THE WATER WORKS CONTRACTS.

The Difference Between the One Aunulled and the Intended One.

The negotiations are getting will where. a new water works contract for the city to take the place of the unsatisfactory one set aside on account of irregularities in awarding it. The representative of a company now in the city is willing to agree to nearly every change desired by the councilmen but before awarding the contract it is intended to give all the companies who sought the privilege of establishing the works here an opportunity to again make proposals believe. in the matter.

The following are the most important changes stipulated for by the city A. Pittman.

Instead of one pump with 1,000,000 gallons capacity there are to be two They do no good and sometimes are pumps of 500,000 gallons capacity each. very hurtful. Thus if one fails the other will still keep the city protected.

Instead of one nozzle to each fire R. Foster & Son. hydrant there are to be two, then an hydrant while the connection is being

Instead of guaranteeing to throw so many feet high the company is to guarantee a continuous presure of 75 pounds to the square inch which can be easily tosted and which will give the desired height. The test presure is to be 100 pounds. 50 pounds is the presure used with our fire engines.

Instead of having only 5 drinking drinking at them-no right to carry any water away, there are to be 50 which is more than the number of are on the tree now. pumps now along the comtemplated only to drink at them but to take away as much as desired for any purpose faucets which will close themselves as soon as released which does away with the danger of keeping a wet place in the street wherever there is a hydrant.

Instead of the fire hydrants being under the control of the chief of the fire department they are to be in charge of the company, leav uz it entirely responsible, and in case of a hydrant's getting out of order it is to be repaired in 5 days instead of 10 or the rental for it ceases.

The company is to submit plans and years. specifications of the water tower before it is constructed.

have a committee appointed jointly by consolations of religion, the company and the city to inspect the material used and the work of con-Mr. O. H. Guion returned yesterday struction as it progresses. To this morning from a professional business demand the representative of the company does not wish to accede, but it seems to be a perfectly reasonable one. The city is interested in the works, is boro left to attend Davis Military giving the franchise, holding other companies aloof, and has the privilege and it is but justice that she should know what is being rendered.

The points contended for by the councilmen are excellent but there is one more to which we call attention that is desirable. It will be well to require the company to give security for the performance of the obligation assumed . The city will be dependent upon it in times of fire; the company is paid for the protection and if through any failure or neglect on its part loss ensures it ought to forfeit a sum at least equivalent to the loss sustained.

Shakers of All Creeds and Kinds Are to be found in every locality visited turned last night from a visit to by chills and fever. The very animals by chills and fever. The very animals exhibit in such plague festered regions symptoms of the dire infection. If experience has proved, in the domain of medicine, anything conclusively, it is that Hostetter's Stomach Bitters will not only eradicate from the system every vestige of the miasma-born complaint, but effectually defend residents and temporary so imprars in malaria plaint, but effectually defend residents and temporary sojourners in malaria scourged localities against it. There is a general conceanus of opinion among medical men, no less than in the minds of the public, on this point. Not only on this continent, but in the tropics where malarial complaints assume their most virulent type, this incomparable medicinal safeguard is universally used and esteemed. Dyspepsia, bilicumess, constipation, debility and hidney troubte are all theroughly remediable

Gladstone Deprecates New Parties. LONDON Sent. 5 -In a c tion just made public, Mr. Gladstone writes in favor of increased representation of labor in Parliament but depre cates the formation of a labor party. His objection to such a party, in his-own words, is on the ground that "if every class of the community exercised the right to form a party we should have a queer parliment.'

A Good Haul by Train Robbers. Sr. Louis, Sept. 5 -A special from san Antonio, Texas, says that the bandits who robbed the Southern Pacific express train at Samuel's night secured more than the first report the robbery stated. In each Wells Fargo cargo there are two safes. one for local business. The latter is locked at Houston and opened here, relocked here, and not reopened until it reaches San Francisco. The messenger does not know what the combina-tion is, and the contents ore generally very valuable. It was this eafe which the robbers blew open. The loss is therefore much heavier than at first re-ported. Instead of \$3,000, it will reach \$15 000, and may go even higher. The manager of the Texas division admits that the amount secured is over \$10.

LEMON ELIXIR.

A PLEASANT LEMON DRINK. For biliouness and constipation, take Lemon Elixir.

For indigestion and foulst omach, take emon Elixir. For sick and nervous headaches, take Lemon Elixir

For sleeples take Lemon Elixir. For loss of appetite and debility, take Lemon Elixir.
For fever, chills and malaria, take

Lemon Elixir. Lemon Elixir will not fail you in any of the above diseases, all of which arise from a torpid or diseased liver, stomach, kidneys, bowels or blood.

Prepared only by Dr. H. Mozley, Atlanta, Ga. 50c. and \$1.00 per bottle. Sold by druggists.
