HARRISON and Cleveland occupy the same position on the Silver question.

In the late city elections Albany, N. Y., went Democratic by a very large majority.

MRS. BALLINGTON BOOTH, of the Salvation Army, is giving successful "parlor talks" to the society women of New York.

The agents of North Carolina are now making copies of the names of parties who paid the direct tax. There are about 30,000 names.

PRESIDENT HARRISON is being well received at the South. If he considers this as an endorsement of his administration he is greatly mistaken.

SENATOR VANCE speaks favorably of Gen. John M. Palmer as a Presidential candidate. Palmer is a good man, but the Democratic masses are for Cleveland.

The late P. T. Barnum made \$5,000,000 by advertising and he never ceased to testify to the great value of newspapers in building up a man's fame and fortune.

THERE is a serious misunderstanding between Italy and Abyssinia. Italy needs a blood purifier. B. B. B., P. P. P. and S. S. S. ought to have large sales in that country.

AN effort was recently made to say in print that a prominent military man had taken part in a great many battles. But when it got into type this gentleman "had taken part in great many bottles."

EVANGELIST FIFE is holding very large meetings in Raleigh. The Edenton Street M. E. Church is one of the largest in the State but it cannot hold one half the people who wish to attend the services.

CHICAGO is largely Democratic. In the late election the Republican candidate for mayor was elected, but it was because two Democrats were running. Their combined vote showed a large majority of the votes cast.

CLEVELAND cannot utter a word on any public question that is not repeated in every part of the country. Monday night he spoke, to the Democratic club in New York, in honor of Jefferson's birthday. We can only give a paragraph as follows: It seems that the atmosphere which pervades this place is ill suited to selfish and ignoble designs; and I feel at this moment that I am surrounded by influences which invite patriotic partisanship and disinterested devotion to party principles. This sensation is most agreeable, for I am glad to be called partisan, if my partisanship is patriotic. If partisan is correctly defined as "one who is violently and passionately devoted to party or interest." I must plead guilty to the charge of being a Democratic partisan, so long as Democracy is true to its creed and traditions, and so long as conditions exist which to my understanding make adherence to its doctrines synonymous with patriotism.

LOCAL NEWS.

NEW ADVERTISEMENTS.

J. M. Howard—Perfect clothes.
C. E. Slover—Coconut macaroons.

COTTON—New Berne Market—Sales 13 bales at 7 to 8¢

See new advertisement of the Old Dominion S. S. Co.'s truck schedule on first page.

A business meeting of the Y. M. C. A. is called for tonight at 8 o'clock. A full attendance is desired.

There was a heavy rain, accompanied by hail, in the neighborhood of Spring Garden yesterday afternoon.

We were incorrectly informed as to the ushers at the marriage at Christ church Wednesday morning; it was Mr. Thomas W. Waters and not George as it was given to us. We correct this at the request of the party who gave us the names.

A new postoffice named Canary has been established at Mr. John N. Whitford's mill, 10 miles from New Berne. For the present there is a weekly service, the mail going and returning every Friday. Mr. T. C. Haskins has been appointed postmaster.

Since the recent improvements to Howard's marine railway, boats can be much more readily handled than formerly. The steamer Cutler was hauled up yesterday in just eleven minutes, which has been pronounced the quickest time on record.

The Goldboro Argus says the damage suit of Dr. Kirby Smith against Hon. Kemp P. Battle, President of the University, for false arrest, under the charge of having painted the Caldwell monument red on the night of the centennial commencement in 1889, is now engaging the time of the Superior Court in that city and is attracting considerable interest.

Yesterday we published on the fourth page of the JOURNAL the entire water works contract. This gives every one interested an opportunity to examine fully into all its terms and provisions. According to the requirements of an amendment to the city charter a copy of it will also be posted up at the city headquarters.

The ladies composing the following committees are requested to meet at the rooms of the Y. M. C. A. on Saturday afternoon at 5 o'clock, to perfect arrangements for the Washington Reception. Floor Committee—Miss M. Oliver, Miss M. Manly, Mrs. W. P. Burrus, Mrs. Chas. Reizenstein, Misses Kate Smaw, Kate Churchill, Annie Justice and Bertha Cutler. Ticket Committee—Mrs. Jno. Dunn, Misses Hollister, Mrs. Owen Guion, Miss Lalla Roberts, Miss Leah Jones, and Miss Etta Nunn. Supper Committee—Mrs. Chas. Slover, Mrs. J. A. Meadows, Mrs. Simpson, Miss Guion, Mrs. O. Marks, Mrs. H. R. Bryan, Mrs. George Ives and Mrs. L. J. Moore. Program Committee—Mrs. E. B. Ellis, Miss Lillian Roberts, Mrs. Seymour, Miss Radcliff, Miss Discoway, Mrs. LaMontagne, Mrs. M. D. Nelson and Miss M. M. Manly.

Steamer Departures Today.

Steamer Vesper, of the Clyde line, about noon.

Steamer Newberne, of the O. D. line, at 2 p. m.

Steamer Neuse, of the E. C. D. line, at 5 p. m.

