THE corn crop of the country is good, and tobacco better than for years.

GOVERNOR HILL will go to Ohio during the canvass to assist Governor Campbell.

THE great London preacher, Rev. Charles Spurgeon is so ill that little or no hope is entertained of his recovery.

SINCE Emperor William, of Germany, landed in England there has been an incessant series of ovations in honor of him.

THERE was great improvement in the cotton crop during the month of June, but it is still lower than the average crop.

CONGRESSMAN ELECT WATSON, of Georgia, is a rare bird. The great difficulty with Watson is that his articulation is several laps ahead of his thinking apparatus.

THE Norfolk Landmark says: "At last the news comes definitely that Mr. Blaine is a rapidly dying man without hope of recovery. We are not surprised. He was sick when in Norfolk, and it was plain that his career was near its close."

It turns out that the pursuit of the Itata was without warrant of law. It was not fitted out or armed in an American port. Mr. Blaine advised against the pursuit, but blundering Attorney-General Miller insisted upon it and Secretary Tracy acted on his advice.

So far Acting-Secretary Soley has received applications from three States—New York, Massachusetts and Rhode Island—for allotments on account of naval militia. Massachusetts heads the list with 238 men under organization. California has already passed a naval militia act, but is having some difficulty in effecting an organization.

THOMAS JEFFERSON, a Southern man, 115 years ago, last Saturday, first sounded the bugle call of liberty for the whole country. George Washington, another Southern man, led the Americans to final victory and independence. And they were both miserable "rebels" according to latter-day political clap-trap.—Wil. Messenger.

THE Chronicle's series upon Newbern—its great prosperity and bright outlook—have attracted attention and commendation far and near. It is a good town; has a solid foundation; and is but upon the threshold of great development. The business of the Chronicle is to write about such go-ahead places, and show to the world the advantages offered.—Raleigh Chronicle.

THE Manufacturers' Record of this week says the Chesapeake and Ohio Railway company has closed a five year contract with C. Furness, one of the largest steamship owners in England, for three regular lines of steamers from Newport News, Va., to Liverpool, London and Glasgow, and also for occasional steamers to Havre and Antwerp. These will be the first regular European steamer lines from any port south of Baltimore. Heavy engagements of grain, provisions, flour, tobacco, lumber and live stock are being made in the West for export by these steamers, one order for sixty thousand bags of flour having just been booked in St. Louis and another of 54,000 bags direct to Havre, said to be the largest single shipment of flour ever made from this country to that port. The steamers are of 3,000 tons capacity and each line will send out a steamer every ten days, making about nine or ten steamers a month, on three regular lines.

For Every Family.

Mrs. WILKINSON'S SOOTHING SYRUP has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Twenty five cents a bottle. Sold by all druggists throughout the world.

LOCAL NEWS.

NEW ADVERTISEMENTS.

Bargain Store—Trousers hanger. Howard—The olden prices, etc.

A special meeting of the trustees of the New Bern Academy will be held this afternoon at half-past four o'clock.

A musical concert will be given at the theatre tonight by three blind colored singers that have been trained in an asylum.

Quite a number have engaged passage for the Ocracoke excursion. The steamer will leave in the morning at eight o'clock.

Two steamers, the Carolina and the Trent are now on Howard's large ways, and the schooner Southern Cross on his small ways undergoing repairs.

The new Disciples Church at Grifton has been completed and will be dedicated next Sunday. Special trains will be run from Kinston and Greenville.

The planer recently ordered by the New Bern Furniture Manufacturing Company has arrived and been put to immediate use. The factory has also slightly increased its force of hands and is running to its full capacity.

We have information that Mr. F. L. Pittman, a civil engineer of the Norfolk, Wilmington & Charleston Railroad, has been ordered to go ahead and push the work as rapidly as possible. This is cheering news, and we hope are long to be able to announce New Bern as being on a great through line.

The Commissioners are in session making their final equalization of the assessed property of the county. A large number of property owners were before them yesterday with complaints of the high valuation. If we are not mistaken the new assessment has been very carefully and conscientiously made this time, and will not be altered without good cause.

News of a very sad event, resulting in a terrible tragedy, comes from the quiet and aristocratic little town of Lincoln. Three young men overtook the betrayer of their sister while he was riding in a buggy with another person. They opened fire on him and accidentally killed the wrong man. The guilty wretch was only dangerously wounded, but not before he had returned the fire with serious effect on one of the attacking party.

Personal.

Mr. E. H. Meadows and family, Mr. H. J. Lovick and family, Miss Sadie Eaton and Miss Mary Hay returned from Morehead yesterday morning.

