SECRETARY BLAINE is still in New York, but is reported as improving in health.

JOHN RYAN'S sons, of Atlanta, the largest dry goods house in the South Atlantic States, were closed by the sheriff last Tuesday.

The Post says, Grover Cleveland is anxiously looking forward to the day when Gov. Hill will make the attempt to untangle himself.

CONGRESSMAN-ELECT HARTER, of Ohio, has declared for Grover Cleveland and Martin Luther. Very naturally he proposes to run them both on a reform platform.

A **KANSAS CITY** dispatch says: "Interviews with delegates returning from Cincinnati mention Peffer, Polk and Weaver as possible Presidential candidates, but give the preference to Peffer."

The Washington Post says: "The New York Herald is nothing if not sensational. A few days ago Mr. Blaine was its candidate for the Presidency. Now it is running him for an insane asylum."

SENATOR WALCOTT, of Colorado, is in Boston. In reply to the question, "will the Force bill be an issue in the next campaign," he said, "The Force bill is as dead as Julius Caesar." He was also asked, "what is your opinion of the new third party?" and replied, "It is myth, and will not be in existence in 1892. Neither of the old parties need fear it."

The Southern Press Association having suggested a monument for President Davis, General John B. Gordon, as Commander of the United Confederate Veterans, makes "an earnest appeal to them and to their sons and Southern women generally to aid in this patriotic and sympathetic work." North Carolina will not be behind her sister States in this tribute to the South's great leader.

JOHN YOUNG BROWN, lately nominated for Governor by the Democrats of Kentucky, is the only man who ever made General Butler wince. Speaking on the floor of Congress, when Ben Butler was forging chains for the South, Mr. Brown said: "In Scotland, years ago, there was a man whose trade was murder, and he earned his livelihood by selling the bodies of his victims for gold. This man's name was linked to his crimes, and today, throughout the world, it is known as Barking. If I were to characterize all that was pusillanimous in war, inhuman in peace, forbidding in morals and infamous in politics I should call it Butlerizing."

Two Georgians now trot out two precocious musical prodigies, one a four-year old boy, who reads the most difficult piece of music at sight and can lead a choir, the other an eighteen month old chap who can't talk, but can do up "Annie Rooney" in style. Pshaw. We have babies here in North Carolina who, when they get down to business can get away with a whole opera troupe with a brass horn attachment.—Wilmington Star.

MR. KINSEY, Ex Representative from Missouri, says that if Blaine were in good health and would consent to run, no man in the United States could stand against him for the Presidential nomination. Under the circumstances, however, Mr. Kinsey thinks that Harrison will be renominated. There is no talk in the West, he says, about the Vice Presidency. As for the third party movement, he does not think that it is to be feared, and he is quite certain that if good crops were experienced for two years the discontent on which the movement is based would disappear and the party itself would die out.

LOCAL NEWS.

NEW ADVERTISEMENTS.

Big Ike—They must go.
F. Ulrich—Tomatoes, etc.
Yacht Club—Meeting tonight.
Barrington & Baxter—Umbrellas, etc.
Howard—Opposed to knock down arguments.

The Union meeting of the Atlantic Baptist Association will commence today at Morehead. Rev. Rufus Ford and Mr. J. C. Whitty of the city and some neighboring pastors went down last night to attend it.

The prices of beans and cherries declined a little yesterday—not much change in other truck. The quotations from New York by Palmer were: Beans—halves \$3.00 to \$3.50, thirds \$2.00 to \$2.50; cabbages \$1.50 to \$1.75; potatoes \$4.00 to \$5.50; cherries 8 to 15 cents.

At the meeting of the Craven County Teachers' Association which will meet tomorrow morning at 10:30 o'clock there will be addresses and discussions on "Reviews and Examinations," "Teaching Current Events," "Should Prize Medals or Rewards be Given," "Physiology and Hygiene in the School Room," "The study of the Latin Language and Some of its Benefits," and "Elementary Drawing."

