ELM CITY STEAM LAUNDRY just opened by Sing Lee of Norfolk. April

JAPAN has appropriated \$500,000 for an exhibit at the World's Fair.

GEN. PALMER gives notice that he is not a candidate for President or Vice President.

MR. GLADSTONE is very ill. Among the callers on Tuesday were the Prince and Princess of Wales, Lord Salisbury, and the Archbishop of Canterbury.

MUNICIPAL elections in Indiana last week show decided Democratic gains over two years ago. Perhaps Mr. Harrison had better stop at home on his way to Washington, unless he prefers to wait a few months when his stay will not be limited by official duties.

FIVE million dollars for Russia's exhibit at the World's Fair and one million for Mexico's. Little Costa Rica is to have, like her larger neighbors, a special building of her own. It really looks as if the kingdoms of Europe would eclipse the American republics at Chicago.

A PROMINENT officer was asked how long it would take to recapture the Itata. He replied that he could only answer by recalling the Alabama case, where the vessel of that name continued for two years to commit the most audacious raids upon American commerce while pursued by at least twenty naval vessels.

THE following extract from a recent speech of Mr. Cleveland at Buffalo, N. Y., deserves wide circulation and careful perusal: "I believe the most threatening figure which today stands in the way of the safety of our Government and the happiness of our people is reckless and wicked extravagance in our public expenditures. It is the most fatal of all the deadly brood born of governmental perversion. It hides beneath its wings the betrayal of the people's trust, and holds powerless in its fascinating glance the people's will and conscience. It brazenly exhibits today a Billion-Dollar Congress. But lately a large surplus remained in the people's public treasury after meeting all expenditures then by no means economical. This condition was presented to the American people as positive proof that their burden of taxation was unjust because unnecessary; and yet

while the popular protest is still heard, the harpy of Public Extravagance devours the surplus and impudently calls upon its staggering victims to bring still larger supplies within the reach of its insatiate appetite. A few short years ago a pension roll amounting to fifty three millions of dollars was willingly maintained by our patriotic citizens. Today Public Extravagance decrees that three times that sum shall be drawn from the people, upon the pretext that its expenditure represents the popular love of the soldier. Not many years ago a river and harbor bill appropriating eleven millions of dollars gave rise to a loud popular protest. Now, public extravagance commands an appropriation of twenty two millions for the same purposes and the people are silent. Today millions are paid for barefaced subsidy, and this is approved or condoned at the behest of Public Extravagance and thus a new marauder is turned loose, which, in company with its vicious tariff partner, bears pilfered benefit to the households of favored selfish interests. We need not prolong the details. Turn where we will see the advance of this devouring and destructive creature."

NEW ADVERTISEMENTS.
T. F. McCarthy—Executor's notice.
Bargain Store—We have a grip.
J. W. Stewart—Buggles.
Howard—Full dress coat and vest.

COTTON!—New Berne Market—Sales of 16 bales at 7.40 to 8¢.

The State Medical Association will be held at Asheville this year beginning May 26th.

Measrs. W. F. Crockett and W. H. Bray are now making good shipments of nice spring turnips.

Rev. G. L. Wharton, missionary from India, will preach at the Church of Christ in this city, Sunday.

A cyclone and hail storm, very destructive to crops, visited Charlotte, Lincolnton and points along the Cape Fear and Yadkin Valley and W. and W. railroad Tuesday.

The bean crop does not seem to be much injured by the recent frosts. Mr. J. W. Hill has a small patch that has beans about an inch long. The vines are very full and promise a large yield.

Charleston potatoes and beans are now being received in New York and are commanding good prices. G. S. Palmer quotes the former at \$5.00 to \$5.50 per barrel and the latter at \$4.00 per crate. Peas are selling at \$1.00 to \$1.25; cabbage \$1.25 to \$1.50, and strawberries at 10 to 12 cents.

The yield and prices of truck thus far this season we believe to be very gratifying. One of our largest farmers says that the receipts from his peas and cabbages have been sufficient to meet the expenses of his entire crop planted. This is a remarkably fine showing and proves the adaptability of this section to raising vegetables.

A huge snake was killed at Congden's mill yesterday. It measured five and one half feet long and five and a quarter inches around. The slayers of his snakeship pronounced it a vile specimen of the horned tribe, while more mild judges who took no part in the fray, said it was only a harmless and inoffensive snake that loves chicken.

Through the courtesy of Rand, McNally & Co., Publishers of New York and Chicago, we have received a valuable pocket map and shippers guide of North Carolina. It contains the entire railroad system and express companies doing business on each road, and gives all the counties, and their cities and towns and population. It is a complete pocket map for 25 cents.

The Elizabeth City Economist which opposed the present oyster law speaks as follows concerning the way that it is working. "We were informed by the Register of Deeds that there were one hundred and sixteen entries of oyster grounds in Dare county yesterday. That wretchedly imperfect Mann-Lucas oyster law we fear will injure to a vast extent by parting with all control over the property, to residents and non residents alike. No culling law can be forced by the state."

