FARMERS of the North-west have reaped the largest grain crop with which they have been blessed for years. Prices will range high, Russia, one of the largest grain producing countries in the world prohibits the exportation of grain, and the demand for American grain will continue to be very great.

A RALEIGH correspondent of the Charlotte Chronicle says: "Let me tell you something. The best way to put a stop to all this Third Party business and talk is to nominate Col. Polk for Governor. It may look like an extreme measure, but my word for it, it will prove an effective one and stop the talk and trouble."

THE Raleigh correspondent of the Wilmington Messenger says: "The grape-growers here are abundant, and they are numerous, are experiencing what may be termed their first reverse. The bottom has dropped out of the market and hundreds of thousands of pounds of grapes find no sale. All who are prepared to do so will make wine. There are hundreds of acres of grapes in this township alone. It is safe to say that hereafter great quantities of grapes will be made into wine. The crop this season was two weeks late. The rush of fruit, chiefly peaches, to the great markets caused the tumble in prices."

An exchange states that there are now seven cotton mills in Concord and that a company has been formed to start another \$75,000 one and that \$50,000 has already been subscribed to the enterprise. Do New Bern people believe other people would continue to erect new cotton factories if they did not pay well. Let our citizens think seriously of this matter and then let the thinking bear its legitimate fruit.

Attractive Program of the Elizabeth City Fair.

The Economist-Falcon has issued a good-sized supplement devoted to the Sixth Annual Exhibition of the Elizabeth City Fair which will be held on Wednesday, Thursday, Friday, September 16, 17 and 18, 1891.

The exhibits embrace horses, cattle, sheep and hogs; floral, art and mechanical products, cabinet work, agricultural and musical implements and miscellaneous articles. The premium list is comprehensive and liberal.

Racing each day on a half-mile track will be an interesting feature. One trotting race will be for a purse of \$300; two races for purses of \$100 each and others for smaller amounts.

There will be a grand tournament on the second day of the Fair and a ball at night, at which the "Queen of Love and Beauty" will be crowned. Successful knights will also be awarded medals.

It promises to be a Fair well worth attending and, now that such a good opportunity is afforded by the trips of the elegant passenger steamer Neuse for travel between New Bern and Elizabeth City, we expect many of our people will attend.

FARMERS AND DENTISTS.

Alliance Elects Officers.—Fine Dental Display—Addresses—Grand Banquet.

MOREHEAD CITY, Aug. 14.

Another fine day yesterday greeted the good people at this favorite resort. The Alliance had elected the President, Mr. Marion Butler of Sampson, and the Vice-President, T. B. Long, of Buncome, and had only some of the minor offices to fill.

The Dentists were in a humor for enjoyment and we all felt like taking the day for all it was worth.

In our parlor the night before we found the latest man in the State. He was absolutely unwilling to lay and listen to us talk after midnight. We volunteered to discuss the incidents of the day, but he displayed a lazy disposition and complained of having to listen.

We are unfortunates as to whether he is an Alliance man or a Dentist, but which ever he is we shall insist on his expulsion. When men are willing to furnish the breath and tongue to converse after midnight, it would seem but reasonable that others should furnish the ears to listen, and do it without complaint.

The Sheriff of Bertie is altogether a different sort of a man. He carries the end of a conversation late at night very well and prefers to have the last end.

In the Dental display here are splendid exhibits by The Wilmington Dental Manufacturing Company, Philadelphia, Chicago and New York, by Alfred S. Robinson, Johnson & Land and Dr. T. M. Allen, proprietor of the Birmingham Dental Depot, Birmingham, Ala. These firms all exhibit an attractive assortment of dental material, including teeth of all the popular varieties. To the profession these parties are well and favorably known and for their patronage and convenience these exhibits are here.

The Alliance people filled out the ticket by electing Mr. Barnes, former secretary, Secretary and Treasurer. Mr. Worth was continued business agent, and Messrs. Carr, Alexander, Lindsey and Williams delegates to the national assembly at Indianapolis.

There were some very interesting papers read before the Dental Association at the morning session. Dr. Crawford of Nashville and Dr. Wardlaw of Augusta and others made addresses.

A grand banquet was set at the Atlantic Hotel, given by the Dental Association of North Carolina to the Southern Association. The exercises began about eleven o'clock and were kept up to the wee small hours. There were three hundred and fifty covers laid. To-day will likely wind up the session of both the Alliance and Dental Associations.

New City Ordinance Relating to Restaurants—Reward Offered.

At a special meeting of the Board of Councilmen, held August 13, the order heretofore given the clerk "not to issue license to restaurants and eating saloons conducted in buildings where liquors are sold" was rescinded and the following ordinance was adopted:

Chap. 6, sec. 1. It shall be unlawful for any restaurant or eating saloon, being conducted in a building where intoxicating liquors are sold, to be opened for the admission of any person between the hours of twelve Saturday night and four Monday morning, and if any way of ingress and egress connecting with or leading to such place shall be found open and persons seen passing in or out between said hours, it shall be deemed a nuisance, and upon conviction the proprietor or one in control of such place shall be subject to a fine of fifty dollars.

Attention is called to the following, which will be rigidly enforced from this date:

Chap. 8, sec. 8. Any person who shall be found guilty of loud hollering or screaming or making any loud or extravagant noise, except in case of fire, in the city in the day or night time shall be fined three dollars.

As spoils have been repeatedly found on Hancock street, presumably thrown from fish wheelbarrows, it will pay \$5 for the detection and conviction of any person caught in the act of throwing any fish or oil on any of the streets of the city. Wm. Ellis, Mayor.

MERIT WINS.

We desire to say to our citizens that for years we have been selling Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell so well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. For sale in Newbern by F. S. Duffy, wholesale and retail druggist.

Everybody Invited.

To the grandest picnic of the season to be given in Newbern on next Saturday 1st Cool and refreshing drinks, such as lemonade, etc., will be furnished FREE of charge. Seven interesting speakers will be in attendance and address the people on the most important issue of the day—Finance. They will inform the people how to get more money and make it go further. The opening address will be delivered by Big Ike. His subject will be, "Who the devil is he? and where he came from?" He will endeavor to show the people the advantage of the cash system and how it is he can give a 25 cent present to all who trade a dollar with him. He will explain to the people why he has reduced the price of his 25, 50 and 75 cent women and children shoes down to 20, 25 and 30 cents a pair. Bring your children along and get them a pair and let them see Big Ike and enjoy a cool and refreshing glass of his lemonade. Now, if the merchants who credit cash to their customers from 5 to 25 dollars a week by crediting, then Big Ike, who buys so many merchants out at 40, 50 and 60% cents on the dollar and sells to every living man for cash, can afford to give the same amount to his trade than other merchants lose. Bear in mind I advertise nothing but facts and a visit to my store next Saturday will convince you.
