SMALL FOX at Knoxville Tennessee.

HEAVEN bless the sweet girl graduates.

THE ITATA is in Austratia. For a racer without record or pedigree she is a wonder.

If the Charleston was a foxhound her owner would kill her before breakfast.

THEY do say that New Berne boys and girl have borne off the lion's share of college honors this season. O. C. P. 70 7225 H. 01. 13

PERSONS feeling an interest in Dr. Briggs will find an able article from his pen, on "Church and Creed," in the June number of the Forum.

THE Mexicans allowed the Chilean Congressional ship, the Bameralda, to have coal in order to get rid of her. She was allowed two hundred and fifty tons.

THE formation of the Peoples' Party at Cincinnati was superficial. The best peoples' party the world ever saw carries the Democratic flag and never surrenders.

IN the South the harmony between the Farmers' Alliance and the Democratic organizations is complete, and in the West the only controversy between them is, "which got here first." They stand shoulder to shoulder in the defense of the country.

THE State Chronicle says: "President Harrison has caused it to be notified to Mr. Patrick that he has fixed June 10th as the day upon which he will receive the committee appointed by the Industrial and the Northern Settlers' convention to extend to him an invitation to visit the Southern Exposition during its continuance, and at that time address the people of the South."

THE Standard-Union says: "It is not a large business in which anonymous persons in Boston are engaged sending out pamphlets to the standing committees of the Episcopal diocese, opposing the organization of Dr. Brooks as Bishop of Massachusetts."

opinions of Dr. Brooks, and down to the level of the "campaign lies" of a partisan and personal political contest."

JOHN L. WILLIAMS, of Richmond, Va., has a short but able article in the Forum on Southern Financial Interests which opens with this paragraph: "Financially, the Southern States are glowing with health and promise, and rejoicing in the consciousness of their essential greatness. No furor has been created by sensational advertising, but the world has been astonished by the latest statistics of wonderful growth as shown in the national census of 1890. The sum of all is in the fact that the assessed value of property in nine States is estimated by the census officials to have grown from \$3,000,000,000 in 1880 to \$6,000,000,000."

SINCE the war Southern public men have tamely submitted to the guidance of the Democracy of New York, consenting that neither Presidential nor Vice Presidential candidates were to be found in the South, and that New York influence should be paramount in the platform and name of the ticket. It now seems that the Empire State may lose the scepter of empire through her divided councils and the country look elsewhere for leadership. Inasmuch as sectionalism is declared dead, the South may want her share of the highest honors, and this she can have by a union with the West. Gorman and Vilas, or Vilas and Carlisle can sweep the field.

LOCAL NEWS.

NEW ADVERTISEMENTS.
A. & N. C. R.—To agents.
Prof. Bell—From L. C. Read.
Howard—Where none admires, etc.

The first cotton bloom of the season is on our desk. It is from Texas, though, and sent us by Mr. Z. C. Smith.

The Ladies' Missionary Society of the Baptist Church will meet at the residence of Mrs. Ivey, Wednesday afternoon, at 4:30 o'clock.

The regular monthly meeting of the Ladies Female Benevolent Society will be held at the residence of Mrs. S. J. Dady this afternoon at 4:30 o'clock. A full attendance is desired.

Still another paper is in the field. The first number of the Elm City Gazette, Carleton E. Palmer, col., editor, was issued Saturday. It is semi-monthly and devoted to the cause of education.

The union meeting of the Atlantic Baptist Association held at Morehead was a good one. The Union was well represented and \$110 was raised—the greater portion of which was for church buildings to be divided equally between the churches at Catherine Lake, Seven Springs and Bayboro.

A Canadian paper dollar was received here yesterday from Ohio. It is a pretty "greenback" and with a correct look it might be mistaken for one issued by Uncle Sam but for the picture of the Queen on the front. It was sent to Gen. R. D. Hancock in paying an order for medicine manufactured by his brother, Mr. F. W. Hancock.

At the meeting of the board of county commissioners and magistrates \$300 was appropriated towards making an exhibit of the resources of the county at the Southern Exposition to be held at Raleigh next fall and the World's Fair at Chicago in 1893. Remarks in advocacy of this move were made by Messrs. Wm. Dunn, C. E. Foy and C. R. Thomas. This is a commendable action on the part of the board of commissioners and magistrates and the amount allowed is none too large to give Craven county a creditable exhibit of her resources and products.