Brabham Must Hang.
RALEIGH, N. C., May 12.—The Supreme Court filed opinion this evening in Brabham case. The Court says there is no error and orders judgment to be executed. Judge Shepherd delivered the opinion which is very brief. No new points were involved in appeal and it was clear from first that the lower court would be sustained.

New Potatoes.
The first shipment of new potatoes from this section was made Wednesday last by Mr. McGee, of Oregon, South Creek, Beaufort county, to New York. Mr. W. J. Wallace, of the steamer Bell Haven, the boat that received them, tells us they were fine, large potatoes. Five barrels was the amount shipped.

Missionary Tea.
The preparations in progress for the missionary tea at the Methodist parsonage tonight indicate that it will be exceptionally enjoyable. Ice cream, lemon, strawberry and peach ices, choice cakes of various kinds, and other refreshments will be served. Singing, recitations and dialogues will help to make the evening pass pleasantly, and everything will be free. No charge for admission; no charge for refreshments. Come out and be merry. Everybody invited. But don't forget to bring your pocket-books, for there will be mite boxes in very conspicuous places, and—well, you know what they are for, so be prepared.

Personal.
Capt. W. H. Bixby and Mr. E. V. Richards, of Wilmington, who gave the stereopticon lectures here, left yesterday morning to give one in Goldsboro last night.

Miss Sadie Snow, of Brooklyn, N. Y., who has been visiting her aunt, Mrs. W. B. Boyd, left for a visit to her uncle, Mr. W. F. Kornges of Goldsboro.

Mr. C. E. Foy returned last night from attending the Industrial Convention at Raleigh.

Our former townsman, Mr. Henry Miller, came in last night on a business trip.

Mrs. Genoa Rogers and children, of Newport, returned home from a visit to her sister, Mrs. C. T. Watson.

Development Convention.
Pursuant to the call made, the convention of those desiring the development of the State's resources met in Raleigh Wednesday and Thursday. When the convention was called to order Gov. Holt took the chair and made an address on its objects.

A permanent organization was effected under the name of the North Carolina Development and Industrial Association, Col. W. H. S. Burgwyn, of Henderson, was made permanent president, and Mr. Wm. Dunn, the president of the New Berne Fair Association, was elected the member of the executive committee from the 31 Congressional district.

Mr. O. E. Foy, the New Berne delegate to the convention, informs us that the meeting was attended by prominent representative men from various parts of the State, and that it is likely to result in great good to the industrial development of North Carolina.

Athletics Sports at Davis School.
The Athletic Association of Davis Military school, at Winston, had a series of games Thursday and Friday with the following results:

First day—100 yards dash, won by J. A. Dull; time, 10 3/4 seconds. One mile walk, won by J. E. Mattocks; time, 10 minutes and 5 seconds. Three legged race, 100 yards, won by Sgt. R. F. Fowler and Walter Williamson; time, 13 1/4 seconds. Throwing the ball, won by J. L. Williams; distance, 99 yards 2 feet and 3 inches. One mile run, won by E. L. Mew; time, 6 minutes and 59 seconds. Pole vaulting, won by Liet. J. B. McFarland; height, 8 feet. Potato race, won by J. L. Williams; time, 3 minutes and 5 seconds. Running broad jump, won by E. L. Mew; distance, 17 feet 3 1/2 inches. Tug of war, won by Co. D. L. Woodhouse, captain.

Second day—440 yards dash, won by E. L. Mew; time, 63 1/4 seconds. One mile run—small boys, won by R. H. Pope; time, 6 minutes 20 1/4 seconds. High jump running, won by J. B. McFarland; height, 5 feet. Three mile run, won by Walter Williamson; time, 21 minutes and 25 seconds. Throwing the hammer—16 pounds—won by J. E. Parker; distance, 63 feet 4 inches. Sack race, won by A. H. Saunders; time, 19 seconds. Hurdle race—140 yards, won by S. G. Bursley; time, 18 1/4 seconds. Shoe race—150 yards, won by J. C. Cheek; time, 1 minute 21 1/2 seconds.

Quite a large crowd was present on both days and Prof. W. A. Blair's pleasant remarks on presenting the medals to the winners took very well with both boys and visitors.

Rev. Dr. John R. Brooks.
The Raleigh Christian Advocate gives the following statements in regard to the illness of Rev. Dr. Brooks, who was stationed in this city for four years and made numerous warm friends here by his affability of manner, kindness of disposition and fearlessness in combating whatever evil he saw being practiced. We are delighted to note the improvement in his condition and hope that he will soon be sound and vigorous again. The Advocate says:
The Rev. Dr. J. R. Brooks, P. E. of the Greensboro District after being in bed ten days suffering with cerebral congestion, went to Baltimore, Md., for medical treatment. We had a letter from his wife dated May 8th in which she conveys the glad news that Dr. Brooks is very much improved, that he has been relieved of the congestion and is able to walk a few squares each day. His many friends in N. C. will rejoice to hear of his improvement and will join us in prayer for his speedy restoration to perfect health again. He is at the residence of his son in Baltimore at 621 N. Howard St.

