

# THE DAILY JOURNAL

VOL. X.-NO. 70.

NEW BERNE, N. C., FRIDAY, JUNE 19, 1891.

PRICE 5 CENTS.

## BUSINESS LOCALS.

**REMEMBER** the Excelsior Hose Company sail Friday night down the Neuse on the steamer Kinston. Refreshments will be served, and there will be good music to enliven the occasion. Fare 25c. Tickets on sale at the Bargain Store.

**ICE CREAM** and Summer Refreshments furnished on short notice by the plate, quart or gallon. Lunch furnished at Railroad depot. With thanks for past favors and a solicitation of further patronage, I am, respectfully,  
M. SHEPARD.

**THE Residence** formerly occupied by Mr. R. O. E. Lodge on Craven street is for rent. Immediate possession given. Apply to LATHAM & BURRUS.

**JUST RECEIVED**—A choice lot of North Carolina Hams. We sell the best Sugar-cured Hams in the Market. Butter-nuts better in the market—direct from the Creamery, and a full line of Hardware, etc. at may 14 dtf  
J. J. TOLSON.

**SUMMER SPECIALTIES**—Lightning Ice Cream Freezers, Combined Chair and Step Ladders, Balloon Fly Traps, Wire Gates Doors, Gauze Wire for Window Screens, and a full line of Hardware, etc. at may 14 dtf  
J. C. WHITTY & CO.

**JUST RECEIVED**, Paris Green for Killing Potato Bugs, at J. C. WHITTY & CO'S.

**AROMATIC SODA** and Mineral Water— at SAM'L B. WATERS.

**NEVER** censure where it is possible to praise.

**ALL** jokes about the weather are declared off. In fact it is not a joking matter.

**EX-SENATOR** McDONALD, of Indiana, is dangerously ill. Indeed there is no hope of his recovery.

**OHIO** is now the political center of interest. The Republicans have nominated McKinley and the Democrats will nominate Campbell for Governor. The Tariff will be the issue of the campaign and the result may materially influence the position of parties in 1892.

**THE** New York Advertiser, which absorbed the Daily Continent rejected the multitudinous small pages of the latter and adopted a four page form of good size. If the Advertiser is always as sensible as in this instance it is bound to be popular and successful.

**HON. CHARLES M. BUSBEE**, of Raleigh, is critically ill. He was to have delivered the literary address at the late Wake Forest commencement, but a telegram was received from his wife, at the last moment, announcing his inability to be present. Mr. Busbee has reflected much credit on North Carolina, and her people feel a painful solicitude in regard to him. We can but hope that the next report from him will be more favorable.

**IF** the mosquitoes of 1891 are to come in such force as the houseflies, the ants and the moths have already come, this will be a terrible year. Will not Uncle Jerry Rusk, who knows a great deal about insects, give the newspapers some suggestions as to how the insect surplus may be disposed? Ah! there's the rub. The Administration dispatched the surplus in the vaults of the Treasury without difficulty, but the fly problem will be a long study for the President and his Cabinet.—Norfolk Virginian.

**NORTH CAROLINA** is to be congratulated on her colleges. The following from Dr. Crowell, President of Trinity college shows him to be a man of the right stamp: "I would rather be a young man or woman who goes from house to house with sermons, loving purpose, reading the scriptures to the poor or the humble, than be the merchant prince, or the industrial king, or the walking fashion plate for womankind, with an income of \$100,000 a year; for my income at the end would be immeasurably greater when the time comes for the Lord of all the earth to say: 'Inasmuch as ye have done it to the least of these ye have done it unto Me.'"

**NEW BERNE** is giving to the people of Eastern Carolina an objective lesson of great value. Its recent sales from her truck farms are so many evidences of "thrif-

thrift, Horatio," that must awaken more interest in the whole business of trucking. We have in our State news column published some items from the New Berne JOURNAL setting forth shipments from time to time. But it is only by grouping the many sales and seeing total results that you will take in the magnitude and success of the trucking in that favored section. Six, eight, ten and twelve thousand packages a day are shipped. In one day 9,000 barrels of Irish potatoes were shipped, which fetched \$45,000. All kinds of vegetables are shipped with paying returns. And this has been going on for weeks. Any business that brings ten days \$10,000 to \$50,000 returns into one small section is indeed a big thing.—Wilmington Messenger.

