The loss by forest fires in Michigan is estimated at 2,000,000.

The Democratic State Convention of Kentucky is now in session at Louisville.

WHAT'S the use of our sending missionaries to China? The Pekin Gazette refers to us as "barbarous Americans."

The Italian consul at New Orleans alleges that a conspiracy was formed by Italians there to kill the mayor and other citizens and that he prevented it.

REV. THOS. F. GAYLOR, Chancellor of the University of the South, at Sewanee Tenn., has been elected bishop of Georgia by the diocesan convention of the Protestant Episcopal church.

ACCORDING to Dr. W. H. Roberts, American Statistical Secretary of the Presbyterian Alliance, the Presbyterian and Reformed denominations throughout the world have 20,265,000 adherents.

The British and Foreign Bible Society has been established eighty-seven years. During its long period of existence it has issued 124,000,000 copies of scripture writings, translated into 290 tongues.

THE issues from the Bible house in New York City during the month of March were 110,307 volumes. The total issue from the Bible house during the year ending March 31st, not including those issued in foreign lands were 1,852,624.

RUDINI again comes to the front, with hat in hand, and politely remarks that the New Orleans lynching affair is purely a legal question, and not one of national dignity. He was rather slow in arriving at this conclusion, but is unquestionably correct.

ON Thursday night A. P. Gorman, Maryland's senior representative in the Senate of the United States, was presented, in the city of Baltimore, with a splendid silver service, in honor of his efforts in the defeat of the Force bill. A very large company was present. The Senator, in his reception speech, said that all the Democrats and eight Republicans participated in the glory of the achievement, and he warned his hearers and the country "that the issue made by the Force bill has not ceased to exist."

Children Cry for Pitcher's Castoria

The Washington Post concludes an article on the Christian outlook with this paragraph: "From this it is not unreasonable to suppose that while the more rigid forms of orthodoxy may continue to suffer severe shocks the Christian religion will never lose its dominance. It may grow closer to the simple philosophy which Christ taught; it may grow to a wider sympathy with the world's great teachers; it may broaden as plodding science shall open to view the larger truth, but the religion itself will survive."

"GOVERNOR HOLT states that he will not occupy the executive mansion until mid-August. Mrs. Holt will be away until that time. The Governor entertains most charmingly at his beautiful home in Alamance, and will no doubt make the mansion a most agreeable place. The state ought to make an appropriation of \$5,000 for properly furnishing the mansion. It is now only partially furnished. Perhaps the next legislature will have enough state pride to do the correct thing in this respect."

On Wednesday morning, the 20th, the Episcopal Council of the Diocese of East Carolina will meet in Christ church. The opening sermon will be preached by the Rev. Robert Strange of Wilmington.

G. S. Palmer, New York, telegraphed yesterday that peas were in light supply and selling for \$1.25 to \$2.00; cabbages were bringing \$1.25 to \$1.75, and strawberries from 15 to 16 cents—a slight advance.

The Riverdale Methodist Sunday school will have a picnic at Mr. Thos. Lesary's next Friday. The Croatan Presbyterian Sunday school has been invited to join in with them and it is expected that the invitation will be accepted. Any one desiring to bring baskets and attend will be welcomed whether any special invitation has been extended to them or not.

Each day for three days in succession Mr. Benj. Hahn has successfully negotiated the sale of a fine horse. Yesterday he sold the fine bay mare, Phillis, owned by Mr. James A. Bryan to Mr. Wm. Dunn; on the previous day he sold the one owned by Mr. James W. Waters to Mr. J. A. Meadows, and the day before that he sold a fine gelding from Messrs. M. Hahn & Co.'s stock to Dr. R. S. Rev. Jas. Thomas went up to La Grange yesterday morning where he will preach today.

The JOURNAL canvasser, Mr. Numa Nunn returned from a trip through a portion of Hyde county.

Mrs. C. W. McLean arrived last night from spending the winter in Florida.

Staff-Captain John McFarland, of Baltimore, arrived to conduct services at the Salvation Army.

Mrs. W. A. White went down to Croatan to visit her mother, Mrs. H. Tolson.