The board of county commissioners were in joint session with the magistrates of the county Monday for the purpose of levying taxes. The same levy was made as in the past. An interesting statement was read by the sheriff drawing a comparison of the ratio of valuation of real estate in Craven county with that of numerous other counties in the State and the variation was very great. That of Craven county is nearly half the average of other counties, and the assessors were urged upon to exercise great vigilance in making the new assessment, and put a stop to the clamoring more than their share of the

Superior Court.
The following cases made a full day's work for the court yesterday:
Asher vs. Reisenstein, action to recover the value of a horse. Pending the trial a juror was withdrawn and a mistrial ordered.
Tukey vs. Burney, action of ejectment. Defendant set up a parole trust. Jury found for defendant.
Perry vs. Hahn, suit to recover damages. Mistrial. Jury disagreed and was discharged.
Watson vs. Watson, action for divorce. Judgment for plaintiff.

The Bayboro Barrel Factory.
There is now on exhibition at Mr. J. T. Hall's gun shop a substantial flour barrel made by the Bayboro Barrel Manufacturing Company and also some of the staves just as they come from the machine. The company owns one head machine that can make heads enough per day for 5,000 barrels. The machine that makes the staves can turn out enough in one day for 10,000 barrels. Coopers to put the barrels together is all that is needed, and the orders for the barrels for potatoes and other purposes are coming in so rapidly that the company is now seeking to add more of these to its force in order to keep up with the demand. People should encourage such home institutions by their patronage when it is in their power to do so.

The Thomasville Orphanage.
Mr. J. H. Mills, superintendent of the Thomasville Orphanage, informs us that that institution is getting on nicely and doing efficiently the work for which it was designed. It now has 130 pupils. They are divided into families of 34, and each family has a teacher and a matron in charge; and there are also two separate buildings for each family—one for dwelling and one for dining—all the buildings of the Orphanage are only one story, but are good and attractive. The Orphanage has over 800 acres of land, about 100 acres of it cleared and in cultivation. They have good field crops and splendid gardens; keep cows and poultry, and much of their work is done by the scholars, which helps considerably in supporting them. The Orphanage is owned and controlled by Baptists, but denominational lines are not considered in admitting inmates. Mr. Mills will be in New Berne and deliver an address in behalf of the Orphanage in about two weeks from the present time.

The musical concert to be given by that department of New Berne College Institute will take place Friday night, and very fine music will be rendered. The Institute will devote the whole of next week to examinations. On the night of Thursday, the 11th inst., the annual sermon will be preached at Centenary M. E. Church by Rev. J. W. Carter, of Raleigh, and the next night the Literary Address will be delivered at the theatre by Prof. Geo. T. Winston of the State University.

The noted young Baptist minister, Rev. Thos. Dixon, of New York, will deliver a lecture on the night of Thursday June 11th, in the Baptist church at La Grange. An effort will be made to have a special train with reduced rates run to give our people an opportunity of hearing him. Mr. Dixon is pastor of the 231 Baptist church, New York, but such is his popularity the church is not adequate to accommodate his congregations, so Association Hall has been secured and that is where he preaches. His brilliant career has been watched with interest by North Carolinians generally. He is a native of Shelby in the western part of the State and was for a brief period located as pastor at Goldsboro and afterwards at Raleigh.

The Atlantic Hotel at Morehead was regularly opened for the season yesterday and the visitors were beginning to arrive previous to that time. The first ones from another State were Mr. J. D. Cowan, a prominent and wealthy merchant of Knoxville, Tenn., and his two daughters, who arrived last Thursday to spend the summer at this grand seaside resort. For those who do not wish to be with the large crowd there are plenty of smaller places that offer abundant accommodations—prominent among them is the old New Berne House, kept now by Mr. Eugene Arthur, and the new boarding house of which Mr. Walter Homan is proprietor which has just been built, is pleasantly situated, fronts the water, has convenient bath houses and a yacht for the use of his patrons and is one of the first reached in entering Morehead.

From L. C. Read.
Goldsboro, N. C., Oct. 26, 1888.
It gives me pleasure to say that H. H. Bell's Hair Restorer has been very beneficial both to my boy's hair and my own. We have used it for over a year, and have found it all but represented it to be.

The W. O. & E. C. Railroad.
We understand that grading is to begin in a few days on the Wilmington, Onslow and East Carolina Railroad between Jacksonville and New Berne. The work will begin at Jacksonville.

Mr. A. F. Yopp, master mechanic of the Wilmington, Onslow and East Carolina Railroad, left last night for Richmond to bring out a new and handsome locomotive for this road.—Messenger.

F. H. S. Commencement.
The commencement exercises of Pollockville High School were held last week and they proved highly gratifying to the parents of the pupils and other friends of the school.

Wednesday night an entertainment was given consisting principally of declamations and dialogue, and Thursday night there was a musical entertainment with recitations interspersed. A number of the selections of the previous night were so well rendered and so pleasing to the audience that they called for them again.

Both entertainments were excellent and all filled their respective parts well; we have heard quite complimentary remarks paid to Messrs. John Greer and Thos. Simmons, and Misses Bettie Pearce, Flossie Hudson, Bessie White and little Annie Shepard, daughter of J. W. Shepard.