## LOCAL NEWS.

### NEW ADVERTISEMENTS.

Moonlight Concert.  
See the Farmer, etc.  
Howard—A good thing, etc.  
New Berne Collegiate Institute.  
S. L. DILL—Truck train discontinued.

Mr. A. M. Baker will soon start a mattress factory in the city.

Palmer, of New York, sent the following truck quotations last night: Potatoes—primes \$4 50 to \$5; cukes 75c. to \$1 25. Virginia beans 40 to 75c.; huckleberries 4 to 10c.

A pleasant lawn party will be held at Mr. C. H. Blank's tonight, commencing at seven o'clock, by young ladies of the Episcopal church, to raise money for home mission work.

Rev. Dr. Talmage, the celebrated Brooklyn divine, passed through to lecture before the Assembly. He returns again this morning. On his way here he delivered two lectures at Washington City.

Quite a sprinkling of newspaper men went down last night looking for the seashore. Herbert and Duffy of the Free Press, Latham of the Gazette, Hancock of the JOURNAL, Roscow of the Headlight, and Lloyd of the Farmer's Advocate.

Mr. L. A. Coulter has succeeded in raising \$750 towards establishing a general secretary for the Y. M. C. A. in New Berne. Mr. Coulter has worked very hard towards getting a secretary here and we know that the Association here feels grateful towards him and the citizens of New Berne for their liberality.

The Excelsior hose company excursion down Neuse river on the steamer Kinston comes off tonight. The steamer will leave from her wharf at 8:30 p. m., and return about 11:30. Aside from the pleasure to be derived from the trip it must be remembered that the young men give good assistance in subduing conflagrations, and deserve encouragement in their efforts to equip themselves.

The work of constructing the sewers on Middle street from Broad street to the river was begun yesterday. The fall over this distance is fourteen feet. The sewer pipe will cost \$2,000. There will be a sewer on each side of the street with a sand pipe covered with iron grating placed every 100 feet apart. The centre of the street will be rounded and the sidewalks sloped so that the water will readily run to these openings, and the street will be macadamized with shell-rock marl.

The night school of Messrs. C. D. Bradham and S. E. Koonce over Dr. Duffy's office has opened with fair attendance. Both these gentlemen have had experience heretofore at teaching. Mr. Bradham is a graduate of the State University and along with the other studies he gives special courses in penmanship and book-keeping. For the latter he uses "Allen's Forty Lessons" as the text book. This is a good opportunity for clerks and others who are employed in the day time to improve themselves. The hours observed by the school are from 7:30 to 10 o'clock and the work is arranged as near as possible to suit the convenience of the patrons.

**Truck Train Discontinued.**  
Special Truck Train No. 208 will be discontinued on and after Friday, June 19th.  
S. L. DILL, Supt.

**TO DISPEL COLDS.**  
Headaches and Fevers, to cleanse the system effectually, yet gently, when acute or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Fig.

Children Cry for Pitcher's Castoria.

## NEW BERNE COLLEGIATE INSTITUTE.

Past Successes and Plans for the Future.—Adding New Departments.

The steady and healthful growth of patronage ever since its establishment is one of the foremost and most unmistakable evidences of the hold the New Berne Collegiate Institute has secured and maintained upon the esteem of the public—which esteem is well deserved, having been ably earned.

The Institute opened in New Berne for the first time in September 1889, with only 40 pupils, but by the end of that scholastic year 143 had been enrolled. It re-opened last September with 125 in attendance the first day and before the end of that week the number had increased to 150, and it kept increasing until 275 names had been enrolled, and at the close of the year the attendance was larger than at any former period in its history.

