REMEMBER the Sabbath day to keep it holy.

THE cold weather lately prevailing over the country was of unusual extent and frost was later than ever previously recorded.

PRESIDENT BALMACEA, of Chili, has rejected the demand of the Congressional party, and the war will go on to extermination.

A MAN'S word ought to be as sacred as his bond, and with a gentleman it is. There is no room in a christian community for a deliberate liar.

IN the race for Speaker, Mills, of Texas, and Crisp, of Georgia, are far ahead, but it is apprehended that they will exhaust their strength before they enter the home stretch, and some one, less prominent now, will win the race.

NEXT Monday will be memorial day: a day held sacred throughout the South. Let no business engagement keep any true man from its appropriate observance, for with it is associated holy memories of a just cause, in which the bravest and the best died for God, Home and Liberty.

BARNUM died worth \$5,000,000, notwithstanding his entire show was completely destroyed by fire half a dozen times. Barnum was the man who said: "I owe my success to a liberal use of printer's ink, judiciously distributed. I don't care what the newspapers say about me so long as they say something."

THE Norfolk Landmark is always sound and sensible. In a late issue it says: The most serious problem that confronts the Government and people of the United States is this one of restricting immigration and limiting it to that which is proper to be admitted. The solution of it cannot be postponed beyond another Congress.

"Position is everything." So thinks David Bennett Hill. He is now Governor and United States Senator-elect. There seems to be an impression in New York that he will seek a re-nomination for the Governorship, as he has an idea that in the Governor's chair his chances for the Presidential nomination will be better than if he was in the Senate.

FOREIGN dispatches state that the draft of the treaty of commerce between Spain and the United States was sent to the Spanish Minister at Washington last week, with instructions to sign it immediately. It provides that coal, petroleum, machinery, and fats will be admitted free into Cuba and Porto Rico and the present duty on flour will be reduced one half, in exchange for the free admission into the United States of sugar, coffee and cocoa.

Bishop A. G. Haygood of the Southern Methodist church, denounces Pinkerton Detectives in the following language: What right have the killing Pinkertons, mere Hessians, fighting anywhere and anybody for to hold mobs in check, to put down riotry, to evict strikers? Thank God, these hired ruffians have not yet been called in to help any city or corporation in the "barbarous South." If any plutocrats down here should so far forget the spirit of our institutions as to send for them, it would find that self-respecting State government will order out the militia to put out and down and imprison these Pinkertons. What do the Northern people mean by tolerating it? What sort of a notion of Republican government have these Northern Governors and people?

Heirs to a Big Fortune.
A number of citizens of Craven and adjoining counties are taking steps to secure possession of valuable property in New York to which it is considered they are rightful heirs.

The property was left by Robert Edwards, a bachelor, who with his two brothers, moved to this country from Wales between 1770 and 1780. The property consists of thirty-five acres which then lay just outside the limits but which now is a part of the city of New York. It is assessed for taxes at \$205,000.00, but the New York World estimates its real value at \$367,000.00.

Before his death Robert Edwards leased the property to another party for ninety-nine years and at the expiration of the lease it is understood that it was to go to the descendants of his brothers Uriah and John. These descendants are numerous and they consider that the time has come for them to enter into possession.

There are between 300 and 400 persons interested as heirs residing in several States. Nearly half the heirs, in this State, mostly in the counties of Craven, Lenoir, Pitt, Green and Wayne counties. If the claimants win, about one-fourth of the amount will come to this State.

The heirs are to hold a meeting in New York beginning May 21st with headquarters at the Willard.

The North Carolina branch of the heirs organized at Kinston and will be represented at the New York meeting by Col. I. A. Lugg, of Greenville.

The heirs who were present or represented at the meeting in Kinston were Mr. W. F. Rountree and Maj. S. D. Pope, of New Berne; Col. I. A. Lugg, of Greenville; Mr. A. R. C. Rountree, of Greenville; Mr. A. R. C. Rountree, of Greenville; Messrs. J. E. Edwards, Jr.; J. J. Edwards, and J. J. Warren, of Greene county; and Jno. B. Hill, W. F. Stanley, B. F. Scarborough, Capt. W. J. Pope, J. E. F. Harper, Moses Spivey, Mrs. Elbert Edwards and Rebecca Kornegay, of Lenoir county.

Personal.
Rev. Father Price left yesterday for an appointment at Goldsboro. Elder Eugene Scott went up to Core Creek station where he will preach today.

Messrs. J. M. Morehead, of Durham; J. W. Granger, of Kinston; W. L. Kennedy, of Lenoir county, and P. M. Pearson of Trenton, passed through yesterday morning, returning to their homes from a short pleasure trip to Morehead. They report blue fish abundant and fine, and the sport of catching them delightful. They went out trolling for them Friday and in a short time had 176, weighing about 24 and 3 pounds each.

