Everybody Invited.

To the grandest pic-nic of the season to be given in Newbern on next Saturday! Gool and refreshing drinks, such as lemonade, &c., will be furnished r'REE of charge. Seven interesting speakers will be in attendance and address the people on the most important issue of the day—Finance. They will inform the people how to get more money and make it go further. The opening address will be delivered by Rig iks. His subject will be, "Who the devil is her and where he came from?" He will endeavor to show the people the advantage of the cash system and how it is he can give a 25 cent present to all who trades dollar with him. He will explain to the people way he has reduced the price of his 25, 35 and 50 cent women and children shoes down to 20, 25 and 30 cents a pair. Bring your children along and get them a pair and let them see Big Ike and enjoy a cool and refreshing giass of his lemonade. Now, if the merchants who credit can afford to lose from 5 to 20 dollars a week by crediting, then Rig Ike, who buys so many merchants out at 40, 50 and 67% cents on the dollar and sells to every living man for cash, can afford to give the same amount to his trade that other merchants lose. Bear in mind I advertise nothing but facts and a visit to my store next Saturday will convince you.

Absolutely Pure.
