The platform of the Democrats of the State of Washington denounces the Billion Dollar Congress and the McKinley tariff, and declares for free silver coinage.

The Republican campaigners are endeavoring to get the people to admit that they were fools last year in condemning McKinleyism and the Billion Dollar Congress.

**CHAUNCEY M. DEWEY** says that if Mr. Flower is elected Governor of New York, Cleveland and Hill will prove to be back numbers, and that he will be the presidential nominee.

The cable brings intelligence that the whole population of many villages in Astrakhan are absolutely dying, from starvation, and it is reported that parents are compelled to eat their children.

The National Woman's Farmers' Alliance has been organized in Kansas, and lecturers are to be sent into all the States to organize sub Alliances. Their platform favors woman suffrage.

**MARSHALL FIELD & Co.**, imported \$1,400 worth of pearl buttons and paid \$3,000 duty on the lot. These buttons are to be sold to the people of Chicago. Who will ultimately pay that \$3,000 as a tribute to a mistaken economic policy?

The Louisville Farmers Home Journal, for nearly a year the official organ of the Farmers' Alliance in Kentucky, has given up its connection with that organization. The reason assigned is that the Alliance wishes to go into politics.

The Chinese Government offers indemnity to the powers for the murder or foreigners and the destruction of their property in the recent riots. A quantity of arms for secret societies has been seized, and the Chinese Government gives assurance that it is capable of preserving order.

The Democrats of Nebraska have epiked a Republican gun by prefacing their platform with thanks to God for the bountiful crops. The idea of the Republican organs is that thanks should be given to the Harrison Administration, but they will hardly have sufficient assurance to contest or officiate the action of the Nebraska Democrats.

Every Republican in the Alliance that we have seen; every boister and disorganizer; every independent; every fellow that has been a secret enemy of the Democratic party all along is howling in the Alliance for a third party. But you rarely find a man who has been a true, consistent Democrat who favors party action by the Alliance. —State Chronicle.

This Legislature has refused to give any money for an appropriation at the World's Fair. Even though the General Assembly next year may follow in the same course, Georgia's thrift and wealth and resources and progress will be represented. Our State is the banner one of the South and individual enterprise will illustrate Georgia in Chicago in 1893. —Savannah News.

### NEW ADVERTISEMENTS

**H. Giles**—Furniture polisher. **Lucas & Lewis**—Coffee, Hams etc. **New Berne Theatre**—Sept. 30th. **A. M. Howard**—New lot Hats. **Jas. Richmond**—Annual Meeting.

**Cotton**—Sales 100 bales, 4 to 5 bales. **movement**—is on foot to secure the establishment of a daily mail for New Berne.

Tickets for the concert tonight on sale at 8 o'clock this morning at **T. A. Henry's drug store.**

Our citizens agree that a double daily mail and passenger train would prove most highly acceptable.

**Prof. Geo. T. Winston** will be inaugurated President of the State University the fourteenth of October.

Who are the most valuable men to a community? Those who invest and spend the most money in that community.

The amount of building and general improvement in New Berne this year surpasses all past records and it is still increasing.

We understand that **Mr. Will Hunter** proprietor of the Gregory Hotel, Goldsboro, has made an assignment to **Mr. John Southard.**

The two vacant lots on New street, adjoining the Methodist parsonage has been purchased by our townsman, **Capt. S. B. Waters.** Mr. Waters will soon build on these desirable lots.

The social meeting given by the "S. W. L." to be held at **Miss Maud Green's** tonight, will be held next Tuesday night instead, on account of the entertainment at the theatre.

We are glad to see that cotton sold yesterday in our market for 8 cents per pound. This is gratifying to our farming friends, as the outlook at one time was inclining to lower figures.

**Mr. H. B. Duffy** added two gentlemen to his force yesterday. **Mr. Frank Smith** formerly clerk at Hotel Gregory, Goldsboro, takes the position of book-keeper, and **Mr. R. H. Tunnell** of Hyde, that of a salesman.

We trust that the theatre will be filled tonight. The entertainment will be of the highest order and the object for which it is given is most excellent. Secure tickets this morning, and thus stimulate home talent and contribute to a worthy cause.

**Mr. C. Follman** has growing in his yard an ornamental bean known as the Florida Jack. The seed were brought to him from Florida by his daughter, **Mrs. Annie Howard.** Some of the pods are over a foot long and two inches wide. When fully ripe they are variegated and used as ornaments. The beans are a pretty crimson color.

**Mr. J. B. Brittle**, foreman of **Mr. O. J. Shealy's** planing mill, met with the misfortune yesterday morning of having his foot so badly mangled by the lower knives of a planing machine that amputation of the front half of it was rendered necessary, the operation being performed by **Dr. Duffy.** The accident happened by **Mr. Brittle's** attempting to extricate a piece of molding which had caught fast in the machine.

We are informed that it is almost a regular occurrence on Saturday night between midnight and day for a noisy crowd, presumably who have been drinking, to make such a clamor as to disturb some citizens who reside close to the business part of the city. Last Saturday night they went so far as to move a thermometer from the door of one business house to that of another and to take away the front gate from a residence and leave it in a yard two squares away. It is hoped the offenders will be caught and the disorderly proceedings immediately suppressed.

