AT a meeting of the executive committee of the North Carolina Press Association it was decided to hold the next annual meeting of the Association at Winston on August 11th, 12th and 13th.

THE Democratic party was never more necessary than it is today. From the beginning of its career to the present moment it has been the champion of the people, the defender of the Constitution and the fearless opponent of centralization and monopoly.

PRESIDENT PALMER says that it may be necessary to open the world's fair on Sunday, and adds that though he is not without moral doubts as to the expediency of doing so, he is afraid that the other 1,100 commissioners may not have similarly strong objections to such Sabbath desecration. Mr. Palmer is clearly afraid that Chicago piety will not be able to withstand New England depravity.

THE Wilmington and Weldon Railroad Company have listed for municipal, State and county taxation property placed at a valuation of over \$600,000. This is a purely voluntary act, it having been decided by the highest judicial tribunal of the country, the Supreme Court of the United States, that this corporation, under its charter, is absolutely exempt from all taxation.—Wilmington Star.

IT is in order for Col. Polk, President of the National Farmers' Alliance to rise and explain. The Milwaukee Sentinel reports Col. Polk as saying in his speech at La Cross, "That every step gained by the Alliance in the South was almost in the face of shotguns in the hands of Democratic leaders." The JOURNAL is a friend of the Alliance and has a high regard for Colonel Polk and we trust that he will promptly repudiate language put in his mouth by the Sentinel.

A SPECIAL cable to the Journal of Finance, dated London, says: One syndicate organized here, and having Paris interests allied with it, has sent a representative to the United States with authority to invest \$28,000,000 in grain. One of the heads of the Rothschilds, Paris, is interested. The Duke of Marlborough is largely interested through English capitalists, who join the pool on his recommendation. Marlborough is to visit America again. He brings a large amount of capital to invest in the Southern States.

FULL of years and honors, Dr. K. P. Battle retires from the Presidency of the State University with the welcome plaudits of his countrymen, "well done good and faithful servant." Characterized by conservatism, with a loyalty and love for the institution over whose destinies he so wisely presided, his career has been and will go down in history as conspicuous for the unbroken chain of success which has blessed our State University for so many years past. He accepts the Chair of History, for which he is peculiarly fitted in every way, and upon which the University is to be congratulated as well as the students.—Rayetteville Observer.

"Aunt Hetty" the old colored woman who for many years has sold fruit, etc., at each passing train had a narrow escape from death yesterday morning. She was standing near the train and one of the passengers was starting to make a purchase from her when the train started. Finding that his time was out he sprang quickly aboard and in doing this struck against her and she fell in front of the wheels of the moving car, but fortunately was so quickly pulled out by bystanders that she sustained no injury.

Loathsome Leprosy. LONDON, June 24.—The leprosy commission in India is making some interesting discoveries as to the origin of the disease and methods of suppressing it. In one instance they found a family that had been leprosy for five generations. The females of the family remain apparently free from the taint until about 15 years of age, and are usually very attractive for Hindoos. As they get married about 13 the taint is spread to other families, and the plague has thus been spread through an extensive district.

The Daily Journal Enlarged.

With this issue of the Daily JOURNAL it goes out enlarged to a seven column paper. Our increased patronage in advertising, for which our thanks are extended, has necessitated the change, and it will be our endeavor to meet this mark of esteem. The JOURNAL has been established in New Berne nine years, longer than any other Daily here we believe, and during that time it has held up the development and advancement of the section in which it circulates. With all its short comings and imperfections, we are afforded no little gratification and pleasure in knowing that the JOURNAL still has warm and true friends who have substantiated the fact more fully than by mere words.

The JOURNAL is not what we would like to have it, but its field of usefulness can be no greater than public patronage will sustain. We have yet to know of the first publisher who has not prided enough in his own paper to expend about all of its resources in endeavoring to make some improvement.

To make still others additions towards getting up a first-class Daily is our desire, but as yet we deem it impracticable further than this immediate undertaking.

On our editorial staff, Gen. C. A. Battle, with his wide and varied information, will keep up with the public questions of the day and Mr. C. T. Hancock will continue as localographer.

The Picnic from Goldsboro. The Methodist picnic from Goldsboro arrived here a little after 11 o'clock yesterday. There were 250 excursionists on the train by actual count, the most of whom were members of the Sunday school of St. Paul's church.

They were met at the junction of Hancock and Neuse street by the New Berne reception committee, and escorted to Centenary church as planned when the programme for the day was agreed upon and announced.

It had been determined to have no speech-making. There were simply words of hearty welcome tersely expressed by Mr. J. K. Willis, superintendent of Centenary Sunday school of this city, and brief appreciative replies by Mr. T. R. Robinson, superintendent of the visiting school, and by Rev. B. R. Hall, pastor of St. Paul's church.

A splendid dinner was partaken of at 1 o'clock at the Academy, where preparations had been made before the arrival of the visitors.

After dinner a trip on Neuse river was given the visitors as guests of Centenary Sunday school, the steamers Neuse and Trent having been chartered by the reception committee for that purpose. Refreshments, consisting of orange and lemon ices, were served on both steamers.

At 6:30 p. m. the picnickers started home. All seemed to have enjoyed their trip and our New Berne people are delighted at their visit.

