HEER RECKERT has made a speech in the Landtag, advocating the recall of Bismarck.

HON. J. J. C. Abbott has been named as the successor of Sir John McDonald in the government of Canada.

THE Prince of Wales is sinking deeper and deeper in the mire. It is now boldly charged that he was bribed. Young Wilson loaned him \$1,000,000.

A SECRET conference of Republican leaders has been held in Indianapolis, Ind., to perfect plans for advancing Secretary Blaine's nomination. It is significant that this meeting was held at the home of President Harrison.

"HON. J. N. Gilchrist, of Montgomery, Ala., committed suicide." This is the simple announcement that comes to us. He was a brilliant young man, the son of one of the old Whig leaders of his State. Dissipation led to the terrible end.

It is reported that Father Mollinger is performing miracles. Immense crowds throng his church, the church yard and the neighboring streets. It is said that he heals the sick, makes the lame walk and opens the eyes of the blind. These mighty works are done at Pittsburgh, Pa.

THE Cincinnati Enquirer says: "Sam Jones wants to spill as much blood as was spilled in our civil war in order to stop the liquor traffic, and proposes to head the procession with his own rifle. But that rifle cannot kill half as far as most of the whisky now on the market."

It is now said that Senators George and Walcott will be returned to the U. S. Senate from Mississippi. For a time it was believed that these illustrious men would go down before the advocates of the Subtreasury, but it now seems that the State will go against the Subtreasury.

MOROCCO is now a center of public interest. The Sultan is seriously ill, and there is no one to succeed to the government in the event of his death. Morocco is certainly hastening to its dissolution. Spain, France, England and Germany all claim the right to administer on the estate, and this may lead to complications of the most serious nature.

SIR Wm. Gordon Cumming, the victim of the card table, has an estate in Scotland that brings him an income of about \$200,000 a year. Miss Garner, whom he married, is as rich as cream. There were three of the Garner girls who inherited about \$17,000,000. It is not probable that they will be "left out in the cold" this beautiful June morning. Society, as now constituted

in England, won't close the door against them.

ON the committee sent to Washington to invite the President to attend the Exposition was Mayor Badger of Raleigh. "He was introduced as the grand-son of Hon. George E. Badger, who was Secretary of the Navy under the President's grandfather. He was given a cordial greeting and said: 'Mr. President, if Secretary Tracy should get tired of his job, I would like to take my grandfather's place as you did your grandfather's.' The President laughed at this happy rally."

LOCAL NEWS.

NEW ADVERTISEMENTS.
Howard—The price tells, etc.
Bargain Store—Chantilly muslins.

The Centenary Methodist Church Working Society will meet at the parlour tonight.

Something over four hundred visitors, principally teachers on route to the Assembly passed through last night.

The steamer Wm. R. McCabe, which has been undergoing repairs on Howard's ways, was launched yesterday.

A novelty in the entertainment line, a musical concert and excursion combined is being gotten up by young people of the city. The time fixed for it is the evening of the 23rd inst.

The city council instructed the clerk Monday night to correspond with the Wilmington, Onslow & East Carolina Railroad company and seek information when the road will be built to New Berne.

The railroad took out between 4,000 and 5,000 packages of truck yesterday. The steamer Newberns of the O. D. line carried out 2,757 packages, divided as follows: 1,783 barrels potatoes, 602 boxes beans, 367 boxes cucumbers, 5 boxes squash.

The Excelsior Hose Company will give a moonlight excursion Friday night on the steamer Kinston, the object of which is to raise money for new uniforms. The steamer will leave the O. D. wharf at 8 p. m., sharp, and sail down Neuse river. Refreshments will be served. The charge is 25 cents.

The Sunday school of Hancock street Methodist church will have their picnic at Spring Garden today. They will go on the steamer Trent, leaving from her wharf at eight o'clock sharp. Tickets will be sold to those not members of the school up to time of leaving. The indications are that there will be a good attendance and a pleasant time.

G. S. Palmer of New York telegraphed that the receipts of potatoes there yesterday aggregated over 25,000 barrels. Prime Rose potatoes cleaned up well at \$5.50 to \$6.00, culls \$5.00. There was a heavy supply of beans and the prices ranged low on both wax and green varieties, half barrel boxes of either selling from 75c. to \$1.00. Huckleberries are selling 8c. to 12c.

Personal.
Mr. S. W. Smallwood left yesterday morning on a business trip to New York.

Mrs. Annie M. Hughes left to visit relatives in New York.

Hon. C. C. Clark left to attend a meeting of the Board of Directors of the State penitentiary. His daughter, Miss Mattie accompanied him on a pleasure trip.

Miss Johnnie Whitford left to visit her brother, Mr. Reid Whitford at North Island, South Carolina.

Mr. Wm. E. Lukens who has large lumber interests at Vandemere and Bayboro and who is now putting up a new saw mill at Morehead, and his family who have been spending a couple of weeks in the city stopping at Hotel Albert, left returning to their home in Philadelphia.

Mr. Jas. R. Roberts, a native New Bernian, now of Anniston, Alabama, arrived and will remain in the city a short time visiting relatives, and leave for Morehead to spend the summer.

Mr. L. A. Coulter, State Secretary of the Y. M. C. A., arrived last night to spend a short time in the city in the interest of the local association.

Misses Emma Jordan and Fannie Holland and Mrs. Luther Lewis went down to Morehead last night to attend the Teachers' Assembly.

Mr. L. L. Hendren, after spending a short time with relatives in the city, left last night for Morehead.