### The Church Disturbance.

**E. G. Hill, Esq.**, decided yesterday that **Sam Idlett** and **Dan Foy**, colored (who were tried before him Saturday on the charge of disturbing religious services in James City the previous Sabbath) were guilty and he placed them under a \$300 justified bond each for their appearance at Superior court. A counter charge is now brought against the pastor of the church, **Rev. McDaniel** for disturbing the services, the defendants in the first action alleging that he was "disturbed" and that in attempting to hold service he was disturbing a prayer meeting which was being held. The trial will be held before **W. G. Brinson, Esq.** on tomorrow morning.

### The Lumber Combine.

The twenty-two firms enumerated below were the prime movers in getting up the meeting for the protection of the interests of lumber men but about one hundred other important firms were invited to attend and co-operate in the effort.

**Johnson & Whitcomb, Thomas W. Smith, Washington, D. C.; Mallett & Dalt, Otto Duker & Co., E. W. Horstman & Son, The Tumble Lumber Co., G. E. Sloan & Bro., and Geo. O. Tyler, all of Baltimore; W. L. Parsley, Beecher & Bro., Wilmington; J. L. Roper Lumber Co., Norfolk, Va.; Southern Lumber Co., C. B. Lott & Co., Suffolk, Va.; J. Steward Knight & Co., Albemarle Lumber Co., Martin County Lumber Co., Philadelphia; New Lumber Co., Goldsboro, N. C.; C. J. Schaefer, New Berne, N. C.; Pioneer Lumber Co., Ma. Olive, N. C.; D. W. Alderman & Co., of Ala., S. C.**

### Will Not Can Until November

**Messrs. Martin Wagner & Co., Moore & Brady, Gibbs Preserving Co.** and the other prominent oyster canners unanimously decided at a meeting called for the purpose that they would not pack any oysters in Baltimore North Carolina or elsewhere prior to the first day of November 1891.

They announce that this action is taken because "it is the sense of the packers that the packing of oysters during the warm weather of the early fall is detrimental to the best interests of the oyster industry and tends towards the depletion of the natural oyster beds."

### Changes in the Priesthood.

**Father Thomas F. Price**, who has for a number of years been in charge of the New Berne Catholic church, and who has by his geniality won many friends here, will hereafter have his headquarters at Goldsboro, being in charge of the church there and of the contiguous mission territory. He preached his farewell sermon here Sunday morning and left yesterday morning for his new home.

**Father Matthias How**, a young priest just graduated from St. Mary's Seminary, at Belmont, Gaston county, who arrived last week takes up the work here at once. This parish is his first charge.

**Father Chas. E. Burns**, who on account of the extent of the mission operations in which Father Price has been engaged, has assisted him in the New Berne work, will now minister to the colored people in the new building on Berne street which is being erected for a combined church and school house for them.

### Coming and Going.

**Mr. Seymour Hancock** of Washington, N. C. is in the city visiting his parents.

**Mr. J. M. Hines** left yesterday morning on a business trip to various points.

**Misses May Caho and Hetty Baxter**, of Bayboro, left on the steamer Neuse of the E. C. D. line to enter Norfolk Female College.

And such associations, and Companies being granted permission, shall pay for the use of Hall, for each meeting the sum of one dollar to defray necessary expenses.

Sublimely results follow the use of this great Nerve Tonic and Alternative. Your appetite returns; good digestion is restored, and the Liver and Kidneys resume healthy action. Try a bottle. ### Rice Quotations.

(Commercial Bulletin, N. Y. Sept. 24, 1891.) We take the following on European rice position from circular letter of Messrs. Richard Gough & Co.: "In addition to the damage reported from Japan the general condition of rice throughout the East Indies seems to be somewhat precarious. The shortage in some of the larger provinces of China is undoubted, and as China is the largest consumer of rice in the world, and not an exporting country, this fact is of great weight. Besides, in these districts of India which have suffered so severely from drought, there is great fear of famine and cable advices today report large shipments from Rangoon, Bessalin, etc., as being already made thither to meet the expected deficiency. As to Japan which is now the leading foreign rice in this market, it must be noted that her exports have never exceeded from 3 to 4 per cent. of her crop, so that a deficiency of 20 per cent. conservative estimates received by cable, would produce a state of affairs exactly like two years ago, when an advance began which placed Japan rice here at 6 to 6 1/2 per lb."

Referring to above, 6 to 6 1/2 per pound for cleaned is equivalent to \$1.40 to \$1.50 per bushel rough. It would be folly to advise our planters to hold in expectation of getting fancy prices, but there is certainly no good reason why they should not get right royal results from their rice crops this year. We say unhesitatingly \$1.25 per bush. good quality—rough is very reasonable.

### Desires to Bear Testimony.

**Henry Thorne**, Traveling Secretary of the Y. M. C. A., writes from Exeter Hall, Strand, London, February 21, 1888:

"I desire to bear my testimony to the value of ALCOCK'S POROUS PLASTERS. I have used them for pains in the back and side arising from rheumatic and other causes never without deriving benefit from their application. They are easily applied and very comforting. Those engaged as I am in public work which involves exposure to sudden changes of temperature, will do well to keep a supply of ALCOCK'S POROUS PLASTERS in their portmanteaus."

### To the Public.