Prof. W. R. Skinner and family left, moving to Seven Springs.

The family of Mr. O. Marks left to spend the summer at White Sulphur Springs, Virginia.

Mr. J. J. Wolfenden left for an extended tour in half dozen States in the interest of the Watson, Daniels Land Company.

Miss Sallie Ford left to visit relatives in Durham.

Miss Minnie Brown, of Kinston, and Misses Lizzie and May Bell Dixon, of Hookerton, returned home from a visit to the family of Maj. S. D. Pope.

"Big Ike" has mysteriously disappeared again. Where in the world has he gone? and what is he up to now?

The steamer Neuse of the E. C. D. line brought in the following passengers: Mr. and Mrs. James A. Bryan, returning from a northern pleasure trip; Mr. J. L. Cooper, returning from a business trip to Philadelphia; Mr. Otto A. Ulrich, of Norfolk, and Mr. and Mrs. George Howard, of Baltimore, to visit Mr. F. Ulrich.

The steamer Neuse took out the following passengers: Prof. George W. Neal, to visit his daughter, Mrs. John H. Bell, of Washington, D. C.; Mr. A. H. Bangert, Mrs. Wm. M. Watson and Miss Jennie Watson to visit relatives in Baltimore and Boston and for a pleasure trip to New York; Mr. C. Erdman and two sons to visit relatives in Baltimore, and Mrs. Mary Whitcomb, of Stonewall, to visit friends in Elizabeth City.

Mr. John T. Patrick, State Immigration agent, passed through yesterday morning returning from Morehead to Raleigh.

Mr. M. D. W. Stevenson returned to Morehead last night, and Miss Maud Amyette also went down to spend some time there.

Cigarettes Killed Him.

FINDLAY, Ohio, July 12.—Harry Curtis, a glass worker, eighteen years old, was found dead in bed yesterday. An autopsy showed the heart paralyzed, caused by the excessive use of cigarettes, he having been in the habit of smoking three or four boxes daily. He was from Corning, N. Y.

Whether You Travel by Land or Sea

You need a medicinal safeguard. Changes of climate or temperature, headachy water, unusual diet, draughts from open windows that surely fellow passengers will not close—all these breed ailments against which the surest protection is Hostetter's Stomach Bitters, finest of medicinal fortifiers. Sea sickness, land nausea, are promptly counteracted by this agreeable corrective, which is also a capital defense against malaria, the effects of a tropical or chilly temperature, damp and exposure. Persons of sedentary pursuits, mill operatives, mariners, miners, engineers, frontiersmen, persons of every calling involving mental fatigue, excessive bodily effort, and liability to unhealthy influences of any sort, regard it as an incomparable safeguard. Biliousness, constipation, dyspepsia, rheumatism, sick headache and kidney troubles, are effectually subdued by the great alterative.

NEW BERNE.

Her Workers and Business Men.

NUMBER FOUR.

Are there any MILLINERY establishments in New Bern? Yes, plenty of them and this city is noted for its beautiful and stylish women. BARBERS are useful and ornamental. Paul, in his first letter to the Corinthians, says: "Doth not even nature itself teach you, that, if a man have long hair, it is a shame unto him?" John B. Brown and W. H. Shepard handle their shears and razors skillfully.

Small feet are signs of royal blood. Men and women like to have pretty feet, but no foot can be pretty in an ill-shaped shoe. There are many SHOE-MAKERS in New Bern and one of the best is N. Arpen.

It is useless to invite strangers to a city in which there are no HOTELS and BOARDING HOUSES. New Bern has a goodly number of them, and the boarding houses of Mrs. Hines and Mrs. Nelson are excellent.

It is a custom of all civilized communities to erect MEMORIALS to the dead. Cedar Grove cemetery is a beautiful resting place of those who have crossed over the river, and all through it are to be seen tributes to departed worth inscribed upon MONUMENTS from the marble yard of J. K. Willis.

The strength of a city is in the arm of its MECHANICS. He is a public benefactor who drives a nail in a sure place and builds a house on a solid foundation. "Music has charms to soothe the savage ear," and there is no music like the anvil chorus. New Bern has her full complement of mechanics, "workmen that needeth not to be ashamed," and every man is a pillar in the temple of our prosperity.

