MOVE up on city improvements. Every live town is going ahead on this line.

THE Caucasian gives the cheering intelligence that the huckleberry crop of Sampson is promising.

In short the United States does not propose to act as a life insurance agent for Italian brigands.

THERE is very great improvement at Charlotte. The people there are talking railroads—not riots.

FATHER McMAHON, of New York, has given half a million to the Catholic University at Washington City.

THOSE Italians who do not admire the Constitution of the United States will experience no difficulty in leaving the country.

THE transmigration of spirits is fully established. A man in this neighborhood remembers when he was a gray mule grazing on the hill side.

JOHN JAMES INGALLS, having procured thirty acres of land and hired two field laborers, only wants a mortgage to make him a typical farmer of the West.

CLEVELAND, Hill, Palmer and Campbell are all good men, but not one of them can "pass muster" without the endorsement of the Democratic National Convention.

THE question has been raised, "who pays the expenses of the President's pleasure trip?" It will cost over \$30,000—not a large sum for a great Government to pay, but rather large for an individual to spend in a few weeks.

THE rate at which the Southern newspapers are reducing their subscription price and making improvements in their appearance and news service denotes a healthy commercial condition in that section of the country.—Washington Post.

THE London Standard says: "Mr. Blaine's reply is a very able paper. We shall look forward with curiosity to the Marquis di Radini's reply. It is difficult to see how supporters of the Mafia society can slip through the meshes of the net thus carefully spread for them."

THE Wilmington Messenger in referring to the election of a President of the State University says: While the Messenger has suggested two others for the Presidency who are certainly well equipped for the position, it will bow with proper resignation to the selection of another. If Prof. Winston is chosen we shall not repine, for we know him to be a scholar of superior attainments, a writer of unusual excellence, a teacher of marked success, and one of the very ablest of living young North Carolinians.

LOCAL NEWS.

The devotional meetings on Sunday at the Y. M. C. A. have been very interesting lately. See the notice and go this afternoon.

Mr. Jas. W. Bergeron, a farmer near Iadalia, 59 years old was found dead in his room on Saturday, the 11th inst. It is supposed that he dropped dead from heart disease.

Yesterday Mr. D. G. Smaw moved his tin shop over to his building opposite where he has been located. Mr. N. S. Richardson expects to move his job printing office in the one vacated by the first of May.

Mr. Wm. W. Cook has just finished boring a well for the Onslow Lumber Company at Jacksonville that flows five feet above the mouth of the well and the mouth of the well is twenty-five feet above the river.

Craven street does not want to get left in the race for good looks and improvements. Besides other places recently mentioned the JOURNAL office and the building occupied by Mr. D. G. Smaw are putting on a few "airs" by being painted.

The Goldsboro Argus says the damage suit of Dr. Kirby Smith vs. Hon. Kemp P. Battle, for unwarranted arrest under the charge of having painted the Caldwell monument at Chapel Hill red on the University centennial resulted in a "hung jury" and a mistrial.

We see that Mr. J. Suter has laid in a nice supply of furniture from Messrs. Rigdon & Hall's factory. The factory has almost just started, but it is turning out good work and Mr. Suter shows that he is the right kind of a man by patronizing and thus rendering the most effective encouragement possible to the commendable industry of these young men.

We have been shown by Dr. F. M. Arendall a handsome, valuable and appropriately inscribed silver tankard for communion service that Mrs. S. K. Eason has presented to the Methodist church at Morehead in memorial of her little daughter, Miss Lillie, who died some years, and who became very much attached to the Sunday school of that church while staying at Morehead not long before her death.

As young as the potato crop is, the destructive Colorado beetle or potato bug has already made its appearance. E. R. Dudley, one of New Berne's industrious colored truckers, brought to our office yesterday a solid quart of the little pests that he had picked out of his potatoes. This is their first appearance and if our farmers generally will promptly wage vigilant and relentless war against them before a new generation of them arises we think the reduction of their numbers and consequent saving of the potato crop will be much more effectively accomplished than if the attack on them is deferred to a later date.

The elegant residence of Mrs. Pennell on the macadamized road, now nearly ready for occupancy is one of the most beautiful and nicely finished in the city. Its erection and the thorough repainting of Dr. Charles Duffy's residence nearly opposite adds much to the attractive appearance of that neighborhood. The increase in the value and desirableness of property along this street after it was macadamized furnishes a good illustration of what first class streets throughout the city would do for it. And yet it is macadamized only in the middle. The intended improvements to be voted on in May contemplate not only the macadamization of the central portion but also the putting of the sidewalks in perfect order. If you desire the prosperity of the city, vote for the improvements.

Mr. W. D. McIver, a talented young lawyer, of Troy has located in New Berne. His office will be the one on South Front street formerly occupied by Judge E. R. Bryan. Mr. McIver is a graduate of the State University. He is a brother of Prof. C. D. McIver who recently held the teacher's institute in this city and made such a favorable impression upon our citizens, and a cousin of Judge J. D. McIver. Gentlemen of the legal profession in New Berne who are acquainted with Mr. McIver express their appreciation of his excellent qualities and gratification at having him become a member of the New Berne bar. Our citizens will extend him a cordial welcome.

A Southern Bible Conference.

It is stated that Evangelist Fife, who has recently held a large and interesting revival at the Capital city, propose in a short while to settle down in Charlotte where he will open a southern Bible Conference. Mr. Fife has been spending his summers in the Northern Conference at Niagara-on-the-Lake and at Ocean Grove, N. J. Next summer he will again visit these Northern schools and at the same time select teachers and Bible trainers for the Bible Conference he intends to hold in Charlotte.