Rev. Rufus Ford returned home last night from Trenton, where he has been assisting Rev. J. H. Vernon in conducting a protracted meeting.

Presiding Elder W. S. Rone arrived last night to hold Quarterly Conference and is the guest of Mr. J. A. Meadows.

Mrs. G. K. Bagby and children came down from Kinston to spend a short time in the city.

Convention at Raleigh.
Next Wednesday is the time for the convention called by Gov. Holt of all those interested in the development of the resources—especially the real estate resources of the State—to assemble at Raleigh. This part of the State ought to be well represented. We suggest that all the delegates to the late Interstate Immigration Convention at Asheville attend this meeting. They are gentlemen of ability and their experience at the other meeting which represented the other Southern States also will stand in good stead at the coming convention.

The railroads are giving low rates. Tickets will be on sale May 13th and 13th good to return until the 16th, inst. inclusive. Rates as given below are for round trip tickets to Goldsboro and return from points on the Atlantic and N. C. Railroad.

CHAPEL HILL, N. C., Aug. 27th, 1888. PROF. H. H. BELL.

DEAR SIR:—I have no very interesting news to write. I am now very busy preparing for the reopening of the University of N. C. I am in hopes you will retain your usual vigor and manhood for many years as an example of true African manhood, an example for our young men of color; without flattering you, I would to God that we had thousands of Bell's springing up all over our country to save our rising generation. Your stay in our little village, short as it was, has made an indelible impression upon many colored minds, and you leave with the respect and confidence of our whole white population. Hope you will return soon. I am, Yours very respectfully, WILSON CALDWELL.

Confederate Dead.
We have before us a very neat leaflet gotten up by Mr. William H. Oliver, which contains a list of the names of the Confederate officers, soldiers and sergeants whose remains are buried in Cedar Grove cemetery, it also contains a list of the officers and members of the Ladies Memorial Association, also a description of the usual memorial services which are annually held. It will be appreciated by those who wish to perpetuate the memory of those men, many of whom were killed in battle or died in the hospitals during the fearful ordeal through which they passed.

DAMAGE BY COLD.
All Fruit and Vegetables in Kentucky and Tennessee Killed.

MAYSVILLE, Ky., May 7.—There was a heavy frost last night extending all over this country and doing considerable damage to early fruits and vegetables. Cherries are all killed and many peaches, pears, apples and grapes are badly damaged. There is some damage to wheat and corn. Prospects for big crops of both fruits and grains never were so good up to last night.

GALLATIN, TENN., May 7.—It is difficult to get at the facts as to the damage from the frosts during the past two nights. Some farmers claim that potatoes and wheat are seriously injured, while more conservative growers say the loss will be small. Gardens, however, are damaged from 50 to 75 per cent. The potato crop is one of the principal revenues of the farmers here and where there has been plowing the injury will be considerable.

CAMDEN, S. C., May 7.—There was a light frost here this morning. The remarkably cool weather here for the past two days, together with the continued dry spell, has done considerable damage to the cotton crops in this section of the State.

Self-love is not so great a sin as self-neglecting.—Shakespeare.

Solution of the "Wonderful Event" Spoken Of in JOURNAL One Week Ago.
One week ago today it was rumored that the tremendous stock of goods assigned to J. W. Moore by W. H. Cohen had been disposed of at the ridiculously low price of 50c. on the dollar. Of course this must have raised considerable excitement among the merchants and citizens of New Berne who had the interest of the old city at heart, and at once they began to think who had bought this ten thousand dollar stock at such a low price. Of course the conclusion was, the same man who always buys so many merchants out at 40c., 50c., and 67c. on the dollar, namely, Big Ike, who is always on the look-out for some merchant to cave in who has been crediting his goods out and can't meet his bills. Now if merchants have to fail would it not be better for them to send for Big Ike and let him take their stock at 50c. on the dollar, thereby saving the commission they pay the assignee and give the creditors the benefit thereof.

Now it is the duty of every one to go and reap some of the benefits to be derived from the sale of this tremendous stock of goods, which must be disposed of at once.

DUFFY'S CROUP SYRUP.
Recipe of the late Dr. Walter Duffy.

DIRECTIONS:
Dose for a child two or three years old, one teaspoonful; for a child three months old, ten drops; for a child six months old, twenty drops; for one twelve months old, nearly half a teaspoonful—repeating these doses frequently if necessary until relief is procured.

This is a remedy that I have used DUFFY'S CROUP SYRUP in my family for over six months and I believe it to be a most excellent remedy for croup with children, especially as a preventive. Our youngest child had a severe attack of croup about a year ago, inasmuch that we felt anxious about its recovery, but was successfully treated by our physician, but thinking it probable that other attacks might follow we frequently used DUFFY'S Croup Syrup and the child had no more symptoms of croup since, and I believe it is due to the use of the Croup Syrup, and we now keep a bottle of it at our house at all times, and I cheerfully recommend it to all.
