HARRISON is a real "stump speaker." In California he spoke from a stump 32 feet in diameter. Possibly the stump of the tree of Liberty.

"It is understood that David Bennett Hill has scratched ex-Senator Reagan off his list of model statesmen." Reagan knew when and how to resign. You see!

"No President can be nominated and elected a second time," says the New York Sun. Then what will happen should Harrison and Cleveland be the nominees next year?

It is being very pertinently asked "Was the Republican League convention at Cincinnati a 'Comedy of Errors,' or is the uproar which has followed it a case of 'Much Ado About Nothing'?"

A PARTY is known by its methods. Clarkson who is in high favor with the Republicans and is the President of the National League of Republican Clubs, is the man who gained immortal infamy by his "blocks of five" theory. Nice fellow to lead a great party! Why not? He and his party are as one.

It is believed that "Jack the Ripper" has been arrested in Jersey City, N. J. He is known in New York as "Frenchy No. 2." and is charged with the brutal murder of a woman at the East River hotel, New York City. It will be remarkable if it turns out that the criminal who has so long baffled the London police has been captured in New Jersey.

THE Richmond Times announces that it will begin at an early date a series of special editions devoted to advertising and promoting the business, commerce, and general advantages of that city, the issue in each case to be not less than 40,000, and published solely at the expense of the paper. This is a good piece of enterprise, and has been officially commended by the Richmond Chamber of Commerce.

"GEN. A. L. LONG, Gen. Lee's Chief of Staff, died at Charlottesville, Va. last Wednesday." Gen. Long was one of the best soldiers in the Army of Northern Virginia. He first appeared as Military Secretary to Gen. Lee, when that officer was military adviser to the President at Richmond. When the army was organized into three

corps he was made Chief of Artillery of the second corps under Jackson. He held this position until made Chief of Staff of the Commanding General. His "memoirs of Robert E. Lee" is the standard military History of the South.

## LOCAL NEWS.

### NEW ADVERTISEMENTS.

H. B. DUFFY—For today.  
C. E. Slover—Small hams.  
C. A. Nelson—Spring lamb.  
J. M. Howard—"Big Six."

COTTON—New Berne Market—Sales 8 bales at 7 to 7 3/4.

In the organization of "The Athletic Base Ball Club," Mr. F. E. Morton was made President.

As required by law, Sheriff Lane has commenced to advertise certain property for sale on which taxes have not been paid.

Wm. Wheatley, who was put in jail last February for violating the oyster law, has been released on giving bail through his attorney, Mr. J. W. Waters.

We will have to ask pardon for occasionally omitting articles of request for publications. A number of them have accumulated on our hands which we hope to be able to give in a few days.

The protracted meeting at Morehead conducted by the pastor, Rev. H. C. Moore, assisted by Rev. Mr. Stringfield of Wake county, closed Thursday night. There were about 30 conversions.

F. H. Kepner & Co., of Baltimore reported yesterday peas at \$3, cabbage 1.25 and berries 25 cts. G. S. Palmer of New York quoted peas 1.75 to 2. cabbages 1.25 to 1.75 and strawberries at 18 to 25 cents.

The regular Quarterly meeting of the Ladies Memorial Association will be held at the residence of Mrs. F. C. Roberts Monday, May 4th at 5 o'clock p. m. As there is business of importance all the members are earnestly requested to be present.

The Criterion Dramatic Club, which now numbers eighteen members, are preparing to give an entertainment. They have selected a good play "From Poverty to Wealth" with a cast of eleven characters, and an excellent farce "Poison" and are having frequent rehearsals.

The case of Young vs. the Western Union telegraph company for \$10,000 damage has been withdrawn, the plaintiff paying the costs, as the investigation brought to light the fact that he now has a wife by a former marriage and four children living in Alabama, and he has also married still another since the death of the one whose illness was announced in the telegram that failed to reach him.

The Goldsboro Argus congratulates the city, its inhabitants, its administration and above all its City Tax Collector Mr. W. A. Denmark, on the fact that there are no delinquent tax payers in Goldsboro this year. The collector has attended to his duties so diligently and the citizens have responded so promptly and faithfully that the books are clean and the accounts all balanced. It would probably be impossible to find another city that could make such a showing.

