**THE Government** will dispatch the United States cruiser San Francisco to Chilean waters.

On last Tuesday 3,670 immigrants landed at New York before 10 o'clock.

The grip is making fearful ravages at Pittsburgh where there are over 5,000 cases.

**SECRETARY RUSK** has received potatoes from Utah with an affidavit that the yield was 947 bushels to the acre.

**EX-SENATOR INGALLS** has reached his Kansas home and is preparing to put in a spring crop and cultivate a mortgage.

**JERRY SIMPSON**, sometimes called the sockless statesman but in truth a worthy representative of the Alliance, is now in Boston and says he is going to Allianceize New England.

**INGALLS** is quoted more by Democrats than by Republicans. He says that reciprocity is a trick to distract attention from needed reforms. Ingalls has more sense as a citizen than he had as a Senator.

A DAKOTA editor informs his readers that while the McKinley tariff has not raised the price of his paper he wants it distinctly understood that it has not put it on the free list, as a good many of them seem to think.

The Philadelphia Record says there are in that city two hundred thousand people trying to make \$100 out of \$30 every three months. It says that speculative co-operative schemes are springing up every day all over the city.

At Montgomery Ala. the flag on the State Capitol was at half mast all day Tuesday and the Montgomery Field Artillery fired a salute in honor of the late Gen. Joseph E. Johnston. The United States court house and post office flags were also at half mast.

We are glad to see it stated that the New Orleans grand jury are getting at the facts, and it will be shown that the Mafia is responsible for a condition of society that no virtuous community will endure. It is probable that the law will wipe out the Mafia. At all events its fate is sealed.

The demand of the colored people for representation on the board of the World's Fair Commissioners has been disregarded. In a letter to Mr. Henry F. Downing, who had recommended Isaiah T. Montgomery for appointment, Director General Davis says that "under the law neither the President nor himself has any authority to name additional commissioners, as all the lists from the several States and Territories are now complete." When will the colored people understand that it is their votes that are wanted. Only this and nothing more.

**THE Wilmington Messenger** says: It is reported that Senator Hampton and Thomas Fortune, a colored editor in New York, occupied the same section of a sleeper and were very familiar and agreeable. Gen. Hampton is a gentleman and knows how to be kind to a decent and intelligent man of the negro race.

There will be a prayer meeting at the Centenary Methodist church at 4 o'clock this afternoon. Usual services to-night with preaching by Rev. F. M. Shamburger. A cordial invitation is extended to all.

On account of the illness of the chief engineer, Mr. Garrison Guthrie, of Beaufort, the oyster patrol boat, Nellie B. Day, Capt. Adam Warner came up to the city yesterday afternoon. The steamer has cruised over the sound diligently and the officers are of the opinion that the "pirates" have left the waters and that there are now no attempts at dredging being made by any one.

Mr. W. B. Flanner and his bride, nee Miss Lizzie Hunter, passed through the city last night en route to their future home at Croatan. They were married Wednesday at the residence of the bride's father at Huntersville, N. C. The groom is a native of New Berne and the bride lived here several years. A good number of friends were present to greet them on the arrival of the train at the depot. May happiness attend them.

**The Louisville Female College.**  
Circumstances arose which compelled the sale of the long established Methodist Female college at Louisville. Mr. Washington Duke, of Durham, who recently gave \$85,000 to Trinity College, was informed of the situation and he purchased the property, which is a beautiful place, and "he proposes to enlarge, improve, modernize and refurnish the institution and make of it a school where girls can get the best education on the lowest terms possible. It will be named in honor of Mr. Duke's only daughter: 'The Mary Duke College.'"

The Raleigh Christian Advocate says: We record this act of Mr. Duke with profit and joy. The young men and women of North Carolina will have great cause to rise up and call the memory of Washington Duke blessed on account of their benefactions. The school is now in charge of President S. D. Bagley and is prospering.

**Baptist Union Meeting.**  
The Union meeting of the Atlantic Association will be held in the New Berne Baptist church, beginning this morning at 10 o'clock and continuing tomorrow and Sunday. The program for today is as follows:

10 a. m.—Organization and reports from churches.

11 a. m.—Topic: Relationship between church and pastor. Revs. J. H. Edwards, T. J. Baker and John D. Davis.

2:30 p. m.—Topic: Scriptural discipline. Revs. J. H. Vernon, T. J. Leary and Benj. Ward.

7:30 p. m.—Introductory sermon, Rev. J. H. Vernon.

**Talent Recognized.**

Our citizens are well acquainted with the exceptionally grand oratorical powers and the fine qualities of mind and heart of Rev. H. W. Battle, former pastor of the New Berne Baptist church, who is now located in Wilson, and of those of his father Gen. C. A. Battle, the esteemed Mayor of this city. Their natural abilities and educational accomplishments are duly appreciated elsewhere as well as in New Berne, as the following extracts show. The first is taken from the Tarboro Southerner and was elicited by Rev. H. W. Battle's recent delivery of a sermon there. It says: "His big brain power, completed with great eloquence, has given this divine an extensive and well deserved reputation. Tarboro will always be glad to hear him."

Gen. Battle has just made a visit to his son, Rev. Mr. Battle, and the Wilson Mirror speaks of the event thus:

Wilson has had a distinguished visitor this week in the person of Gen. Battle, the father of the eloquent pastor of the Baptist church in this place. A brave and noble and gallant General in the Confederate army, a courtly and accomplished and thoroughly polished gentleman, a fluent and gifted and thrilling speaker, a graceful and elegant and charming writer, he has all the graces and all the virtues and all the qualities that adorn and dignify and ennoble human nature, and make mankind a type of all that is good and beautiful, lovable and attractive.

