THE Southern Presbyterian General Assembly is in session at Birmingham, Ala.

The blessedness of love is seen in part by its power to discover what is best in us and to show us that which is best in others.

It is claimed by the Chilian insurgents that our Government has agreed not to take the Itata forcibly but she is to be surrendered.

MR. J. A. Bostwick has forwarded to the Treasurer of Wake Forest College \$13,000 Housatonic Railroad Company consols, five per cent. gold bonds, market value \$13,325.

EGYPT is threatened with a plague of locusts, and the McKinleyites are hoping that the prices of cereals will be so advanced thereby that the farmers will become reconciled to the McKinley abomination.

No man has come to true greatness who has not felt in some degree that his life belongs to his race, and that what God gives him, he gives for mankind. The different degrees of consciousness are really what make the different degrees of greatness in men.—Phillips Brooks.

It is well to bear in mind that North Carolina was not represented in the late Cincinnati convention that organized the Peoples' party. It remains to be seen what labor organizations in this State will do about it. The JOURNAL will deal fairly with all, but it is not supposed that there will be any break in the Democratic party. Self-preservation demands that our people stand together in 1892.

WASHINGTON, D. C., May 20.—The plan proposed for the providing of a pavilion at Chicago to be called "The Blue and the Gray" for the veterans of both armies, in which war relics could be stored, the veterans to camp in tents to be furnished by the War Department, has received a set back by the adoption of resolutions at a meeting of the Lincoln Post, No. 3, of the Department of the Potomac, G. A. R., setting forth that its members were opposed to the plan; that the cause of the Union soldiers was right in 1861 to 1865 and their opponents were wrong; that therefore if any honor was due to any one it was due only to those that saved the nation. It was further resolved that there was room only for one flag within the confines of the United States, and that flag was the stars and stripes—the emblem of freedom and right. These resolutions were subsequently indorsed by the Department of the Potomac.

A STARTLING rumor is in circulation that the Princess Elizabeth, granddaughter of Queen Victoria and wife of the Grand Duke Sergius of Russia, has refused to accompany her husband to Moscow, of which city he has been appointed governor, owing to her indignation at the treatment of the Jews. It has been said that the persecution was begun so suddenly and in such wholesale fashion in order that the work of expulsion might be thoroughly completed before the arrival of Sergius and his wife, who it was apprehended would not consent to be parties to such barbarity. If the Princess Elizabeth has really protested, then she is the third German princess in the Russian imperial family to turn against the barbarous methods of Russia.

Mr. Warren Ellis is making some changes in his shingle mill and also replacing his old boilers by a new 150 horse-power one, thus doubling the power he has had heretofore. He intends to put in additional machinery later on.

Next Saturday at 10 o'clock the Craven County Teacher's Association will meet again at the New Berne Collegiate Institute. An interesting programme has been arranged. Prof. G. W. Neal will deliver a lecture on "The study of Latin Language and its benefits," and there will also be addresses by others.

The nice chair parlor car recently purchased by Mr. W. S. Chadwick, President of the A. & N. C. R. R., is expected to be here by the 10th of June, in full time for the Teachers' Assembly at Morehead. We are glad to see the signs of progress on the part of this road as shown by the new rolling stock it has been adding through the past year. It speaks well for the management.

The Y. M. C. A. social and strawberry supper will be held at the rooms of the Association tomorrow night at 8:30 o'clock. The first portion of the evening will consist in songs, readings and recitations and athletic sports. The Indian club drill will be introduced by home boys, and though they have been in training but a short time they handle the clubs with considerable grace and dexterity. Cook's band of boys will be on hand to enliven the occasion. Strawberries and cake will be served free, and mite boxes will not be difficult to find.

Will the N. W. & C. Railroad come to New Berne?

Messrs. A. S. Cadwallader, F. L. Pittman, W. D. Pender and Major Jno. Runk, the gentlemen connected with the Norfolk, Wilmington and Charleston Railroad, who have been prospecting along its proposed route left yesterday morning to continue their tour. They went from here to Cove at which place they left their vehicles Friday, and it was their intention to drive from there to Johnson's mills in Pitt county, crossing the Neuse river near Fort Barnwell, Biddle's Landing, and proceed thence in the direction of Norfolk, Va., crossing the Tar river at or near Pactolus, in Pitt county.