The work performed has been of a high order. Especial attention is given to high class vocal and instrumental music and to the art department. None but first class instructors, strictly adapted to their part of the work, preside over any department and the end they seek is not to drill empty words, dry sentences and stereotyped rules and formulas into the minds of the pupils, (which without lucid explanations might be meaningless to them in some instances) but to see that each student grasps and mentally assimilates the facts, stated and ideas contained and intended to be imparted.

To show how successfully students make use of the advantages offered we will state that the average grade of Miss Rosa Dail who won the scholarship prize, a year's tuition, was 98 and others fell but little short of this high mark.

The Institute not only fully prepares its students for college but carries them through the course of studies prescribed for the first two years of college life, known as the junior and sophomore years and though its course does not extend beyond the point stated and their is no intention of a change on that line, it is nevertheless a fact that the faculty of the Institute are competent to give as advanced education in mathematics and some other branches as is furnished by some colleges.

Though the Institute has already attained a high degree of excellence, made a wide-spread and enviable reputation and is established on a solid foundation, there is no inclination on the part of the management to rest satisfied with the successes achieved and the position already reached, but the aim is to still further broaden its sphere of usefulness and reach forth for grander triumphs than those of the past, and in furtherance of that end it has been determined to add two more departments next term, an Industrial and a Business department, which will make the Institute directly and fully equipped for all its purposes. In the past the Institute has maintained classes in book-keeping and commercial law, these will be continued in the business department, and stenography, telegraphy, etc., added. The Industrial course will embrace sewing and wood designing.

New Berne is a healthy city and the health record of the Institute is a remarkably good one for such a large number. With the exception of the measles, which at one time prevailed to some extent here, there has been very little sickness and not a single death in the school since it was established.

The Institute had patronage last year from 14 counties. There were 40 boarding pupils, nearly every one of whom except those who are to go to college will return in the fall and some of them will bring others with them.

Prof. Adams believes that if he possessed convenient, suitable and amply boarding facilities their number could easily be increased to 100 at the next session.

With its able and popular corps of enthusiastic teachers, and the wise policy they have pursued and the confidence they have established thereby among the friends of the Institute, there is every reason to believe that it will—and no reason why it should not—reach the attainments sought. The outlook is very encouraging.

### SPECIMEN CASES.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his Stomach was disordered, his Liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold at F. S. Duffy's drug store.

## TEACHERS' ASSEMBLY.

Trolling for Mackerel—Fine Opening Address—Complimentary Sail.

**FIRST DAY.**  
MOREHEAD CITY, June 18.—Yesterday morning the sun shone brightly, and the sharpie Fleet were promptly at the Hotel wharf with their sails shivering in the South-west breeze, ready for the demands of pleasure seekers who might feel inclined to take a morning sail or for others who wished to take a trial out at the inlet.

Several successful expeditions against the Spanish mackerel the day before had given this sport a decided boom and quite a number set out.

Having never experienced any great success in the trolling amusements I concluded not to go.

Besides this I always had a warm regard for mackerel, or rather a regard for warm mackerel, which impelled me to take no hand in the relentless war upon them.

The Bulletin announced that at 11 o'clock the opening address would be delivered before the Assembly by Rev. Dr. Sanderlin, so I determined to while away the morning in the cool breeze that meandered through the halls of the Atlantic Hotel reading about the mercury climbing to 97 in New York '98 in Boston and to 107 in Providence.

There is nothing like reading of arctic exhibitions by the side of a glowing grate or discussing heated terms sitting in a refreshing sea breeze.

Promptly at 11 the Assembly assembled in their hall and after Religious services by Rev. Dr. Skinner, President Melver introduced the orator of the occasion Rev. Geo. W. Sanderlin. The doctor was in fine "mood," and "tense," and for an hour held the audience spell bound except occasional bursts of applause or an outburst of unappreciable laughter. His subject was: "The importance and dignity of teaching as a profession and the honor due the teacher." To say that it was a good address, is to but feebly convey the full measure of praise to which it is entitled. It was excellent. At the conclusion of the address Secretary Harrel made some announcements for the day, which included the complimentary sail at 3 o'clock the Annual address in the evening; and particularly requesting all to examine the Educational Exposition in the rooms below when the morning session was closed.