The Life Saving Service.
A correspondent of the Elizabeth City Economist points out disadvantages in the present workings of the Life Saving Service, and suggests what he considers the proper remedies. He speaks thus:
The life saving stations are closed and we are free again, but we are free just in the dull season when there is nothing to do, too late for farming and too late for fishing and we are forced to be idle, and this condition suggests to us that many changes might be made in the Life Saving Service to the advantage of the service and the surfmen. Wouldn't it be better to put the surfmen in the service the year round, give them more pay if it can be done, and pay them in equal payments every three months. To explain: let us enter the service on the first day of September. October 10th, say, we get our first month's pay (\$50). Then, January 10th we get 3 month's pay (\$150). Then, April 10th we get 3 months pay \$150. This shows that we get three quarters of our pay in about 3 months and the rest of the year we get one hundred dollars.

WE HAVEN'T AN EXECUTIVE OFFICER from Cape Henry to Cape Hatteras, one superintendent is located at New Berne fifty miles from the coast and our Lieut. Inspector at Elizabeth City, fifty miles from the coast, and in case of a wreck like the Straithairly or the Dictator there is no one to direct, while, if our Inspector or Superintendent were located at Nags Head or Kittyhawk, about midway between Cape Hatteras and Cape Henry, he could soon be at the scene of disaster and prevent disagreeable reports and investigations.

Moreover, there has not been a Board of examining doctors at the Stations in six or eight years and the clause in the Regulations concerning the age of surfmen and keepers has not been observed, and Mr. Editor I will close by wishing that a change of administration in '92 may have the matter looked into and altered and that you may help us to make the change.

A Destructive Fire Leaves Elizabeth City in Darkness.
ELIZABETH CITY, N. C., May 13.—At 1:30 o'clock this morning fire consumed the plant of the Electric Light and Power Company, located in this city. By 4 o'clock the fire had burned out and there ceased to be danger of any further loss.

The property belonged to Guirkin & Co. and cost more than \$12,000. The house and fixtures were insured for only \$5,000. New works will be put up at once. In the meantime our beautiful little city will be veiled in Egyptian darkness.

THE ITATA'S RACE FOR LIFE.
The Vessel Pursued by the Cruiser Charleston.
WASHINGTON, D. C., May 12.—Orders have been issued to the Charleston and other vessels to capture if possible the insurgent vessels. Instructions have also been sent United States Consular officers to notify the authorities at Washington if the Itata is seen or heard of in their vicinity.

AN EXCITING RACE.
CITY OF MEXICO, May 12.—The Itata is sailing under difficulties and making slow headway. The United States warship in pursuit of her is gaining on her, and it is expected that the two ships will reach Acapulco within a few hours of one another.

LOS ANGELES, Cal., May 12.—Pilot Dill, Captain O'Ferreler and the five seamen on board of the Robert and Minnie, along with George Burt, the super cargo were yesterday arrested and charged with violation of the neutrality laws. Dill gave bail; the others are still in hands of the United States Marshal.

CITY OF MEXICO, May 12.—Foreign Minister Mariscal says that all the necessary steps have been taken, so that when the Itata reaches any Mexican port she will not be allowed to land. The government, the ministry says, is resolved to observe strictly, the treaty obligations with Chile, and not to harbor insurgents.

SAN DIEGO, Cal., May 12.—The Itata is expected to transfer the arms got from the Robert and Minnie to the Esmeralda at Sococoa Island, south of Cape St. Lucas, on Sunday evening. The Itata took aboard about 600 tons of coal here, and it is claimed that she can steam 14 knots an hour on thirty tons per day. Indications are that the Charleston is making 18 knots an hour.

The Ladies Delighted.
The pleasant effect and the perfect safety with which ladies may use the liquid laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

DUFFY'S CROUP SYRUP.
Recipe of the late Dr. Walter Duffy.
DIRECTIONS:
Dose for a child two or three years old, one teaspoonful; for a child three months old, ten drops; for a child six months old, twenty drops; for one twelve months old, nearly half a teaspoonful—repeating these doses frequently if necessary until relief is procured.

This is to certify that I have used DUFFY'S CROUP SYRUP in my family for over six months and I believe it to be a most excellent remedy for croup with children, especially as a preventive. Our youngest child had a severe attack of croup about a year ago, inasmuch that we felt anxious about its recovery, but was successfully treated by our physician, but in thinking it probable that other attacks might follow we frequently used DUFFY'S Croup Syrup and the child has had no marked symptoms of croup since, and I believe it is due to the use of the Croup Syrup, and we now keep a bottle of it at our house at all times, and I cheerfully recommend it to all.
