THE President has issued the Behring sea proclamation.

THE Italian Premier counsels moderation on the part of Italians in this country.

THE Governor of Tennessee has received the refunded direct tax for his State, \$392,012.

SECRETARY PROCTOR is a candidate for the Senatorial seat vacated by Mr. Edmunds of Vermont.

THE Senate of Arkansas has passed a bill to prohibit the giving of a mortgage on crops, either planted or prospective.

MAJOR MCKINLEY has converted a Rhode Island Democrat. As a political miracle this accomplishment is unparalleled. Mr. Watterston will please pass the cake to Major McKinley.

GOV. HILL is to give a reception to the members of the New York legislature. It is probably in honor of Senator Hill. The remarks of Governor Hill to Senator Hill will be very affecting to the audience.

THE Italia expresses the opinion that Americans have but one god—their strong box. It says further: "In this strong box we must strike them, demanding the largest possible indemnity. On their tongue is but one word, 'Dollars.' Let us take advantage of it."

FOREIGN Governments, editors and declaimers, have been attacking the Constitution of the United States. This is dangerous to monarchical systems. The more the Constitution is presented to the people of oppressed Europe the more restless they will become under the tyranny of their masters.

We note with great pleasure the continued and growing prosperity of the Goldboro Argus. It has just commenced the publication of volume 13, and every year of its existence has teemed with evidences of intelligent devotion to personal integrity, social refinement, material development, State grandeur and national honor.

We are not of those who are afraid of the Alliance. Alliance men are not the kind of people to fear. They are patriots, gentlemen and christians. Should they put a national ticket in the field the natural effect of their action would be to throw the election into the House of Representatives where the Democratic candidate for President would certainly be elected.

In the city election at Kansas City, Mo., last Wednesday, the white women elected the Democratic candidate for mayor. The negro women rallied to the support of the Republican candidate, and the white women came out en masse and carried things with a rush. The wives of many prominent and well known Republicans voted for Cofran the Democrat, while their husbands supported Quimton the Republican. It was a decided victory for the white women.

To repair and patch up old and dilapidated buildings, and move old and unsightly hulks in the business part of a city, or along side of nice houses, is a great drawback to the prosperity of any place.

Mr. J. L. Hahn, who has been traveling through various portions of Onslow county, says that the general outlook in that section is bright, and that the people are in good spirits over the dawning prospects in that good old county. A large force of hands are now clearing the way for the extension of the new railroad towards New Berne, and the work is being rapidly pushed forward.

The Martha Washington Reception will be held the latter part of this month. It will be in celebration of the visit of Washington to New Berne one hundred years ago, when the customs of the people were so different from those of today that it can scarcely be realized that it is the same nation of people. The receipts of the entertainment will be for the establishment of the Woman's Industrial Training School.

Church Notice.
Hancock Street Methodist Church—Sunday, April 12, services at 11 a. m. and 8 p. m., conducted by the pastor. Prayer meeting at 9 a. m. Sunday school at 3 p. m., W. R. Barrington, superintendent. (The public are invited to these services, and will receive a cordial welcome.)

Death of Gen. John R. Cook.
Gen. John R. Cook, another great and gallant and one of the bravest Confederate soldiers, has passed away. He died in Richmond at 4 o'clock yesterday morning. In February, 1862, he was made Major and Chief of Artillery in the Department of North Carolina, and in the following April he was elected from that position Colonel of the 27th North Carolina regiment and ordered to Virginia. In his regiment there were companies from Jones, Lenoir, Pitt and other neighboring counties. Our townsman, Capt. K. R. Jones, was Captain of the one from Jones. We will give a sketch of Gen. Cook's life tomorrow.

Making Jail Birds Pay their Way.
Judge Conner, who recently held court in New Berne impressed this community as an able and excellent Judge. We notice an admirable order of his issued at the last term of Superior Court in Northampton county, directing the commissioners to put the convicts to work on the roads in that county. They had been working on the streets of the town for two months provision to that time and had just finished putting them in fine condition.

New Berne and Craven County might, with profit, learn a lesson from the above. Instead of letting transgressions of the law be a burden on the tax payers make them serviceable. Through our worthy city authorities have been made considerable improvement in our streets and keep them in as good condition as the money that can be expended on them will permit there has never been a time when a greater number of workmen on the streets could not have been utilized to advantage and we have often wondered why it is that such labor as Judge Conner ordered to be used in Northampton county, is not used here.