When these gentlemen were here they sought for information as to the amounts of cotton, truck, lumber and other products exported, and also information as to the quantities of freight received.

Our board of trade should promptly interest themselves in the matter, secure some one to gather the desired statistics, furnish them without further solicitation and do all that is possible to let it be seen that we desire the main line of the road to come through this city and are willing to do all in our power to secure it.

The desire in constructing the road is to adhere as near as possible to a straight route for the main line and have branch lines where needed. Should this intention be strictly carried out the main line would not touch New Berne but would pass some miles to the west of us.

In view of these facts it behooves our business men to be watchful, earnest and active and to show to the owners of the road, before its exact route is determined, that it will be not only to our advantage but also to the best interests of the road for the main line to come to this city. To do otherwise would be a serious mistake that would cause loss to both the city and road. The matter is too important for us to stand simply as spectators and let events take their own course. The road cannot well afford not to come here and we cannot afford to risk the chances of its not coming here if we should fail to bestir ourselves in the matter.

Improvements Near the Market.

Since the wide-awake and progressive commercial row grocer, Mr. J. F. Taylor, has had in his possession the property on the west side of Middle street below the market he has made vast changes for the better. He has driven piling and filled in space that was formerly covered with water of no use to anybody and erected thereon spacious iron warehouses, costing thousands of dollars and that are a credit to the locality, and now at the rear of them he is commencing to build a substantial wharf over 100 feet in length on which carts can be driven and receive loads from fish dealers or others occupying the divisions of the building that Mr. Taylor rents out—which arrangement—a wharf at the rear and a dock at the front will be found very convenient and will greatly enhance the value of the property.

Improvements like these are not only good for the one making them but are beneficial to the community, and the taxes thereon an increase to the sources of revenue of the city. Such enterprise as Mr. Taylor exhibits is commendable and should be heartily encouraged.

The Inter-State Exposition.

Gov. Holt has issued a circular letter addressed to the county commissioners and justices of the peace of North Carolina, calling attention to the action of the recent Industrial Convention which assembled in Raleigh on the 13th inst. He goes on to speak thus in regard to the coming Inter-State Exposition at Raleigh:

"It is with sincere regret that we make note of the departure from our midst of our highly esteemed young friend, W. D. McIver, Esq., whom during the two years he had practiced law in this county, we had learned to admire for his sterling qualities. He is not only a young lawyer of decided talent and ability, but he is gifted with that degree of energy and perseverance so essential to success in and his leaving us will be a great loss to the county. He has been the counsellor of the Board of County Commissioners ever since he has been in the county, and did his duties well and acceptably. He goes from here to the city of New Berne, to larger and better fields, and although we believe a bright prospect was ahead of him here, yet his fine talent we hope may reap for him a better reward than might have been in his reach here. We can only wish him abundant success wherever he goes, assuring him that he leaves many warm friends and well-wishers behind him."

Singers Attention.

All the members of the New Berne Choral Club, and all who have been members are requested to meet at the Collegiate Institute music rooms on Monday night, May 26th, at 8 o'clock sharp, to practice for concert June 5th.
F. E. MONTON, Director.

Attacked by a Dog.

Thursday as Mrs. Guilford Willis, of Adams Creek, was walking through a field that is regularly crossed in going to a landing, she was savagely attacked by two dogs belonging to Ben. Fisher, colored, and so seriously injured by them that a vehicle had to be procured to take her home. The dogs did not cease from the assault until Fisher and his wife, who were passing near by, reached the spot and got them off.

Large dogs are too dangerous not to be kept confined. Just think what injury a mastiff could inflict should he become enraged. No matter how peaceably inclined their owners may think them, such powerful brutes should not be allowed on streets, roads or other public places.

A Complimentary Notice.

From the Troy Vidette we find the following honor paid one of our young men Mr. W. D. McIver, who has recently moved to New Berne to engage in his profession.

"It is with sincere regret that we make note of the departure from our midst of our highly esteemed young friend, W. D. McIver, Esq., whom during the two years he had practiced law in this county, we had learned to admire for his sterling qualities.