Mrs. Rachel Davis returned to her home near Morehead from a visit to relatives in the city.

The Ladies Delighted.

The pleasant effect and the perfect safety with which ladies may use the liquid laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

Swan Quarter and Vicinity.

The JOURNAL's agent attended Superior court at Swan Quarter, Hyde county, held by Judge Bryan last week. He also canvassed at other points, was quite successful and expresses himself favorably impressed with the points visited—all presenting an air of prosperity. Brinn Bros., A. Berry and Geo. V. Creedle are proprietors of thriving stores at Swan Quarter, and the place is also supplied with three good boarding houses—the Swindell House owned by our townsman, W. B. Swindell and kept by Brinn Bros., the Tooley House, Wm. Tooley proprietor and the Spencer House, E. O. Spencer proprietor. They were all well supplied with boarders. A carriage shop is about to be started there by Geo. W. Hodges.

Swan Quarter is among fine oyster territory, and the oyster question still remains an interesting topic conversation to the inhabitants. Though they may differ on some points among themselves, there is a universal expression of confidence in Chief Shell Fish Commissioner Lucas and willingness to abide by his actions. There is a wish also to secure a cannery at this point.

Hyde county must have a very large abiding population as the jail has been entirely empty for twelve months with the exception of one or two who were held for a brief time, until their bonds could be given.

Fairfield is a lively village about 18 miles from Swan Quarter that has a line of steamers plying between it and Washington and Elizabeth City. At the latter place they connect with the E. C. D. line.

Hyde county is extensively known as one of the best corn growing sections that can be found, but it is not as generally known that wheat is successfully cultivated to a considerable extent. As an instance of the attention given corn it may be mentioned that Mr. Thomas Gibbs of Fairfield still has a thousand bushels to sell.

Owing to the rains that occurred just at planting time, farming operations were delayed somewhat, so the crops as a rule are a little late but are now coming on nicely.

New Berne ought to have better communication with Hyde county. It is much needed. Also a mail route is badly needed.

To Arbitrate the Difficulty.

PARIS, May 12.—The Siecle today says that notwithstanding the rupture of negotiation between President Balmaceda and the Chilean Congressional party, France, the United States and Brazil intend to fulfil the task of arbitrating the matters in dispute between the contending factions. The paper also says the task will be undertaken with every prospect of success.

WASHINGTON, D. C., May 12.—(LAWYER). At a late hour tonight Commodore Ramsay, who is acting Secretary of the Navy, said that he had received no news whatever today or tonight from the United States war vessels that are in pursuit of the Itata.

Lectures on India.

A literary feast of a nature seldom provided, will be given at the Church of Christ today—three lectures, descriptive of the people of India, their religions and customs, by one who speaks from his own observation. Rev. G. L. Wharton, a missionary from India, is the lecturer and he has a supply of idols, illustrations from life &c., the sight of which will add force to the lectures and assist his hearers in remembering what is said.

There is no more interesting heathen country on the globe than India and all of our citizens who can should avail themselves of this opportunity to familiarize themselves with important facts that have a bearing on the efforts made to spread the light of the gospel throughout its vast domain.

THE STATE TEACHERS' ASSEMBLY.

The Official Program Announced by Secretary Harrell.

Col. E. G. Harrell, secretary of the North Carolina Teachers' Assembly has announced the official programme of the annual session which will be held in June. The eighth session of the Assembly begins at Morehead City June 16th and continues to June, 30th. Hon. Geo. W. Banderlin delivers the opening address on the 17th of June, and Rev. T. DeWitt Talmage will speak to the Assembly on the 18th. There will be not less than 2,000 persons present on the opening day of the session, and the meeting will be double that of any previous session.

There are now ten entries for the music contest by the leading female schools of the State, and this feature of the Assembly work will be especially interesting and exciting. The gymnasium club will be under the special training of Professor Charlie Mangun of the University.

The Southern Educational Exposition will also be held at Morehead at the close of the Teachers' Assembly.

THE POPE ON SOCIALISM.

His Views on Differences of Employers and Employee.