For Over Fifty Years.

Mrs. WISLOW'S SOOTHING SYRUP has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Twenty five cents a bottle. Sold by all druggists throughout the world.

Resolutions Declaring the Contract Invalid.

Thorough examination having revealed to the Board of City Council features to which they objected, and research having brought to light irregularities in making the contract which are considered sufficient to invalidate it, the board, as we announced yesterday, passed resolutions to that effect, Councilmen Manly, Ellis, Richardson, Crawford and Oden voting in the affirmative, Councilmen Miller and Lovick in the negative, and Councilman Bell not voting. The following are the resolutions adopted:

Whereas, It appears to the Board of Councilmen that what purports to be a contract between the city of New Berne and Geo. E. Ladshaw, his associates and assigns, for constructing water-works and supplying the city with water, was not entered into by the city of New Berne in the manner provided by its charter.

Resolved, That in the opinion of the Board of Councilmen the said contract purporting to have been made by the city of New Berne is invalid and not binding upon the city.

Resolved, That the said Ladshaw be notified of the action of this Board in reference to said contract.

Resolved, That no person shall be allowed to use any portion of the streets of the city for the purpose of constructing a system of water-works, until further action of this Board.

As soon as Mr. Ladshaw, the contractor, who is at present out of the city, receives notification of the above action it will be in order for him and the Board of Council to confer together and seek to adjust the existing differences, which we hope will be easily and speedily accomplished and the work pressed forward.

Changes in the City Hall.
New Berne will have quite a creditable City Hall after the improvements now in progress are completed.

The slate roof which was becoming defective has been removed and is being replaced by a tin one. The partition between the two rooms in the second story has been taken down. The same has been done in the third story and the separating floor has been removed thus throwing all the space spoken of into one large room 40x40 with a 17 foot pitch, which will be nicely finished in native pine ceiling, stained and paneled overhead.

The present mayor's office will be converted into cells for prisoners and the city clerk and tax collector's office will occupy substantially the same place. It will only swap positions with the entrance—that is all. Just placed a little to the southward so as to leave room for the entrance to be changed from its present position to where the window of the city clerk's office now is. The front of the building will be painted and the name "City Hall" painted in large letters across it at a height that will make it conspicuous.

The fire bell will be moved from the tower in the yard to a belfry built on top of the building at the centre.

The contract for the work was awarded to Mr. William Gaskins at the moderate price of \$700.

Teachers' Assembly.

Morehead, N. C., June 16th, 1891.

Every train arriving brings in a large crowd and the little city of Morehead is putting on quite a bustling air, especially in this busy scene noticeable about the spacious Atlantic hotel on the arrival of guest when everybody is wanting to secure the best room and have their baggage taken to it immediately. Tomorrow is the real beginning of the work of the Assembly, hence our stray jottings.

Teachers are here from all portions of the State and some few beyond the border. They all appear to anticipate an interesting and profitable term, and to judge from the programme they will not be mistaken.

The convening of the Assembly is always looked forward to with much pleasure by the citizens here and considerable preparations are usually made for their reception.

The sharpie fleet is in first class trim and the sailing and fishing will no doubt furnish two of the leading features of enjoyment at this popular resort.

I was agreeably surprised on reaching here to find behind the desk Mr. W. D. Humphrey, formerly of the McAdoo at Greensboro. This will be gratifying news to many friends of his as his courtesy and efficiency is proverbial.

Lung Troubles, Rheumatism, Etc.

Frequently a person is supposed to have consumption when it is some other disease altogether that is reducing his flesh and making him look pale and thin.

J. W. Yates, Tullahoma, Tenn., writes: "It does me good to praise Botanic Blood Balm. It cured me of an abscess on the lungs and asthma that troubled me two years and that other remedies failed to benefit."

So you see it is sometimes well to try constitutional treatment. No remedy is so good as B. B. B. (Botanic Blood Balm) for rebuilding wasted tissue, and giving health to every portion of the system reached by that great circulating stream of life, the human blood. Again, it is often supposed that colds and exposure are the only causes of sciatica, rheumatism, etc. Such is not always the case. It is frequently caused by impurities in the blood.

Wm. Price, Lutetia, Mo., writes: "I was afflicted with sciatica and had lost the use of one arm and one leg for nine years. I went to Hot Springs and also tried different doctors, but found no cure until I tried Botanic Blood Balm. It made me sound and well. I am well known in this vicinity."

Observe, even when the renowned Hot Springs failed, B. B. B. brought relief. Remember, no matter what blood remedy you have tried or intend to try, B. B. B. is the only one that will give you complete satisfaction.

DUFFY'S CROUP SYRUP.

Recipe of the late Dr. Walter Duffy.

DIRECTIONS:

Dose for a child two or three years old, one teaspoonful; for a child three months old, ten drops; for a child six months old, twenty drops; for one twelve months old, nearly half a teaspoonful—repeating these doses frequently if necessary until relief is produced.

This is to certify that I have used DUFFY'S CROUP SYRUP in my family for over six months and I believe it to be a most excellent remedy for croup with children, especially as a preventive. Our youngest child had a severe attack of croup about a year ago, inasmuch that we felt anxious about its recovery, but was successfully treated by our physician, but thinking it probable that other attacks might follow we frequently used Duffy's Croup Syrup and the child had no marked symptoms of croup since, and I believe it is due to the use of the Croup Syrup, and we now keep a bottle of it at our house at all times, and I cheerfully recommend it to all.