The afternoon was taken up by the complimentary sail given by the sharpie fleet of the harbor and all who went had a nice time.

On account of the late arrival of the train no Evening session was held. The annual address by the President will be made at 10 o'clock this morning. About three hundred visitors came down last night and in the crowd a good number of New Bernians.

I have met here Dr. R. H. Lewis and F. M. Harper old friends of the JOURNAL. Also Rev. Drs. Crawford and Dixon both friends of New Berne; people generally.

### Personal.

We had a pleasant call yesterday from Mr. H. A. Latham, editor of the Washington Gazette, and Mr. W. J. Crumpler, of the same place. They went down to Morehead last night.

Hon. C. C. Clark and daughter, Miss Mattie, returned from Raleigh. Mr. Clark was in attendance of the Board of Directors of the penitentiary.

Mr. J. S. Bannight left yesterday morning on a business trip to Fayetteville.

Mr. F. E. Morton, accompanied by Mr. Carlyle Hancock, has gone down to Morehead on his yacht "Thetis," flying the colors of the New Berne Yacht Club.

Misses Carrie Mayhew, Mary Hendren, Fannie Willis, Katie Matthews and J. W. Duguid left on the excursion yesterday morning to remain some time at Morehead on pleasure.

Mrs. L. E. Blackwell, of Raleigh, and Mrs. Spencer, Miss Carter and Mrs. Murray, of Hyde county, came in on the steamer Neuse Wednesday morning and left on the afternoon train for Morehead where they will spend the summer.

Messrs. Harry N. Nelson, W. T. McCarthy and Wm. O'Brien returned on last night's train from attending school at St. Mary's College, Belmont, N. C. Mr. McCarthy graduated this year. He will take a course in law at the new Catholic University at Washington City next year.

### NOW TRY THIS.

It will cost you nothing and will surely do you good, if you have a Cough, Cold, or any trouble with Throat, Chest or Lungs. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to give relief or money will be paid back. Sufferers from La Grippe found it just the thing and under its use had a speedy and perfect recovery. Try a sample bottle at our expense and learn for yourself just how good a thing it is. Trial bottles free at F. S. Duffy's Drug Store. Large size 50c. and \$1.00.

Hancock Street M. E. Church Sunday-School Picnic and Excursion.

Wednesday morning, in due time, the teachers and scholars of the school, under the leadership of their superintendent, W. R. Barrington, marched to the steamer Trent, commanded by Capt. Roberts, and then followed a crowd of passengers.

The arrangements on the boat were in good keeping with the usual skill and taste of the captain.

We reached Spring Garden in due time and were most kindly received by Mr. Arnold, who resides there, giving us the privilege of his beautiful grove, and refreshing draughts from his excellent well of as good water as we ever drank.

After dinner was announced, the crowd with admirable propriety gave complimentary evidence of their good skill and tact, as evinced by Messrs. Barrington and Ball, judging from the way the edibles disappeared.

On the eve of returning a vote of thanks was given Mr. Arnold for his many courtesies, and after giving three hearty cheers and a tiger, started for home at once.

Arrived in New Berne in good time, and repaired to our several homes with thankful hearts that we had been permitted to enjoy the excursion.

There was plenty of the good things, and something to spare which was properly distributed.

It was certainly one of the best managed things of the kind we ever enjoyed, and nothing transpired to mar the pleasure, but on the contrary from the youngest to the oldest the universal sentiment was, "May we be spared another year to enjoy a similar event, and especially under the management of Messrs. Barrington and Ball, and Capt. Roberts of the steamer Trent."

"A good thing at the cost of a poor thing is business."

That is what we aim to do at all times, good goods at the right price. When you want anything in our line, give us a trial. New goods constantly arriving. We have the best unlaundried shirts in the market at the price. Our "Big Six" only 50c. Do you need a Straw Hat, we are selling them at a reduction. We have some Collars at 50c for half dozen and Cuffs at 15 cents per pair.

AT HOWARD'S.

NEW BERNE

Collegiate Institute.

An Educational Institution