The Wilmington Messenger says the merchants of that city are determined to resist the payment of the Schedule B Tax to the full extent of the law. Several hundred dollars have already been raised for this purpose. The Legislature was appealed to at its recent session to lighten the burdens of this tax, but failed to afford the relief sought for. The merchants will now secure able counsel and test the constitutionality of the act in the courts.

A correspondent of the Kinston Free Press writing from Richlands says that as a result of the recent revival at that place, one hundred and fifty-two persons professed faith in Christ and ninety-four joined the Methodist church. Others intend to join and quite a number will unite with other churches. This is truly a wonderful work of grace in a country community. Mrs. J. D. Carpenter, who was invited there by the pastor of the Methodist church, Rev. W. A. Forbes, conducted every meeting—two services nearly every day. Her discourses were very much enjoyed by the large congregations. They called it preaching—excellent preaching. She did not. She called it working for Jesus. It is said that she won the hearts of nearly or quite all who attended the meetings, and that people of other churches joined in the meetings so heartily that denominational lines were apparently obliterated.

## NEW BERNE'S THIRD BANK.

The Farmers and Merchants Bank Opens its Doors for Business.

This institution, recently organized with a paid up capital of \$75,000, commenced business yesterday and made a very favorable beginning. Gentlemen were in waiting to make deposits when the doors were opened and through the day numerous deposits were received that in the aggregate made quite a handsome showing.

The bank has the following excellent set of officers: L. H. Cutler, President; W. S. Chadwick, Vice President; T. W. Dewey, Cashier; A. H. Powell, Teller; P. H. Pelletier, Attorney. The directors are L. H. Cutler, Wm. Cleve, O. Marks, P. H. Pelletier, W. S. Chadwick, J. W. Stewart and John Buter. These are representative men who have been successful in their undertakings and they are among our most prominent and influential citizens, and their having the affairs of the bank in charge insures good management of the business entrusted to it. Mr. Dewey, the cashier, was formerly cashier of the Bank of New Hanover at Goldsboro, and he has had considerable experience in this line.

The bank building is a brick structure conveniently located on one of the principal business streets. It was purchased and re-modelled for its present use, and presents a handsome appearance both on the interior and exterior. The front is finished in brown stone, pleasingly ornamented. The polished plate glass in the front measures 50x80 inches and the upper portion of each window is a gracefully arched glass.

The vestibule is laid with marble tiling. The inner door opens into the banking room, the cashier's office is connected with that at the rear, and back of his office is the President's room and Director's office.

The ceiling and wainscoting of these rooms are of varnished ash, the walls from the wainscoting to the ceiling are painted and paneled, the counters are grained ash with molding and panels in antique oak and everything shows up beautifully.

The vault is commodious and strong—steel-lined and fire proof; and it is furnished with one of Harring's patent air-tight, burglar and fire-proof safes with the very best and latest improved combination time lock. The bank is amply supplied with all modern safeguards, improvements and conveniences.

We greet this addition to New Berne's banking facilities with hearty pleasure and feel that it will prove successful and highly beneficial to the community.

Officers Elected, and Plans of Industrial School.

The ladies interested in establishing an Industrial School and Woman's Exchange in New Berne, held a meeting to organize a Society and the following officers were elected.

President, Miss M. M. Manly; Vice Presidents, Mrs. C. E. Slover, Mrs. J. A. Meadows, Mrs. Jno. Hughes, Mrs. Jno. Dunn, Mrs. O. Marks, Treasurer, Mrs. S. S. Nelson, Secretary, Mrs. A. S. Seymour, Managers, Mrs. Geo. Ives, Mrs. E. B. Ellis, Mrs. Frontis Ives, Mrs. K. E. Jones, Mrs. L. J. Moore, Mrs. Geo. Roberts, Mrs. M. N. Nash, Mrs. C. Reizenstein, Mrs. M. Windley, Mrs. Jno. Smallwood, Mrs. H. R. Bryan, Miss M. Manly, Miss C. Mayhew, Miss F. Guion, Miss E. Dismore, Miss Mary Roberts, Miss F. Smallwood, Miss Nellie Jones.

It was decided to open the school early in November next, the money realized from the Washington Assembly to be safely invested until that time, and it is hoped that all our citizens will assist the ladies by a cordial support and co-operation.

