**COME** and Examine my Large and Varied Stock of Merchandise that is now being sold AT COST to make room for new fall stock. jyl7 1/2 M. H. SULTAN.

**JOB WORK** executed with neatness and dispatch at the JOURNAL office.

**AROTIC SODA** and Coca Cola—at SAM'L B. WATSON'S.

**SUMMER SPECIALTIES**—Lightning Ice Cream Freezers, Combined Churn and Step Ladders, Balloon Fly Traps, Wire Gauze Doors, Gauss Wire for Window Screens, and a full line of Hardware, etc., at may17 dir J. O. WHITTY & Co.

**MR. O'LEVELAND'S** law firm has cleared \$300,000 since he joined it.

If Cleveland fails to get the nomination no other New York man need apply.

**DR. LANNELTONGUE**, of Paris, has discovered a cure for consumption, in chloride of zinc.

**JUDGE THURMAN** says it should be Cleveland and Gray, or Cleveland and Campbell in 1892.

**DR. William E. Curtis** has pronounced Mr. Blaine out of danger and on the high road to recovery.

**THERE** are eight hundred editors in attendance upon the meeting of the National Association, at St. Paul, Minn.

**THE Liberals** won a victory over the Mormons at Salt Lake City, Utah on the 13th instant. Mormonism is dead.

**THE only excitement** in Louisiana is over the lottery question. The feeling against a recharter is running high and a great battle will be fought.

**MOST** of the newspapers that are opposed to "electrocution" do not object to the killing of its victims; but they do object to the partial frying of a man in the process.

**STAGNATION** ruled in the New York stock market Tuesday. Edison electric stock went up seven points over a judicial decision sustaining Edison's patent on incandescent lamps.

**THE Washington Post** says: "The Knights of Labor will assist the Republican cause in Pennsylvania and the Democracy in Ohio. In this manner it hopes to keep up its reputation as a non partizan organization."

If a western man is nominated for the Presidency by the Democrats next year, it will, in all human probability, be Isaac P. Gray. The Indiana Democracy will support him cordially for the nomination, and if nominated he will carry the State over Harrison or any other man.

**SAYS** a despatch from Kansas City: "A movement has been inaugurated here for the organization of a novel military company intended to be one of the military features of the World's Fair. The company is to be called Company A, First Regiment, United Blue and Gray. It is to be composed of fifty ex-Union and fifty ex-Confederate soldiers, the former uniformed in blue and the latter in gray. The company is now nearly full, and the officers have been elected."

**THE latest phase** of the contest over the Briggs theology and Union Seminary is the strangest of all. It seems that some of the wealthy men who contributed to the endowment of the seminary gave their money on the understanding that it (the seminary) should be under the control of the Presbyterian General Assembly. The trustees of the seminary have refused to be guided by the Assembly's action in rejecting Prof. Briggs. These wealthy men, therefore, headed by Russell Sage, proposed to get back their money. On the one hand, the effort to coerce the views and policy of the learned and pious men who are in charge of the institution by a threat of pecuniary damage is an extraordinary proceeding; and, on the other hand, if the seminary were to yield to such pressure and reverse its course to save its money, it would lose the respect of all honest, liberal, truth loving minds.

## LOCAL NEWS.

### NEW ADVERTISEMENTS.

**Lost**—Keys. Howard—Trifles, etc. M. H. Sultan—Selling out at cost. Barrington & Baxter—For the ladies.

The warm weather still continues to cause people to seek Morehead with a desire to keep cool.

Mayor Manly had a number of boys up and fined them quite heavily for playing ball on the street. Take warning in time.

The complimentary sail to a number of our young ladies given by Mr. —Bash of Georgia is spoken of as very enjoyable.

Good quantities of very fine cantaloupes and watermelons to some extent are now being shipped, also cucumbers, tomatoes and apples.

The vacant store adjoining Mr. Moses Whitehurst's is being fitted up for Mr. L. S. Wood's hardware and the next one Mr. Hassell's confectionery store.

The Pasquotank Rifles will arrive on the steamer Neuse this morning en route to the State encampment near Wilmington. They will leave by this morning's train.