Thursday at 11 a. m., Dr. E. W. Ward delivered the annual address and State Senator T. E. Gilman and Representative E. L. Franks, of Onslow county also made remarks appropriate to the occasion.

Mr. E. M. Keonce the principal of the school though still a young man has had 13 years experience as teacher. He possesses the confidence of the people and has established an excellent school—during the year there were 80 pupils enrolled. Miss Annie Mills, daughter of J. W. Mills, of Richlands, one of the smartest young ladies of the county is music teacher and also ably assists in other departments of the school.

Personal.
Rev. Rufus Ford and wife who have been attending the union meeting of the Atlantic Baptist Association at Morehead came home yesterday morning. Revs. F. J. Baker, of Fort Barnwell; G. L. Finch, of LaGrange, and Mr. J. A. McDaniel, delegates to the meeting passed through returning home; also Mr. J. H. Mills, who attended the meeting in the interest of the Thomasville orphanage, of which he is superintendent.

Rev. W. S. Rons returned to Goldsboro from holding Quarterly Conference on Pamlico circuit.

Lieut. F. Winslow and family left to spend the summer at Mattapoiset, Mass. Judge A. S. Seymour left to hold U. S. circuit court at Raleigh.

Mr. W. B. Smith's sister, Mrs. Luther Eborn and her daughter, Miss Nannie, who have been visiting him left on the steamer Neuse, of the E. C. D. line, returning to their home in Crewell, Washington county.

Mr. W. B. Blade left on the steamer Neuse on a business trip to Elizabeth City.

Miss Willie Ferrebee returned home last night from attending Greensboro Female College.

Messrs. M. F. Morton of Harlowe and B. F. Borden of Hancock's creek, who have been attending court, returned home.

Dr. A. W. Knox and family of Raleigh passed through last night to spend some time at Morehead and Ocracoke, and Rev. Dr. F. E. Skinner of Raleigh passed through last night on a pleasure trip to Morehead.

Mr. I. Summerfield of New York arrived for a visit to his sister, Mrs. E. Dannenberg.

Yacht Club Resolutions.
At the special meeting of the Yacht Club on Friday night last the following resolutions were passed:

The secretary notify all persons whose names were enrolled as members of the club, that their names would be stricken therefrom, and all their interest in the property of the club forfeited, unless payment of the dues for October last should be made at or before the next meeting to be held on Thursday night of this week.

All dues since October last were remitted and the secretary instructed to renew his monthly collections of dues beginning with June.

That no person be allowed, unless with a member of the club, the use of the boats or other property of the club, except upon permission of a majority of the executive committee, and any one found on or in possession of the club's property without permission as aforesaid will be prosecuted for trespass; and that notices be posted on the property to that effect.

After the selection of seven new members, and three additional members of the executive committee, and several enthusiastic speeches by the presiding officer, Prof. Morton and other members of the club, the meeting adjourned.

H. C. Straverson, Sec. and Treas.

Atlantic & N. C. Railroad.

DUFFY'S DIARRHOEA MIXTURE

PROPERTIES: Astringent, Carminative, Antiseptic and Mildly Astringent.

It corrects bowel disorders by relieving pain and cramping, and by restoring morbid matter in the intestinal tract. It is especially useful in diarrhoea and dysentery after the bowels have been freely evacuated naturally or by the use of simple purgatives.

Dose: For adults, one teaspoonful with water, may be repeated in one hour. For children, half before using.
Prepared by R. N. DUFFY, may 28 dwtf

AT DUFFY'S, Pollock Street.

DUFFY'S CROUP SYRUP. Recipe of the late Dr. Walter Duffy.

DIRECTIONS:
Dose for a child two or three years old, one teaspoonful; for a child three months old, ten drops; for a child six months old, twenty drops; for one twelve months old, nearly half a teaspoonful—repeating these doses frequently if necessary until relief is procured.

This is to certify that I have used DUFFY'S CROUP SYRUP in my family for over six months and I believe it to be a most excellent remedy for croup with children, especially as a preventive. Our youngest child had a severe attack of croup about a year ago, inasmuch that we felt anxious about its recovery, but was successfully treated by our physician, but thinking it probable that other attacks might follow we frequently used DUFFY'S CROUP SYRUP and the child had no marked symptoms of croup since, and I believe it is due to the use of the Croup Syrup, and we now keep a bottle of it in our house at all times, and I heartily recommend it to all. E. H. BARNUM.

Also very successful in relieving coughs and colics. PREPARED AND SOLD BY R. N. DUFFY, New Berne, N. C. Wholesale Agents—Messrs. Barrington & Baxter, 151 1/2 W. 4th Street, New Berne, N. C.