**Information Asked.**

The following telegram has been received here from Mariou, S. C., relative to the death of a young white man at that place:

MARION, S. C., March 25, 1891.  
TO GATES & SIMMONS.  
A young white man died here today of heart disease. Your business card with C. D. Lanier, Gibson Jones and D. H. Holmes written across face. If you can identify inform his friends and wire quick what disposition to make of remains.

JNO. A. McRAE, Coroner.  
Any one having knowledge of such a person should make it known immediately.

**The Bach Class.**

A private rehearsal was given by the members of Mr. F. E. Morton's Bach class, Wednesday afternoon at the Presbyterian Church organ. The programme rehearsed showed not only a marked improvement in technique and conception, but a lively interest in the work of the greatest of classic composers. New Berne has long needed an impetus to the raising of the standard of popular music, and we rejoice at the idea being so satisfactorily carried out:

THE PROGRAMME WAS AS FOLLOWS:

Third Prelude, J. S. Bach, Miss Nellie Jones.

Fourth Prelude, Miss Katie M. Daniels.

The Angels Weep. Vocal Solo, Mrs. E. B. Ellis.

Fourth Prelude, ("of the G.") J. S. Bach, Miss Katie M. Daniels.

1st Invention and Sinfonia, J. S. Bach, Miss Mary Meadows.

"Babylon," Vocal Solo, Miss Stella Roberts.

6th Invention, J. S. Bach, Miss Etta Nunn.

**Was He Murdered?**

Mr. M. J. Fowler, gunner of the oyster patrol boat, Nellie B. Day, tells us there are indications that a colored man came to his death by foul play at the oyster grounds. His information was received from a party of white men who sailed out to the Day in Juniper bay and told them the following story:

Sunday, they observed a sloop anchored in West Bluff bay with distress signals out but as there were boats in the vicinity and they were ashore they paid no attention, but the situation remaining unchanged they went out to her on Tuesday and found two white men and a dead colored man aboard. The white men told them the negro died Saturday from natural causes and requested assistance in burying him. They complied and in handling the corpse noticed a dent on the side of his head and the eye bulged out, indicating that he had received a violent blow.

Investigation after the burial brought out the fact that the dead man belonged

on another sloop, and the supposition is that he went to this one on some business, became involved in a difficulty and was killed, and the neighboring boats knowing enough to be satisfied there had been some trouble of the kind held aloof fearing to become involved in it.

By advice of Mr. Fowler the informers procured a constable with a warrant from Swan Quarter and the latest he knew of the matter they were on the way to arrest the suspected men.

**Important Trustees Meeting.**

The Board of Trustees of New Berne Academy are requested to meet at the office of the President this afternoon at 4 o'clock. A full attendance is requested as important business will come before the meeting.

W. M. WATSON, Sec. and Treas.

**Texas Maintaining Her Sovereignty.**

AUSTIN, March 23.—The State of Texas owns and runs a sugar farm worked by convicts. Recently a bill was passed by the Legislature to accept the 2 cent bounty under the McKinley bill. Governor Hogg vetoed it. The vote closed as follows:

"The State is sovereign of her affairs and cannot be disturbed in the legitimate exercises of her prerogatives. If she desires to raise sugar by convict labor, under no circumstances could she, with propriety, ask or accept from any Government a license to do so. Nor could she yield the supervision of her affairs to any officer not subordinate to her own laws. To do so in one instance would lead to another and finally to supervision by the Federal Government over her cotton patches, wheat fields, stock ranches, lumber yards and factories. Precedents by Government usurpation became stronger than law; they are more difficult to overthrow. When they are erected on the destruction of the Constitution by a law like the Bounty act, the wrong produced them strengthens, as the fruits of crime spread, until they become fastened for ever on the people. For my part, I shall protest and begin to strike now while the precedent is new. For no sum can the State afford to sacrifice principle or to imperil her sovereign right."

**DETECTIVE O'MALLY.**

For Six Years in the Employ of the New Orleans Mafia.

O'Mally was seen by a reporter and said: "I was present at the Clay statue meeting and hid in New Orleans for two days after the lynching. I went first to Houston, Tex., and then to Corianna. Then I came to Brinkley, Ark., and from that place to Memphis. It is my intention to return to New Orleans next Wednesday or Thursday. I will certainly expose the workings of the Mafia. I have been in the employ of the Matrage faction of the Mafia for six years and in my capacity as detective have plenty of information which I am sure no other man has. O'Mally thinks the jury were bribed. He said in conclusion that six of the Italians killed were guilty of complicity in the Hennessy case."

**DUFFY'S**

**CROUP SYRUP.**

Recipe of the late Dr. Walter Duffy.

**DIRECTIONS:**

For a child two or three years old, one teaspoonful for a child three months old, ten drops; for a child six months old, twenty drops; for one twelve months old, nearly half a teaspoonful—repeating these doses frequently if necessary until relief is procured.

This is the only one I have used DUFFY'S Croup Syrup in my family for over six months and I believe it to be an excellent remedy for croup with children, especially as a preventive. Our youngest child had a severe attack of croup about a year ago, however, that we felt anxious about his recovery, but was happily treated by our physician, for thinking it probable that other attacks might follow we frequently used DUFFY'S Croup Syrup and the child has had no more attacks of croup since, and I believe it is due to the use of the Croup Syrup, and we now keep a bottle of it on our house at all times, and I cheerfully recommend it to all.

Also very effective in relieving coughs and colds. PREPARED BY