Dramatic and Musical Concert.

The dramatic and musical concert to be given at the theatre will be held to-morrow night instead of Wednesday previously announced. Miss Henrietta Vinton Davis, the leading character, has the highest recommendation as an elocutionist. Among the pieces to be recited are the Spanish Gypsy, and Mary, Queen of Scots. Two colored glee clubs and other additions will take part in the program. The following paragraph is taken from the Goldsboro Argus:

"The entertainment given in the messenger Opera House Friday night under the auspices of several of the colored churches and the colored schools of this city was attended by a crowded audience, and the section reserved for white people was occupied by some of our most prominent citizens. The renditions of songs and music by our home colored people were most commendable, and where so many participated and did so well it would be tedious to generalize and impolitely to particularize. But the one great attraction was the renowned tragedienne and elocutionist Miss Henrietta Vinton Davis, of Washington City. She must be the greatest living genius of her race, because in every character she impersonated she met and filled the role to the fancy of the most intelligent of her audience. Her prodigious memory, her graceful control of every thought, word and action, her powerful delineations and her compass and modulation of voice are truly wonderful."

An Old and a Young Soldier.

For noble, true and unflinching men when duty calls to battle, the record of the North Carolina soldiers in the late civil war will always be honored and command admiration on the pages of history. Every constant we hear of some unrecorded deed of valor and daring that should make the young hearts feel proud of their ancestry.

The latest report of patriotic zeal and fervor comes from where extreme age and youth went through the entire struggle in the defense of a cause in which they honestly believed to be right and just and for which they were willing to lay down their lives. An exchange tells the incident in the following paragraph:

"The little town of South Mills, in Camden county, can boast perhaps of the oldest and youngest Confederate soldiers now living. George H. Jacobs enlisted with his father when he was only nine years of age: 'Uncle Billy Gregory,' as he is called, enlisted when he was seventy years of age. Both went through the entire war, the boy as a drummer and the old man as a private in ranks. Mr. Gregory is now 98 years of age and apparently enjoying the best of health. Mr. Jacobs is a merchant in South Mills. They were both in the same company, (the Camden Grays) Captain Joseph Hughes in command. The Grays volunteered for only one year, but at the expiration of this time nearly all of the company re-enlisted."

The saw mill of the Scranton and North Carolina Land & Improvement Company at Makeleville, Hyde county, was burned yesterday morning at 3 o'clock. The loss was \$15,000. It was insured for \$5,000.

ITALY IS DISSATISFIED.

Rudini denounces Blaine's Letter and is Cheered by His Italian Brethren.

ROME, April 16.—In the Chamber of Deputies today marquis de Rudini, the Italian premier and minister for foreign affairs, replied to a question as to what action that Government would take in view of the note of the American Secretary of State, Mr. Blaine addressed to Marquis Imperiali, the Italian Charge d'Affairs at Washington. The Marquis de Rudini said that the Italian Government would decline to admit the irresponsibility of the United States towards the single States composing the American Union. The question at issue in the present controversy was one which interested every civilized government in the world as well as it does that of Italy. Continuing, the premier said that the Italian Government had no fear of political difficulties, but it was filled with regret that a so highly civilized country as the United States should fail in the fulfillment of its duties to the cause of justice and conclusion of the premier's explanation.

ROME, April 16.—In political circles in this city Mr. Blaine's latest note causes disappointment. It is spoken of as vague and inconclusive and as leaving the matter in statu quo.

THE OFFICERS UPHOLD;

Evidence on the Killing of the Coke Strikers Unfavorable to Them.

GREENSBORO, Pa., April 16.—Coroner Wakefield's jury in the Morawood riot case, reconvened here today with a very large attendance from the vicinity of the riot and was damaging to the strikers. The witnesses all agreed that the rioters, about 200 in number, had been very disorderly during their march to Morawood, having stoned several houses and threatened to kill the male occupants for refusing to join in the raid. They had threatened to burn the company's store and destroy the ovens at Morawood, and were armed with clubs and stones, some having revolvers, which they frequently fired. The testimony of the secretary of the miner's union in the main corroborated the evidence given by the deputies.

General Johnston's Estate.

WASHINGTON, D. C., April 16.—The inventory of the personal estate of General Jos. E. Johnston, aggregating \$104,290 was filed in the probate Court yesterday.

Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effect. Possessing these qualities, Syrup of Fife is the one perfect laxative and most gently diuretic known.

DUFFY'S CROUP SYRUP.

Recipe of the late Dr. Walter Duffy.

DIRECTIONS:

Dose for a child two or three years old, one teaspoonful, for a child three months old, ten drops; for a child six months old, twenty drops; for one twelve months old, nearly half a teaspoonful—repeating these doses frequently if necessary until relief is produced.

This is to certify that I have used DUFFY'S CROUP SYRUP in my family for over six months and I believe it to be a most excellent remedy for croup with children, especially as a preventive. Our youngest child had a severe attack of croup about a year ago, inasmuch that we felt anxious about its recovery, but was successfully treated by our physician, but thinking it probable that other attacks might follow we frequently used DUFFY'S CROUP SYRUP and the child has had no marked symptoms of croup since, and I believe it is due to the use of the CROUP SYRUP, and we now keep a bottle of it at our house at all times, and I cheerfully recommend it to all. E. H. BARNUM. Also very effective in relieving coughs and colds. PREPARED AND SOLD BY E. N. DUFFY, New Bern, N. C. Wholesale Agents—McKesson & Robbins, 170 William Street, New York City.
