Improved Roads.

A number of the State papers are agitating the question of improving the public roads. Considering the advancement that North Carolina is making in have stood as the representative of material prosperity, it is discreditable to your party and have made no con. the State to allow them to remain in the wretched condition that characterizes many of them. The Wilmington Mesenger speaks thus on the subject:

> The character of country roads is an excellent expression of the condition of civilization. The people's enterprise, udgment and industry are reflected o a great extent in their public roads. Men have come into North Carolina to invest and after having some experience over bad roads they have pulled up and gone home saying they were unwilling to put their money in a State that had such miserable thoroughfares. It is a fact that a good two-horse team can pull more weight over a really good road tnan a four-horse team can pull over the win-ter roads of North Carolina. It is the worst economy in the world to have bad roads. They kill up the horses and mules,

travel almost an impossibility. The public mind is awakening on the B o'clock, Rav. R. A. Willis, officiat- subject of improvements. There is a demand all over the State for better roads, and there are strong indications of progress in th at direction.

The Oyster Industry.

BALTIMORE, March 12 .- There was a very large attendance to night at the public meeting of packers and dealers and others interested in the preservation of the oyster industry. Mayor Davidson presided.

The addresses were by Professor W. K. Brooks, of the Johns Hopkins University on "The Propagation and Culture of Oysters; Mr. John K. Cowen, of the Baltimore bar, on "Oysters and Oyster Law; Hon, Marshall McDonald, United States Fish Commissioner, on "The Policy and Obligations of the State and General Government in Relation to Our Oyster Industries, and Colonel Thomas S. Hodson, of Crisfield, Md., on Gumby Oyster Farm.

and decisive measures must be taken or the millions of money now invested and the many thousands of our people now employed in this industry will soon be compelled to seek other channels of trade.

The Seal Fisheries.

WASHINGTON, D. C., March 12 .- The settlement of the Bering Ses matter as foreshadowed in the correspondence between the United State and British governments is not, in the opinion of Preasury Department officials, yet assured. The fact that the issue of permits to vessels to cruise in Behring Sea is not prohibited during the pen dency of the negotiations this summer Stimson left yesterday morning to visit is pointed out as almost fatal to the United States' interests in these waters

Advices received at the Tressury Department indicates a more general onelaught on the seal fisheries this spring and summer than ever before There are now fitting out at Victoria. B. C., forty vessels which will infest the waters about the seal island. At San Francisco twenty yessels are being islands of St. Paul and St. George. NEW BERNE. N. C. DUFFY'S CROUP SYRUP.

Recipe of the late Dr. Walter Duffy.

DIRECTIONS :

Dose for a child two or three years old, one teaspoonful; for a child three months old, ten drops; for a child six months old, twenty drops; for one twelve months old, nearly half a teaspoonful—repeating these doses frequently if necessary until relief is pro-cured.

This is to certify that I have used DUFFY'S CROLE SYRUP in my family for over six months and I believe it to be a most excellent remedy for croup with children, especially as a preventive. Our youngest child had a severe attack of croup about a year ago, insomuch that we felt anxious about its recovery, but was successfully treated by our physician, but thinking it probable that other attacks might follow we frequently used Duffy's Croup Syrup and the child has had no marked symptoms of croup since, and I believe it is due to the use of the Croup Syrup, and we now keep a bottle of it at our house at all times, and I cheerfully recommend it to all.

Also very effectual in relieving coughs and colds. PHEPARED AND SOLD BY