Though Mr. T. A. Henry has been away for a good while he always considered New Berne his home and it gives us pleasure to learn that he has now come back to remain.

The many friends of Capt. W. S. Simmons will learn with regret of the death of his mother, Mrs. G. A. Simmons. She died at her home in Boston Thursday after a long illness. She was 75 years of age.

Rev. S. B. Hunter, of James City, has shown us a curiosity—a goose egg with plain, black figures on it. There are three numbers in regular order, one under the other. The top part of the upper number does not show enough to determine what it is; the middle number 98 is as distinct as any letter in a newly printed paper, the bottom number is not so clear but looks like 90. The egg had been set and was the only one of the setting that failed to hatch. The figures were not noticed until the other eggs had hatched. It is not known how to account for the phenomenon.

Children Cry for Pitcher's Castoria.

## Personal.

Capt. W. S. Simmons left for Boston yesterday on account of the death of his mother.

Miss Maria Manly left for Baltimore to attend the funeral of her brother-in-law Mr. A. S. Whedbee.

Mr. E. H. Meadows went up to Raleigh on a business trip.

Mr. Daniel Lane went up to Kinston to attend Conference. Miss Emily Ferrebee also left for the same purpose.

Rev. T. P. Rlood spent yesterday attending Conference but returned last night owing to the revival in the church of which he is pastor.

Miss Rosa Ricard returned home last night from a visit to relatives at Kinston and Warsaw.

Miss Sue Nelson, of Winston, is visiting Mrs. Judge Green.

Col. W. H. Lucas, chief shell fish commissioner, came in from a trip to Raleigh on business connected with his office and will remain in the city a short time.

Mrs. Sallie Hassell and children left for their home at Beaufort from a visit to relatives in the city.

Next Monday the Day.

In urging upon the people of New Berne to give the public improvement question their most careful consideration, the Journal does not put itself up as dictatorial or to question the right and motive of any voter next Monday. It is for our citizens, to say whether \$75,000 shall be expended here among the laboring classes or not; whether we want the best and most attractive streets of any city in the State; whether we want to still further improve the sanitary condition of the city and whether we want another handsome new building for a city hall.

As for ourselves we are for the improvements, one and all, and every time. If not directly, indirectly we believe they will result in great good in inspiring confidence and being instrumental in leading to other developments. Also, as a public Journalist, we feel it a duty to take the side of that which would only have even a glimmer of new life and an increased business. Where there is but little risk there is usually little gain and lost opportunities can not be called back.

## Church Notice.

Hancock Street Methodist Church—Sunday, May 3; Rev. Mr. Beeton will preach at 11 a. m. Regular services at 8 p. m. Prayer meeting at 9 a. m. Sunday school at 8 p. m., W. R. Barrington, superintendent. Old-fashioned experience meeting at 4 p. m. to which all who are interested in religion are invited to attend. A cordial welcome will be extended to all visitors.

Rev. B. F. Dixon preached a powerful sermon at the District conference yesterday morning and in the afternoon the following were elected delegates to the annual conference: Messrs. W. L. Arendell, of Morehead; J. K. Willis, of New Berne; W. B. Pearce, of Lenoir county, and J. W. Bryan, of Goldsboro. Rev. L. W. Crawford, of Trinity college, Rev. F. L. Reid, editor of the Christian Advocate and Bishop Galloway arrived there last night.

## Great Gas Vein in Illinois.

BLOOMINGTON, Ill., April 28.—While a four inch well was being drilled six miles southeast of this natural gas was struck at a depth of 130 in a bed of gravel, lying under many feet of blue clay. The drilling tools were hurled into the air and a column of gravel and stones has since been thrown continuously to the height of 100 feet. The pressure is enormous, and the output exceeds greatly that of all the many gas veins that have been struck in Central Illinois.

## Political Crisis in Hawaii.

CHICAGO, April 29.—A San Francisco dispatch says that Honolulu advises report that Minister Carter has resigned from the cabinet and the people are clamoring for a republic. It is said that the life of the queen is in danger.

## Their Places Filled with Italians.

SCOTTSDALE, Pa., Apr. 29.—The only excitement in the coke region today was the arrival of sixty Italians at Morewood. They were under the protection of the sheriff, and will be put to work at once. Another lot will arrive tomorrow.
