The Report That Minister Porter Would be Requested to Withdraw Verified.

LONDON, April 11 .- A Rome dispatch says that everybody is on the qui vive for the next act in the Italian-American drama. Crispi has only stated that the Rudini cabinet dare not make a serious demand for redress upon the United States, and that the Italian people has been held up to ridicule by the vacillation of the ministry. The statement that American utterances have had an the Episcopal church this morning at influence in provoking hostile feeling is confirmed. In addition to the press dispatches, the Consul General at New York, has kept his government fully informed of the editorial expressions of the press of that city. These are considered as extremely obnoxious in their tone of contempt for Italy's strength, both naval and military. Among the lower orders the complication is having a contrary effect. The people seem to anticipate that the gates of the American paradise are about to without effect.

THE REPORT IS NOT DENIED.

Rome, April 11.-Several newspapers of this city toyday confirm the report that in the event of the Italian Government not receiving a reply to its last communication to the American State withdraw from the country.

The impression in diplomatic circles is that the dispatch is not correct in assigning a date for United States Minisresponded to Italy's last note. Minister Porter is kept fully advised of the progress being made by the United States in investigation of the New Or-

of the result of his investigation, but the Attorney-General is kept advised as to what progress he is making. Until the matter is fully sifted it is not thought that any threats from Rome will cause this Government to act in any other than a cautious and dignified manner. Mr. Blaine, was seen tonight in regard to the dispatch, but said he had nothing to say in regard to it.