Eq. Hill tried William Morris, col., yesterday for an assault with a deadly weapon on Joe White, col., and in default of \$500 bail he was placed in jail. The two men were employed on Mr. Rhem's farm and were not on good terms, and yesterday Morris took advantage of White's joking a boy to interfere and pick a quarrel with him and then unexpectedly knocked him on the back of his head with a weeding hoe, making a serious but not dangerous wound which bled profusely and from which he is suffering greatly.

Mr. Wm. Dunn, the member from this Congressional district of the executive committee of the North Carolina Development and Industrial Association, returned last night from attending a meeting of the committee in Raleigh. The main work that was done was in the direction of making increased exertions to get as good exhibits as possible for the North Carolina exhibit at the Inter-State Exposition, to be held at Raleigh next fall, after which the exhibits are to be moved to the World's Fair at Chicago.

Superior Court.
A large number of cases of liquor dealers who had been retailing without license were presented yesterday morning. They all submitted and judgment was suspended upon payment of the costs.

State vs. Titus Martin, A. & B. on I. H. Smith. Defendant submitted.

State vs. Oscar Bell, charged with breaking in and entering the store of S. E. Hill. The jury found defendant not guilty.

State vs. James Williams, A. & B. on Henry Brinson. The jury found the defendant not guilty.

State vs. Robert Green and Jane Whitfield, F. & A. Not guilty.

The next case that came up was **Jas. A. Bryan vs. Washington Spivey et al.** Verdict rendered in favor of plaintiff. Messrs. L. J. Moore and W. W. Clark represented the plaintiff, and Messrs. Green & Stevenson the defendants.

IMPORTANT CASE.

A Ten Years' Suit for a Whole Town Decided for Plaintiff.

One of the most important civil cases that has ever been heard in the courts of North Carolina was decided before Judge Conner yesterday. It was a suit brought in 1880 by Mr. J. A. Bryan for the recovery of James City, a village opposite New Berne. The settlement is composed of colored people entirely and numbers nearly 1,000 inhabitants. The colony was first settled there in 1882 by the Federal Government, where they have continued to live and build up.

The land before the war belonged to the Speight and Donnell heirs, but was afterwards deeded to Mrs. J. A. Bryan. Since bringing the suit, which was about ten years ago, it has repeatedly been up for trial and postponed from time to time from one cause or another.

The case was heard by Judge Conner last February, but decision was withheld until the present term of the court. During that time Judge Conner, who is one of the finest jurists on the bench, and a gentleman known for his integrity and impartial views, has had time to examine into all the authorities and carefully deliberate upon the merits of the case. Judgment was rendered in favor of the plaintiff.

We feel satisfied that Mr. Bryan will readily offer such terms as to bring about an amicable settlement and let them remain in their present location.

The Methodist Picnic.—A day of Exquisite Enjoyment.

At an early hour Wednesday morning a cheerful concourse of about four hundred pupils, teachers and officers of Centenary Sunday School and invited guests assembled at the church and after brief religious exercises, they formed a long procession and enlivened by exhilarating strains of spirited music from Prof. A. W. Cook's finely trained and remarkably expert juvenile band marched to the steamers Trent and Kinston, waiting in readiness with flying colors, and in a few minutes were started on the day's excursion with radiant anticipations of a day of unalloyed pleasure and healthful recreation.

The sail up the river was exceedingly delightful; a pleasant breeze was blowing, the band was gaily playing, some groups were merrily singing others engaged in jovial conversation and all enjoying themselves hugely. At Pollocksville they landed and proceeded to White's grove on the suburbs of the village the freedom of which had been kindly tendered by the owner. This is a large beautifully shaded grove entirely covered with a dense growth of closely mowed clover—as choice a spot for a picnic as could have been selected. An immense table, long enough to accommodate the entire assembled crowd was quickly prepared and loaded with a widely-varied and over-abounding supply of everything calculated to tempt the palate of the daintiest epicure.

When it was announced that dinner was ready it needed but a word to gather the multitude around the table with appetites sharpened by wholesome exercise. The ministers occupied places at the centre of table, Mr. J. K. Willis Superintendent of the school was at its head and the band of little musicians—the admiration of the day—at the other end. Perfect order prevailed. Not one small child or large offered to touch a morsel until the word was given and quiet reigned supreme while Rev. R. A. Willis devoutly rendered thanks and invoked the blessing and favor of Almighty God, after which full justice was done to the elegant repast and a second table was set for a few who in the quest of other joys had wandered away and were not on the grounds at the dinner hour.