Besides the benefits enumerated above that will result from this course we believe it will have a deterring effect on petty law breakers. We believe that, as a rule, such persons have but little sense of shame above them and further that they care but little for the discomforts of a short deprivation of liberty, but if they are put to hard labor instead of being kept in idleness in the jail we think a change would soon come "O'er the spirit of their dreams" and they would walk more circumspectly thereafter.

Progress.
It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

Personal.

Messrs. C. E. Foy and Jac. S. Thomas left for Tarboro yesterday to attend the Albemarle Presbytery.

Mr. Numa Nunn left on the steamer New Berne of the O. D. line for New York on pleasure and business.

Dr. R. V. Pierce and wife, of Buffalo, N. Y., were in the city yesterday on their return from wintering south in the Doctor's yacht.

Mr. J. L. Hahn has returned from Onslow county and brought with him a small alligator about ten inches long. Mr. Hahn proposes raising the little quadruped as a pet.

Mr. John S. Manix, book keeper of the E. C. D. Steamer Line, left on the steamer Neuse for a business trip to Elizabeth City.

Miss Laura Hughes left for Baltimore on the steamer Neuse to visit the family of Prof. E. G. Daves.

NEW PAPER MONEY.

Two Dollar Silver Certificate Being Destroyed.
WASHINGTON, D. C., April 8.—Assistant United States Treasurer Whelpley stated this morning that there was no doubt that a counterfeit of the \$3 silver certificate was in circulation. As fast as the \$3 silver certificates were received at the Treasury department they were destroyed, but no order had yet been issued calling them in. The printing of \$3 silver certificates from the old plate had been suspended.

The new design will bear the portrait of Secretary Windom instead of that of Gen. Hancock. It is said that the new issue of \$2 silver certificates will not be printed until Secretary Foster decides upon a distinctive paper upon which to print all treasury notes, bonds and securities.

Phosphate Rock—Legislative Enactment.
Experimental investigations have satisfactorily proven that there are large phosphate deposits in Eastern North Carolina. The experience in South Carolina in mining river bottoms has led to the belief that the river bottoms in this State could be mined with profitable results, and in order to encourage the effort in this direction, the recent legislature passed the law granting the right of parties discovering phosphate in the bed of any river or rivers to enter the same mining purposes. The act gives the miners of such phosphate exclusive right to mine the same, requiring them to pay the State one dollar per ton tax for all phosphate so taken up.—Twin city S. Sentinel.

A BAD SHOWING.

American Vessels Built Elsewhere and Sailing Under a Foreign Flag.
SAN FRANCISCO, April 7.—The failure of Congress to pass a tonnage bill is bearing fruit. San Francisco merchants have subscribed \$110,000 and sent to the Clyde for a four-masted ship "The Hawaiian Islands," and will fly "the Hawaiian flag. She will be 270 feet long, 43 feet beam, and 24 feet deep. She will be the first of a fleet to be built on the Clyde for the same men, and all the ships will be engaged in trading in and out of San Francisco.

Investigation of the New Orleans Tragedy Begun.

NEW ORLEANS, April 8.—The grand jury yesterday began the official inquiry into the killing of the Italian prisoners on March 14. Attorney General Rogers has charge of the investigation. Among the witnesses yesterday were W. S. Parkerson and James D. Houston, two of the men who were on the committee which took charge of the "disposition" of the Italian prisoners.

New York, Brooklyn and Suburban Towns to be Consolidated.

NEW YORK, April 6.—The legislative commission on consolidation of the outlying municipalities with New York city, has agreed on a bill for that purpose which will be passed, bring Brooklyn, Flushing, Jamaica, Staten Island and most of Westchester county under one municipal government with New York.

Card to the Public.

The burning of J. T. Winfield's mill was done by some malicious and unprincipled scoundrel who did the act for nothing but to injure the owner of said property. To my own knowledge his hands, to a man, has offered to give him a week's work to help him to rebuild. Also his freighter has agreed to give him \$100 for past patronage. The log men who he has been dealing with him agreed to make up a purse for past favors to enable him to rebuild his mill. Such malicious scoundrels who burned the mill should be hunted up and punished according to law, and if such things are to be allowed to go on the steam mill business will have to stop, for no man will know when he is safe, even on his couch at night. So it is for the good citizens to hunt up and punish all such outlaws that they may not clog the wheels of progress in the future. So we, the good citizens of New Berne and Craven county protest against all such outrages being perpetrated on good people. CITIZEN.

Crawford Nominated.

At a meeting of the 4th ward, held at the Odd Fellows' hall last night, the following votes were cast for councilman: V. A. Crawford, 34; M. P. Holly, 10. On motion, V. A. Crawford's nomination was made unanimous.