Eureka Lodge, No. 7. I. O. O. F. have elected and installed the following officers for the ensuing year: S. D. Pope, Noble Grand; S. S. Duffy, Vice Grand; Ed. Gerock, Secretary; H. L. Hall, Financial Secretary; A. Miller, Treasurer.

A party from Fayetteville went down to Morehead last night in a private car. They were Mr. and Mrs. Biggood, Mr. Lewis Broadfoot, Mrs. F. R. Broadfoot, Mrs. Kate Broadfoot and Miss Kate Broadfoot. There were also a number of children along.

"Big Ike" is having a good concrete pavement put down in front of his store, connecting with the one just finished in front of the Racket Store. Keep the ball in motion, gentlemen. The entire business part of the town ought to have first class sidewalks.

The moonlight sail to night of the young People's Working Society will be chaperoned by Mrs. J. A. Meadows, Mrs. Nelson Whitford and Mrs. R. P. Williams. The steamer Kinston has been engaged for the occasion which will no doubt be much enjoyed. Only 25 cents will be charged and all who can should surely go because it is going to be a pleasant party. The boat will be out from 8 to 11 o'clock.

It has been suggested that the New Berne Ice Company use their whistle as a fire alarm for the portion of the city in which the factory is located and they have agreed to do so. With the exception of 12 o'clock noon, the whistle will not be blown as a signal to the hands in any way except with an even tone the same as any other whistle. At that time it will play a regular tune. At any other time a tune by the whistle will mean "Fire." The peculiar nature of the whistle its loudness and the fact that the factory runs both day and night makes this arrangement a very satisfactory one.

**Big Stock Market.** A special train brought in a large lot of horses and mules for Messrs. M. Hahn & Co., Wednesday night. They are all western raised, and were selected with special care to meet the demands of this section.

We have repeatedly noted the large number of horses and mules handled by New Berne dealers, and how the business has increased for the last few years.

How it has been done is easy to account for. In the first place the men who have it in charge, Messrs. Hahn, Stewart and Street, are business men, men who are not content to stand still and wait for patronage to come to them, but they push out and seek new customers. The territory accessible to New Berne is large, and the advantages offered are attracting purchasers from Jones, Onslow, Lenoir, Greene, Pamlico, Carteret and other counties.

Again, these gentlemen, by buying in large numbers, are enabled to make very close figures, and they keep their business before the public through the advertising columns of the JOURNAL.

**Progress of the Ginnery.**

The New Berne Improved Cotton Ginning Company have met and perfected their organization by the election of the following set of able officers: President, Thos. Daniels; vice-president, H. E. Wynne; secretary and treasurer, W. P. Burrus; directors, Jas. Redmond, C. T. Watson, L. H. Cutler, O. Marks, H. E. Walls, H. E. Wynne and Geo. Baker. The American Oil Company is represented in the organization, but the controlling interest is held in New Berne.

A good site has been secured for the ginnery. It will be in the two iron buildings at the foot of the eastern side of the market wharf. They will be changed into two story ones and otherwise adapted to their new use. The work of alteration will commence about the 1st of August, and it is expected to have all completed, the machinery in, and to begin running by the 15th of September. The capacity will be fifty bales per day, and all the equipments will be of the very latest improved kind.

**Masonic Lodge.** An extra special communication of St. Johns Lodge, A. F. & A. M., will be held tonight at half past eight o'clock. Work in the E. A. Degree. By order of the W. M. J. S. BARRON, Sec'y.

### NUMBER SEVEN.

Our last number closed with the A. & N. C. R. Road. Other roads are being constructed that will greatly benefit New Berne. The Wilmington, Onslow and New Berne railroad is being rapidly built and will reach New Berne in the near future. This road will develop one of the richest sections in the State, and its continuation to Norfolk will give us another through line to the North.

Surveys are also being made for the Norfolk, Wilmington and Charleston Railroad. This road has not yet been located, but it is in the hands of capitalists who will be influenced by their pecuniary interests, instead of local partialities, and this will bring the road to New Berne. The completion of either of these roads will shorten the overland route to New York one hundred miles, and materially lessen the time in reaching Northern markets.

The JOURNAL has for years advocated the extension of the North Carolina Railroad to the Western border of the State. It is right and proper that this be done, and when it is done, the whole State will contribute to the prosperity of New Berne, and, in return receive the rich products of this section.

