The Jewish Persecution.

About two-fifths of all the Jews in the world are in Russia and their persecutions there are shameful. They are not even allowed to observe their Sabbath. It is a significant fact that an effort is being made to open the way for these persecuted Jews to settle in Palestine. It may be that God is working in a mysterious way to gather them again to the land of their fathers. There are now about 7,000,000 of Jews in the world. There are about 5,000,000 of these in Europo. America has a little over 400,000 and Africa has about the same number .- Raleigh Christian Advocate.

I won't vote for it be-cause I don't Fnow what kind of improve ments they will put on the streets. I won't vote for it because we don't need any city hall. TELEGRAM FROM RALEIGH.

June 22d, 1891. Hill Humphrey, Esq.-Can I close my en-ire stock to you at bargain. Answer. The above accounts for Big lke's anxiety to reduce his stock. It is impossible for him to relieve any merchant who is financially embarrassed until he reduces his stock. He embarrassed with he reduces his sock. He now has the third largest stock in the city of New Berne. Two stores, one on top the other, both chock-a-block with goods bought at 40,50 and 67/3c, on the dollar. Big ike has two iron Bafes, bought at 50c, on the dollar. Any trucker who has more money than h would like to put in the bank would do well to examine them. Come and see him. He is now offering goods cheaper than any merchant in the city can buy them.
