THERE is news of a fearful massacre of British native troops in India.

CONSIDERING the unfavorable weather, Sunday's parade of Easter bonnets was simply immense.

It strikes us that if Governor Russell keeps on as he has started, he will have the people with him again next November, and that Massachusetts will then be seen to be leaning far over toward the Democratic column for '92.

WHO can doubt that the South is destined to be the great cotton manufacturing country in view of the recent shipment of the cotton goods made in Augusta, Ga., to Manchester England. The Manchester firm that gave the order will ship the goods to Constantinople.—Montgomery Advertiser.

EX-"OZAR" REED ought to have a warm reception from the members of the legislative bodies he is about to visit in the despotic capitals of Europe. But his warmest welcome will naturally be in Russia, where they have no parliament at all and one man makes all the laws to suit himself. That is the kind of government Reed believes in.

DR. PARKURST went to Tennessee and went away shocked because he found no negroes in the Legislature, and wrote strongly upon "the race problem." The Nashville Christian Advocate gave him a good reply by offering to tell Dr. Parkhurst why there were no negroes in the Tennessee legislature whenever Dr. Parkhurst "will first tell us why there is no negro in President Harrison's cabinet."—State Chronicle.

LOCAL NEWS.

COTTON—New Berne Market—Sales of 18 bales at 73 1/4 to 81 1/2.

Prof. W. H. Shepard, the barber, sent to our office yesterday a pea about 1 1/2 inches long, grown in his garden from seed planted January 15th.

The young gentlemen of New Berne will give a "German" at Lothrop Hall Friday night Apr. 3, 1891. The "Elizabeth City Italian Band" will furnish music for the occasion.

Personal.

Messrs. P. H. Pelletier, O. H. Guion, and W. T. Cabo have returned from Onslow court.

Mr. H. S. Gibbs has removed from Winston. New Berne gives him and his good lady a welcome return.

Mrs. Jerry Baker, of Kenil, N. J., and Mrs. Byram, of Dover, N. J., left on the steamer Neuse for their homes from a pleasure sojourn of several weeks in this city.

Nominations for Councilmen.

The Democratic nominations for Councilmen were made last night. Interest centered in the first and second wards. There were two candidates in each, and the contest was sharp between them. In the first ward Wm. Ellis was nominated; he received 56 votes, and J. J. Baxter received 48 votes. In the second ward Basil Manly received 42 votes, and John Dunn received 39 votes. There was no opposition in the third ward and Hugh J. Lovick, the present incumbent, was nominated by acclamation.

North Carolina Gold Mines.

A recent number of the Greensboro Record says: "Mr. S. S. Brown is opening up a gold mine which is showing the finest specimens of quartz gold we have examined in quite a while. Mr. Brown has only sunk a shaft eighteen feet deep and has struck a vein several feet thick. Guilford has been famous as a gold section from the first settlement of the State. With the improved machinery, the Record expects soon to chronicle profitable mining in old Guilford for gold, copper and iron.

The Concord Times says the Montgomery gold mine near that place is owned by a New York syndicate and is under superintendence of a mining expert, Mr. I. M. Taylor. "To say the prospects for the future of this mine is a mild way to express it. The expense of running is just \$20 per day, everything included and the daily yield of gold averages \$100. A rich fund has been made on Judge Montgomery place adjoining the company's land. Mr. Taylor says the one in this fund is as rich as any he has seen anywhere."

It is an ordinary occurrence to read in the state paper of the discovery of gold and minerals and one useful in industrial pursuits, and it is surprising that no more has been accomplished in developing the mines, but with the making of the geological survey provided for by the late General Assembly, which will furnish accurate information some astonishing revelations and rapid progress in this line may be expected.

A Knitting Factory for New Berne.

Knitting factories occupy a prominent place among industrial enterprises that give employment to many, require but a small amount of money to establish them and offer opportunities for abundantly remunerative investments.

Mills have been established at various points in the State and are doing well. Those at Tarboro are paying handsomely. Those at Kinston are doing finely and there is no trouble in selling the products of the mills. A few days ago an order was received from one firm in Ohio for 300 dozen socks and thousands of dozens have been sold since the first of January. The Kinston Free Press says it believes the knitting mills are about the best investment their citizens have ever made.

The newspapers state that the Scotland Neck Knitting factory now turns out two hundred and thirty dozen pairs a day, yet the orders sent in cannot be supplied. The traveling agent had to be recalled until orders could be caught up with. As a consequence of the demand for these goods the stockholders at a recent meeting determined to double the capacity of the mills, and this will be done at once.

A plan is now on foot to organize a company and start a knitting factory in New Berne, and we feel assurance of its soon being an accomplished fact, for some of our most go-ahead successful men are moving in the matter, and in a few days Mr. Chas. Reizenstein, one of our most discerning, enterprising and determined citizens will make a canvass of the city to secure subscriptions thereto. Give the matter careful consideration and be ready to take a good number of shares of stock.

Shot From the Bushes.

GREENVILLE, N. C., March 30.—A dastardly murder was committed at Pactolus in this county Friday night, Willie Moore, son of Drew Moore was going from Davenport's store to his room. Just after he passed the place known as the "Church Perkins Place," some one concealed under the grape arbor some twenty yards from the road fired at him. Twelve buckshot took effect in his side and arm. He lived until Sunday evening. He was very popular and had not known an enemy. The scoundrel had knocked off a piling and trimmed the vines so he could have a fair shot. Young Moore was walking along whistling when the gun fired. There is no definite clue, but the general opinion is that if the perpetrator is found out that he will be between Heaven and earth very soon.

