs.

COTTON—New Berne Market—Sales of 17 bales at 7 3/4 to 8 1/4.

The Legislature adjourned at 12 m. yesterday. *Sine die*.

Several members of the Legislature came in last night en route for their homes.

Messrs. Smallwood & Slover returned all the cash premiums that they received to the Fair Association.

The nine last special premiums in the first paragraph of the list published in Sunday morning's JOURNAL were given by Messrs. Holland & Jarvis.

Tickets will be put on sale Wednesday morning at 9 o'clock for the McGibeny Musical Family at Bell's jewelry store. The company travels in their own private car.

Howard's new marine railways are finished. They were tested yesterday and found to work satisfactorily. It is intended to haul up the Ella R. Hill on them today for repairs.

We have reliable information that boat loads of oysters are being taken from North Carolina waters and transferred through the canals out of the State. Is the patrol force attending to its duties, or are the sounds too large for one boat?

U. S. Deputy Marshal C. B. Hill arrested near Tuscarora yesterday Alfred Perry, colored, and his wife Lucy for embezzling a letter out of the postoffice at that place. They will have a hearing before U. S. Commissioner E. G. Hill this morning at 10 o'clock.

Mr. G. S. Waters, who is engaged in the buggy and carriage repository of Mr. J. W. Stewart, has completed a skillful piece of workmanship in the construction of an improved cart body. The plan is original with Mr. Waters and speaks well for one who is yet in his teens.

Mr. J. K. Willis, of the East Carolina Marble Works, has just placed an ornamental fence, similar to the one he exhibited at the Fair, around the lot of Mrs. H. G. Bates in Cedar Grove Cemetery. Mr. Willis sold \$700.00 of small work during the Fair week to customers secured by seeing his exhibit, \$230 of it being to one customer who lives fifty miles from New Berne.

LA GRIFFE AGAIN.

During the epidemic of La Grippe last season Dr. King's New Discovery for Consumption, Coughs and Colds, proved to be the best remedy. Reports from the many who used it confirm this statement. They were not only quickly relieved, but the disease left no bad after results. We ask you to give this remedy a trial and we guarantee that you will be satisfied with results, or the purchase price will be refunded. It has no equal in La Grippe, or any Throat, Chest or Lung Trouble. Trial bottles free at F. S. Duffy's drug store. Large bottles, 50c. and \$1.00.

Sugar on Beets.

Last summer we published several articles showing the adaptability of our lands to the growth of sugar beets, their great yield, the advisability of starting a beet sugar factory (on a small scale at first, if necessary and let it grow afterward), and the great profits to the manufacturers and the immense benefits that would accrue from the factory to the farmers and incidentally to our other citizens.

We are moved to allude to the matter again by seeing the announcement that the initial steps have been taken for the formation of a stock company in Winchester, Va., for the manufacture of beet sugar. The capital stock will be \$250,000 and it is expected the works will be in operation by next fall.

New Berne is very favorably located for such a factory and we would be glad to see some of our capitalists moving in the matter. The development of manufacturing industries is the main thing that we need and we hope that at no distant day we will become a manufacturing city.

A Bill to Discourage Mediums.

BOSTON, March 6.—The senate judiciary committee of the ex-legislature gave a hearing to day on the question of spiritual manifestations, a bill being presented providing for fine and imprisonment for personating the spirit of deceased persons, or presented any such manifestation, by trick, fraud, or coyness. Several Spiritualists were present who said that a large proportion of alleged spirit manifestation are fraudulent.

Death of Rev. J. M. Atkinson, D. D.

Our exchanges bring the sad intelligence of the death of Rev. Dr. Jos. M. Atkinson, at Warrenton, Friday afternoon. He fell dead with heart disease. He was nearly 80 years of age and was the oldest Presbyterian minister in the State. He was a man of great ability, both as a minister and as an author, was loved and held in high esteem by those who knew him and he leaves hosts of friends all over the State.

Dr. Atkinson was a native of Virginia. He entered the ministry at an early age and was happily wedded to Miss Sallie Patterson, of Richmond, with whom he spent a long and happy life.

He was called from Frederick, Maryland, to the pastorate of the First Presbyterian church of Raleigh, in 1855, and labored with that congregation for 20 eventful years. Upon the organization of the Second Presbyterian church in Raleigh in 1876 he was chosen as its pastor and retained that position until he removed to Warrenton last spring.