ROME, May 14.—The Latin text of the papal Encyclical, about to be published, analyzes and refutes the socialist theories tending to abolish private property and upholds the principles of the church as the first and main element in the solution, the Pope says, is to be found in the gospel, which, rightly studied, would teach employers and the employed to become united while fulfilling their respective duties. The church has always sought to promote the application of the principles stated in the gospel, and to give moral and material help, as inculcated in the doctrines of Christ.

The State should intervene to regulate private property in order to insure to the public peace, and the moral and material welfare of the working people. The Pope here comments on the necessity of Sunday rest, and deals at length with the subjects of strikes, of wages and of the hours of labor for men, women and children. In conclusion, he dilates on workingmen's societies, including associations for mutual aid and accident insurance. The Pope goes on to treat of sick benefit funds, of technical education and mixed syndicates of employers and employees. The State, he declares; ought to counteract all such institutions as calculated to improve existing social conditions. He commends the good work that such already achieved, and calls upon Catholics to assist in their formation, urging that all should be animated by a Christian spirit.

THE ITALIAN IMBROGLIO.

Diplomatic Negotiation Not Yet Ended—Arbitration.

WASHINGTON, May 14.—An official of the State department, when asked today if Italy had, as stated by a cablegram from Rome, made a proposition to submit the dispute with the United States in the New Orleans affair to arbitration said that arbitration was only resorted to when diplomatic negotiations had completely failed. Diplomatic negotiations with Italy have not yet ceased and Secretary Blaine has publicly asserted his willingness to consider any claim the Italian government may make for indemnity, so the proposition it is thought, is somewhat premature. The proposition has not been received at the State Department.

Mad Dogs Abroad.

The Globe has several times intimated that the season for mad dogs was near at hand and warned its readers to be on the lookout. News comes to us from Cary of two mad dogs killed there Saturday and we also learn that a rabid brute was killed by a man in East Durham last week. Let every man and boy see that his own and only particular Towser has wholesome food and plenty of water, and let him also see that he is kept off the street, at least until the dread season is past.—Durham Globe.

A Historic Saddle.

The ladies of Hollywood Memorial Association have been presented with a saddle which formerly belonged to General Joseph E. Johnston, and out of which he was shot three times—twice in the Mexican and once in the civil war. The donation was made by Dr. George Ben. Johnston. It will be placed in the Davis Mansion as soon as that building shall have been turned over to the Confederate Literary and Memorial Society.—Richmond Dispatch.

Building Interests Paralyzed by the Strike.

NEW YORK, May 14.—There are ninety-two lumber dealers now bonded together in the Lumber Trade Association, nearly all shops having joined the general lockout. Over 12,000 house-smiths were paid their strike money today. Framers are still keeping the strike up. The combination of strikers seem to have paralyzed the building trade.

The Portuguese Crisis.

MADRID, May 14.—There are many sensational rumors afloat here in regard to Portuguese affairs. The Republican organ *Justicial* publishes Lisbon telegrams stating that the King has called a Cabinet council to consider financial and political problems, and that he will submit to them the question whether his abdication is advisable.

DUFFY'S CROUP SYRUP.

Receipt of the late Dr. Walter Duffy.

DIRECTIONS: Dose for a child two or three years old, one teaspoonful; for a child three months old, ten drops; for a child six months old, twenty drops; for one twelve months old, nearly half a teaspoonful—repeating these doses frequently if necessary until relief is procured.

This is to certify that I have used DUFFY'S CROUP SYRUP in my family for over six months and I believe it to be most excellent remedy for croup with children, especially as a preventive. Our youngest child had a severe attack of croup about a year ago, inasmuch that we felt anxious about his recovery, but was successfully treated by our physician, but thinking it probable that other attacks might follow we frequently used DUFFY'S CROUP SYRUP and the child had no marked symptoms of croup since, and I believe it is due to the use of the Croup Syrup, and we now keep a bottle of it at our house at all times, and I cheerfully recommend it to all. E. H. BARNUM.

Also very effectual in relieving coughs and colds. PREPARED AND SOLD BY R. N. DUFFY, New Bern, N. C. Wholesale Agents—McKesson & Robbins, 91 Fulton Street, Wm. H. Schieffelin & Co., 170 William Street, New York City.
