The fourth number of "The School Girl" has reached us. This is the paper published by the young ladies of that admirable institution of learning, Kinsey Seminary, at La Grange. It is neatly gotten up, is replete with choice reading matter, and reflects great credit upon the young ladies and upon the school, whose training fits its pupils for the performance of such excellent work. Number 5 of the Elm City Chronicle is also on our table. It presents its usual attractive appearance and branches out, disowning a wider range of topics than heretofore.

A Spirit of Progress pervades the State.

Memphis, Tenn., will spend a million dollars in paving its streets. A number of cities in North Carolina are hustling in the same direction. Asheville proposes to spend about three-quarters of a million, and Wilmington three hundred thousand dollars in street improvements.

Decisive steps are being taken in industrial developments also. An exchange says that a cotton factory with a capital of \$150,000 is to be established at Hillsboro right away—the stock having already been subscribed and in the little town of Marion a banking and industrial company has been organized with a capital of \$1,500,000. In addition to the general banking business of the company it proposes to put \$700,000 in manufacturing enterprises.

You can discover no half-hearted effort, no trace of lukewarmness about these movements. These places have determined to advance, and they are going about the business with spirit and determination.

New Berne is also waking up, and does not propose to be outdone. Water works are now an assured fact. Street improvements, a sewerage system, a city hall and market house will be established in the near future and interest in the development of diversified industries is strongly on the increase.

Work and vote for every forward movement and keep our historic city in the front rank.

Craven County S. S. Convention.

As previously called, a meeting of the Sunday Schools of Craven County was held at the New Street M. E. Church in New Berne Saturday for the purpose of organizing into a County Association in the Second District of the State.

The meeting was called to order by Rev. T. P. Ricard, Pastor of the Hancock Street M. E. Church, and E. E. Harper was appointed temporary Secretary, after which devotional services were conducted by Rev. I. L. Chestnut of the Church of Christ.

The Chairman stated that the object of these conventions was to organize into a permanent County Association to promote the Sunday School cause in the county by uniting, as far as practicable, all the churches and all good men and good women in a common effort to establish Sunday schools in every community in the county and to bring together in convention at stated times representatives of the different schools for the purpose of discussing matters pertaining to their common interest, improving the methods of teaching, and inspiring more zeal in the great work of imparting religious instruction to the young.

On permanent organization the following committee was appointed: G. T. Adams, Daniel Lane, B. H. Melton, R. O. E. Lodge and Rev. Edward Bull.

NEW ORLEANS.

THE GRAND JURY'S INVESTIGATION—O'MALLEY, IT IS SAID, TO BE INDICTED.

INVESTIGATING THE ALLEGED BRIBERY OF THE JURORS.

THE SHERIFF'S REPORT ON THE OCCURRENCES OF THE PRISON.

NEW ORLEANS, La., March 18.—The grand jury today began its investigation of the killing of the Italian prisoners and the causes which led to the miscarriage of justice. Bribery has been accepted as the answer to the latter question and Detective O'Malley and the jury came in for a large share of the day's inquiry. No findings were returned, but it is said O'Malley will be indicted. It is understood that the citizen's committee will make a thorough investigation of the jury-bribery matter and will leave no stone unturned until all the facts in the case are brought to light.

DETECTIVE O'MALLEY IN CHICAGO.

CHICAGO, Ill., March 18.—Detective O'Malley, of New Orleans, is said to be in Chicago. He left New Orleans and is reported to have been seen at the Grand Hotel on Monday night, in company with Seligma, foreman of the jury in the Hennessy case. The rumor is O'Malley came from Cincinnati and is hiding with one of his friends a prominent saloon keeper. The latter denies that he is here.

ITALIANS PROTESTING.

CHICAGO, Ill., March 18.—The Italians in this city do not propose to "let up" in their efforts until reparation has been made for the New Orleans mob violence. Oscar Durant, of L'Italia, outlined their intentions today.

He said: "If no agreement has been concluded between the Governments by Sunday we will call a grand mass-meeting Sunday evening. We will protest bitterly against the statements made by Mayor Shakespear, Parkerson, and Wickliffe. We will propose that every Italian society in the United States send us protests against the acts of the mob and ask reparation."

Italian mass-meetings were held at Detroit and San Francisco denouncing the lynching and demanding reparation.

THE LONDON TIMES APPROVES.