Every FACTORY, MACHINE SHOP and WORK SHOP augments the power of a city and the happiness and well-being of its people. Here we have the New Bern Electric Light Company, the New Bern Water Works, under contract, the A. & N. C. R. L.'s Machine Shop, John H. Crabtree & Co.'s Machine works, Smaw's and Churchill & Power's tinning and plumbing establishments, Meadows' fertilizer factory, Gray's factory, the New Bern Ice Factory, the New Bern Improved Cotton Ginnery, Waters' carriage factory, Cook's wagon factory, Rigdon & Hall's furniture factory, Fisher's axle, hub and spoke factory, the Ellis turpentine distillery, the Dennison turpentine distillery, Latham & Burrus' lime works, Dannenburg's bottling works, Moore & Brady's oyster cannery, J. A. Meadows' grainery and other industries.

No city in the State, and very few out of it, has such MILLS as New Bern. Meadows' mills—four in number—have a capacity of 400 bushels of meal a day. They employ from twelve to fifteen men regularly, and when there is a rush of business it requires from thirty to forty hands to do the work.

The SAW MILLS of New Bern are an important part of the industries of the city. Schelley's mill has a capacity of 30,000 feet a day and employs fifteen hands. Congdon's cuts 60,000 feet of lumber a day and employs seventy hands. The Simson Company's has a capacity of from 30 to 40,000 feet. They employ fifty five hands. Clark's mill can cut 15,000 feet a day and employs twenty hands. Banigh's cuts 15,000 feet. It also has a planing mill, and employs twenty hands. Cooper's mill has a capacity of 12,000 feet and employs seventeen hands. Blank's cuts 15,000 and employs twenty hands. Moody's mill has a capacity of 25,000 feet and employs thirty hands. Blades' mills—two of them—can cut 60,000 feet a day and employs thirty men. Ellis' shingle mill has a capacity of 60,000 feet and employs thirty men. Here we have eleven saw mills capable of cutting 317,000 feet of lumber a day, and employing three hundred and sixty seven hands. This lumber is worth on an average twelve dollars a thousand, or three thousand eight hundred and four dollars for what is sawed in one day by the mills of New Bern. It is understood that mill men pay five dollars a thousand for logs and an average of one dollar a day for labor.

Trustees' Meeting.

The Trustees of the New Bern Academy are earnestly requested to meet in full attendance, at the office of the President, this afternoon at half-past four o'clock, to arrange for the next term of the High School. A full attendance is absolutely necessary.

W. M. WATSON, Sec'y.

Weakness.

How many suffer from weakness! And what a distressful ailment it is. Always praying for strength and yet feeling weak, there is great virtue in B. B. (Botanic Blood Balm) as a strengthening as well as a healing medicine. Try it as a tonic and see how much better you will feel. It will improve both appetite and digestion. It is an excellent remedy for a long growing convalescing. It aids a natural and rapid recovery. In cases where an invalid has remained long in bed and bed sores or other ulcers break out, this remedy will afford quick relief.

W. M. Cheshire, Atlanta, Ga., writes: "I had a long spell of typhoid fever, which at last seemed to settle in my right leg, which swelled up enormously. An ulcer also appeared which discharged a cupful of matter a day. I then gave B. B. a trial and it cured me."

For sale by F. S. Duff, Druggist, New Bern, N. C.

"The olden prices and the new." Some old people will tell you of the "good old times long ago" when "things were so cheap and lasted so long." We do not wish to reflect on their love of the past, but whenever we hear such talk we feel like telling them that prices were higher and Clothing not half so good in the old days as now. In fact at no time in the history of trading were better values to be obtained than right now, and the place to obtain your moneys worth in Clothing, Hats and shoes is at,

HOWARD'S.

Connecticut Mutual Life Insurance Company of Hartford, ASSETS NEAR \$60,000,000. Has paid death claims in North Carolina to near \$600,000. Has paid in Newbern, N. C., death claims to the amount of \$67,000. Every loss promptly paid without a single contest.

Low rate of premium as is consistent with safety. Large dividends (being the largest of any insurance company doing business in the United States), thereby largely reducing the amount of premium. Prompt settlements free of any discount. Equal and exact justice to all of its policy holders, freedom from any objectionable features in its policies, are characteristics of this company, which has been in operation for over fifty years.

I will take pleasure in getting a policy in this company for those who desire safe and reliable insurance.

Great Robbery in Newbern.

Hundreds of people robbed of their few hard earned dollars with a promise of a hundred dollars in return for fifty and sixty. How foolish our people are to be duped by such outlandish inducements. Mr. A. or Mr. B. from Philadelphia or New York writes to Mr. C. of Newbern to get him so many names who will pay sixty dollars at different assessments for the next six months, and he will give them one hundred dollars worth for sixty or seventy-five dollars is to go down to Big Ike, the Clothing Man, who buys his goods at 40c, 50c, and 60c, on the dollar. Has he not told the people time and again that he is the only living man could do such a thing.
