THE Progressive Farmer says editorially of the Cincinnati convention and the new party it started: "It is clear that whatever necessity existed for the formation of this new party was created by the two great parties which have hitherto conducting the business of the public administrations. The interests of the masses have not only been studiously ignored by these who have shaped public policies, but those interests have been wickedly legislated against for years and years. This resistance of the just demands of the people for recognition and relief has been so long continued that many persons have become convinced that no relief of the situation can be secured from existing parties, and hence the action taken at Cincinnati the other day. We think the formation of a third party would have been prevented, and we think it should have been prevented by conceding their just demands to the people. But it has not been prevented and those who have been remiss in their duty to the people in this regard will have to front the consequences of their failures to do their duty. We advise our readers to make a calm and thorough study of all the questions presented, and then take such action as the prosperity and happiness of the country may require."

## LOCAL NEWS.

**NEW ADVERTISEMENTS.**  
Wanted—Salesmen.  
Howard—To err is human.  
Bargain Store—Negligee shirts.  
F. P. Gates & Co.—Coopers wanted.  
Wanted—To engage in a business.

There will be a colored excursion from Morehead today to attend the Federal memorial exercises.

Work has been commenced at Ransom's Spring about two miles from the city, clearing away the obstructions for the erection of the water works.

Beans and potatoes have an upward tendency. Quotations from New York as telegraphed by Palmer are: Beans halves \$3.50 to \$4.00; potatoes \$1.00 to \$6.00; cabbage \$1.50 to \$1.75.

The Kinston Free Press says: "Some little diversion was afforded some of our citizens last week observing the vast quantity of bats coming out of a small hole just below the roof of Messrs. Oettinger Bros.' store. A net was placed in front of the hole about time for them to come out, and 213 were caught and killed.

Pollockville High School, Mr. E. M. Koonce, principal, visited New Berne yesterday on a picnic excursion. They touched at New Berne in the morning, then crossed to Fowler's Ferry, opposite New Berne, and took dinner; then went down the river about seven miles on the steamer Kinston, after which they returned to New Berne and spent an hour or two before returning home. There were about 150 on the picnic. Come again.

The Kinston Free Press gives a favorable mention of the school at Dover which Miss Myrtle E. Pope of this city has taught for three months past. It says the entertainment at the close of the school was creditable and quite interesting, the speeches and dialogues well selected and fairly well rendered, and those attending were rather surprised—their expectation being more than realized. Rev. J. C. McMullen, Presbyterian evangelist, in a very impressive manner delivered the premiums. The one for excellence in recitations was awarded to Miss Meta Outlaw, and Miss Kitty Foy secured the first premium for good deportment.

**Odd Saw.**  
Mr. George D. Gardner, who was for several years foreman of the planing mill of the New Berne Lumber Company, and is now putting up a mill near Aberdeen, Moore county, has written to his father in this city an account of a remarkable saw he observed at work in a mill there. The saw revolves like a circular saw but is simply a steel blade 8 inches wide and 4 feet long with only two teeth—one on each end of the saw, on opposite corners. Mr. Gardner says: "It saws the boards as nice and smooth as I have ever seen any lumber sawed. It was built about fifteen years ago and was run regularly up to three years ago."

**Mr. O. C. Farrar Dead.**

Mr. O. C. Farrar, one of the wealthiest, most active and progressive business men of Tarboro, died at his home Thursday morning, after several days' illness. He was formerly a tobacco manufacturer of New Berne. The firm was Walker, Farrar & Co. He left a large fortune, which he amassed himself. It was estimated some years ago at \$200,000. A new Baptist church in Tarboro, which is to be dedicated Sunday, was virtually built by him—he contributed \$10,000 towards it.

## Church Notice.

## Burglary.

After midnight, Thursday night, as Mr. C. J. McSorley, a JOURNAL employee was on his way home from the office he discovered that one of the panes of glass in Messrs. Holland & Jarvis store front had been broken in, making a hole large enough for a man to enter. On being made aware of the matter Mr. Jarvis and friends closed the opening made and policeman watched but without results. Nothing was missed except a few umbrellas from the window. Whenever one of these thieves are caught he ought to be severely dealt with. The firm express thanks to all friends who rendered assistance on this occasion.

## Fire at Spartanburg.

A correspondent writes thus to the Charlotte Chronicle in regard to the successful meetings conducted by Mr. Fife at Spartanburg:

Evangelist Fife received the coolest reception here that he has anywhere, that is, the people seemed to be so indifferent to the work, but thanks to God, the barriers are broken down, and the town is being taken for Christ. Yesterday afternoon at a men's meeting, which was very largely attended, there was at least fifty professions of faith in Christ, and half as many pledged themselves to God, that they would erect family altars, and pray daily with their families. Last night, on account of rain, the meeting was moved to the Methodist church and was filled to its utmost capacity. It was one of the best meetings we have ever witnessed, there being a very large number of professions, and a much larger number came forward asking the prayers of God's people, that they might be saved before the close of these meetings.

At the service yesterday the Evangelist declared his intention of closing last night, his engagement ending at that time, but at the close of the men's service, there was a resolution offered to the congregation asking them if they so desired that Bro. Fife should continue the meeting till Tuesday night and the business men would close their places of business at 10.30 a. m., and at 7.30 p. m., would make it known by rising to their feet, and the vote was unanimous in favor of the resolution.

## Went Ashore off Bodie Island.

NORFOLK, Va., May 26.—The steamer Hudson, of the Cromwell line, which sailed from New York on Saturday, for New Orleans with 96 passengers and a cargo of general merchandise, went ashore 2 miles south of Bodie Island at 6 o'clock yesterday morning, during a dense fog, the captain having lost his reckoning. The vessel was lying in an easy position and the Captain was confident the vessel could be got off. Several of the passengers were badly frightened, and they were taken off by the life saving crew. The others remained on board the vessel. At 11 o'clock last night the vessel floated and proceeded on her passage to New Orleans. The passengers taken off will be forwarded to their destination by rail. It is believed that the damage to the Hudson, if any, is slight.

## DUFFY'S

CROUP SYRUP.

Recipe of the late Dr. Walter Duffy.

DIRECTIONS:

Dose for a child two or three years old, one teaspoonful; for a child three months old, ten drops; for a child six months old, twenty drops; for one twelve months old, nearly half a teaspoonful—repeating these doses frequently if necessary until relief is procured.

This is to certify that I have used DUFFY'S CROUP SYRUP in my family for over six months and I believe it to be a most excellent remedy for croup in children, especially as a preventive. Our youngest child had a severe attack of croup about a year ago, inasmuch that we felt anxious about its recovery, but was successfully treated by our physician, but thinking it probable that other attacks might follow we frequently used Duff's Croup Syrup and the child had no marked symptoms of croup since, and I believe it is due to the use of the Croup Syrup, and we now keep a bottle of it at our house at all times, and I cheerfully recommend it to all.

E. H. BARNUM, Also very effectual in relieving coughs and colds. PREPARED AND SOLD BY R. N. DUFFY, New Bern, N. C. Wholesale Agents—McKesson & Robbins, 91 Fulton Street; Wm. H. Schieffelin & Co., 170 William Street, New York City.