He was a brother of Dr. John Atkinson, who was at one time President of Harnett College, and also brother of the late Bishop Atkinson, of the Protestant Episcopal church. The Raleigh News and Observer pays him the following merited tribute: "He had the warm esteem and veneration of all our people. * * * And like his brother was unusually endowed with natural gifts, which he improved by severe study and mental training. He was an eloquent scholar, a thorough theologian, and a man of high culture and rare attainments. But more than this, his soul was the mirror of sincerity; he was humble and gentle and lovely in his character. Personally we were exceedingly fond of him, as we suppose all others became who were brought in contact with him."

Personal.

Mr. G. T. Farnell, of Pamlico arrived on the steamer Neuse of the E. C. D. line Sunday from a business trip to Norfolk. Mr. Farnell expects to locate in New Berne. Mrs. Farnell came up from Pamlico yesterday.

The steamer Neuse took out the following passengers yesterday: Mr. and Mrs. A. W. Edwards, moving to Norfolk; Messrs. John and Henry Scheer and Jeremiah Baker, of New Jersey, returning home from spending a few weeks pleasuring in the city; Mr. J. M. Ackerman, of New York, returning home from spending the winter in New Berne, and Mr. John Gerwick, of Zanesville, Ohio, leaving from a business trip.

Rev. F. S. Becton, of Pamlico circuit, went down to Beaufort to assist the Methodist pastor at that place in conducting meetings.

Rev. Edward Bull, our State Senator, returned home last night to remain, the Legislature having adjourned sine die.

Shipping News.

Cleared.—Steamer Neuse, of the E. C. D. line, with passengers and cargo lumber, cotton, etc. Steamer Stout, of the Clyde line, with cargo general exports. Steamer Howard for Trenton with cargo general merchandise. Steamer Kinston for Neuse river landings, and steamers Carolina and L. A. Cobb for Grifton, all with cargoes fertilizer and general merchandise.

Notes.—The steamer New Berne will sail at 10 o'clock this morning.

DIED.

Sunday, March 8th, at his residence near Stella, of typho-malarial fever, after an illness of ten days, Mr. Edgar Johnson Mattocks.

Tourists.

Whether on pleasure bent or business, should take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. For sale in 50c. and \$1.00 bottles by all leading druggists.

The Petersburg Battlefield.

PETERSBURG, Va., March 6.—The Petersburg Battlefield and Improvement Company has been granted a charter. William A. Jones, of Petersburg, is president, and C. A. Pfaff, of Philadelphia, is general manager. The purpose for which the company is organized is the purchase and preservation of the forts and breastworks in Prince George and Dinwiddie counties, and the marking by appropriate monuments and sign-boards of the positions occupied by Federal and Confederate troops. A suitable site is to be donated for a soldiers' home, to be managed by a board of twelve governors composed equally of Federal and ex-Confederate soldiers.

Gen. Gordon Joins the Alliance.

ATLANTA, Ga., March 6.—The announcement is made that Gen. Gordon became a full fledged Alliance man on initiation in the Edgewood sub-alliance to day. This action was predicted some time ago, it being understood that his promise to take that step was an important factor in his election. The initiation has been postponed time and again, but today he rode the goat.

Blood Diseases.

Blood diseases are terrible on account of their loathsome nature, and the fact that they wreck the constitution so completely unless the proper antidote is applied. B. B. B. (Bottanic Blood Balm) is composed of the true antidote for blood poison. Its use never fails to give satisfaction.

Mrs. Laura Hart, Beaufort, S. C., writes: "A loathsome form of blood poison was killing me. My appetite was lost, my bones ached, and parts of my flesh seemed as if it would come off my bones. A friend brought me a bottle of B. B. B. The sores began healing at once, and when I had taken two bottles I surprised my friends at my rapid recovery."

W. A. Bryant, Moody, Texas, writes: "I had an agonizing case of Salt Rheum for four years, which medicine I took only seemed to aggravate until I found B. B. B. It cured my hand, which resembles a burnt surface. It also cured my two children of itch, which had resisted previous treatment."

HAPPY HOOSIERS.

Wm. Simmons, postmaster of Elaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from Kidney and Liver trouble." John Leslie, farmer and stockman, of same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies, he found new strength, good appetite, and felt just like he had a new lease on life. Only 50c. a bottle at F. S. Duffy's wholesale and retail drug store."
