**DEMOCRATIC** victories in Vermont.

**DEMOCRATS** carry local elections in Iowa and Maine.

**BLAINE** and Alger is the way Republicans write it.

**GENERAL PALMER**, Senator elect from Illinois, is a native of Kentucky.

**POOR HARRISON!** When he gets out of the fog he will find himself on the road the Force bill went. Poor thing!

**CANADA** has invited New Foundland to unite in negotiating reciprocal trade arrangements with the United States.

**THE** fifteenth annual Convention of the Young Men's Christian Association of our State will meet at Durham March 19th.

**"FARMER"** Streeter, of Illinois, is now in a position to sympathize with the gentleman who was so unfortunate as to fall out of the balloon.

**GOVERNOR SENATOR HILL** is evidently preparing to revise his trade mark so as it will read, "I am a pair of Democrats"—Washington Post.

**THE** President's second day's shoot resulted in the wounding of one duck. Come, Come, Mr. President, the people did much better than this last November.

**THE** People's party has nominated Elma E. Washburn for Mayor of Chicago. Ex-Mayor Carter Harrison is a Democratic candidate, and seems to be confident of election.

**CHANCEY M. DEPEW'S** present salary is \$75,000. Yet it is understood that he is ready to fill an engagement at Washington at \$50,000 a year. Nothing small about Depew.

**THE** New York World says: "Mr. Blaine can only avoid being the candidate of his party for President in 1892 by positively declining to stand as he did in 1888. Will he do it? We think not."

**THE** 51st Congress spent three hundred millions dollars more than the average of the eight preceding Congresses, their average being \$700,113,400, as compared with \$1,006,270,471 by the 51st Congress.

**THE** Wisconsin Legislature has been wrestling with a proposition to allow notaries to marry people, but the sensible conclusion is that it is already too easy to get married. A man ought to have at least a dollar to invest in the operation when he proposes to endow a bride with his earthly possessions.

**THE** Atlanta Constitution says: "A Georgia editor has posted this notice over his editorial desk: 'Hang grammar! Print the news!' Not a bad idea. But why hang the grammar, when you can murder it in a paragraph?"

**THE** Republican party is letting the colored brother drop. Among the few nominations by the President which the Senate refused to confirm were the colored postmaster at Vicksburg and the colored collector of customs at Wilmington.

**NORTH CAROLINA** sends greetings to Illinois. The election of Gen. Palmer gives another able Democrat to the United States Senate. When Hill and Palmer take their seats the brain power of the Senate will be on the Democratic side of the chamber.

**GOVERNOR BUCHANAN**, of Tennessee, on hearing of the election of Gen. Palmer to the U. S. Senate, ordered out the Washington Artillery, and one hundred and one guns were fired for Palmer and the Democratic members of the Illinois Legislature, and one each for Cockrell and Moore, the two Alliance men who voted for Palmer.

If the Nicaragua Canal is the thoroughly desirable investment its projectors claim in urging the Government to guarantee its bonds, it needs no such guarantee. An enterprise which can be shown beyond a peradventure, as they claim this can, to be good for a return of 8 or 9 per cent on the investment requires no backing from the United States or anybody else.

Fair weather at last. The proprietors of Riverview Poultry yards were sending off another shipment of pure bred poultry yesterday.

Mr. Fred. Cook, who was attacked and injured by a colored man at Congdon's mill, is improving. His assailant has not been heard from since he fled.

William Foy, a prominent farmer of this county, died at his plantation about six miles south of this city yesterday. Mr. Foy was well known in the county and has filled public positions. His health had been failing for sometime.

Information has been received by Solicitor Geo. H. White from Norfolk that a colored man has been arrested and is held in custody there, who is supposed to be the murderer of Mr. Luke Russell, who was shot at his home at Fort Barwell in the fall of 1889.

A dramatic club has been organized in the city with Mr. C. L. Gaskill, manager. It is the intention of the club to have not over fifteen male members at one time, but not to limit the number of lady members. It will be known as the Criterion Dramatic Club.

**Church Notice.**

**Would-be Assassin.**  
RALPHIGH, March 11.—About a month ago Colonel A. B. Andrews, second vice president of the Richmond and Danville railroad, was fired at near Burlington while standing on the rear platform of his private car. The man who fired at him was a white man whose name was at the time unknown. A few days ago Deputy-Sheriff Brooks of this county, ascertained that the man was Bub Nicholson, of Alamance county. Yesterday he went to Nicholson's house and captured him. The fellow had been in hiding, but thought the danger of detection and capture was past. He was taken before Judge Brown, who had issued a bench-warrant for him. The bullet fired at Colonel Andrews struck the side of the door of the car very near him.