Pollockville Items. Messrs. W. D. Burns and R. W. and Chas. Haywood have returned from Wake Forest College; the latter graduating with high honors. Good for 'charlie.' We are glad to see the young men of Jones county coming to the front in educational matters.

The farmers in and around Pollockville who have been engaged in trucking this year, are happy and gay, on account of their bountiful harvest and good prices which they obtained.

Messrs. E. M. Koonce, principal of Pollockville High School, and his brother Charlie, who has been attending New Berne Collegiate Institute this year, went down to Morehead City, a few days ago to attend the Teachers' Assembly.

Get ready for the picnic, which will be next Wednesday at Lee's Chapel. Husbands, come and bring your wives and all the little boys and girls. Young men, come and bring your—well you know what I mean so be on hand. Be sure to bring your baskets filled with good things.

Mrs. Susan Bryant on the morning of the 17th inst. died. The spirit of this truly amiable and christian lady took its flight and joined the number of the redeemed on the other side of the river. Mrs. Bryant was born Nov. 10th, 1837, and was nearly fifty four years of age at the time of her death. She was happily married to Mr. R. W. Bryant, Jan. 8, 1857, and was to him a kind, loving, affectionate wife and gave pleasure and comfort to the home of which her kind, intelligent and affectionate mother, a consistent member of the Presbyterian church and adorned her profession by an humble walk and a pious conversation. Mr. Bryant, her Christian husband, is a better man by having been wedded to such a devoted Christian wife.

The Chinese Troubles Confirmed. WASHINGTON, D. C., June 24.—Advices received at the Navy Department from Admiral Belknap, commanding the Asiatic squadron, confirm the reported trouble in China. Admiral Belknap has three vessels in Chinese waters, the Alliance, Palos and Monaco, and should the danger of the situation increase these vessels would not be sufficient to protect American interests there.

TEACHERS' ASSEMBLY.

The Masons—County Superintendent's Day—Ladies Thanked—Ex. Gov. Jarvis Absent—Able Dispositions.

NINTH DAY. MOREHEAD CITY, June 26.—St. John's Day was July observed by the masons of Beaufort and Morehead. A joint installation of officers of Franklin Lodge of Beaufort and Ocean Lodge of Morehead. An address was delivered by Mr. L. A. Potter, and refreshments were spread after the services.

Thursday was County Superintendent's day. I noticed Dr. Long, of your county came down in time to take part in the discussion on "Compulsory Education." I see Prof. Adams, of your High School also here. There are but few, if any Professors who stand higher in the Educational work of the state than Professor Adams.

THE MORNING SESSION was opened by divine services by Rev. Mr. Clements, of Wake Forest.

Resolution of thanks to Mrs. Memmingway and Miss Brady for the munificent benefaction to the people of Wilmington were offered by Prof. Noble of that city and unanimously adopted.

Prof. Noble gave some account of this great benefaction, which the modesty of the donors had prevented him or any one from knowing the extent of. Enough was known however to state that a property worth \$5,000 and an annual expenditure of over \$5,000 had been for years contributed by those estimable women to the cause of education and had been at times in the past the only place in the city, where white children could obtain schooling free of cost. Rich fruits from it are to be found among the business men and the educated women of that city who had their education entirely from this source.

County Superintendent, P. M. Pearsal Esq., of Jones County, was called to the chair and the programme of the day taken up. "What is Moral Training?" was discussed by Prof. Merritt, of Chatham, in a well prepared address.

"A Four Months Public Schools" was discussed by J. A. Gilmer, of Burke, "The Teacher out of the School Room" by Prof. J. O. Atkinson, of Elon College, and President McIver, "State Institute Conductor. The next subject was "Compulsory Education" which was postponed till to night when it will be ably discussed by Supt. May, Bunncombe and John S. Long, L. L. D. of Craven when it is known we shall have a fine discourse.

"Difficulties in my Work" was handled by those who know it best, the Superintendents themselves.

Telegrams were read from Hon. T. J. Jarvis, now in Philadelphia, expressing his regrets at not being able to reach here to make the address upon the subject assigned him "What the Public Schools Ought to Accomplish." In lieu of this address Messrs Way and Long will entertain the assembly upon the subject stated above. Prof. Way for and Dr. Long against we know it will be ably handled.

Wednesday night a beautiful waiter of flowers was presented to P. M. Pearsal by the ladies of Morehead City, for his able efforts to have the next annual assembly meet here.

L. H. CUTLER & CO. NEW BERNE, N. C.

Telegram from Raleigh. Hill Humphrey, Esq.—Can I close my entire stock to you at large. Answer.—The above accounts for Big Ike's anxiety to reduce his stock. It is impossible for him to relieve any merchant, who is financially embarrassed until he reduces his stock. He now has the third largest stock in the city of 30,000 and 675, on the dollar. Big Ike has two iron safes, bought at 50c on the dollar, the other, both chock-a-block with goods bought at 40, 30 and 25c, on the dollar. Big Ike has a fine lot of goods, bought at 25c on the dollar. Any trader who has more money than he would like to put in the bank would do well to examine them. Come and see him. He is now offering goods cheaper than any merchant in the city can buy them.