Personal.

Miss Nellie Jones and Miss Hannah S. Allen left yesterday morning to visit friends at Asheville.

Messrs. J. B. Hulse and Ernest F. Klee, of Euconassuna, N. J., who have spending some months in the city on pleasure, went up to Seven Springs to spend a couple of weeks there.

Notice to Organize.

All the gentlemen who have consented to join in establishing a Reading Room are requested to meet this evening at 8 o'clock, at the Board of Trade rooms for the purpose of organizing. F. WINSLOW, W. W. CLARK.

An Unusual Shipment.

The old proverb of carrying coals to Newcastle seems at last to have been verified from Norfolk. The British steamship Brunel, cleared yesterday by Messrs. Barber & Co., has on board a part of her cargo 500 tons of coal, which is destined to Bremen, the steamer calling first at Newcastle to land part of her cargo. It appears that this is the first shipment of coal to foreign ports for sale from the United States. The coal was the famous Pocahontas, Norfolk Virginia.

Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach, and healthy in its nature and effect. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gently diuretic known.

Children Cry for Pitcher's Castoria.

THE CITY IMPROVEMENTS.

Their Importance—Provisions of the Bill.

In less than three weeks New Bernians will be called upon to decide by their ballots the question of city improvements, and upon the decision then made depends in a large measure the future growth and prosperity of the city. The spirit of improvement is rife now throughout North Carolina. Nearly every city of importance in the State and a number of small towns have voted for appropriations for improvements similar to those contemplated in New Berne. Those places that have them in operation have received therefrom renewed vigor and are going forward with accelerated speed, while those that have taken no action on this line are making comparatively little progress.

It behooves every citizen desiring New Berne's advancement, not only to vote for the improvements but to familiarize himself with the provisions of the bill and work among his neighbors and acquaintances in behalf of them previous to election day. We have in a former issue of the JOURNAL published the entire bill, but we desire again to pointedly call attention to some of its main features.

First: No more bonds will be issued than are necessary to perform the work, and it is expected that it will not be necessary to expend as much as the bill allows.

Second: The highest amount that can be issued is \$85,000 for street improvements, \$35,000 for sewerage, and \$15,000 for a city hall.

Third: The bonds cannot be disposed of for less than par value and are to bear only 5 per cent. interest.

Fourth: The highest rate of tax that can be levied for the payment of both principal and interest is 12 cents on the \$100 valuation of property and 38 cents on the poll for street improvements, 10 cents on the \$100 valuation and 30 cents on the poll for sewerage, and 5 cents on the \$100 valuation and 15 cents on the poll for the city hall and market house—a total for all the improvements of only 27 cents on the \$100 valuation of property and 81 cents on the poll.

Fifth: Each improvement is to be voted on separately. Thus every voter has the right to vote for all, against all, or for any portion of them and against the remainder, just as his judgment leads him.

Sixth: The bill appoints a "board of city improvements to have charge of the work." The board is composed of the following prominent, able and well-informed gentlemen: Messrs. Alex. Miller, Geo. H. Roberts, J. A. Meadows, William Dunn, and Jas. Redmond. This board has the power to fill any vacancies that may occur in it from any cause.

Seventh: This board is to make a report every three months to the city council, showing the full amount of money received and expended and the full amount of work performed.

Eighth: This board is to appoint one of its number "commissioner of the sinking fund of the city of New Berne." He is to make investments of the taxes collected that are applicable to the payment of the principal of the bonds and to perform such other service in connection with them as the board of improvements prescribes.

The plan of work on the streets is to grade them slightly sloping from the centre and macadamize them with oyster shells covered with a thick layer of shell rock marl. The sidewalks are to be curbed, graded and covered thickly with the marl. This material has been sufficiently used in the city to demonstrate its great value for this purpose. Notice the splendid sidewalk in front of Messrs. W. G. Brinson's and U. S. Maco's residences and see how much better the property shows up by having it in such good order. Pavements made of this material improve with age. Notice the one in front of Mr. E. M. Pavie's, and see how firm and stone-like it has become, and there are plenty of other places that show just as well, as those we have mentioned.

The sewerage system is to be built for thorough and efficient service and will be constructed over the city as the needs of each locality require. The principal main will be west of George street.

The city headquarters are not suitable for a city of New Berne's size. We should have one adapted to the requirements of the city's business, and one that can be pointed out with satisfaction and pride.

New Berne is progressing. If you wish to see her go forward with more rapid strides, vote for the improvements.

Steamer Newberne.

Shippers of truck and passengers will note that the steamer Newberne sails today at 3 p. m.

The George Washington Reception and Girls Training School.

As is well known by our citizens, a movement is on foot to make a suitable provision for the manual and domestic culture of our young girls in our city, so that they may be better fitted to fight the battles of life than they are now. We need hardly urge this as a deserving enterprise. It strikes at once to the very heart of Christian sympathy and work. We have Boys Homes and Training schools all over the country, and they are working wonders.