## The Market House.

The act of the Assembly authorizing an issue of \$15,000 in city bonds for the building of a "City Hall and Market House," calls to mind some remarks of a writer who was describing New Berne one hundred years ago, he says: "The Court House is raised on brick arches, so as to render the lower part a convenient market place; but the principal marketing is done with the people in their canoes and boats at the river side."

This riverside marketing seems to have been always carried on to a large extent in New Berne. Many of our citizens will remember that when the old market stood on Broad street near Middle—a substantial and quite a commodious building—there was still much marketing done with the boats at "the Old Court Wharf," as it was called, at the foot of Craven street. The location has changed but very much marketing is still done in the same way.

**Craven County Teachers Association.**  
The next meeting of the Craven County Teachers' Association will be held at the New Berne Collegiate Institute on Saturday the 28th of March. The exercises will begin promptly at 10:30 o'clock a. m.

Every teacher in the county is respectfully invited to be present and to participate in the discussions.

The following is the programme:

DEVOTIONAL EXERCISES.

The Art of Securing and Retaining Attention.—Miss Mary L. Allen.

The Science of Trade Winds In Connection with Geographical Study.—Prof. Geo. W. Neal.

How Shall our Country Schools be Improved?—Mr. Daniel Lane.

Music and Practical Exercise in Mental Arithmetic.—

How to Teach Geography.—S. C. Bragaw.

How to Manage Children in Primary Department.—Miss Rachel Brookfield.

Relation of Patrons to Teacher and School.—Mr. Jno. S. Thomas.

Commended for Excluding Gamblers.

One feature of the New Berne Fair in which we have always taken great pride is its exclusion of gamblers who are admitted to so many like exhibitions and permitted by their nefarious schemes to fleece the unwary who are decoyed into participating in alluring games enticingly displayed. This noticeable characteristic of the Fair attracts the attention of visitors. In its write-up of the Fair the Raleigh Chronicle, after a complimentary allusion to the abundance and variety of innocent and enjoyable amusements speaks of the absence of objectionable elements thus:

"One thing the managers of the Fair ought to receive a great deal of credit for—and it gives us pleasure to note it—there are no thieves or robbers (commonly called fakers) around. One man in Norfolk Va., offered the Association \$1,000 for the privilege, but he was plainly and flatly refused. This shows that the gentlemen of this Association are live business men, and know full well that it would be a death blow to the Fair if they were to let fakers come on the ground; and while their is a first-class dining hall on the grounds to feed the people, and an abundant supply of water, there is no bar room, and as to how this affects the Fair, it is a great pleasure for us to say, that never before have we seen a more orderly crowd for such a large number of people in all the course of our travels.

**Personal.**

Mrs. W. H. Neal and children of Laurinburg returned home yesterday morning from a visit to Prof. Geo. W. Neal's family.

Mr. C. J. Young who has been in the city several days representing a water works company returned to his home at Philadelphia.

Mr. A. Greenbaum left for Seaford, Delaware.

Col. W. H. Lucas, State Senator from Hyde, with his wife and daughter came in Wednesday night en route from Raleigh to their home. They are spending a few day in the city, the guests of Mr. Jon. Havens.

Messrs. James F. Milligan and Patrick O'Sullivan, steamer inspectors, arrived on the steamer Newberne of the O. D. Line.

The steamer Nense of the E. C. D. line took out the following passengers yesterday afternoon: Judge H. R. Bryan, leaving to hold court at Elizabeth City; Mr. M. H. Sultan, going North for a spring and summer stock of dry goods; Miss Kate Follen, going North to purchase Mrs. Bettie Whaley's spring stock of millinery, and Miss Matilda Dixon who is preparing to engage in the millinery business at Morehead accompanying Miss Follen to purchase her stock.

Mr. T. F. Hargis, of Goldsboro, who has been in the city on a business trip, left for Morehead.

## THE WATER WORKS AGREEMENT.

Contract to be Determined April 7th—Some of the Main Features.

We present below some of the most important points in the agreement between the Water Works company and the city of New Berne upon which the city council are to take action at their next regular monthly meeting which will be held April 7th. It is not a binding contract until enacted into an ordinance which can be done only at a regular meeting.