In our enumeration of home industries we unintentionally omitted Howard's marine railway, Baker's mattress factory, Dunn's candy factory, the West End Land and Improvement Company and perhaps others.

New houses are going up in all parts of the city and old buildings are being renovated, and yet the demand for houses is not satisfied. We believe there is not a vacant store or dwelling in New Berne. Evidences of thrift and improvement are seen at every corner and upon every street in the city.

The Fairs of the East Carolina Fish, Oyster, Game and Industrial Association have contributed very largely to the present happy condition of affairs. Commencing with a display of fish, oysters and game creditable to the city of New Berne, it has grown into a colossal exposition attracting visitors from all parts of the Union and charming them with the beauty, variety and richness of its exhibits. Having its beginning on the "Academy Green," it now has its own magnificent grounds, adorned with elegant buildings suited for the display of the wonderful productions of "The Garden of the South." These Fairs have been of inestimable value to New Berne. Our industries have been stimulated, and thousands of delightful visitors have spread abroad the wonders they have seen.

It is thought that New Berne is wanting in hotel accommodations. We have the new and splendidly fitted up Hotel Albert with all the modern requirements and the large and commodious Gaston House, and numerous good boarding houses. Plans are now being considered for the erection and equipment of a very large and elegant hotel. With the completion of such a one as is contemplated New Berne ought to become a popular Winter Resort.

Midway between the lakes of the North and the gulf of Mexico, with a mild and salubrious climate, and with a people inferior to none beneath the skies, there is no reason why New Berne should not become THE QUEEN CITY of the South Atlantic section. Everything is bright for New Berne, and, if we are true to ourselves, the future will be glorious.

**Personal.** Mr. W. H. Oliver, returned from an insurance business trip to Morehead yesterday morning. Dr. Geo. S. Attmore and family of Stonewall went up to visit relatives at Wilson. The steamer Howard took out the following passengers Thursday morning: Mrs. A. E. Burgess accompanied by Miss Mattie White, of Harlowe to visit friends near Trenton, and Miss Bettie Pearce, of Pollockville, returning home from a visit to friends in the city accompanied back by Miss Sadie Whitford and Miss Laura and Master Johnnie Suter on a visit.

The many friends in this city of Rev. H. W. Battie, late pastor of the Baptist church, now of Wilson, will hear with pleasure that he arrived last night with his wife and child to spend some time visiting his parents.

Mr. R. P. Montague left on the morning train for a visit to his brother in Virginia.

**Railroad News.** The Washington Progress brings the news that it is generally reported there and believed to be true that the Jamesville and Washington railroad has been sold to the Suffolk and Carolina railroad company, and it is thought that the two railroads will be connected by the extension of the Suffolk and Carolina from Montrose to Jamesville and also that the Jamesville and Washington road will be put in good order and extended via Vanceboro to New Berne to connect with the Wilmington and Onslow road now in course of construction.

**Selling Out at Cost.** Now is the time to make your purchases for Dry Goods and Notions. Owing to the large stock to be procured this fall, the balance of goods on hand must be disposed of positively at cost to make room for my goods.

**County Commissioners' Meeting.** Monday, July 13th, 1891. The board of commissioners met at 11 o'clock pursuant to adjournment at the court house in New Berne. Present Commissioners J. A. Bryan, Chm'n, E. W. Swallow, J. A. Meadows, Wm. Cleve and Daniel Lane.

Board took a recess until 3 o'clock, p. m.

Board convened at 3 o'clock, present Commissioners Swallow, Meadows, Cleve and Lane, and took a recess until next day at 10 o'clock, a. m.

The board convened at 10 o'clock, Tuesday, July 14th, 1891. Commissioners Swallow, Cleve and Lane present.

Hon. H. R. Bryan, chairman of the fence committee of No. 7 township came in and made his report and it was ordered that a tax of \$4 25 be levied against the real estate in said township for the year 1891.

Ordered, That Mr. J. J. Wolfenden be allowed to pay fifty dollars upon the tax due by him for the year 18—it being the amount of tax due for fence in township No. 7, and for which his land in said township has been heretofore sold.

Ordered, That the lands of Lem Blakely be listed on the tax list of Craven county in No. 2 township.