A female training school started in humility and faith, not boasting great things, but content with a small capital and economically administered, would be a splendid investment of time and dollars in this community. To take the young girl and train her in the wiferies of the kitchen or along any other line of a sober and remunerative life, will be an infinite gain to her. And what will it do for us? No man can tell, because that kind of institution has an invisible directory over and above its worthy managers, but it is safe to predict that angels unawares will tarry near its walls. Now listen how the intelligent ladies of this city are trying to advertise this movement.

The 24th of this month will be the entering of Gen. Washington's visit to New Berne. The splendid compliment which he thus paid us, renders a centennial celebration altogether proper. And as he was so prime among patriots and christians, and with Jefferson one of the strongest advocates of education, it is right to make this celebration the entrance call to the more serious work of the Girl's Training School. It is designed to make the celebration a success in every way. The large and commodious Court room, through the courtesy of the commissioners will be the scene of the entertainment. The costumes and characters of the olden time will be richly reproduced, making the occasion historical and dramatic. No effort will be spared to organize the Washington Reception into a startling renewal of the manners and styles of the stately continental court. The ladies in charge will provide an elegant supper. Tickets will be sold for admission. And as this is the only method yet fixed upon to start a fund for the noble work had in view, it is desired that all the elements of pious zeal, patriotism, and good taste, and home pride shall be invoked for this reception. Let every citizen of New Berne feel himself specially charged with the success of this entertainment. And let us lay the corner-stone of the Girl's Training School with a heap of solid dollars.

Interesting Debate at the State University.

April 14, 1891.

EDITOR JOURNAL.—The most interesting of the Inter-Society debates yet had came off in the hall of the Philanthropic Society on Saturday night. The query was, "Resolved, That Greece has exerted more influence than Rome upon civilization." The Dialectic Society was represented by F. H. Argo, of Raleigh, and H. E. Kothbauer, of Salem, on the affirmative; the Philanthropic Society by Plato Collins, of Kinston, and E. V. Harding, of Greenville, on the negative. F. A. Moyer, Jr., of Greenville, was secretary, and J. W. Duguid, of New Berne, and T. B. Lee, of —, were the marshals.

This was the third of the semi-annual debates. The Phils. were victorious in the first two. Great interest was centered in this, because it was known that the Dis. had gone into it with greater determination than ever before, while the Phils. were bent on sustaining their reputation.

The committee rendered a decision in favor of the Dis.—two voting for the affirmative, one for the negative.

Without attempting to give a report of the speeches, it is perfectly safe to say, that while the Phils. were defeated, they sustained fully their reputation as speakers. A great majority of the audience, even the Dis., seemed to think when the debate closed that the Phils. were again the victors. The decision of the committee was a great surprise.

There is not much difference of opinion as to which side made the best speeches. Collins and Harding are the heroes of the hour. Old students join with members of the faculty in saying that they have never heard finer speeches by students at the University. Pitt and Lenoir have cause to be proud of their gifted young speakers. N.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

Notice.

The Republicans of the 6th precinct of the 6th ward in the city of New Berne are hereby notified to assemble at St. Phillips school house Friday Apr. 17 at 12 o'clock m.

Henry James Chm'n.

N. H. Styron Sec.

"Worth makes the man, and want of it the fellow."—Pope.

And there is worth in clothing as well as in the man. The clothing bearing the following Trade Mark is found only at Howard's. Hear what the makers say of it. "If any garment bearing our label don't turn out well, complain about it; tell your clothier—he'll tell us; if we're to blame, will make it right every time; if your clothier don't attend to it write us direct. We want to know all about it. Will keep the promise that our label implies—to furnish perfect clothes."

HOWARD.

Millinery!

Mrs. B. B. LANE,

Middle St., opp. Baptist Church.

Having opened her NEW STOCK of Spring and Summer Millinery Goods, respectfully invites her numerous customers and the public generally to call and examine her

New and Elegant Hats, Flowers, Ribbons, Laces, Pins, etc.

and be convinced that her goods are as Pretty, Stylish and Cheap as any in the city.

DUFFY'S CROUP SYRUP.

Receipt of the late Dr. Walter Duffy,

DIRECTIONS:

Dose for a child two or three years old, one teaspoonful; for a child three months old, ten drops; for a child six months old, twenty drops; for one twelve months old, nearly half a teaspoonful—repeating these doses frequently if necessary until relief is procured.

This is to certify that I have used DUFFY'S CROUP SYRUP in my family for over six months and I believe it to be a most excellent remedy for croup with children, especially as a preventive. Our youngest child had a severe attack of croup about a year ago, inasmuch that we felt anxious about his recovery, but was successfully treated by our physician, but thinking it probable that other attacks might follow we frequently used DUFFY'S Croup Syrup and the child has had no marked symptoms of croup since, and believe it is due to the use of the Croup Syrup, and we now keep a bottle of it at our house at all times, and I cheerfully recommend it to all. E. H. BARNUM.

Also very effectual in relieving coughs and colds. PREPARED AND SOLD BY R. N. DUFFY, New Bern, N. C.

Wholesale Agents—McKesson & Robbins, 31 Fulton Street; Wm. H. Schieffelin & Co., 170 William Street, New York City.