This agreement grants to Geo. E. Laddshaw, his associates or their assigns, who are to procure the organization of a company to be styled the New Berne Water Company the exclusive privilege of constructing, maintaining and operating for thirty years a system of water works for supplying said city, and its inhabitants with water.

The water supplied by said works shall be taken from the most suitable available source, of sufficient quantity and quality, for domestic, fire and manufacturing purposes, and where the source of supply cannot be contaminated by the sewage of said city or from any other cause.

The said company is to commence work within sixty days and have the works in operation within 12 months from the conclusion of the contract.

The works are to have a capacity that will enable them to pump one million gallons in twenty-four hours, against a pressure equivalent to a head of 200 feet. The stand pipe or water tower is to be made of the best material and of a capacity of not less than two hundred thousand gallons and high enough to afford a head of at least 100 feet above the junction of Pollock and Middle streets or high enough to give adequate domestic pressure in any part of the city, and arranged so that it can be shut off from the pipe system so that in case of necessity the engine can immediately pump direct into the main and give any pressure required by direct pumping.

All of the pipes used are to be of the best quality of cast iron or "Phipps' Hydraulic Pipes" cement-lined and coated, as may be preferred by the city—the notice of choice to be given to the company within 30 days from date hereof.

The fire hydrants are to be provided with two 2 1/2 inch nozzles of standard thread, the pipe system is to be controlled by valves of approved design and sufficient number to permit in case of accident the water to be cut off from that section without interfering with the general supply.

When the works are completed a test is to be made and water thrown fifty feet high from four separate hydrants—the pressure to be obtained from the elevation of the reservoir thus ensuring a permanent supply—the said pressure to be maintained during the contract.

By test the pumping machinery is to throw four streams from separate hydrants in different parts of the city 100 feet high through 100 feet of 2 1/2 inch hose and a one inch nozzle. If cast-iron pipe is used all the tests are to be made on completion of works; if cement lined pipe is used the pumping power test is to be deferred for one year and until the expiration of that time the company will only guarantee to throw 80 feet high if this pipe is used owing to the danger of bursting it if heavy pressure is put on sooner.

There is a long list of rates to consumers. The maximum rates to residences occupied by one family, five rooms or less is \$5.00 per annum, each; each additional room \$1.00; offices with wash basins \$5.00 to \$10.00; stores and shops \$5.00 to \$30.00.

The company holds the right at their option to charge any consumer by meter rates, which are thirty cents per thousand gallons for a daily consumption of 8,000 gallons or less and a lower rate for larger quantities.

The city is to have the privilege of purchasing the works at the expiration of five years. If the company and city fail to agree upon the price it is to be left to arbitration. Three men are to be selected, all conversant with water-works—one of them to be chosen by the city, one by the company and they to choose the third, who is to be a non-resident of New Berne. Their decision is to be final and binding.

The city leases sixty-five hydrants at the rate of \$45.00 each per year. The rental begins upon the completion of the works. The rental of additional hydrants is to be \$30.00 each.

The city is to have the right to put in and maintain at its own cost and expenses fire hydrants not to exceed 90 in number at intermediate points upon these mains free of charge.

The fire hydrants shall be used for the extinguishment of fires and flushing gutters only.

The company agrees to furnish water free to the public and municipal build-

ings, offices of the fire department and to public schools, and also five drinking fountains for man and beast and a display fountain and two drinking plugs in Cedar Grove cemetery.

The company shall extend the mains as the council may require. Extensions are to have not less than six hydrants upon each mile of pipe which are to be leased by the city at \$20 per hydrant.

The hydrants are to be under the charge of the chief of the fire department who shall notify the company in writing of any hydrant out of order, and the hydrant is to be promptly placed in good order by the company. In case of their failure to repair a hydrant within ten days the rental ceases until it is placed in good working order.

The Mayor and Board of Councilmen are required to make provision each year for the payment of the sum due the water company, and in case the city shall not have sufficient funds at the time the payments are due warrants shall be issued on the city treasurer in favor of said company for the amount due and warrants shall be receivable for all city taxes due from any persons.

Any failure on the part of the water company for an unreasonable time to fulfill the conditions contained in this ordinance shall work a forfeiture of said franchise unless caused by unavoidable circumstances.

Tourists.

Whether on pleasure bent or business, should take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. For sale in 50c. and \$1.00 bottles by all leading druggists. mar 31m.