Two barrels of delicious lemonade were made and drank before dinner and nearly the same quantity after dinner, and both lemonade and food were abundantly dispensed on the return trip.

The handsome campus made a splendid play-ground, youthful sports were engaged in not only by the little ones but by the young ladies and gents with the zest of early childhood.

All who attended are high in praise of the picnic and pronounce it one of the best and most delightful in which they ever participated.

Yacht Race.

The committee having in charge the yacht race advertised to take place this afternoon are ready for a good and lively contest. The steamer "Trent" will leave foot Craven street sharp at 4 p. m., and will return to her dock not later than 6.30 p. m. This will be positive. Should the weather be stormy the race will be postponed. Notice of postponement will be posted at the JOURNAL office.

Juvenile Musical Performers.

The New Berne Brass Band of juvenile performers is, without doubt, the most extraordinary band of musicians in the State. They are led by Mr. Amos W. Cook; the band is made up of six small boys, the oldest boy being fourteen years old, and the youngest only seven; three of the boys are sons of Mr. Cook. They have had only two months training, and their proficiency is so very remarkable, that their mode of execution lends additional melody to the airs they perform.

They are in truth, born musicians, and their performance would elicit expressions of admiration in any large city. It is generally wished by those who have heard them, that they would visit Morehead, during the Teachers' assemblage, and let the people throughout the State, know what New Berne can show in the way of musical talent.

ANOTHER OBSERVER.

The Postoffice, Canes and Umbrellas.

As the weather is now a little stormy and has the appearance of rain, I suggest, that the young dudes when they visit the postoffice to get their mail matter, that they stick their canes and umbrellas under their arms, so as to elicit expressions of admiration from the crowd around, who are very generally pleased with the graceful attitudes they assume while extracting their mail matter from the boxes. So intense is the admiration of the bystanders that they lose all anxiety as regards the safety of their own eyes.

ANOTHER OBSERVER.

Cotton Going up.

MANCHESTER, May 27.—The Guardian in its commercial article says: "Business is inanimate and is not sufficient to test prices. Unfavorable advices regarding the American cotton crop and the depredations of the locusts in Egypt have hardened the prices of Egyptian cotton. The inquiry for bundled yarn for export to China and Japan is poor. The inquiry for cloth is also poor."

All Struck Deaf by lightning.

CHARLOTTE, N. C., May 26.—A terrible storm visited this section last evening. Lightning struck Sam Witherspoon's house, two miles south of here. The lightning ran down the chimney, tore the earring out of Mr. Witherspoon's daughter's ears, and shocked the family so that none of them have been able to hear since.

Notice of Meeting.

There will be a special meeting of the Yacht Club tonight, at the Y. M. C. A. hall, at half-past eight o'clock. All the members are earnestly requested to be present, as business of importance is to take place.

By order of the President,
W. W. CLARK, President.
H. C. STEVENSON, Sec. and Treas.

DUFFY'S

CROUP SYRUP.

Recipe of the late Dr. Walter Duffy.

DIRECTIONS:

Dose for a child two or three years old, one teaspoonful; for a child three months old, ten drops; for a child six months old, twenty drops; for one or two years old, thirty drops; for an older child, one or two teaspoonsful—repeating these doses frequently if necessary until relief is procured.

This is to certify that I have used DUFFY'S CROUP SYRUP in my family for over six months and I believe it to be the most excellent remedy for croup with children, especially as a preventive. Our youngest child had a severe attack of croup about a year ago, inasmuch that we felt anxious about the recovery, but was successfully treated by our physician, but thinking it probable that other attacks might follow we frequently used DUFFY'S CROUP SYRUP and the child has had no marked symptoms of croup since, and I believe it is due to the use of the CROUP SYRUP, and we now keep a bottle of it at our house at all times, and I cheerfully recommend it to all.

Also very effectual in relieving coughs and colds. PREPARED AND SOLD BY
