A Diversity of Interests.

Charlotte believes in diversified industries. Among those, she has four of the largest cotton factories in the State, having a total number of 86,884 spinsacked by soldiers and women and dles, and giving employment to 500 young girls ill-treated and mur- good white operatives. She has the dered. They have just made a nice shipment to Kinston.

As our readers know there is a probability that at an early day we will have a large cotton ginnery, oil mills & J. A. Meadows that has been in operation a number of years and does and extensive business.

And lastly, we will say that arrange ments are now being entered into looking to the establishment of another more particularly in a few days.

Such movements as these give encouragement for the future. It behooves our people to establish productive enterprises and encourage the establishment by others, and as far as practicable they should be varied in terday when the announcement was character, as they will thus give employment to different classes of labor and utilize different raw materials. An abundance of diversified industries is bound to bring general prosperity, as money is put in active circulation and the community at large benefitted by them.

DUFFY'S CROUP SYRUP. Receipe of the late Dr. Walter Duffy.

DIRECTIONS: Directions:

Dose for a child two or three years old, one easyconful; for a child three months old, ten drors; for a child six months old, twenty drops; for one twelve months old, nearly half a traspondul-repeating these doses frequently it necessary unth relief is procured.

This is to certary that I have used Duffy's CROUP Syrife in my family for over six months and I believed to be a most excellent remedy for croup with children, especially as a preventive. Our youngest child had a severe attack of croup about a year ago, insomuch that we felt apxious about its recovery, but was successfully treated by our physician, but thinking it probable that other attacks might follow we frequently used Duffy's troup Syrup and the child has had no marked symptoms of croup since, and I believe it is due to the use of the Croup Syrup, and we now keep a bottle of it at our house at all times, and I cheerfully recommend it to ad.