Italy to Exhibit at the World's Fair.

ROME, March 28.—Signor Chimini, the Italian minister of commerce, was interviewed by an Associated Press correspondent as to the delay in Italy's acceptance of the invitation of the United States to be represented at the Chicago World's Fair. Signor Chimini said that the invitation was certain of acceptance, and that the delay was simply due to the fact that the necessary papers had not been received from the foreign office.

ALLEGED SEIZURES OF AMERICANS

San Salvador and Guatemala on the Verge of Hostilities.

SAN FRANCISCO, March 28.—The Farallon, from Salvadorean and Guatemalan ports, bring the latest news obtainable from those countries. At the Salvadorean port of Acapulco, on the 6th instant, the schooner Vikindhad just finished unloading 75,000 stand of rifles and a large quantity of ammunition brought from San Francisco. The indications point undoubtedly to the fact that war between the two countries is probable in the near future.

HENNESSY'S AVENGERS

Grand Jurors Identified as Members of the Mob.

NEW ORLEANS, La., March 20.—The grand jury spent three hours today examining witnesses relative to the lynching of Italians.

Capt. Lem Davis, of the Parish prison, testified that the only two men he identified positively were Wickliffe and Parkerson, who led the assault on the prison gates.

A. B. French, a wealthy cotton shipper, who was in the prison serving a term of sixty days for assaulting a lawyer, identified a great many persons, as well as three of the grand jurors, who were seated around a long table listening to his story. French did not attempt to protect anybody, but told his story in detail to the extent of naming some of the men who handled the Winchester and six shooters. The other witnesses had bad memories, and most of them were unable to swear that they could identify anybody.

The grand jury adjourned at 1 o'clock until Monday morning.

If the grand jury concludes to indict anybody there will be a scene almost as extraordinary as the uprising itself, as no less than 2,000 men who participated in the mob's work will march to the court-house and deliver themselves into the custody of the sheriff.

Hyde County Items.

Mr. Geo. Taylor Burns' furniture store at Middleton was burned on the night of the 15th inst. The building and contents were consumed—nothing saved—no insurance. The origin of the fire is a mystery. No fire had been lighted in the store on the night of the burning. Mr. Burns' entire means were invested in the store, and all went up with the flames and smoke. The community have been very liberal in sympathy for Mr. Burns. Something a little more tangible would be appropriate in a time like this with him.

Messrs. Lucas and Mann have returned to receive the plaudits and the curses of their constituents, which they will get the most of, the future will tell. My experience has been when an oysterman gets what he asks for, he don't want it.

Last night was a terrible night. Blinding flashes of lightning—heavy thunder and the wind blew great gusts, with torrents of rain. In the midst of the grand and wild storm, Mrs. Elizabeth Ballance of Wysocken went to her long home—she was found dead in her bed Sunday morning. She was the mother of Jas. W. Ballance, David B. Ballance and Dr. Wm. Pell Ballance, and was 75 years old at her death.

Today we are having a N. W. blizzard, driving a cold, stinging rain that feels like snow is not far back of it.

The Chad fishermen are doing well. The catch is much better than last season, with the market holding up better also.

Very Mysteriously Disappeared.

And where he has gone no one can tell. The question was often asked yesterday, "Have you seen him today?" The answer was no. One merchant remarked to another that he saw him board the western bound train about 8 1/2 o'clock. Just as expected, said the brother merchant, I thought it was getting time for him to buy some bankrupt stock out at 40c, 50c or 60c on the dollar, and I will bet my whole stock of goods that the next time you hear from him he will turn up in Raleigh or some other large town with a stock bought at 50c on the dollar. Did you notice the little pamphlet lately issued by the East Carolina Fish, Oyster, Game and Industrial Association? I was attracted by a peculiar announcement on page 16 which refers to some fellow whom they choose to identify as "Big Ike." What does it all mean? Who is he, and what is his name? There seems to be a lot of solid truths in what they say about him, but at the same time the article was evidently written in a spirit of malice. Who was the merchant that wrote the article? Any time you can get any light on the subject, please let me know and I will very much appreciate it. Good morning, Jones.

DEFFY'S CROUP SYRUP.

Receipt of the late Dr. Walter Duffy.

DIRECTIONS:

Give a child two or three years old, one teaspoonful for a child three months old, ten drops for a child six months old, twenty drops for a child twelve months old, nearly half a teaspoonful for a child two years old, frequently if necessary until relief is procured.

This is to certify that I have used Deffy's Croup Syrup in my family for over six months and I believe it to be the best and most effective remedy for croup with children, especially as a preventive. Our youngest child had a severe attack of croup about a year ago, inasmuch that we felt anxious about his recovery, but was successfully treated by Dr. Walter Duffy, but thinking it probable that other attacks might follow we frequently used Deffy's Croup Syrup and the child has had no marked symptoms of croup since, and I believe it is due to the use of this Croup Syrup, and I now keep a bottle of it at our house at all times, and I cheerfully recommend it to all.