LONDON, March 18.—The Times today strongly defends the New Orleans citizens for the action taken in the case of Mafia conspirators. The Times says that the blame should be placed on the chronic abiding lawlessness tolerated by American usage. A jury trial of Sicilians has been reduced to farce by knowledge that life of any jurymen convicting a mafiate, was not worth a week's purchase.

"Let lawless violence be abandoned by all means" continues the Times, but "let Messrs. assassins begin."

All victims being the Mafiates, it is impossible to feel acute distress. The fact that they were naturalized Americans will probably save the United States from serious international and federal complications. Italy has too much of the Mafia at home to feel seriously outraged and will, probably not dream of going beyond diplomatic representations.

THE BRIBERY INVESTIGATION.

NEW ORLEANS, La., March 19.—Thomas C. Collins was before the grand jury today to testify in the investigation now being made concerning the bribery of the jurors in the Hennessy case. Collins, though employed in the office of Private-Detective O'Malley, was in fact an officer of the secret service, duly commissioned by Mayor Shakespear, the legal head of the police of New Orleans.

Interesting if not startling developments are expected. Another case, somewhat similar to the Collins job, was attempted, but from some unknown cause went amiss.

Sheriff Villere in the report to the Court concerning the occurrences at the parish prison last Saturday after giving a list of the Italian prisoners in his custody says: "I had received no intimation of any intention to disturb me in the custody of the prisoners in my charge. I remained in the prison in person on Friday March 18, 1891, until 9 o'clock P. M. Everything was quiet and all prisoners secured."

I annex a report from the deputy in charge of the prison, together with the report of the coroner. The attack was sudden, unexpected, and in great force.

[Signed] GAB VILLERE, Criminal Sheriff.

The report of Mr. Villere's deputy, to which he refers, substantially confirms the newspaper reports of what happened at the prison.

WASHINGTON, D. C., March 19.—The best element among the Italians in Washington, while deploring on general grounds what has occurred, express no pity for the Mafia, but declare that they hope that its power has been broken for ever.

ITALY AND THE MAFIA.

When king Humbert got after the Mafia he sent his armies to exterminate every member of the society. An entire province was surrounded by soldiers, and no one was allowed to go in or out. The people were declared not human beings, and were denied every right until they assisted in hunting down the Mafia. The members of the society were killed as fast as captured, and the survivors came to America. Italy's example has been followed by New Orleans.

SECRET ORDERS ISSUED.

CHICAGO, Ills., March 19.—A private cablegram from a well informed sailing officer of the Italian navy received by L'Italia and dated at Spezia, where the chief navy yard of Italy is located, says: "Current rumors are that secret instructions have been dispatched from Rome to the Admiral commanding the

squadron of the Mediterranean at this port in view of the recent turn of affairs in America. Another dispatch from a private source from Rome, just received here, says that a secret session was held between the Minister of Marine and the chiefs of the general staff of the Italian Admiralty.

NAVAL STRENGTH OF ITALY.

Italy has ten ironclads, five steel warships, and two wooden warships, all of the first class; twenty-one war vessels second class, twenty-seven of the third class, fifty ocean torpedo vessels, sixty torpedo vessels, sixty torpedo boats of various classes, twenty-three ironclads for coast defense—in all a navy of 258 vessels, carrying 583 guns and manned by 16,786 men. Nearly all of these vessels could be sent to any of our seaports in a few days, and it would be impossible for us to make much show of defense.

Felton Elected U. S. Senator of California.

SACRAMENTO, Cal., March 19.—Charles N. Felton was elected U. S. Senator on first ballot today.

The ballot on which Felton was elected Senator today was the eighth taken in joint convention of the legislature, and was announced as follows: Eaton, 15; Felton 7; Johnston, 1; Heacock, 4; White (Dem.) 21. The convention then adjourned sine die.

Illinois Democrats Declare for Cleveland and Tariff Reform.

BLOOMINGTON, Ill., March 17.—There was a large Democratic demonstration here last night to ratify the election of Gen. Palmer to the United States Senate. The Hon. A. E. Stevenson, First Assistant Postmaster General under President Cleveland, and Congressman-elect Owen Scott, declared that the Illinois Democrats in 1892 would not make silver the issue, but that it would stand solid for Cleveland for President with but one issue and that the tariff. The meeting was significant in that it was a Cleveland as well as a Palmer demonstration.
